Subject: Upcoming IB - Climate Action Plan

Dear Mayor and Council,

The City is seeking public input on proposed actions in our Climate Emergency Action Plan. Between now and April 22, there are four ways to get involved, provide input and let City staff know what we need to consider to successfully implement these actions. The feedback and insights received will help shape the City's five-year climate plan that will be presented to Council in October, 2020. Options available to the public include:

- [Take the survey.](#)
- [Attend an interactive City-led dialogue event](#) to dig into the actions as a group and provide input.
- [Host a dialogue](#) session. Kits to guide the dialogues are available online and will be in libraries and community centres soon.
- [Amplify](#) the climate emergency action plan messaging and stay connected.

An information bulletin will be distributed today.

Best,
Sadhu
