Dear s.22(1)

**RE: Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")**

I am responding to your request of June 11, 2019 under the *Freedom of Information and Protection of Privacy Act* for:

**Records related to the reason and/or purpose of the yellow painted diagonal lines on the raised connection between the Hillcrest parking lot immediately to the South of the Aquatic Centre and the Nat Bailey Stadium parking lot to the East.**

**Date Range: January 1, 2019 to June 10, 2019.**

We have completed the search for responsive records for this request and no responsive records have been located.

Please note: According to Park Board staff, the area in question has always been painted in this manner (and maintained over the years by the Park Board paint shop). It is assumed that it is for safety purposes to draw attention to the area, as it is a raised transition area between the two parking lots and has heavy pedestrian traffic.

Under section 52 of the Act, and within 30 business days of receipt of this letter, you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your FOI request by writing to: Office of the Information & Privacy Commissioner, [info@oipc.bc.ca](mailto:info@oipc.bc.ca) or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number (#04-1000-20-2019-366); 2) a copy of this letter; 3) a copy of your original request; and 4) detailed reasons why you are seeking the review.

Yours truly,

**Barbara J. Van Fraassen, BA**  
**Director, Access to Information & Privacy**
