Good morning Mayor and Council,

I understand that many of you have been contacted by residents regarding the above referenced matter. By way of an update, I can confirm that our staff are currently collating the feedback received from the public to date regarding the application. The opportunity to provide input remains open.

The above information has not yet been presented to Gil Kelley for purposes of his review and a decision on the application is not imminent. We will provide Council with a detailed memo regarding this file once we have done the necessary work to prepare that update.

In the interim, it would be appropriate to advise members of the public that the staff are currently compiling public feedback and will be updating Council.

I hope the foregoing context is helpful. If you have any further questions, please contact me or Gil.

Best,  
Paul
