I do just wish to say that I am in full agreement with what my neighbours have stated. We are not by nature "NIMBY"ish" people but we love the West End and we see the area worsening. We totally support any and all endeavours which seek to make the West End better and more accessible to all including a higher number of social housing units and various resources like Gordon Neighbourhood House, QMUNITY, etc... These are all good, positive moves for the West End. The two cannabis dispensaries is not for all the reasons my neighbours mentioned.

The city sold us on an idea that was supposed to be welcoming, inclusive and generate positivity for the West End. Instead, it has become an area that s.22(1) through quickly enough most days or s.22(1) This has become a plaza where people drink, smoke and shoot-up drugs. It's a sad state of affairs and what the city is proposing now on the cannabis front is a huge mistake which will only serve to fuel what is already a significant problem. This problem will likely persist either way but can't we work towards making it better rather than making decisions that will surely make it worse? At the very least, do we really need TWO dispensaries within blocks of each other? I could live with one.

**Comments: West End Medicinals DP-2018-00971, 1162 Bute St.**

s.22(1) the West End Medicinals' proposed cannabis retail store at 1162 Bute Street. I do not support the approval of DP-2018-00971 for the following reasons.

**1. Previous Complaints:** s.22(1)

s.22(1) they were operating without permits or licence and were located within 300 m of a school (Lord Roberts School Annex), a community centre / neighbourhood house (Qmunity) and another illegally operating cannabis retail operation at 1208 Davie St. s.22(1)

s.22(1) confirmed that West End Medicinals was less than 300 m from Lord Roberts School Annex, Qmunity, and another illegally operating cannabis retail store located at 1208 Davie St. s.22(1)

**2. Lack of Detail in Application:** The application submitted by West End Medicinals does not provide the level of detail required by the City of Vancouver, e.g., no information is provided regarding a change of use of this site to Cannabis Retail, no site plans or floor plans are provided.

**3. Location close to parks:** West End Medicinals is located too close to a number of parks and open spaces.

- **Jim Deva Plaza:** 1208 Davie Street is located less than 70 m from Jim Deva Plaza. The City describes Jim Deva Plaza as "a community serving gathering space and home to a variety of events and activities." When approving Jim Deva Plaza, the City determined that, among other things, it should be clean safe, and a welcoming and inviting destination in the West End for residents of all ages (Administrative Report to Council, July 10, 2015. RTS No. 11023). Unfortunately, Jim Deva Plaza is not always clean and safe, nor is it always a welcoming and inviting destination. Although the City strives to keep it safe and welcoming, for instance by establishing no smoking signs and ensuring it is swept regularly, the activities taking place in this

plaza include smoking marijuana, tobacco and other mixtures, parties and drinking, as well as other drug use, including needle use. The activities related to drug use, smoking of marijuana and tobacco, other drug use and drinking do not appear to be monitored nor are the laws prohibiting these activities enforced. Members of the public do not always use this space in the way the City intended and hoped it would be used. The location of the BC Liquor Store, which is 100 m from the plaza at 768 Bute Street, already encourages partying in the plaza. The operation of a cannabis retail store, which would operate from 9:00 a.m. to 11:00 p.m., seven days a week, and located less than 70 m from the plaza, would further exacerbate the unwanted, unsafe and illegal behaviour that already takes place in the plaza.

- **Jervis Street Parkette:** 1162 Bute Street is located approximately 300 m from the Jervis Street Parkette. This parkette is a walk-through parkette, with benches and lighting for people to enjoy and use. As with all parks within the City, no smoking is allowed. In addition to providing a lovely break walking uphill from Sunset Beach to Davie Street, the Jervis Street Parkette also provides a place to sit down and smoke, both cigarettes and marijuana. As has already been described with the use of the Jim Deva Plaza, people will use the space in the way they want to, not necessarily how it is intended. The laws related to smoking are not enforced. s.22(1)

The operation of a cannabis retail store, which would operate from 9:00 a.m. to 11:00 p.m., seven days a week, and which is 300 m from the parkette, would further exacerbate the unwanted and illegal behaviour that already takes place in the parkette.

- **Nelson Street Park:** 1162 Bute Street is located approximately 200 m from the Nelson Street Park.
4. **Lord Roberts School Annex:** In contravention of Section 11.28.2 of the City of Vancouver Zoning and Development By-law, 1162 Bute Street is closer than 300 m to Lord Roberts School Annex. West End Medicinals completely ignores the proximity of its proposed location to Lord Roberts School Annex.
  5. **Qmunity:** In contravention of Section 11.28.2 of the City of Vancouver Zoning and Development By-law, 1162 Bute Street is closer than 300 m to Qmunity Resource Centre, located at 1170 Bute St. Qmunity, located next door to 1162 Bute St., provides a variety of services, including counselling, youth services and support group services for the LGBTQ/2S people and their allies, including vulnerable youth. West End Medicinals completely ignores the proximity of its proposed location to Qmunity Resource Centre.

To summarize, I oppose West End Medicinals' Development Application DP-2018-00971, 1162 Bute Street for the following reasons:

- West End Medicinals is located within 300 m of another Cannabis Retail Application, located at 1208 Davie St.
- West End Medicinals has not provided the required level of detail in their application.
- West End Medicinals is located too close to Jim Deva Plaza, Jervis Street Parkette and Nelson Street Park. A Cannabis Retail Store opened between 9 a.m. and 11 p.m. will exacerbate the existing unsafe and illegal behavior that already occurs in these locations.
- In contravention to Section 11.28.2 of the City of Vancouver Zoning and Development By-law, West End Medicinals would be located within 300 m of Lord Roberts School Annex and Qmunity Resource Centre.
