Subject: UBER and Lyft applications

Hello Mayor and Council

Well, at long last, the PTB has approved Uber and Lyft. We are now processing the licenses. Lyft has been fully approved by the PTB, so their application will be done first, likely today (pending confirmation on exact timing). Uber's application is coming in two parts from the PTB, so we are processing the first part today.

We are in discussions with the other municipalities in the region along with metro and Translink about the city administering the licenses for the remaining municipalities in the metro area as they are not ready to process licenses yet. That will likely happen in the weeks ahead, but for today we will be issuing licenses just for them to operate in Vancouver.

I will send more info as soon as I have it.

Sadhu
