Subject: RE: SNC-Lavalin work for the City of Vancouver

My apologies, I should add that some of the engineering works were also conducted at the landfill.

Subject: SNC-Lavalin work for the City of Vancouver

Greetings Mayor and Council

I have been asked by a councilor what our expenses with SNC-Lavalin were related to. For the most part, the work SNC-Lavalin did for the City was related to environmental clean-up engineering services that were done for contaminated soils. This work was done in collaboration with CPR for the clean-up of the lands south of Commodore Road.

Best
Sadhu
