Dear s.22(1)

Re: **Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")**

I am responding to your request of May 21, 2019 for:

**Records (i.e. list of the exact wording) related to all park bench dedications within the City of Vancouver, from May 1, 2018 to May 17, 2019.**

All responsive records are attached.

Please note: The list provided includes all Park Amenities (Bench/Table/Rack/Fountain) as the database does not provide an option to filter only for benches.

The compiled list includes only those amenities dedicated through the Park Board Fundraising and Development department and is segmented into 3 sections:

- 1) Active dedications that existed during the requested time frame;
- 2) Expired dedications that are in the process of being removed (i.e. plaques may still be on amenity);
- 3) New dedications that are in the process of being installed during the requested time frame (i.e. a dedication may have been initiated during the time frame requested but has not been installed as of May 30, 2019).

Under section 52 of the Act, and within 30 business days of receipt of this letter, you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your FOI request by writing to: Office of the Information & Privacy Commissioner, [info@oipc.bc.ca](mailto:info@oipc.bc.ca) or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number (#04-1000-20-2019-324); 2) a copy of this letter; 3) a copy of your original request; and 4) detailed reasons why you are seeking the review.

Yours truly,

**Barbara J. Van Fraassen, BA**  
**Director, Access to Information & Privacy**
