New

Broadway Plan – Over the past four months, The City of Vancouver Broadway Planning Team has heard from thousands of people who has helped identify key ideas, interests, and opportunities that are important to the community. The input was used to identify community values to help shape draft guiding principles for the Broadway Plan. The team is hosting a series of open houses in July to share the draft guiding principles and seek feedback created for the Broadway Plan area.

- Open House
 - CityLab (511 W Broadway) on July 13, 2019 from 12pm – 4pm

 - Kingsgate Mall (370 E Broadway) on July 17, 2019 from 3pm – 7pm

Cambie St and W 18th Ave Pavement-to-Plaza - The City of Vancouver, in partnership with the Cambie Village Business Association, is testing a potential new public space at W 18th Avenue at Cambie Street. It would create more opportunities for social interaction and building community in the heart of Cambie Village. Depending on public feedback and thorough analysis, the location would either be on the east or the west side of Cambie Street. The design would transform a half-street block into a neighbourhood public space with opportunities for social interaction and building community in the heart of Cambie Village.

Two locations will be activated for separate one-day pop-up events on July 20 and 27 and we hope to see you there:

- July 20, 12 – 6 pm: east side of W 18th Ave & Cambie St
- July 27, 12 – 6 pm: west side of W 18th Ave & Cambie St

Housing Choice in Low-Density Neighbourhoods – Through the work of the Housing Vancouver Strategy, this initiative aims to increase housing options in low-density neighbourhoods, providing housing options to achieve more complete communities. The City of Vancouver is seeking feedback about two existing housing options in low-density neighbourhoods: duplexes and new houses and new secondary suites to inform future policy changes.
