#### Health Resources

- 4,171 beds in BC are available in acute care hospitals (availability largely because of cancellation of elective surgeries)

- 35 Dr's / 444 nursing professionals: back from retirement
- 30 more ventilators
- 53 refurbished ventilators
  - o To add to the 1,000+ ventilators in the province

#### Misc.

- IHA: new community outbreak of temporary foreign workers at a West Kelowna agricultural facility
- Regarding the Guidelines on Health Officer Orders shared yesterday: shared with the public to ensure there is consistency in how measures are followed and enforced
- Calling on Peace Officers to enforce Health Officer orders is an option, but is a last resort at this point
- First Responder Dispatch Protocols: to protect non paramedic first responders (e.g. Fire Fighters) by avoiding having them exposed to the virus. So, allows for only paramedics (with appropriate PPEs) to attend certain calls
