April 20, 2021

s.22(1)

Dear s.22(1)

Re: **Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")**

I am responding to your request dated January 20, 2021 under the *Freedom of Information and Protection of Privacy Act, (the Act)*, for:

- 1) **List of addresses of homeowners who have taken over public properties (i.e., property owners that build on government property such as sidewalks, cul-de-sac, shrubbery, etc., claiming the property as their own) as well as related documents such as court records, fines, police warrants or citations;**
- 2) **Record of how the City manages the process;**
- 3) **List of penalties corresponding to the addresses in part one (specify what law-based punishments has the City taken regarding these private homeowners? For example, legal proceedings, fines, and jail time).**

**Date range: January 1, 2010 to January 31, 2020**

All responsive records are attached. Some information in the records has been severed, (blacked out), under s.14 and s.22(1) of the Act. You can read or download these sections here: [http://www.bclaws.ca/EPLibraries/bclaws\\_new/document/ID/freeside/96165\\_00](http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/96165_00).

Under section 52 of the Act, and within 30 business days of receipt of this letter, you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your FOI request by writing to: Office of the Information & Privacy Commissioner, [info@oipc.bc.ca](mailto:info@oipc.bc.ca) or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number (#04-1000-20-2021-038); 2) a copy of this letter; 3) a copy of your original request; and 4) detailed reasons why you are seeking the review.

Yours truly,

[Signature on file]

**Barbara J. Van Fraassen, BA**  
**Director, Access to Information & Privacy**

Date Complaint Received	Address of Property	Encroachment	Response
1/10/2020	s.22(1)	Areaway	1/10/2020: Site meeting with Mann (property manager) about areaway damage by streets/SW (Bill Vistaunet). Asked for owner to call Brian back with details. Letter will be sent.
1/17/2020	s.22(1)	Hedge Encroachment	1/28/2020: PM company will connect with Rogers to verify if hedges need to be removed as per Dina Mendis 1/27/2020: First letter sent to owner 1/17/2020: s.22(1) emailed indicating hedge at 1509 Harwood st impedes on Rogers construction
12/17/2019	s.22(1)	Fence Encroachment	1/21/2020: Spoke to property owner s.22(1) Fences have been removed 1/13/2020: First notice sent 12/15/2019: lagan case - decorative fencing has grown increasingly more mangled and hazardous as the years have gone by. It's located on either side of a driveway on city property.
12/11/2019	s.22(1)	Bldv Encroachment	1/8/2020: First letter sent to owner 12/11/2019: lagan case indicating pedestrians have to move around encroaching bushes in front of property which poses risk to have to walk on street
11/26/2019	s.22(1)	Hedge Encroachment	1/27/2020: First notice sent 11/26/2019: s.22(1) emailed indicating hedge at 710 E 63rd ave impedes on BCH construction
11/25/2019	s.22(1)	Bldv Encroachment	1/13/2020: Second notice sent 1/10/2020: Second site visit, hedges not removed 11/26/2019: First letter sent to owner 11/25/2019: Email from Harry Kettmann (COV arborist) several complaints received about hedge on Mckinnon side of s.22(1)
11/13/2019	s.22(1)	Hedge Encroachment	11/25/2019: First notice sent to s.22(1) Dunbar St 11/22/2019: Site visit to s.22(1) 11/13/2019: Hedge encroachment reported by Mike Markovic (COV)
10/31/2019	s.22(1)	Bldv Encroachment	1/13/2020: Second notice sent 1/8/2020: Second site visit, encroachment not removed 10/31/2019: Site Visit - First letter sent to owner 10/30/2019: Citizen called in to report stones and tree branches on blvd interferes with people getting in and out of their cars.
10/9/2019	s.22(1)	Underground Security Conduit	10/9/2019: Port of Vancouver wanting to extend encroachment license agreement. Email sent to legal services to inquire about next steps
10/24/2019	s.22(1)	Hedge encroachment	11/13/2019: First letter sent to owner 10/24/2019: a significant hedge encroachment at a construction site on the SW corner of W 37th and Blenheim
9/30/2019	s.22(1)	hed encroachment	10/30/2019: Site Visit with s.22(1) 9/12/2019: Lagan case 101013323902. Citizen is reporting 2 properties with sheds built in the City property. Both properties at s.22(1) and s.22(1) built sheds in the past on the back of their properties and they are encroaching on the City Property
9/26/2019	s.22(1)	Tree encroachment	9/18/2019: Arborist, Dean Doucette, inspected 4 trees that appear to be planted privately on the 1100 block of Barclay Street's city boulevard without Urban Forestry's consent
9/26/2019	s.22(1)	Stairs in front of property	9/27/2019: Handrail is to be installed at owner's cost and effort. 9/24/2019: Email from Darren Trach indicating homeowner received a letter from Canada Post to add railing to stairs or mail service will stop.
9/26/2019	s.22(1)	Areaway	9/27/2019: Site visit 9/26/2019: SR 1516693 - it was discovered underneath the sidewalk is hollow. Contractors can see the supporting beam is rusting and probably needs repair. This would be the best time for COV to address, since the building is vacant. Property Manager can meet on site to provide access to basement and COV can determine plan for repair.
9/11/2019	s.22(1)	Flower Gardens on sidewalk	9/18/2019: Owner confirmed with BCH that flower garden does not impede on construction, reviewed by Hammad. No further action at this point. 9/11/2019: First notice sent to remove flower garden (gs) 9/11/2019: BCH servicing a development at s.22(1) A portion of their build transitions through an encroaching flower garden in front of the neighbor's home (Parcel 2075). The build extends 2.6m past the west PL of 2075.
9/6/2019	s.22(1)	Hedges	9/9/2019: Site visit, emailed Ben to ask for next steps 9/6/2019: Ben Mulhall inquired about notice given to resident about hedge encroachment that needs to be removed prior to bus shelter installation
7/30/2019	s.22(1)	Fencing/15' high permanent structure	8/6/2019: Site visit: unable to locate any evidence of encroachment below (sk) 7/30/2019: Resident has erected steel post and fencing in alley on city property impeding access to s.22(1) Also has erected 15' high permanent structure (hard wired for electricity) for greenhouse and deck without permit
6/28/2019	s.22(1)	Bldv Encroachment	9/9/2019: Site visit, pictured reviewed by BC, case closed. (gs) 7/8/2019: Site visited by Calbot Lyford. No harm to trees reported. Work does not impact blvd in a significant way. 6/28/2019: Lagan case 101013070139. Excavating Blvd grass, alteration of city blvd.
6/11/2019	s.22(1)	Tree/Vegetation Encroachment	6/11/2019: Major Matthews Park tree located behind this house (that has no lane) has tree branch actually touching the power service line that is connected to this house and runs up to the sun deck on the 3rd floor (101012900113). Urban Forestry's Service Request #176048. Resident is s.22(1) Submitted by Josh.cates@vancouver.ca (arborist)
6/6/2019	s.22(1)	Fencing	6/3/2019: Email: I'm inquiring about putting a front yard fence up at s.22(1) We s.22(1) We have just learned that the property line is 24 ft back from the sidewalk.  Can we put a fence up on city property set back aprox 6-8 ft to match the neighbours? Everyones lot sizes are the same as far as I can tell online. It's the house with the

6/3/2019	s.22(1)	Fencing	6/3/2019: Phone call s.22(1) and Email -s.22(1)  11/9/2019: notification from complainant, fence removed 10/17/2019: Final Notice (gs) 7/24/2019: Second Notice 5/23/2019: Site visit conducted 5/24/2019: First Notice letter sent out
		paved over a section of city property for private parking	05/10/2019: Proposed to send a letter out in a few weeks giving them 30 day notice to remove the gravel and replace the grass
	s.22(1)	Entire fence encroaching	5/16/2019: First Notice sent out asking to remove fences
	s.22(1)	2 tree fences encroaching	9/10/2019: Second notice emailed to property management company (gs) 5/29/2019: First Notice sent out asking to remove fences
	s.22(1)	Overgrown plants on the south east corner of property encroaching	6/10/2019: First Notice sent out asking t remove the plants
	s.22(1)	Overgrown plants on the east side of property	6/10/2019: First Notice sent out asking t trim the plants
		Bush on Frontenac St	6/28/2019: Site visit conducted
5/29/2019	s.22(1)	Fence Encroachment	05/29/2019: Email - The renters have erected a fence of sorts made out of sticks on the outside of the property line, I am not sure why these people would weave barbed wire in this stick fence they built. There is no other fence around the property. There is no gate.
5/27/2019	s.22(1)	Trees & Vegetation Encroachment	5/27/2019 Lagan 101012925091 Hydro sub-station has overgrown hedges blackberry bushes and other vegetation blocking accessibility of the lane. s.22(1)
5/22/2019	s.22(1)	Boulevard	5/22/2019: Lagan 101012901915 Translink placed a temporary bus stop on Hudson in front of this address and in the process asphalt was placed over the grass on the boulevard to make it safe for riders to get on and off the buses. The temporary bus stop has since been removed but the asphalt has not. Citizen would like a call back from department to inform him when the asphalt will be removed so he can arrange gardeners to re seed grass.
5/22/2019	s.22(1)	Overgrown shrubs / bushes hinders visibility s.22(1) at this intersection 57th and prince Edward	5/22/2019: Lagan 101012889856  Please see the following citizen concern that was received by 311. Please note that this has previously been sent to Street Horticulture and Street Operations. This location at the s.22(1) s not their asset. Notes from the departments indicate that these bushes appear to have been planted by the private residents, so would be classified as a boulevard encroachment. Thank-you, Leslie 3-1-1 Support - s.22(1)
5/8/2019	s.22(1)	Overgrown vegetation, garbage, rats, reduces visibility for drivers	11/22/2019: Site visit, hedges were removed as requested 09/11/2019: First notice sent to trim or remove bushes 09/09/2019: 1st Site Visit (gs) 09/21/2019: SR 1496708 - over grown bushes 5/8/2019: Lagan 101012843552, There is overgrown bushes on the city property just next to s.22(1) There is some garbage, and many rats. This is a concern for public health and also for the safety as the bushes disable good visibility for drivers coming out of the backstreet. The city should cut these bushes. put grass and make it look nice and be safe. Complainant: s.22(1)
5/4/2019	s.22(1)	Removed tree and planter on seawall and blocked off seawall to replace a planter	5/4/2019 Request via vanconnect app 5993649 to umb@vancouver.ca reads The strata at s.22(1) removed tree and planter on Seawall within SRW, and blocked off the Seawall. The strata is planning to replace the planter with a larger planter, which may not be supported under the SRW agreement, and may create a physical hazard along the Seaside bike path.  Report from City Employee - Adrian Yau - 6046738493 - adrian.yau@vancouver.ca
4/29/2019	s.22(1)	Stairs installed on City Blvd	4/29/2019: Received from 311, Complainant: s.22(1) A pathway/walkway stairs have been installed on to city blvd on W 32nd ave in front of s.22(1) s.22(1) Citizen is not happy that walkway cuts through grassy blvd. Citizen has photos
4/16/2019	s.22(1)	Broken Bench	4/16/2019: Received from 311, Complainant: s.22(1) s.22(1) 2 benches in front of s.22(1) One bench is missing wooden slates, and both of them are worn, with wear and tear and need a cleaning and painting. Both benches are wooden. This was originally sent to Street Furniture, but they have advised that these benches do not belong to them. The benches are in need of repair or else should be removed.
4/15/2019	s.22(1)	Fencing	4/15/2019: Complainant: s.22(1) set up new fence near the BLVD and caused s.22(1) o trip and injure s.22(1) 5/23/2019: Site visit conducted 5/24/2019: Sent out First Notice asking to remove the fences
4/8/2019	s.22(1)	Loose rock encroachment	4/08/2019: receive 311 call from s.22(1) s.22(1) installing loose stones on city Blvd
4/8/2019	s.22(1)	Installed Asphalt on City Blvd	4/08/2019: received a call from s.22(1) installing asphalt on city Blvd
4/1/2019	s.22(1)	Fence encroachment	4/1/2019: received call from 311 that the complainant was reporting a small fence on city blvd located at s.22(1) Encroachment letter needed.
4/1/2019	s.22(1)	WheelBarrow Encroachment	4/1/2019: received call from 311 regarding a wheel barrow left on city blvd in front of s.22(1) s.22(1)

4/1/2019	s.22(1)	Hegde Encroachment	<p>4/1/2019: Shannon Blackwood sent us email regarding possible encroachment: Hi Ken,</p> <p>Can you help with the encroachment of the over grown bushes? I need to have the Street Furniture Crew attend to the benches and possibly replace them but cannot have the location overgrown.</p> <p>Thank you,</p> <p>Shannon Blackwood   Street Furniture Coordinator Street Activities   City of Vancouver Shannon Blackwood@vancouver.ca 604-871-6339</p> <hr/> <p>From: Neely, Paul Sent: Tuesday, March 26, 2019 8:08 AM To: Blackwood, Shannon Subject: RE: s.22(1) - loss of public space due to possible encroachment</p> <p>Hello, Shannon:</p> <p>This property and the one to the north are City-owned, and leased to private companies. There are no encroachment agreements on title. I checked the lease and while the lessee called about installation of railings for small steps in front of his house s.22(1) s.22(1) After discussion with Brian C. We would allow the installation as long as s.22(1) does not dig more than 1 feet (recomment attaching to concrete), maintenance would be his responsibility, it is subject to removal as it is an encroachment, we will go on site to review the installation and make changes after review, and not have the railings extend towards the side wall too much.</p>
3/25/2019	s.22(1)	Railing for stairs	<p>3/26/2019: s.22(1) called about installation of railings for small steps in front of his house s.22(1)</p> <p>s.22(1) After discussion with Brian C. We would allow the installation as long as s.22(1) does not dig more than 1 feet (recomment attaching to concrete), maintenance would be his responsibility, it is subject to removal as it is an encroachment, we will go on site to review the installation and make changes after review, and not have the railings extend towards the side wall too much.</p>
3/25/2019	s.22(1)	Tree wooden fencing	<p>3/25/2019: Received 311 email regarding : Hello Ken Hopefully you can assist with the following. Attached are 6 photos of encroachment issues with a city tree. Below is 311 case 101012410575 that was sent to the Vegetation Maintenance on Street Right of Way back in January 2019. Liz Nowatschin of that department investigated and here are her 4 comments: Feb 4 Trees have been assessed by Urban Forestry in regards to removing the planters. Based on potential tripping hazard and harm to trees if removed, Street Horticulture is assessing how to proceed. Feb 19 Urban Forestry assessed trees for potential removal of planter boxes and concluded that it would be best to repair rather than remove based on soil depth and potential tripping hazard. Street Horticulture will decide next course of action. Neither the planters nor the trees are Street Horticulture assets. Feb 22 Site photos 6 - see attached March 22 Please redirect as a possible encroachment issue as the case is neither tree nor vegetation related.</p> <p>Ken if you have any questions or are unable to assist please let us know.</p> <p>Thanks &amp; Regards Joan / 311 Quality</p>

Date Complaint Received	Address of Property	Encroachment	§ 14	Response
			§ 14	
3/21/2019	§ 22(1)	Tree and Fence Encroachment		
3/19/2019		Fence Encroachment		3/19/2019: Received encroachment require from Caden Young. Encroachment letter required for hydro pole maintenance. Letter sent.
3/19/2019		Fence Encroachment		3/19/2019: Received encroachment require from Caden Young. Encroachment letter required for hydro pole maintenance. Letter sent.
3/12/2019	§ 22(1)	Ramp Encroachment		3/12/2019: Received 311 notice that there is a Ramp that cause safety concern. 3/13/2019: Site visited. Ramp is too small to impact safety. Had Vince Santorelli to remove the STEOB cones and ramp. Case closed
3/6/2019	§ 22(1)	Plant Encroachment		3/6/2019: Received 311 notice that there were overgrown plants on city glvd. 3/13/2019: Site visited. Plants were trimmed back and not branched out on to the sidewalk. Case closed
2/8/2019	§ 22(1)	Bush growing onto sidewalk		2/8/2019: Site visited as 311 complaint stated it was an emergency due to a causation of a rash after getting scraped on the side of his leg. Christopher and Ken went on site and saw no potential issues.
2/3/2019	§ 22(1)	Lane Fence encroachment		2/3/2019: Received voicemail from Brian C regarding encroachment case. Complainee stated that the lane was too tight for his car to move in and out of the lane as § 22(1) had an encroaching fence. 02/05/2019: Site visited. A small portion of the fence may be encroaching. Require further investigation.
1/24/2019		Fence Encroachment		1/24/2019: § 22(1) called through 311 to notify us that § 22(1) has encroaching fence. He said that it was estimated encroachment of foot and a half
1/21/2019	§ 22(1)	Trees encroachment		1/21/2019: Brian C saw an encroachment at location. 1/21/2019: Emailed Amit and Cabot at Parks: Brian and I would like your expertise on this encroachment. The address is § 22(1) This property is own by § 22(1) There are currently 4 large trees located in the front city blvd and our team would like to know if these trees are planted by the City and if the current trees' distance from each other are any good? 1/22/2019: Cabot responded: These were not planted by Parks. They look like some kind of variegated Thuja (cedar), normally a hedge tree. They are planted too close together (7 to 11 feet) to be maintained as street trees, and we normally don't plant conifers in the boulevards because of sightline issues. Whoever planted them likely had some design objective, like privacy. 1/23/2019: Letter drafted up and sent.
1/18/2019	§ 22(1)	Fence encroachment		1/18/2019: 311 call from § 22(1) complained that § 22(1) was installing fencing up to the city Blvd. Site visit required. Received 311 call that § 22(1) was building a fence up to the blvd. 02/5/2019: Site visited. Fence is encroaching. There was also a digging machine on site. The property beside § 22(1) had many flow pots on blvd.
1/11/2019	§ 22(1)	Large Steping stones on City Blvd		01/11/2019: Receive 311 call from § 22(1) about § 22(1) installing Large stepping stones on City Blvd. 01/16/2019: Site visited. Stones were newly installed on the edge of the city blvd near the road. Seems to be stepping stone flush from the grass. First letter sent. 02/01/2019: § 22(1) called and asked what was the problem/get further instructions. Request to talk to Hammad. § 22(1) spoke to Hammad that the stones were flush and shows no tripping hazard. Hammad Q. requested Ken C to futher investigate. § 22(1) also requests Ken to contact Cabot L. and Amit G to investigate on the tree that was in bad condition near § 22(1) house. 02/05/2019: Site visited. Stepping stones are flush and show minimal tripping hazards. Require Hammad to further review if the case can be closed.
12/18/2018	§ 22(1)	Rocks encroachment		12/18/2018: Received 311 call from § 22(1) hat § 22(1) was adding rocks to make the lane smaller and blocking cars to get to lane. Site visited. The rocks looks like its been there for a while and not blocking the lane. However, this is encroaching city property. The whole lane is encroaching in the area. No letter sent until further examination

Date Complaint Received	Address of Property	Encroachment	Response
12/15/2018	s.22(1)	New Paving Stone Request	<p>12/15/2018: s.22(1) called and ask if s.22(1) can place a 16 x 16 tile along a stretch of 32 inches (3 inches deep) to make way for s.22(1) to get to her handy dart driver. She is 1. You are liable and responsible for maintaining it in a safe and accessible condition</p> <p>2. If the encroachment needs to be removed for the City or a utility to undertake works within the street, any encroachments, including paths, stepping stones, and/or other landscaping, and irrigation systems, may will not be reinstated by the City. In some circumstances, you may be required to remove the encroachment at your expense.</p> <p>3. If you are considering working in a boulevard, be aware of buried utilities before you dig. In many boulevards, there can be underground power cables, communication lines, gas lines, or other utilities buried close to the surface, particularly on streets that do not have curb and gutters. Always check before you dig to confirm where utilities are located. Contact BC One Call to verify utility locations (at 604-257-1940 or 1-888-686-6886 on Rogers or Telus cellular networks) to verify utility locations.</p> <p>4. Street Trees have extensive root systems that can be near the surface. Disturbing tree roots can be harmful to these trees. You cannot not be permitted to injure, impair or interfere with a street tree as set out by the City's Street Tree Bylaw. This would include cutting, disturbing, nor removing street tree roots to install paths, stepping stones, and/or other landscaping. If you have questions about a street tree, please contact the City's Arboriculture group by calling 3-1-1.</p> <p>5. The installation of paths, stepping stones, and/or any other landscaping must not disturb the any existing City sidewalk or curb. The surface between paths, stepping stones, or other landscaping must be kept flush with the City's curb and/or sidewalk to prevent trip hazards. If a sidewalk and/or curbing is installed in the future, you will be required to adjust your path, stepping stones, and/or any other landscaping to work with the new sidewalk and/or curbing.</p>
12/13/2018	s.22(1)	Multiple Encroachments	<p>The encroachments consist of:</p> <ol style="list-style-type: none"> <li>1. The fourth floor level (heritage façade roof level) cornice of the building which encroaches to a maximum extent of 0.65 metres (2.13 feet) onto West Hastings Street;</li> <li>2. The brick facing of the building which encroaches to an extent of 0.04 metres (0.13 feet) onto West Hastings Street;</li> <li>3. The steel facing of the building which encroaches to an extent of 0.04 metres (0.13 feet) onto the lane north of West Hastings Street;</li> <li>4. The dormers (bay windows) at the second and third floor levels of the building which encroach to a maximum extent of 0.95 metres (3.12 feet) onto West Hastings Street; and</li> <li>5. The various architectural elements of the building façade – main and second floor cornices, column bases and capitals, window sills and decorative surround (oval fourth floor window) – which collectively encroach to a maximum extent of 0.21 metres (0.69 feet) onto West Hastings Street.</li> </ol>
12/12/2018	s.22(1)	Electrial Fence	<p>12/12/2018: received 311 call from s.22(1) recently put up an electrical fence to keep out animals from tearing up his lawn. Site visited and owner was not home to discuss the remove of this fence. Talked to s.22(1) to let him know we were there and will take care of it s.22(1). Came back to the office and called the Gardeners that s.22(1) provided and Hoe Hoe Hoe Gardening confirm that they placed the electrical fence on site and said that the shock that the fence give is powerful enough to send the message to the animal to not come back again.</p> <p>12/15/2018: Received a 311 call from s.22(1) s.22(1) said that around 5pm, the gardeners came to the site and placed a sign on the property and plug the fence back into the outlet. s.22(1) Letter sent with Canada tracking: Canada Post # RW 512 880 773 CA.</p> <p>12/17/2018: Gardemer spoke with Hammad Q. and promise to remove the entire fence within the next few days. Site visit require in the new year.</p> <p>1/16/2019: Site visited. Fence has been removed. Closed</p>
11/19/2018	s.22(1)	Plannter box and Solid waste bin	<p>11/19/2018: received complain from 311 call that the property had their garbage can and planter box on city property. Sent out first notice.</p> <p>12/11/2018: Received a call from property owner saying that s.22(1) will do this in the new year when weather gets better.</p> <p>12/11/2018: Site visited. The encroachment has been removed. Case closed.</p>
11/13/2018	s.22(1)	Garden Box	<p>11/13/18: Citizen advises that this property has built a garden box 20 inches onto city property in the back lane.</p> <p>11/29/2018: Site visited. Hammad advise to send first letter.</p> <p>11/30/2018: Letter sent</p>
11/6/2018	s.22(1)	Garage Fence Encroachment	<p>11/06/2018: Brian C saw the encroachment and send it to Ken C to draft up first notice. First notice sent on 11/07/2018.</p> <p>11/29/2018: Site visited. Gate not removed. Hammad advise to send second letter.</p> <p>11/30/2018: Letter sent.</p> <p>1/16/2019: Site visited. No work done. Final letter will be sent. Tracking:Canada Post # RT 528 231 966 CA</p>
11/2/2018	s.22(1)	Rock bedding all over front yard and boulevard.	<p>11/02/2018: Noticed encroachment during Site Visite for another site. Sent out first notice on Nov 02/2018.</p> <p>11/30/2018: Second Letter sent Canada Post # RW 512 880 685 CA.</p> <p>12/09/2018: Property owner called back saying that he will do this in the new year when the weather is better.</p>

Date Complaint Received	Address of Property	Encroachment	Response
11/2/2018	s.22(1)	Building Material Encroachment	11/02/2018: Noticed encroachment during Site Visits for another site. Sent out first notice on Nov 02/2018. 11/09/2018: Site visited. All material on yard has been removed. Case closed.
11/2/2018	s.22(1)	Stone and Pole Encroachment	11/02/2018: Noticed encroachment during Site Visits for another site. Sent out first notice on Nov 02/2018. 11/07/2018: s.22(1) the owner called and said he had removed the stones and the pole was in place to show his end of the property line. 11/09/2018: Site visited. Stones removed and pole has been removed. Case closed.
10/31/2018	s.22(1)	Turf Encroachment	10/31/2018: Receive email from Brain C. Sent first notice to remove turf. Due date Nov 30th, 2018. 11/29/2018: Site visited. Turf not removed. Hammad advise to send second letter. 11/30/2018: Letter sent Canada Post # RW 512 880 668 CA. 12/10/2018: Property owner called and said he will roll up the turf and ask the gardener to remove it in 3 weeks. Site visit needed in the new year. 2/6/2019: Site visited. Turf is rolled up and still require to be picked up by gardeners. 3/13/2019: Site visited. Turf is not rolled up and not picked up by gardeners.
10/23/2018	s.22(1)	Sprinklers encroachment	10/23/2018: Hammad received a 311 call saying: I got a call from s.22(1) about s.22(1) s.22(1) Apparently it is a new build and they installed a sprinkler system on the boulevard and one sprinkler head is s.22(1) s.22(1) said the sprinkler head in question is located right next to the hydro pole with a handicap sign on it. 11/02/2018: Site visited, there is nothing noticeable that could s.22(1) Hammad suggest to close case.
10/22/2018	s.22(1)	3 small trees planted under powerlines and next to sidewalk, trees need to be replanted on private property away from powerlines	10/22/2018: Received email from Amit Gandha, City Arbonist, regarding 3 small trees planted under powerlines and next to sidewalk on City property. The trees need to be replanted on private property away from powerlines. 10/23/2018: Site visited, photos taken. Noticed 3 small trees and a large stone next to the trees abutting driveway. First notice will be issued asking PO to relocate the 3 trees and remove boulders. 10/30/2018: First notice mailed.
10/22/2018	s.22(1)	Large chestnut tree has been planted under powerlines and near sidewalk	10/22/2018: Received email from Amit Gandha regarding a large chestnut tree which has been planted on city property under powerlines and next to sidewalk 10/23/2018: Site Visited and photos taken. The tree is very large and many branches are touching the pole and the Telus line. The tree has also grown narrowing the path for pedestrians. A notice will be issued asking the PO to remove the tree. 10/30/2018: First notice mailed.
10/19/2018	s.22(1)	Vegetation waste	06/15/2018: Received email from s.22(1) or the encroachment and safety issue. 06/19/2018: Brian C replied: Hi Mike and Matt, Street Operations forwarding the attached service request to me for an encroachment review. The issue is 1-2 homeowners cut down a bunch of blackberries in an unopened lane adjacent to s.22(1) They left the blackberry bushes piled up in the lane which prompted the service request to street operations. This is not really an encroachment issue, however it is unique so I am not sure where to send. I am wondering if this is something your department have dealt with before. What are your thoughts on how to manage this? 06/19/2018: Mike responded: that The homeowners would be responsible for removing the debris if they in fact did cut the blackberries down. Is this City ROW and the reason why it was forwarded to the City? 06/19/2018: Brian responded that it is city right of way. We are making an assumption, albeit probably a safe one, that the homeowner(s) chopped down the blackberries. s.22(1) s.22(1) I believe it was a complaint from the s.22(1) about the waste left behind. Brent may have more details. 06/19/2018: Brent responded that What should we do in this case refer to by-law enforcement to get the homeowners to clean up mess? Can we get sanitation to go and clean then have By-law serve a ticket or notice? This is not really a Maintenance issue for us to go clean the cuttings and garbage from the ROW. 10/19/2018: Site Visited. There were a bunch of branches and waste in the lane. The lane seems like there are many residents that walk pass it.
10/18/2018	s.22(1)	A pole has been installed on city property	10/18/2018: 311 complaint regarding a security system installed at the front of the property at s.22(1) this back of sidewalk boulevard is city property. Don't see any permit for this security system to be installed. 10/23/2018: Site Visited. Pole was on city property and did not notice any permit listed on the security system to allow the placement of the pole. 10/26/2018: First notice sent. Due 11/26/2018. Site visit require once due. 11/19/2018: s.22(1) asked if s.22(1) can have an extension to December 31, 2018. Hammad Q agreed. Site visit due in January.
10/18/2018	s.22(1)	Sprinkler system encroachment	10/18/2018: Hamad received a complaint that the sprinkler head on city property will spray right at s.22(1) The Complainant said that the sprinkler head in question is right next to the hydro pole with a handicap sign on it. 11/02/2018: Site visited. Sprinklers were on city property. Hammad Q suggested that there were no problems. Closed.

Date Complaint Received	Address of Property	Encroachment	Response
10/9/2018	s.22(1)	Structure Encroachment	10/09/2018: Received a call from 311 regarding a wooden horse located at the SW corner of Eton St & N Garden Dr. A citizen reported that the wooden horse has been damaged and its head had fallen off. The art piece is not part of the Public Art Program. 10/09/2018: Site visited, photos taken, and spoke to a neighbour on site. Tipping horse had significant damage to it and a resident informed us that the structure has been struck by a vehicle. 10/23/2018: Drove by the site and noticed that the Tipping Horse had been fixed. We will be adding the Tipping Horse to our list of public arts. (if Hammed approves). 10/26/2018: Tipping Horse added to Public Art tracking sheet
10/2/2018	s.22(1)	Stairway Encroachment	10/02/2018: Resident of s.22(1) called into inform the City that their neighbour s.22(1) has stairs in the shared lane. Site visit will be conducted to determine next action. 10/04/2018: Site visited, photos taken. The staircase is graded with the embankment therefore the staircase should not cause any issues such as tripping hazards. Small trees which can be mistaken for weed exist along the fence on City property, which could be an issue in the future if the trees were to grow. 10/09/2018: Site visited again, more photos taken. 10/13/2018: Brian Charlton site visited again, more photos taken and talked to owner of Open street and said that he will remove the encroachment items by next day. 10/29/2018: Brian Charlton received email (with photos) that trees has been removed.
9/28/2018	s.22(1)	Unmaintained Garden	09/28/2018: Resident s.22(1) called to inquire on our process of unmaintained gardens and stepping stones installed on City property. 10/01/2018: Spoke to resident over the phone and explained our process is complaint basis. Asked s.22(1) if s.22(1) would like us to inspect the unkempt garden and s.22(1) said it has already been taken care of over the weekend.
9/27/2018	s.22(1)	Hedge Encroachment	10/12/2018: Site visited, photos taken. Hedges and walkways are encroaching onto City property, they are potential tripping hazards and are forcing foot traffic to walk on the road. First notice will be issued. 10/24/2018: First notice mailed to s.22(1) 11/22/2018: Hamad Q spoke to the owner on the phone and he said he will have the grass raised to be level with the pathway. Site Visit required. 1/16/2019: Site visited. No work done. Hold for a bit, revisit in Feb 2019. 3/13/2019: Site visited. No work done.
9/24/2018	s.22(1)	Boulders installed on City property	9/24/2018: Spoke to resident over the phone and resident is concerned regarding the property owner of s.22(1) laying gravel and getting ready to install boulders along Prescott St. The presence of the boulders will make s.22(1) difficult 9/26/2018: Complainant called again to follow up. Site visit yet to be conducted. 9/26/2018: Site visit conducted, photos taken. Ten 1'x1' columns approximately 8 inches tall were installed on City property in front of s.22(1) property. Spoke to a resident living in the area, the columns were doubled the height the previous day. First notice will be issued for s.22(1) property owner to remove the boulders/columns. 10/01/2018: First notice mailed out. 10/19/2018: Property owner emailed Brian C re the first notice. PO seeking to keep the boulders as they are concerned for the safety of their children when they are out at the front yard OR asking for alternative safety measures. 10/26/2018: Brian and Hamrad went out for site visit and talked to owner. 11/29/2018: Site visited. The boulders has been removed. Need to follow up with Brian C on the acceptance of the deeper trench.
9/14/2018	s.22(1)	Planter box in back lane behind home is limiting parking for adjacent home	9/14/2018: s.22(1) s.22(1) has planter boxes in the shared backlane and it is making it difficult for s.22(1) s.22(1) The planter boxes are on the lane way and not on private property. 09/25/2018: Site visited and did not notice any planter boxes in the lane south of s.22(1) on the s.22(1) While on site, we had thought we visited the incorrect location, however the location is correct and planter boxes have been removed since the initial complaint date. If we are passing by this location in the future, please visit site and take photos. 11/02/2018: Site visited. Found the planter box in the lane. It is blocking a part of the back lane and shows difficulty for cars to park and pass by. 11/09/2018: Sent out first notice. Site visit due Dec 08, 2018. 1/16/2019: Site visited. Planter boxes removed. Case Closed
9/10/2018	s.22(1)	Speed Hump built on street	09/10/2018: Scheduled to make site visit 09/11/2018: Site visited and photos taken of the speed bump on s.22(1) between s.22(1) s.22(1) Yellow/Black speed bump was bolted into the pavement in front of s.22(1) St property. Street Ops will be contacted to discuss the removal of the speed bump as we are not sure who we should issue a notice to. 10/15/2018: Drove by the site and the speed bump was removed.
9/10/2018	s.22(1)	Ditch filled up on City property	09/10/2018: Scheduled to make site visit 09/11/2018: Site visited and photos taken of City property in front of s.22(1) Further discussion will be needed as it is unclear as to when the ditch was filled. From google maps, it seems that the ditch was filled in at least 10 years ago, and more recently it seems that the boulevard may have had some fill to raise it to a higher elevation which may be resulting in ponding of water on the pavement in front of the property. Please hold.
9/8/2018	s.22(1)	Structure Encroachment	9/8/2018: Referred from Janine (311). Received report of boulevard structure encroachment. Wooden stakes with yellow caution tape close to parking meters. Possible tripping hazard. Site visit to be conducted. 10/18/2018: Site visited, photos taken. Metal white fences about a foot high and metal net inside the fenced area has been installed on City boulevard in front of the property.

Date Complaint Received	Address of Property	Encroachment	Response
8/24/2018	s.22(1)	Plant Encroachment	08/24/2018: Sent out first notice to property owner asking plants and shrubs to be removed to make way for upcoming BC Hydro work in October 10/01/2018: Spoke to resident over the phone and the owner said they will be removing the bushes and shrubs for upcoming BC Hydro work. 11/02/2018: Site Visited. The hedges and shrubs has been removed. Closed requested by Hammad Q.
8/20/2018	s.22(1)	Structure Encroachment	09/06/2018: Referred from 311. Complaint received from resident of s.22(1) Site visit will be arranged. 09/11/2018: Site visited and photos taken. Shed did not exist nor anything which could be of concern. From our observation, there may have been some fence reconstruction. No need to issue notice, but if anything comes up in the future we will revisit site and take action accordingly.
8/15/2018	s.22(1)	Garden Encroachment	08/15/2018: Received voice message about a two-tiered gardening box on City boulevard, possibly preventing cars from opening doors fully. Asked if the City could go to the site to take a look 08/28/2018: Visted site and took photos of planter boxes. Will follow up later to confirm measurements between planter boxes and the curb, as well as paving stones for slippage 09/26/2018: Site visited and photos were taken. Measurement from the edge of the curb to the planter boxes were approximately 29 inches. 10/15/2018: s.22(1) called to inform us that the planter boxes restrict vehicles from opening a vehicle door fully and can make entering and exiting a vehicle difficult for people using crutches or wheelchairs. 10/17/2018: Mailed out first notice asking the property owner to review the Boulevard Gardening Guidelines and make changes accordingly. 10/24/2018: PO of s.22(1) emailed us with photo informing that he had moved the planter box to allow 1 m clearance from the curb; however, the photos show that the planter boxes are now abutting the sidewalk. We will be emailing PO, s.22(1) to make additional changes. Also in his email s.22(1) s.22(1) Emailed Darren Trach to get more information. 10/25/2018: Darren Trach emailed back, s.22(1) s.22(1) 10/26/2018: Called s.22(1) to give an update that we have asked the PO to make changes to the planter box to allow 1 meter clearance from the edge of the curb. 11/30/2018: Site visited and did a final measurement, replied to resident that it meets our guidelines. Case closed
7/31/2018	s.22(1)	Two large rocks close to curb on City property	07/31/2018: Called complainant and asked for more details about encroachment. Said that the property at the s.22(1) and s.22(1) permanently installed two large rocks near the curb. The rocks are dug into the ground. Will email photos. 08/01/2018: Mailed out first notice to property owners 08/13/2018: Received a call and email from the property owners. They said that they placed the rocks on the curb to prevent cars from cutting the corner of the intersection. Also expressed interest in developing that corner as well as the inside of the traffic circle to be a garden that they will maintain. Set up an appointment with Brian to visit them on-site to discuss encroachment 08/21/2018: Met up with property owner on site and made note of the tire marks on the curb. The rocks are allowed to remain on the curb for the time being but Traffic department is being consulted about and solution for vehicles running the curb. The rocks are allowed to remain until Sept 30 10/04/2018: Site visited, photos taken. Large rocks are still present on City property. Observed that a tree on s.22(1) has been removed and a COV cone has been placed over it
7/30/2018	s.22(1)	Loose stones placed on City Boulevard	08/08/2018: Owner replaced grass with loose stones on City boulevard causing safety hazard. Additionally, the loose stones s.22(1) 08/28/2018: Visited site and took photos of stones. 11/02/2018: Visited site and took more photos of stones because was in the area for another site visit. 11/08/2018: Sent out first notice. Site visit due Dec 08, 2018. 11/09/2018: Owner s.22(1) called and asked if we can defer the timing (instead of Dec 08, 2018) of the case due to the situation with weather, s.22(1) had agreed to address this problem in February 2019. Case on hold @ s.22(1)
7/26/2018	s.22(1)	Fence Encroachment	07/26/2018: Refer to previous case for this address in spreadsheet. s.22(1) complained about strange odour coming from the garden. Sent First Notice to s.22(1) in regards to the fencing around his garden, which has been put back up this year for his garden. 07/27/2018: s.22(1) called in regards to the First Notice, mentioned that he wants to keep the fence until the end of Sept so his plants can grow. Discussed with Karim and Catherine and agreed not to grant the extension based on his previous track record. 08/08/2018: Called s.22(1) to remind him about the fence and the First Notice, and he asked again to extend the fence. Referred him to Karim. 08/09/2018: s.22(1) contacted Karim and was given permission to keep the fence until Sept 23, since s.22(1) Karim will call back and give him the update. If he wants to put his fence back up for the following year, s.22(1) will need to consult with the city beforehand. 10/09/2018: Site visited and photos taken. Fence has been removed.
7/18/2018	s.22(1)	Artificial turf on City Boulevard	07/18/2018: Sent first notice to remove artificial turf on City property. Emailed Tom Hamilton regarding artificial turf inside property for s.22(1) 08/28/2018: Followed up on site, no change 08/30/2018: Mailed out second notice 09/26/2018: Site visited, photographs taken. Artificial turf has not been removed and grass has not been restored. 10/15/2018: Brian spoke to property owner and has allowed the property owner to keep the artificial turf however informed the property owner that at a future date we may ask

Date Complaint Received	Address of Property	Encroachment	Response
7/12/2018	s.22(1)	Fence encroachment	<p>07/12/2018: Referred from Lisa (311). Citizen called to advise s.22(1) constructing a fence that is near completion, the fence looks to be built over the city property line. Citizen would like someone to come out and inspect the fence.</p> <p>07/19/2018: Mailed first notice out to property owner to remove fence</p> <p>07/27/2018: Received call back from s.22(1) that the fence is to prevent dogs from eating up and stepping on the garden and does not pose any harm to the public. Asks if the fence can remain if he collects letters of non-complaint from his neighbours about the fence</p>
7/11/2018	s.22(1)	Bird feeders hung on tree planted on City property	<p>07/11/2018: Referred from Lisa (311). Citizen called in about birdfeeders hung on tree s.22(1) attracting too many birds to his property, requiring clean up of his gutters and ground. The tree was private-planted on City property.</p> <p>07/21/2018: Followed up with citizen and received photos of birdfeeders and tree on City Boulevard.</p> <p>07/27/2018: Confirmed with Cabot that tree is not a city tree and mailed out first notice asking property owners to remove birdfeeders on the tree. The tree is allowed to remain.</p> <p>10/23/2018: Site visited, photos taken. Bird feeder has been removed.</p>
7/10/2018	s.22(1)	Bollard encroachment	<p>07/10/2018: Referred from Veronika Krajsek (311). s.22(1) is presently witnessing s.22(1) cut into the lane asphalt, securing rebar to install a 4 foot post to act as a bollard to protect his angled fence when vehicles/trucks drive northbound in this lane then turn left (westbound) onto Culloden Street.</p> <p>s.22(1) has also stated that there is one other address that has done the same thing a while back. s.22(1)</p> <p>09/11/2018: Site visited and photos taken of the bollard installed at the north corner of the backlane fence of s.22(1). Bollard is installed on City property. Unsure if the bollard is made of wood or metal. A notice will be issued to asking resident to remove the bollard.</p> <p>10/01/2018: Mailed out first notice.</p> <p>11/02/2018: Site visited. Pole rebar was removed. Hammad Q suggest to close the case.</p>
7/10/2018	s.22(1)	Paving stones encroachment	<p>07/10/2018: Referred from Terry Wilson (Development Services). I had a call from a s.22(1) s.22(1) regarding paving stones s.22(1) has placed in the boulevard on the Inverness side.</p> <p>This is a duplex and pavers were placed by s.22(1)</p> <p>08/17/2018: Complainant asked to take note of what is on the property (tripping hazards, etc.) and wants to know who to contact for landscape review of property. Sent photo of pavers</p> <p>08/28/2018: Visited site and took photos of the pavers</p> <p>08/30/2018: Mailed out first notice</p> <p>09/14/2018: Complainant, s.22(1) called in to check on the status regarding the encroachment. He was informed that the first notice has been sent out and if the resident does not remove the paving stones in the timeframe noted in the letter, a second notice will be issued.</p> <p>10/04/2018: s.22(1) called in informing us that the tree and stepping stones have not been removed. He brought up that the vines along the fence are restricting visibility and should also be removed. s.22(1) will be emailing in photos of the vines. He is concerned about the safety of pedestrians and that if anyone gets hurt s.22(1)</p> <p>10/04/2018: Site visited, photos taken. A fallen tree was present on City boulevard on Inverness St which could be a potential hazard for pedestrians on sidewalk. Paving stones have not been removed and a small bush on boulevard between the road and sidewalk has not been removed. A second notice will be issued, and both property owners will be receiving the notice.</p> <p>10/18/2018: Second notice mailed to property owner of s.22(1) - Tracking # RW 512 928 745 CA. Included the property owner of s.22(1) as well as the strata is shared.</p> <p>11/09/2018: Site visited. The paving stones and trees has been removed. However, resident s.22(1) said that the tree along the front yard still require to be removed. In the area where the tree had fallen and removed, s.22(1)</p>
7/9/2018	s.22(1)	Arbor encroachment	<p>7/12/2018: Visited property as well as s.22(1) arbors are not impacting safety of pedestrians and are acceptable</p>
6/26/2018	s.22(1)	Fence & retaining wall encroachment	<p>06/26/2018: Referred from Graham Loughheed. Would like current photos of the new fence and retaining wall which are encroaching onto City property.</p> <p>07/12/2018: Email received from Graham. They have inspected the site and have taken photos of the current site conditions. The construction of the concrete wall with attached fence within the City's s.22(1) allowance (to an extent of 20.4 feet, as shown on the BC Land Surveyor's Certificate of Location) would not have been supported by Engineering Services under the related permit applications for this site (DB-2016-03575 and DB-2017-01304), as the installation effectively represents a permanent occupation/use of a significant portion of street. We are also concerned that additional fencing could be constructed within the portion of road between the sidewalk and the south limit of the West 1/2 of Lot 179 to essentially convert public space to private yard space.</p> <p>As a result, the property owner can anticipate receiving a letter from Engineering Services, seeking removal of the concrete wall adjacent to the south easterly limit of subject West 1/2 of Lot 179 (i.e., adjacent to the new dwelling at s.22(1))</p> <p>We note that we would support the continued encroachment of the wall immediately south of the new infill dwelling, subject to validation under a standard encroachment agreement with the City, should the property owner make a corresponding request to the City Surveyor, Al Zacharias.</p> <p>10/23/2018: Site Visited. The retaining wall still in place and has not been removed. the concrete gate has not been fixed. Need another site visit for measurements.</p> <p>10/25/2018: As per Hammad Qazi's instruction, this case should be on hold until further info and measurements</p>

Date Complaint Received	Address of Property	Encroachment	Response
6/26/2018	s.22(1)	Hedge encroachment	06/26/2018: Referred from Dean Du Toit (Parking Mgmt). Hedge encroaching into the lane. 07/10/2018: Went to site and took photos of encroachment. Construction crews currently working on renovations for the property. First notice mailed out. 10/31/2018: Sent out Second notice to remove the entire hedge. Due date Nov 30, 2018. Canada post # RW 512 880 892 CA. 11/29/2018: Site visited. Hedges are not removed based on the second notice. Hammad advised to send 3rd (final) letter. 11/30/2018: Letter sent.
6/25/2018	s.22(1)	Structure encroachment	06/25/2018: Referred from Caitlin (311). Complainant reported that someone has erected a large cross on the boulevard in front of s.22(1) on the s.22(1). They don't believe that this reflects the diversity of Vancouver and would like the cross removed. Case #101011468248.
6/22/2018	s.22(1)	Fence encroachment	06/22/2018: Referred from Leslie Marciniak (311). Complaint came through VanConnect and originally sent to Property Use. The overstep (over public boundary) and overheight (right side fences over 1.2m) cedar fence enclosure that has constructed around the ground level unit in the front yard at s.22(1) Vancouver, British Columbia. Photo attached. 10/26/2018: Went to site and took photos of encroachment. The fences were over 1.2m and encroaching a lot of city property. Brian C suggested that the fences be removed completely as the fences were installed recently. 10/31/2018: First notice mailed out to remove the whole fence due to encroaching alot of city property. 11/05/2018: The Property manager called at 8:40am today, he was asking if they can not have the the fence removed. His reason was that there were many properties in the area that has the same encroachment problem. However I have told him that due to the concern of encroachment city property in our bylaw, it would be nessecary to remove the fence. He has asked to talk to management about this. His number is s.22(1) 11/06/2018: Went on site to take more photos
6/19/2018	s.22(1)	Sprinklers encroachment	06/19/2018: Received a voice message from Michael Kim (311). There is a sprinkler installed on the City boulevard. Would like for me to go check out. 06/20/2018: Emailed Michael. In general, the sprinklers are not permitted there. However, we are currently not managing these at this time. I will go check it out to ensure it is not a trip hazard/safety issue. 06/21/2018: Site visited. Only saw one sprinkler on the City boulevard, which is located right beside the fence along Sasamat St, by the lane. Does not seem to pose a trip hazard/safety issue.
6/5/2018	s.22(1)	Plants encroachment	6/5/2018: While meeting with a property owner at s.22(1) a citizen living nearby at s.22(1) came up to me to report a plant encroachment on W Broadway in front of the Dairy Queen. He said that these plants are big and blocking his line of sight when he is driving and waiting at the intersection to turn left onto s.22(1) 06/06/2018: These plants appear to be part of street horticulture (according to VanMap). Referred to Ben Mulhall in Street Activities. 06/06/2018: Ben will create a new case for their Street Hort Ops crew. 06/08/2018: Email received from Liz Nowatschin. She had 311 create a case and then allocated it to Parks Board for maintenance.
5/31/2018	s.22(1)	Hedge encroachment	05/31/2018: Tall hedges on City property at a corner lot obstructing the view in the intersection at s.22(1) 06/21/2018: Site visited. Tall hedges all on City property up to the edge of the road along Dunbar St, very close to the stop sign and obstructing the line of sight at the intersection. 06/29/2018: Complainant called and left a message to follow up. 07/04/2018: Called complainant and gave him an update. The first notice is currently being drafted and will be sent out this week. 07/05/2018: First notice mailed out to owners 08/28/2018: Site visited and took photos, no changes 08/30/2018: Mailed out second notice 09/26/2018: Site visited photos taken. The hedges have been removed and cut back.
5/31/2018	s.22(1)	Trees/ hedge encroachment	05/31/2018: Met with Vince Santorelli and the property owner. The original reason for meeting was that Vince wanted to meet to discuss a proposal that the property owner had to plant new hedges on the City boulevard area adjacent to his property. When we got there, we realized that the property owner had already gone ahead with the plantings before we even had a chance to see or review the proposal. While there, we noticed that there were a number of trees that have been planted on the City boulevard, along s.22(1). We should send to Parks to see if the trees are on their tree registry and if they have any comments or concerns with them. 06/04/2018: Emailed Cabot to check tree registry and if he had any comments or concerns with them. 06/27/2018: Emailed Cabot a follow up. Cabot has not visited the site yet, but will be heading there today.

Date Complaint Received	Address of Property	Encroachment	Response
5/23/2018	s.22(1)	Rocks encroachment.	<p>05/23/2018: Complainant reported that it appears that there has been unsanctioned work being done on the City boulevard area. The grass has been dug up around the trees, fire hydrant and stop sign and replaced by rocks.</p> <p>05/25/2018: Site visited. City boulevard area between sidewalk and street curb has been dug up where grass was previously. There is yellow caution tape around the areas that are still a work in progress. Someone has placed big flat rocks and pavers in some sections, and big rocks that stick up above ground in other sections.</p> <p>06/04/2018: First notice sent to property owner s.22(1) and strata management company s.22(1) to remove the rocks, stepping stones and pavers (circled in red in photos attached) and to return the surface to what it was previously. The objects are a safety concern as they are considered a trip hazard.</p> <p>06/07/2018: Received a call from s.22(1) (strata vice-president/garden committee member), whom is calling on behalf of the strata. Discussed what is and what isn't acceptable on the City boulevard. Told her that the rocks that are sticking up above ground must be removed and the flat flag stones should be fine as long as they are secure in the ground, flush with the ground and the gaps between them filled in and that they should not pose a trip hazard. Also mentioned that if they are planning to put plants on the city boulevard, that in the area by the intersection and lane, the plant height cannot exceed 60cm. Told her to submit a drawing of the garden plans to us. She is willing to work with us to ensure that they comply with our guidelines.</p> <p>06/07/2018: Email received from s.22(1) She said that she is committed to creating a boulevard garden that fully meets City guidelines. As mentioned on the phone, the photos were taken at the very beginning of the work and all the pavers have since been properly installed and levelled. Their landscaper is preparing a drawing to show the planning for plants and walkways and clearances. She will forward that over by Monday.</p> <p>06/11/2018: Emailed s.22(1) to ask if she can provide current photos of the boulevard so</p>
5/23/2018	s.22(1)	City boulevard paved with asphalt.	<p>05/23/2018: Referred from 311. Complainant reported that the City boulevard has been paved with asphalt. This is the area between the hedge (google maps shows a white picket fence) and the street. There is no street curb along this block. The complainant is concerned that this will set a precedent in the neighbourhood, it changes the look and feel of the neighbourhood, may cause water drainage issues and that this was done without approval. He believes that this should be rectified.</p> <p>05/25/2018: Site visited. Hedges planted on City boulevard, in line with neighbour's hedges. Google street maps from a previous years shows a white picket fence, which is actually on the PL. This picket fence has since been removed and replaced by hedges (not in the same location as the picket fence, but outside of the PL). The area outside of the City boulevard, on the street, which used to have gravel has now been paved with asphalt.</p> <p>05/28/2018: Emailed Jeff Eckland and Joyce Lee. Would like their thoughts on the paved asphalt. If this is permitted to remain? Or if we ask the property owner to remove it? Does this impact the function/effectiveness of the existing catch basin? Have they dealt with any similar cases/complaints previously? And if so, how they dealt with them.</p> <p>05/28/2018: Emailed Jeff Eckland from Streets and Joyce Lee from Streets and Electrical Design Branch. Would like to know their thoughts on the paved asphalt - if it's permitted to remain, do we ask the property owner to remove it, does it impact the function/effectiveness of the existing catch basin, have we dealt with any similar cases/complaints previously, and if so, how they dealt with them.</p> <p>05/28/2018: Email received from Jeff. Parking pad looks to have been placed above the grade of the road and adjacent gravel shoulder. If this is the case, the parking pad would prevent proper drainage to the CB and we'd likely see pooling on the upstream side of the parking pad. The pooling could impact neighbouring properties given how flat the area is along the block. He would recommend having the pad removed, but the site should be inspected first. He has CC'd Vince Santorelli to inspect the site and provide comments.</p> <p>05/28/2018: Email received from Joyce. She agrees with Jeff. The intent of the gravel shoulder is to allow road runoff infiltration into the ground and eventually into the catch basin. The impervious asphalt parking pad will not allow for proper drainage and there may be ponding if the runoff does not flow towards the catch basin. Wants to know when and whom installed the asphalt pad as it seemed to be quite a lot of work done to continue the paving</p>
5/15/2018	s.22(1)	Shrubs and flowers encroachment - obstructing planned BC Hydro work.	<p>05/15/2018: Referred from Colin Gatten. According to Google street view, there are shrubs and flowers encroaching on the City boulevard which are obstructing planned BC Hydro work. Will need to visit site to confirm encroachments.</p> <p>05/23/2018: Site visited. BC Hydro has already spray painted the sidewalk and grass of the proposed line. Appears that only a hedge or two and some plants may need to be removed.</p> <p>05/24/2018: Reviewed photos with Colin. Colin will check with BC Hydro to see how much of the hedge and/or plants need to be removed for their work.</p> <p>07/10/2018: Mailed first notice to property owner</p> <p>07/25/2018: Received call from property volunteer (?) and she mentioned that she would like to speak to BC Hydro about the work. Additionally, there is fencing around her property for the Celebration of Light fireworks so she may be unable to meet the 30 day deadline of August 10</p> <p>10/09/2018: Site visited, photos taken. Does not seem like hedges have been removed however they have been trimmed.</p> <p>10/26/2018: Second notice sent. Due Nov 26, 2018. Site visit require once due. Canada post tracking # RW 512 880 915 CA.</p> <p>12/19/2018: Site visited. Shrubs and flowers are removed. Case closed.</p>

Date Complaint Received	Address of Property	Encroachment	Response
5/15/2018	s.22(1)	Large planters on city boulevard.	<p>05/15/2018: Referred/transferred over from 311. Complainant said that s.22(1) has 2 large planters installed on the City boulevard (between sidewalk and street curb). When the complainant s.22(1) the passenger on the passenger side of the car can't open their door, s.22(1) said the planters are too close to the street curb, s.22(1) had a look at the boulevard gardening guidelines and it states that the planters must be set back 1m from the curb and 30cm from the sidewalk.</p> <p>05/23/2018: Site visited. Two large planter boxes installed on City boulevard. Distance from planter to street curb approximately 26.5 inches (0.6731 m) and distance from planter to sidewalk appears to be less than 30cm. Should revisit site to take proper measurements.</p> <p>06/06/2018: Site revisited. Took measurements with a measuring tape. Between the planters = 47 inches (1.1938m). Between street curb and planter = 31 inches (0.7874m). Between planter on west and sidewalk = 6 inches (15.24cm). Between planter on east and sidewalk = 8 inches (20.32cm). Dimensions of planters: length - 98.5 inches (2.2987m); width = 50 inches (1.27m); height = 15 inches (0.381m). Compared these measurements with the city boulevard gardening guidelines. The distance between the planters and the dimensions of the planters themselves are fine and meet the guidelines. The distance between the street curb and planters should be 1 meter (it is 0.7874m). The distance between the sidewalk and planters should be 30cm (it is 15.24cm and 20.32cm). These are close enough to the requirements outlined in the guidelines - and should be fine. Close case.</p>
5/11/2018	s.22(1)	Fence encroachment.	<p>05/11/2018: Referred from Steve Elford, Acting Streets EA. 311 Case 101011205731. The property is currently constructing a 6 foot fence right up against the sidewalk along s.22(1). Inspector provided photos of the fence with signs: "TEMPORARY Fence Move. New landscaping with hedge and new plantings planned. Fence moved to secure yard while landscaping matures. (We thought it would look nicer than temporary snow fencing!) Thanks for your patience."</p> <p>05/15/2018: Site visited. Fence in the southeast portion of the property is located right up to the edge of the sidewalk along s.22(1) hedge in the front of property (along Point Grey Road) and hedge along the side of the property (along s.22(1)) actually encroaching on the City Boulevard. Even the fence in the southeast portion of the property in its previous location was already encroaching on the City boulevard. There are no signs posted on the fence.</p> <p>05/18/2018: First notice sent to property owners to move the fence back to the property line. Will leave existing hedge alone as it's considered grandfathered to remain. The fence is actually old, but it was recently moved right up to the edge of the sidewalk.</p> <p>05/24/2018: Voicemail received from property owner s.22(1) said that the inspector that came out to do an inspection had suggested that their crew can continue to do work based on his understanding of the situation and that they can proceed with the temporary fence move while doing landscaping. Would like a call back to discuss.</p> <p>05/24/2018: Emailed Steve Elford for background info and details of the inspection/site visit conducted by the inspector.</p> <p>05/24/2018: Email received from Steve. The request to address the fence issue came from a citizen via 311. They sent their encroachment inspector out to investigate and he referred the case to Brian C. He spoke with Hussain and when he spoke with the homeowner, he did not indicate that the fence was able to stay up. He attended the site May 8th.</p> <p>05/24/2018: Detailed email received from property owner, s.22(1). States that although the demand is keeping with City bylaws, it is not in keeping with neighbourhood property norms and feels that it doesn't seem to have been applied equally to surrounding properties with similar landscape and fencing design. They are located in a high pedestrian traffic area and the original grass blvd on Dunbar was being used as an area for dogs to do their business and a dumping grounds for litter. Therefore they decided to redo the landscaping with</p>
5/10/2018	s.22(1)	Rocks encroachment.	<p>05/10/2018: Referred from Kaitlin (311). Complaint received through VanConnect. This home has laid rocks on the City side of sidewalk of boulevard rather than grass.</p> <p>05/15/2018: Site visited. Encroachments on both sides of the City boulevards. The back boulevard (between property line and sidewalk) has rocks and tall hedges. Here, the edge of the sidewalk is lined with a rubber edger to help contain the rocks from spilling over onto the sidewalk. The front boulevard (between sidewalk and street curb) has rocks and rock pavers for a foot path. Here, the edge of the sidewalk is not lined with a rubber edger to help contain the rocks from spilling over.</p> <p>05/18/2018: First notice sent to property owner to remove the rocks from the front boulevard and to return it to what it was previously. Will leave the encroachments on the back boulevard alone for now as they were already there previously (grandfathered) and the rocks are contained with the rubber edger.</p> <p>05/25/2018: Received voicemail from property owner s.22(1) said that s.22(1) had approval for the river rocks by a City engineer and that they were saving the City water instead of planting more grass. s.22(1) also said that moving forward, most cities are moving towards a desert landscaping. If we need a border on the river rocks, s.22(1) will do so. s.22(1) spent over \$1500 on the landscaping, had an engineer come over last year to approve and endorse it.</p> <p>05/30/2018: Called property owner s.22(1) said that the City boulevard area would not grow grass and that there was a disease in the grass. The street is at an angle and so when it rains heavily, the mud would pour onto the ground, there would be a pool of mud and pedestrians would slip on it. s.22(1) called sanitation to street sweep it and an inspector came out last year to provide input on this issue. s.22(1) had two of s.22(1) neighbours witness it. s.22(1) said that s.22(1) showed the engineer the river rocks and s.22(1) plan for the desert landscape and that they said it was okay as long as s.22(1) provided proper access. s.22(1) said that s.22(1) has laid out pavers in the form of walkways from the street to the sidewalk and that people do not walk over the stones because of the access that she has provided. s.22(1) said that s.22(1) is willing to put a border around the edge of the sidewalk to help contain the rocks. s.22(1) would like us to have a look s.22(1) s.22(1) said s.22(1) will email photos of this to me to review. I told s.22(1) that we are concerned with safety and that if anyone gets hurt or slips on the rocks, that the City will be liable as it is on City property. The</p>

Date Complaint Received	Address of Property	Encroachment	Response
5/3/2018	s.22(1)	Fence encroachment.	<p>05/03/2018: Referred from Rodel via Lisa (311). Citizen called to report that s.22(1) s.22(1) has just built a fence that is trespassing onto City property. Needs to be inspected.</p> <p>05/15/2018: Site visited. Encroachments include: An older blue wooden fence along N s.22(1) in the southwest portion of the property; tree and hedges by lane; a newer white picket fence in the northern portion of the property; a small garden in the front (this is okay per boulevard gardening guidelines).</p> <p>05/18/2018: First notice sent to property owner to remove the fences from the City boulevard and back to their property line.</p> <p>05/29/2018: Received email from s.22(1). He had some questions relating to the letter received. Wants to know: Why the fencing is now a problem? Does engineering require access to service at this location in which the fence is interfering with? Neighbour complaint? Encroachment bylaw clause 3.3 - Does this mean that fences can be okay provided that engineering is satisfied and would it have been okay had there been a discussion beforehand? If the fencing must go, would like to consider hedges and/or garden areas to serve a similar function - would like some advice as to what is and isn't allowed and whether it requires engineering approval.</p> <p>05/31/2018: Called and spoke with s.22(1) answered his questions. The City received a complaint where a citizen called to report a fence that is trespassing onto City property and that it needs to be inspected. City boulevard gardening guidelines allows gardening on the City boulevard as long as it follows the guidelines, which includes setbacks and access, plant height, structures and ornaments, etc. Action for removal of fence/encroachments may be prompted by a few things: complaint received, if it is egregious (if it is more than a foot or two from PL), if there are safety issues (ex: sight distance obstructions at intersections, visibility concerns), if the City or utility companies need access to the ground, etc. In this situation, a complaint was received, it is egregious (fence is approx</p>
4/27/2018	s.22(1)	Fence encroachment.	<p>04/27/2018: Referred from Leslie (311). Complaint received via VanConnect App (04/14/2018). Case number: 10101117049. Description: This fence was recently installed on City property. I don't think the owner should be using City property for personal use. I few plants are fine. But a fence implies it is their property. PS#: 4038651. Provided a photo.</p> <p>05/01/2018: Site visited. Fairly newly constructed wooden fence built on City property. According to VanMap, the property line appears to be in line with where the neighbour's s.22(1) s.22(1) fence is currently situated.</p> <p>05/02/2018: First notice sent to property owners to remove the fence from the City Boulevard and to move it back to their property line.</p> <p>06/21/2018: Site visited. Fence has been moved back towards the PL. Not quite at the PL. Should be okay to close for now. Will re-visit if we receive any additional complaints.</p>
4/26/2018	s.22(1)	Wooden structure encroachment in the back lane.	<p>04/26/2018: Referred from Caitlin (311). Case #101011168148. Structure in back lane. One of the residents constructed a wooden holder to contain garbage bins. It is right up against the hedge and it does not block the lane way.</p> <p>04/30/2018: Emailed Caitlin to provide additional details and address of complaint. Explained that I do not have access to view case files.</p> <p>4/30/2018: Email received from Caitlin. Information received from the online webform: "æœl live at s.22(1) has many obstructions encroaching into the lane itself. s.22(1) I attach photos. Could you have some one look at the lane obstructions and particularly at s.22(1) We have enough of a problem with the construction vehicles, contractor parking, etc. and do not need the additional permanent obstructions. If you determine the structures are on public property would you notify the homeowners that they should be removed.æœœ"</p> <p>05/01/2018: Site visited. Two sets of wooden structures to enclose garbage/recycling containers. One set looks fairly new. Both structures appear to be situated on City property. According to VanMap aerial view, the property line appears to be in line with where both of the neighbours' fences are situated. Lots of overgrown hedges on City lane behind some properties on this block.</p> <p>05/02/2018: First notice sent to property owners to remove the wooden structures from the City lane.</p> <p>06/21/2018: Site visited. Wooden structures removed.</p>
4/23/2018	s.22(1)	Fence encroachment obstructing planned BC Hydro work.	<p>04/23/2018: Referred from Rodel. BC Hydro is proposing to install duct banks and a service box to provide an underground service to s.22(1) The proposed alignment on E 7th Ave west of Victoria Drive at 1.2m will conflict with the fence at s.22(1) As per BC Hydro's survey the fence is encroaching on City property. BC Hydro is scheduled to commence construction mid of July.</p> <p>05/01/2018: Site visited. Fence and two shrubs situated on City property. Measurements taken: Distance from fence to inside edge of sidewalk = approx 30 inches (0.762 m) Distance from proposed alignment to inside edge of sidewalk (provided in drawing 462-U07-01056) = 23 622 inches (0.6 m)</p> <p>05/03/2018: First notice sent to property owners to remove shrub and move fence back to the property line.</p> <p>06/21/2018: Site visited. The old fence along s.22(1) has been removed and replaced with a new fence, which is now located further back, by the PL. The distance from the new fence to the inside edge of the sidewalk is approximately 78 inches. The proposed alignment is 23.622 inches from the inside edge of the sidewalk. There should now be sufficient space for the BC Hydro work.</p> <p>06/22/2018: Emailed Rodel with the update and photos.</p>

4/13/2018	s.22(1)	Boulders and gravel path, causing safety concern.	<p>07/04/2018: Resident submitted call back information for request originally submitted in April</p> <p>07/12/2018: Visited property and spoke to property owners about removing boulders off the gravel pathway. Property owners agreed to remove boulders.</p> <p>07/30/2018: Received call from complainant and notified us that the rocks have been removed.</p> <p>10/26/2018: Site visited. Rocks have been removed from the path and moved back into</p>
4/12/2018	s.22(1)	Plans approved to install a manhole on the City Blvd. Will need to do a site visit to confirm if there are any encroachments that will obstruct the planned work.	<p>04/12/2018: Referred from Colin Gatten. Plans approved to install a manhole on the City boulevard adjacent to this property. Google street view shows a brick walkway and a hedge on the City boulevard. Will need to do a site visit to confirm if there are any encroachments that will obstruct the planned work.</p> <p>04/18/2018: Site visited. There are hedges on the City boulevard, but they are right up by the property line/fence. There doesn't appear to have any obstructions in the area where the new manhole is proposed to be. No notice/action required from us.</p>
4/12/2018	s.22(1)	Shrub encroaching on City boulevard in the space where a manhole has been approved to be installed.	<p>04/12/2018: Referred from Colin Gatten. Plans approved to install a manhole on the City boulevard adjacent to this property. Google street view shows a garden with plants/shrubs, a walkway and a low concrete retaining wall encroaching on the City boulevard. A large shrub is over the area where the manhole is proposed to be installed. Will need to do a site visit to confirm. Colin has indicated that 2 m x 1.5 m of space will need to be cleared.</p> <p>04/18/2018: Site visited. There is a garden with shrubs/plants on the City boulevard and a low retaining wall lining the garden (along the edge of the sidewalk). A shrub seems to be obstructing the planned work. Colin will check to confirm how much and to identify which parts of the garden will need to be removed for the work.</p> <p>06/26/2018: Could not get a hold of the property management company. Sent first notice to property owners on record. First notice sent to remove encroachments (retaining wall and garden (plants)) in the red outlined area on the attached aerial photo.</p> <p>07/03/2018: Received phone call from Property Mgmt company, Benjamin House. Explained what the proposed work is and that the proposed work is for Shaw Cablesystems. Property manager would like to meet with Shaw to get more information.</p> <p>07/03/2018: Emailed Carlos Pereira from Rissing to get Shaw's contact info.</p> <p>07/03/2018: Email received from Carlos. Shaw planner for this project is Laurence Law.</p> <p>07/03/2018: Emailed Laurence and Carlos. Provided property manager's contact info and have asked Laurence to contact the property manager directly to discuss and set up a meeting.</p> <p>07/05/2018: Email received from Laurence. He has spoken with Benjamin and will be meeting with him and their contractor Carlos to discuss next week.</p> <p>07/08/2018: Email received from Jack. He said that Laurence from Shaw indicates that the City will be restoring the boulevard to its specs. He feels that it would be beneficial to the owners to have a City rep there to explain what those specs will be.</p> <p>07/09/2018: Emailed Jack. My understanding is that Shaw will be doing the initial work to restore the city boulevard after the construction, which just involves top soil and grass seeds. And that at a later date, if the city boulevard is still not restored or in bad shape, the City will redo the work and charge Shaw for it. If you have questions in regards to the restoration work that will be done by the City, your best bet would be to speak with someone from the Streets Operations team as they will be doing the work. Please contact 3-1-1 and ask to speak with</p>
4/11/2018	s.22(1)	Fence encroaching on City property.	<p>04/11/2018: Referred from Graham Loughheed (whom was referred from 311). Caller said that the fence that is being built around this home is being built on City property.</p> <p>04/18/2018: Site visited. Wooden frame of fence has been built and installed onto the City boulevard. I spoke with the contractor that was on site and informed him that the fence is on City property and that it should either be removed or moved back to the property line. The contractor said that he built it on the property line per directions from his project manager as the intent was to align it with the other fences of the properties in front of and behind that one. He said he will speak with the project manager and will keep me updated. I informed him that if the fence is not moved off City property, the next step would be for us to send a notice out to the property owner.</p> <p>04/19/2018: Received a voice message from Jonathan, the contractor that was on site. He said that their client has decided to take the fence down and remove it completely. He will be working on removing the fence today. Need to confirm on next site visit.</p> <p>04/27/2018: Received a voicemail message from property owner, s.22(1). Has some questions s.22(1) would like answered.</p> <p>04/30/2018: Called and spoke with s.22(1). s.22(1) has confirmed that her fence has been taken down. s.22(1) wants to know what the rules are in the City and why the rules are applied unfairly. This is in regards to why some people in the neighbourhood are permitted to have fences up on and around City property. Told s.22(1) that we have a limited amount of resources in the City to address all of the encroachments. We are currently taking a grandfathered approach and are permitting older fences to remain unless they are a safety issue. We are just trying to correct any new fence encroachments that are going up. Told s.22(1) that we do not have a problem with fencing, as long as it is constructed on the property line.</p> <p>05/01/2018: Site visited. Wooden fence/frame has been removed. The only things remaining are the metal base/brackets for the posts, which are currently wrapped/tied in yellow tape.</p> <p>05/31/2018: Property owner, s.22(1) came into the office and spoke with Brian C. s.22(1) said that s.22(1) has placed a portion of the fence back up, but only to enclose the section between the side door and the back door. She will email Brian some photos.</p> <p>06/04/2018: Received a voicemail from Caitlin Chanroux (311). She said that the complainant, s.22(1) called to say that the fence is now back. He acknowledges that it was removed for some time but since then it's been put back to the</p>

4/7/2018	s.22(1)	Large rocks encroaching on City boulevard.	<p>04/07/2018: Voicemail received. Citizen that lives s.22(1) has reported that the s.22(1) at s.22(1) has place large rocks out on their City boulevard. The placement of these rocks on the City boulevard in front of s.22(1) makes it difficult s.22(1) feels that it is unfair as it is outside of their property line.</p> <p>04/11/2018: Site visited. There are large beams of wood placed on the City boulevard as a divider to separate the City boulevard from the street in the absence of a curb. There are five large rocks placed on the City boulevard between the large beams of wood and the street.</p> <p>04/11/2018: Emailed Vince Santorelli from Streets Ops to ask if their group has any issues with the wooden beams and if they are okay to remain where they are.</p> <p>04/11/2018: Vince called and said that they don't have any issues with the wooden beams and that they can remain where they currently are.</p> <p>04/12/2018: First notice sent to property owner to remove the large rocks from the City boulevard.</p> <p>04/16/2018: Received a voicemail message from property owner s.22(1)s.22(1) wants to discuss the encroachment notice that s.22(1) received and wanted to discuss why the rocks are there.</p> <p>04/17/2018: Called s.22(1) back and left a voicemail to contact me.</p> <p>04/26/2018: Called s.22(1) back. s.22(1) didn't pick up a message has indicated that there is no more room in s.22(1) voicemail to leave a message.</p> <p>05/15/2018: Site visited. Rocks that are placed beside the wood beams on the City boulevard/street have been removed. The ones remaining are the ones that are buried underground/partially above ground.</p>
3/22/2018	s.22(1)	Trees planted on City boulevard.	<p>03/22/2018: Email received from Amit Gandha, City arborist. Home owner has planted 7 trees on the City boulevard. He is fine with 2 remaining, but the spacing is too tight and will become a maintenance and lighting issue in the future.</p> <p>03/28/2018: Site visited. Seven trees on the boulevard along Blanca St. One tree on the boulevard on the boulevard along s.22(1) by the Stop sign.</p> <p>04/04/2018: Email received from Amit. Has indicated that the homeowner can leave two trees on Blanca St (provided a photo marked with red arrows of the trees that can stay). The tree close to the stop sign needs to be removed as the location is too close to the signage.</p> <p>04/05/2018: First notice sent to property owners to remove 5 trees on Blanca St and 1 tree on W 13th Ave.</p> <p>04/12/2018: Property owner s.22(1) emailed City Engineer/General Manager, Jerry Dobrovoly. Property owner has indicated that she had met with Lennox (from Parks, whom was responsible for planting of trees on the boulevard) in the summer of 2016 to discuss replacing the tree that was lost by the wind storm (in August 2015) with multiple smaller ones. She stated that Lennox had said that they would be planted in Nov 2016 and that it was alright for her to plant the trees on the boulevard if she didn't want to wait for the City to do it as long as they were from the City's approved list. She said she heard nothing in the fall of 2016 and nothing in the spring of 2017, left messages with the City at the number that she had for Lennox and her calls went unreturned. She assumed that the City didn't intend to replace the tree so she contacted a professional landscaper, researched the trees on the City's list and had the trees planted on the boulevard by a professional landscape firm. She said that the trees are columnar by design, do not encroach on the sidewalk and will be maintained annually by a professional arborist. She said that prior to receiving the encroachment letter, she received a phone call from Brian Campbell from Parks. She said that everything Brian Campbell said contradicted what she had been told by Lennox. She is now asking to allow the trees to remain as non-conforming to the bylaw.</p> <p>04/13/2018: Brian Charleston has left a message with Amit to contact him to discuss.</p> <p>04/19/2018: Property owner s.22(1) emailed Jerry Dobrovoly again. She said that while on her walk, she saw that the City is planting trees at the corner of W 8th and Discovery. The trees are planted 3.5 ft apart, are extremely bushy, not columnar in shape and adjacent to both a crosswalk and a bike lane. They are almost encroaching on the bike lane.</p>
3/14/2018	s.22(1)	Vegetation, garden, bricks and garden hose on City boulevard.	<p>03/14/2018: Referred from Nancy Schmutz (311). There is some kind of vegetation or garden, bricks and garden hose on the boulevard. s.22(1) s.22(1) ell trying to access the sidewalk. The boulevard needs to be cleared or cleaned up.</p> <p>03/28/2018: Site visited. On the City boulevard, there are bricks laid out as a pathway/walkway from sidewalk to street. There are also tall, bare-looking plants/shrubs and lots of dead leaves.</p> <p>03/29/2018: Referred to Vince Santorelli (Street Ops) and his team to look into. Vince will go out to have a look and serve them an encroachment notice.</p>

Date Complaint Received	Address of Property	Encroachment	Response
3/11/2018	s.22(1)	Broken planter on City boulevard.	<p>03/11/2018: Voice message received from Joanne Evans (311). There is a broken community garden-type planter placed on the SE corner of s.22(1). The complainant would like us to get rid of this structure as it is accumulating garbage and broken down or to get this area cleaned up.</p> <p>03/14/2018: Site visited. Wooden planter on the south east corner of s.22(1) St. This is adjacent to the property at s.22(1). The planter is broken and has dirt and garbage inside. There are no plants growing in the planter. The outside of the planter has "Slow Down!" signs on it.</p> <p>03/19/2018: Emailed Vince Santorelli (Streets Ops) to see if he has any background information on these types of planters installed on City property. There is a tiny island across from there where there is a community bulletin and some kind of play area there. I don't know if the planter is related to this; and if it is, it might have been installed by or belong to whomever is responsible for this area.</p> <p>03/19/2018: Spoke with Vince (Streets Ops). He said that this planter wasn't installed by the City and that it was probably installed by a resident. He also said that his team doesn't deal with these types of things.</p> <p>03/19/2018: First notice sent to property owners to remove the broken planter.</p> <p>03/22/2018: Spoke to property owner, s.22(1). He has indicated that the City had placed it there over s.22(1) and that we should remove it and not to bug him.</p> <p>03/22/2018: Emailed Liz Novatschin from Street Activities to see if the installation of this planter was related to a project from their group.</p> <p>03/27/2018: Email received from Liz Douglas Scott from Transportation believes that the planter and sign was installed by the neighbours. The chess board, seating, light and wall were installed by the City as part of the s.22(1). The community board and other items were added by the community as was the planter. He thinks that rather than create a situation with the neighbours, he suggests that the City simply removes it.</p> <p>03/28/2018: Emailed Vince from Street Ops to see if we (the City) could just go out and remove it.</p> <p>03/28/2018: Email received from Vince that it is done.</p> <p>04/03/2018: Email received from s.22(1) and can't remove the broken planter s.22(1) did not put the planter on the City's property</p>
3/9/2018	s.22(1)	Metal fence installed on City Boulevard to enclose a series of commercial waste dumpsters and City Boulevard paved.	<p>03/09/2018: Email received from Liisa Tammi, Street Use Inspector from Solid Waste Mgmt Branch. The property has paved the City boulevard, installed a permanent fence enclosure to house a series of commercial waste dumpsters. Upon looking at VanMap, it does not appear there is any permit or allowance to have done so. Provided photo.</p> <p>03/14/2018: Site visited. Chain link fence installed on City Boulevard at the corner of E 15th Ave and the laneway of Naraimo St. The chain link fence has been installed to enclose commercial garbage and recycling containers. 2 large garbage containers, 1 small garbage container and 3 recycling containers.</p> <p>03/15/2018: Emailed Liisa to ask if the garbage and recycling containers are permitted to remain on City property. She said that the property owners have sent in an application for those containers to remain on City property, however, it has not been approved at this time. She would need to go out there to do an inspection to see if there is private property to accommodate the containers.</p> <p>03/15/2018: First notice sent to property owner to remove or move the fence back onto their property.</p> <p>03/20/2018: Received a voicemail from John, the site manager for the building. He indicated that they have applied for a permit for the containers to remain on City property and believes that the permit covers the fencing.</p> <p>03/20/2018: I emailed Liisa Tammi for clarification on their application and if it covers the fencing. Liisa said that they have completed and submitted permit applications via their hauler for the dumpsters to remain on City property, however, they have not been approved. The permits do NOT cover the fencing nor do they encourage or approve any property owner to place fencing on City property.</p> <p>03/20/2018: Called John, the site manager and explained that the fencing has to be removed within 30 days from the date of the notice.</p> <p>04/09/2018: Voicemail received from John, the site manager for the building. He has confirmed that the fencing has been removed.</p> <p>04/11/2018: Site visited. The metal fencing has been removed.</p>
3/8/2018	s.22(1)	New fence posts put up on City boulevard, right beside City sidewalk.	<p>03/08/2018: Call from 311 agent, Karen. Citizen called 311 and reported an encroachment on the City boulevard. He said that there are new fence posts put up right beside the City sidewalk.</p> <p>03/14/2018: Site visited. Two tall wooden posts have been installed on the City boulevard, right by the edge of the City sidewalk. There is another tall wooden post installed along the east side of the property, but looks like it is on private property. There is also a lawn chair and two wooden horses placed on the west side of the City boulevard.</p> <p>03/15/2018: First notice sent to property owners to remove or move the posts back to their property line and to move the chair and saw horses back onto their property.</p> <p>04/11/2018: Site visited. The two tall wooden posts that were installed on the City boulevard have been removed. The chair and saw horses have been removed. There is a contractor that is currently working on the yard.</p>

Date Complaint Received	Address of Property	Encroachment	Response
3/8/2018	s.22(1)	Wooden retaining wall on City boulevard looks ready to fall apart.	<p>03/08/2018: Voice message received from Carly Hamilton (311). Citizen called to report a wooden retaining wall that runs east along St Lawrence St that looks like it is starting to give out and fall onto the City sidewalk. She is unclear whether the wall belongs to the homeowner or COV.</p> <p>03/14/2018: Site visited. Wooden retaining wall appears to be leaning outwards towards the City sidewalk. A section of the retaining wall is being held up and supported by 4 pieces of lumber. It looks like it is ready to give in any time soon. This is a big safety issue.</p> <p>03/15/2018: Emailed Vince Santorelli (Streets) and Dan Walker (Structures). Want to know what their thoughts/experience on situations like this and if we could consider closing the sidewalk temporarily. It looks quite dangerous for pedestrians to use the sidewalk since it is so close to this wall.</p> <p>03/15/2018: Emailed Bruce Peet (Property Use). There is a wooden structure that has been constructed, which is partially on the City boulevard and partially on private property. According to the history of aerial images on vanmap, it looks like it was constructed sometime between 2015 and 2016. Would like to know if they are permitted to construct this.</p> <p>03/15/2018 s.14</p> <p>03/15/2018: s.14</p> <p>03/15/2018: Received a voice message from Vince (Streets). He had an emergency truck sent down to this location to shut down the sidewalk.</p> <p>03/16/2018: Email received from Saul Schwebs. They have sent a district building inspector out to take a look and follow up with the owner.</p> <p>03/16/2018: Spoke with Mike Collister, building inspector. He spoke with the tenant at this property, s.22(1). He said that he has someone coming on Saturday to take the retaining wall down. He will not be removing the deck at this time. He said that he</p>
3/8/2018	s.22(1)	Brick planters built around streetlight pole on City boulevard.	<p>03/08/2018: Email received from Simi (311). Case number: 101010942211. Someone has built planters using bricks around the streetlight pole in front of this address.</p> <p>03/14/2018: Site visited. Placed around the City street light pole are concrete cinder blocks and bricks (some of which look loose). The cinder blocks are filled with dirt and plants.</p> <p>03/26/2018: First notice sent to property owner to remove the cinder blocks, bricks and plants from the City Boulevard. The pole needs exposure to air as we are concerned about the possibility of corrosion of the buried bolts. We also need access to the pole for maintenance purposes.</p> <p>04/18/2018: Site visited. Cinder blocks, bricks and plants removed from around the street light pole. There are now two flower pots with plants in them which are placed by the street light pole, which is fine.</p>
3/8/2018	s.22(1)	Brick planters built around city tree on City boulevard.	<p>03/08/2018: Email received from Simi (311). Case number: 101010942211. Someone has built planters using bricks around the tree in front of this address.</p> <p>03/14/2018: Site visited. Placed around the City street tree are concrete cinder blocks filled with dirt and plants. The cinder blocks are filled with dirt and plants.</p> <p>03/16/2018: Emailed Cabot (City Arborist) to see if he has any concerns with the placement of the cinder blocks around the base of the city street tree. Would it disrupt the growth and survivability of the tree? Also if he knows what the black item (plastic? tarp?) that's wrapped around the base of the tree trunk.</p> <p>03/19/2018: Email received from Cabot. He indicates that it looks like the plastic was put there in an attempt to prevent the soil around the base from holding moisture against the bark and, thereby killing the tree. He will need to have a look to see if this design is actually working to protect the tree, which he has doubts. He may need to require them to remove the planter.</p> <p>03/22/2018: Email received from Cabot. He thinks the tree is okay. He spoke to the business owner, who did his research and seemed very concerned to do the right thing. He checked inside the plastic, which is arranged to allow air to circulate and it was dry. The tree is growing.</p>
3/7/2018	s.22(1)	Rough, jagged rocks placed on City boulevard.	<p>03/07/2018: Call from 311 agent, Veronica. Citizen called 311 and reported an encroachment on the City boulevard, where there is no city sidewalk where the grass just extends out to the curb. The Citizen said that there are rough, jagged rocks placed on the boulevard area, and looks as if they were intentionally placed there. And because there is no City sidewalk installed there, pedestrians have to walk on the street.</p> <p>03/14/2018: Site visited. Large rocks placed on the City boulevard, close to the concrete fence/retaining wall, close to the property line. The rocks don't really look rough or jagged. There is no City sidewalk on this City boulevard and it is currently unfinished as there dirt piles throughout.</p> <p>03/16/2018: Sent an FYI to building inspector Darren Trach just to let him know that we received a complaint about the state of the City Boulevard in front of this newer home. Asked whether or not the inspector would do a check/final check to see if the city boulevard is cleaned up/cleared up after a house has been built. Close case.</p> <p>03/16/2018: Email received from Darren. He has indicated that being sure all City property is built to current standards is part of the BSI's inspection process. It appears there are not only the boulders that may need to be dealt with but also steps on City property which do not appear to have been approved. He will forward this to the BSI to look into.</p>

Date Complaint Received	Address of Property	Encroachment	Response
3/7/2018	s.22(1)	Walkway and shrubs on City boulevard.	<p>03/07/2018: Call from 311 agent, Veronica. Citizen called 311 and reported an encroachment on the City boulevard, where there is no city sidewalk where the grass just extends out to the curb. The Citizen said that there is a walkway that extends onto the City boulevard from the owner's property to the street curb. There are also shrubs lined up all along the walkway from the owner's property all the way to the street curb. And because there is no City sidewalk installed there, pedestrians have to walk on the street.</p> <p>03/14/2018: Site visited. There is a paved walkway and steps on the City boulevard, extending from the property to the City street curb. The paved walkway and steps are lined with a short hedge and by the steps and street curb, are two tall tree/shrubs. There is approximately 2ft 7" of space provided for pedestrian access between the tree/shrubs and the street curb. There is no City sidewalk on this City boulevard.</p> <p>03/16/2018: There is still some space provided for pedestrian access, however if we ask the property owner to remove the tree/shrubs and/or hedge, there are still paved steps present. I emailed Kati Tamashiro (Transportation) as an FYI to her know that we received a complaint about the City boulevard regarding access issues and having no sidewalk. And perhaps the block could be reviewed for the new sidewalk program if appropriate.</p>
3/6/2018	s.22(1)	Shed and trailer on City boulevard.	<p>03/07/2018: Referred from Graham Loughheed. He received a call late yesterday afternoon from the Call Centre, advising that the City had received a complaint from a resident regarding the long term placement of a shed and trailer on City road allowance adjacent to the subject site.</p> <p>03/14/2018: Site visited. There is a shed, a trailer full of garbage and garbage containers on City boulevard along s.22(1)</p> <p>03/16/2018: Emailed Liisa Tammi (Street Use Inspector) to inquire about the garbage containers and if they are permitted to remain on City property.</p> <p>03/16/2018: First notice sent to property owners to remove the shed and trailer from the City boulevard.</p> <p>03/19/2018: Email received from Liisa. Clarified that if the garbage carts are City carts, they do not require any permits to be on City property. The City does strongly encourage that the residents store their carts on private property. If the carts are private hauler's carts, they would need to be permitted, locked and labelled to be on City property. These ones appear to be City carts and thus, do not require any permits to be there, on City property.</p> <p>03/28/2018: Voice message received from Raymond, the building manager, would like to discuss the notice that he received.</p> <p>03/29/2018: Spoke to Raymond. He said that the trailer will be removed. He explained that the shed was there to store bicycles and the recycling/garbage bins. He said the restaurant across the street would dump their garbage into their bins, so he has had to store them in the shed until pick up day. Told him I will speak to the Street Use Inspector from the Solid Waste Management Branch and see if they have any recommendations or advice. He said he would like the Inspector to give him a call. Emailed Phil Dubrulte with background info.</p> <p>03/29/2018: Email received from Phil. He will have a closer look at the site to see if any options exist on the private side for cart storage. He will call Raymond to coordinate a site visit.</p> <p>04/04/2018: Voicemail from Raymond. He has indicated that the trailer has been removed. Would like a call back to discuss the shed for the garbage containers.</p> <p>04/05/2018: Called back and left Raymond a voicemail.</p> <p>04/09/2018: Received an email from Earl Howe, district building inspector. He received a complaint about this shed. I emailed him back with some background info and that I am a resident at this building called and left voicemail with questions about what is allowed on the City Boulevard. He said the caretaker at his building has mutilated the City Boulevard in front of his building.</p>
3/1/2018	s.22(1)	Rocks and plants encroaching on City Boulevard.	<p>03/01/2018: s.22(1) resident at this building called and left voicemail with questions about what is allowed on the City Boulevard. He said the caretaker at his building has mutilated the City Boulevard in front of his building.</p> <p>03/02/2018: Spoke to s.22(1) he said the caretaker at his building has placed 3 to 4 piles of rocks in a circle on the City Boulevard, the area between the sidewalk and the street. This is a building where a lot of elderly people live in so it has ramp from the sidewalk area to the road and the caretaker has placed rocks and plants alongside it. I told him about the City's Boulevard Gardening Guidelines, which should be followed. I told him I would go out there sometime next week to have a look.</p> <p>03/14/2018: Site visited. Rocks and plants placed on City boulevard. Majority of the large rocks are placed at least 30 cm from the edge of the sidewalk. The rocks that have been placed alongside the paved path has been placed close to the edge of the City sidewalk.</p> <p>03/15/2018: Discussed with Brian. The gardening done here pretty much follows the City Boulevard Gardening Guidelines. Close case.</p> <p>03/27/2018: Received email from Sandra (311). Indicated that s.22(1) has called and wants to follow up with this.</p> <p>03/28/2018: Called s.22(1) to let him know that even though the gardening is not esthetically pleasing, it is permitted and does not pose a safety issue. Suggested that he talk to the caretaker and work it out with him.</p>

Date Complaint Received	Address of Property	Encroachment	Response
1/31/2018	s.22(1)	Shrubs encroachment obstructing planned BC Hydro work.	<p>01/31/2018: Referred from Rodel. Original request from Devin O'Gorman from BC Hydro. BC Hydro will be installing a pole in the lane between s.22(1). The new pole location is where a bollard is currently located (which looks like it was installed by the resident). BC Hydro will be removing the bollard. There are some overgrown shrubs from s.22(1) that are encroaching on City property and obstructing the space needed for the pole installation. Request that the City send out a notice to the property owner to trim their shrubs back.</p> <p>02/05/2018: Site visited. Overgrown shrubs spilling over the fence in the back lane.</p> <p>02/05/2018: First notice sent to property owner to trim the shrub back to the property line to allow access to the City lane for BC Hydro work.</p> <p>02/13/2018: Received voicemail from s.22(1) property owner. Wants to discuss letter she received.</p> <p>02/14/2018: Called and spoke with s.22(1). She said the reason the shrubs were planted there and are sticking out was deliberate and to protect her fence. Her fence has been pushed into and crashed into to multiple times by garbage trucks. I told her the shrubs need to be trimmed back so that BC Hydro can access the space to install a new pole. I said that I will check if they are removing the existing pole and replacing it with this new pole or if they are just going to be installing this new one so that there will now be two poles by her fence. She also voiced her concerns with the existing pole and wires and how they are way too close to her house. s.22(1)</p> <p>I told her she can contact 311 to report and they will direct her to the appropriate department/staff to handle.</p> <p>02/14/2018: Spoke with Rodel and he clarified that the existing pole beside her property will be moved to the new proposed location. Therefore, there won't be two poles by her fence/shrubs after all. If she doesn't want to trim the entire length of the overgrown shrub, we are okay with her just trimming the section that BC Hydro needs access to. The new pole location is where the yellow bollard currently is. She will need to trim back 0.5 metres from both sides of the yellow bollard, which is a total of 1 metre.</p> <p>02/15/2018: Called s.22(1) and left her a msg. Told her that the existing pole will be removed and will be moved over to where the yellow bollard currently is. Also told her that she doesn't have to trim the entire length of the shrub. She can just trim 0.5 m on each side of where the</p>
1/18/2018	s.22(1)	Fence and concrete pad encroaching onto back lane.	<p>01/18/2018: Referred from Shane Keating from BC Hydro. BC Hydro has reported that there is a concrete pad and a fence behind this property which is encroaching onto the City lane. BC Hydro is currently working on a design for a service to s.22(1) which requires the installation of a secondary dip on transformer pole 2433242. They will need the fence removed and moved back to their property line.</p> <p>01/22/2018: Site visited. Fence behind property appears to be beyond the property line and encroaching onto the City lane. Cement pad for garbage and recycling containers also encroaching on City lane.</p> <p>01/23/2018: Just by looking at aerial images, it is difficult to figure out the exact location of the property line. It looks like the property line is pretty close to the edge of the garage rooftop, and the fence that's installed goes out a little past the edge of the garage rooftop. Need to figure out if the fence is encroaching onto City property and if so, by how much. Emailed Al Zacharias to see if he is able to help out.</p> <p>01/23/2018: Al Zacharias has referred this over to Al Di Nozzi to look into.</p> <p>01/24/2018: Received an email from Shane Keating from BC Hydro. In his email, he said that according to the pole locate/survey that he just received, the fence doesn't look to be on public property, but that the concrete pad is. BC Hydro will be relocating their poles onto public property through his design for the customer at s.22(1)</p> <p>01/24/2018: I've emailed Al Zacharias, Al Di Nozzi &amp; Dan Parker with this update.</p>
1/11/2018	s.22(1)	Structure to enclose garbage and recycling containers encroaching on City property.	<p>01/11/2018: Referred from Phil Dubrulle, District Street Use Inspector (Clean Streets Team, Solid Waste Management Branch). Enclosure to house garbage container and recycling carts encroaching on City property. Inspection team has gained compliance from the property manager, whom has removed the garbage container and recycling carts. What remains is the enclosure, which needs to be removed also.</p> <p>01/22/2018: Site visited. Wooden structure/enclosure encroaching on City property. No garbage containers/recycling carts on there.</p> <p>01/22/2018: First notice sent to property manager to remove the wooden structure.</p> <p>03/01/2018: Site visited. Wooden structure has been removed. Two large boulders behind the paved area are now visible. Looking back at photos from before, these boulders were already there, but were behind the wooden structure. Emailed Phil Dubrulle (the inspector that referred this case) an update. Emailed Otto Kaufman to ask if his team could take care of and trim back an overgrown hedge. This hedge is on City property right beside the arbutus greenway.</p> <p>03/02/2018: Email received from Otto Kaufman. Otto has indicated that they don't really have resources on their team to deal with this. He suggests contacting the Streets Ops Maintenance Group - Jeff Eckland or Vince Santorelli.</p> <p>03/02/2018: Emailed Vince Santorelli to see if he could help trim back to the overgrown hedge.</p> <p>03/06/2018: Vince called and said he would have the hedge trimmed back.</p>

Date Complaint Received	Address of Property	Encroachment	Response
1/9/2018	s.22(1)	Fence encroachment onto City lane	<p>01/09/2018: Referred by Veronica from 3-1-1 through voice message. s.22(1) has reported 2 encroachments in the back lane behind s.22(1) and s.22(1) wants to leave this complaint with the City to review and address s.22(1)</p> <p>At s.22(1) citizen reported that there is a new fence built 2.5 feet out into the City lane. This encroachment makes it difficult for vehicles passing or pedestrians walking by.</p> <p>01/22/2018: Site visited. Fence behind the property appears to be extending out past the property line and encroaching onto the City lane.</p> <p>01/23/2018: Hold off on sending out first notice. Brian will have a look to see if he has any background info on this fence.</p> <p>02/13/2018: Brian has recommended sending out the first notice to the property owner.</p> <p>02/14/2018: First notice sent to property owner to remove or move the fence back to their property line.</p> <p>02/21/2018: Received a call from property owner, s.22(1). She said that she will move the fence back to the property line, but will need more time as the ground is currently frozen. I told her that I will extend the deadline to March 31, 2018. And if she needs more time, to give me a call back and to keep me updated. She also had a question about the tree in her yard that is currently sitting on both her property and City property. I told her I could consult with the City arborist. She may move it back further into her property because if she left it there on City property it may be classified as City property. She said she will talk to her landscaper first to see how difficult it may be to move it.</p> <p>03/23/2018: Email received from s.22(1) She is working with a carpenter to have the fence moved, but he is having trouble with the timing. She would like an extension to the end of April to have the work completed.</p> <p>03/26/2018: Emailed s.22(1) Deadline extended until April 30th.</p> <p>04/30/2018: Emailed s.22(1) or an update on the status of the fence.</p> <p>04/30/2018: Email received from s.22(1) The fence has been moved inside their property lines.</p> <p>05/01/2018: Site visited. Fence has been rebuilt and appears to be on property line now. According to VanMap aerial, property line appears to be in line with where the neighbour's existing fence is. The new fence appears to be aligned with their s.22(1)</p>
1/9/2018	s.22(1)	Structure encroachment onto City lane	<p>01/09/2018: Referred by Veronica from 3-1-1 through voice message. s.22(1) has reported 2 encroachments in the back lane behind s.22(1) and s.22(1) wants to leave this complaint with the City to review and address s.22(1)</p> <p>At s.22(1) citizen reported that there is a structure built (maybe a chicken coop?) that is approximately 3 feet tall with marigolds/ivy growing out of it and is encroaching onto the City lane. This encroachment makes it difficult for vehicles passing or pedestrians walking by.</p> <p>01/22/2018: Site visited. Front of property has low wooden retaining wall that's been built right up to the edge of the sidewalk and encroaching onto City property. Back of property has a wooden structure/box wrapped with wire that's been built beyond the property line, which is encroaching onto the City lane.</p> <p>01/23/2018: First notice sent to property owners to remove the wooden structure from the City lane.</p> <p>03/01/2018: Site visited. Wooden structure has been removed.</p>
1/9/2018	s.22(1)	Fence and posts encroachment	<p>01/09/2018: Citizen has reported that there is a new fence being constructed on City property in front of s.22(1) s.22(1) believes that this is a takeover of the City boulevard for private use. Also, the height of the fence down the side yard is non-compliant as it relates to front yard setbacks s.22(1) has spoken with Earl Howe, the district Building Inspector, whom has advised s.22(1) that this is an Engineering issue.</p> <p>01/10/2018: Spoke with complainant. Complainant indicated that the fence is still in construction and that it is not yet completed. Told s.22(1) that I will visit the site either at the end of this week or early next week to have a look. Will review and address with a notice to remove or move the fence back to the property line, if appropriate.</p> <p>01/22/2018: Site visited. New fence installed in front of the property, which has been built on the City boulevard, approximately 30 cm from the edge of the sidewalk. According to VanMap, the property line is approximately 6.5 metres back from the edge of the sidewalk. The fence looks like it is still a work in progress and still under construction. On one side, only the posts are up. And on the other side, the posts and fence are up.</p> <p>01/23/2018: Emailed Earl Howe, district Building Inspector for background information on this property - if he's talked to the property owner, if he's talked to someone from property use regarding the height of the side fence, etc.</p> <p>01/23/2018: Spoke with Earl Howe. He said he had originally received this complaint and spoke with Bruce Peet, Property Use Inspector, whom has indicated that this was an Engineering issue. Earl said he hasn't spoken with the owners of the property and doesn't think Property Use is doing anything as he missed the part about the side fence that was reported by the complainant. I told Earl that I would be sending out a notice to the property owners to either remove the fence in front of the property or to move it back to their property line. I also said that I would send a note to Bruce Peet to have someone from his team to look into the fence along the side of the yard.</p> <p>01/24/2018: Emailed Bruce Peet from Property Use to look into the fence down the side of the yard that is on private property.</p> <p>01/24/2018: First notice sent to property owners to remove or move the fence and posts back to the property line.</p> <p>01/24/2018: Bruce Peet has created a case file for District PUI Nick Liu to investigate CF-2018-001211</p>

1/8/2018	s.22(1)	Boulevard encroachment	<p>01/08/2018: Referred from 311. SR 1232623 / Lagan 10639393. Grey bricks placed along the shoulder of the east side of s.22(1) between City boulevard and street, where the curb would be. Some of the bricks closer to the lane have come loose. A few pieces got moved to the s.22(1)</p> <p>01/09/2018: Site visited. Grey bricks placed and lined up between City boulevard and street, where the curb would be. Some bricks look very loose. Did not observe any loose bricks in the 900 block of s.22(1)</p> <p>01/16/2018: Emailed Vince Santorelli for background info on this property, if any. Also wanted to know that if we request that these bricks are removed, if it will cause erosion. And if the bricks can be replaced with something else.</p> <p>01/16/2018: Spoke with Vince. Vince doesn't have any background info on this specific property. He advised that we ask the property owners to remove these bricks and that after the bricks have been removed, his team can grade the shoulder. He doesn't believe that there will be erosion if the bricks are removed and doesn't recommend using anything else to replace the bricks once they have been removed.</p> <p>01/16/2018: First notice sent to property owners to remove all bricks from the City boulevard to improve public safety.</p> <p>01/19/2018: Received a phone call from property owner. She said that she didn't know that the bricks were not allowed there and will remove them this weekend. She will call me back once this is done. I told her that the Street Operations team will grade the shoulder afterwards.</p> <p>01/22/2018: Received a phone call from property owner. She said that she has removed the bricks.</p> <p>01/22/2018: Site visited. Bricks have been removed. Contacted Vince Santorelli from Street Operations to let him know that the bricks have been removed so that his team could grade the shoulder. Vince said that he will schedule the work in the next few days.</p>
12/8/2017	s.22(1)	Christmas lights on trees on City Boulevard	<p>12/08/2017: BC received a call through 311. Complainant reported that there are Christmas lights put up on the trees that are on the City boulevard. There is an electrical cord running along the sidewalk from the property to the tree on the City boulevard. Complainant is concerned that this is a trip hazard.</p> <p>12/11/2017: Site visited. There is an electrical cord running along the sidewalk from the property to the tree on the City boulevard. The cord running along the sidewalk is only secured on both sides of the boulevards by a pair of nails.</p> <p>12/11/2017: BC called the property owner and left him a message to call him back.</p> <p>12/12/2017: BC spoke with the property owner. The property owner agreed to remove the Christmas lights from the tree and the cord that's along the sidewalk.</p>
11/17/2017	s.22(1)	Concrete cinder blocks placed on City boulevard close to the street.	<p>11/17/2017: Email received from s.22(1) regarding the city boulevard s.22(1) s.22(1) has placed a few concrete cinder blocks along the City boulevard by the street. There is no street curb here. In October, we received a complaint about boulders that have been placed on the City boulevard s.22(1) s.22(1)</p> <p>11/17/2017: Emailed s.22(1) to let him know that I will add this to my list of encroachments to visit and review.</p> <p>11/29/2017: Site visited. 4 concrete cinder blocks, 4 large rocks, 1 concrete block and 2 logs placed on City Boulevard by street.</p> <p>12/01/2017: Emailed Vince Santorelli, Street Ops to check if his group has come across similar cases and if so, how he has addressed them.</p> <p>12/04/2017: Spoke with Vince. He said that he's come across similar cases before. He would knock on their door and give them the option of moving the objects back themselves or have them removed by the City. He said to proceed with issuing them a notice to move the objects back.</p> <p>12/04/2017: First notice sent to the property owner to remove or move the objects back to clear at least 1m of space from the street.</p> <p>12/07/2017: Email received from the complainant, s.22(1) He has reported that they have now placed big rocks and that they are even closer to the road than before.</p> <p>01/09/2018: Site visited. Cinder blocks have been removed, but have been replaced with large rocks.</p> <p>01/16/2018: Second notice sent to property owner to remove or move the large rocks back to clear at least 1 m of space from where the grass meets the gravel (as there is no street curb). Regular and registered mail RN 256 379 576 CA.</p> <p>02/05/2018: Site visited. Large rocks moved back to clear at least 1 m of space from where the grass meets the gravel (as there is no street curb).</p>
11/9/2017	s.22(1)	Plants encroachment	<p>11/09/2017: Site visited. Corner lot. Big plants on the City Boulevard near the intersection. A visibility and safety concern for pedestrians, vehicles and cyclists.</p> <p>11/24/2017: First notice sent to property owners to move or trim the plants so that they are no taller than 60 cm.</p> <p>01/09/2018: Site visited. Looks like the low plants by the ground in the corner have died off. The big shrubs look untouched.</p> <p>02/05/2018: Site visited. No changes from last visit.</p> <p>02/06/2018: Second notice sent to property owners to move or trim the plants so that they are no taller than 60 cm. Regular and registered mail. RN 295 367 645 CA s.22(1) RN 295 367 654 CA s.22(1)</p> <p>02/07/2018: Received call from Rendeep, from the Mail Room, that they no longer send registered mail to US addresses. Registered mail for s.22(1) cancelled.</p> <p>02/14/2018: Spoke to Sean and explained what we are trying to achieve in terms of clearing sight distance. He said he understood what we are looking for and would do the required trimming. (Brian C)</p> <p>05/01/2018: Site visited. Doesn't look like any changes have been made. Will need to revisit again.</p> <p>05/25/2018: Site visited. Plants look the same as last visit.</p> <p>05/28/2018: Brian C will contact property owner to discuss trimming again. He has previously spoken to the property owner a few months ago.</p> <p>08/28/2018: Visited site and took photos of shrubs and hedges. Brian to follow up.</p>

Date Complaint Received	Address of Property	Encroachment	Response
11/9/2017	s.22(1)	Plants encroachment	<p>11/09/2017: Site visited. Corner lot. Tree/bush and lower plants on the City Boulevard near the intersection. The location of the tree/bush a visibility and safety concern for pedestrians, vehicles and cyclists.</p> <p>11/24/2017: First notice sent to property owners to maintain that the plants near the intersection are no taller than 60 cm and to trim the tree back.</p> <p>12/01/2017: Received a phone call from s.22(1). He wanted clarification on the notice. He said he has no problem trimming the tree back and will email a photo when the work is done.</p> <p>01/09/2018: Site visited. No changes.</p> <p>01/22/2018: Received an email from s.22(1). He said that he has cut the shrub back at the south east corner of Trafalgar &amp; 8th. Attached before and after photos.</p> <p>02/05/2018: Site visited. Looks like the shrub was trimmed a little, but barely noticeable. The shrubs in this corner really doesn't seem that bad, and don't seem to be blocking the line of sight for vehicles in the intersection. Close this case for now.</p>
11/2/2017	s.22(1)	Boulevard being ripped up and replaced with paving stones around existing street trees.	<p>11/02/2017: Referred from 311 (Sumit Sharma). Case came through VanConnect originally (Case number:1010103680;30). Boulevard being ripped up and replaced with paving stones around existing street trees. Property owner took out all of the grass on the boulevard and has paving stones on the boulevard which he intends to install throughout the boulevard.</p> <p>11/09/2017: Site visited. Spoke with the contractor that was working on the property. He confirmed that they are going to place new grass on the Boulevard areas. The paving stones that have been left on the boulevard area are old ones that have been removed and will be discarded.</p> <p>11/14/2017: Emailed 311 and complainant an update.</p>
11/1/2017	s.22(1)	Treehouse built on boulevard street tree.	<p>11/01/2017: Referred from 311. Tree house built on the boulevard street tree along the SE corner of s.22(1). Case was reported via the VPD to the Street Trees Dept via reference number: 101010363527. VPD case number is VA17224733.</p> <p>11/07/2017: Site visited. No treehouse present on the 2600 block of E Broadway. However, I did notice that on the SE corner of the 2700 block of E Broadway, the street tree looks like there might have been something built on there before, but may have been removed already. Provided update to 311.</p>
10/31/2017	s.22(1)	Poles installed on City property (and potentially a gate) behind this property in an unopened lane.	<p>10/31/2017: Email received from s.22(1) whom has been running the s.22(1) s.22(1). Recently, there has been a new building built s.22(1) for a bodyshop business (4 u auto care) located at s.22(1). The owner of the bodyshop business said that he was going to place a fence or gate to protect his property between s.22(1) and the other side of the building because the recycling depot attracts a lot of homeless guys which have damaged his new building a number of times. s.22(1) hat there are 2 poles installed between s.22(1) of the building. The poles indicate that the gate will be installed on City property. s.22(1) question: Is the bodyshop business owner allowed to put a gate there on City property? s.22(1) s.22(1)</p> <p>11/06/2017: Emailed s.22(1) to request for some pictures of the area with the 2 poles and gate.</p> <p>11/15/2017: s.22(1)</p> <p>11/15/2017: s.22(1)</p> <p>11/15/2017: s.22(1) s.22(1) Normally, we don't allow people to install fences on City property (ex: City boulevard). But since this is an unused and unopened lane, we would be okay with it as long as the surrounding property owners are in agreement. If the surrounding property owners are not in agreement with the location of it, then we would not permit it. If he wants to fence off the portion of the lane that is directly behind his property, we would not have a problem with it.</p> <p>11/15/2017: Email received from s.22(1)</p> <p>11/16/2017: Emailed s.22(1) Clarified that a permit is not something that we would not issue or grant for a fence like this that is installed on City property and that he would not be able to obtain any such permit for this. Explained that what we can do is issue a notice to him to remove the poles/fence as it is encroaching onto City property and that it has been installed</p>

Date Complaint Received	Address of Property	Encroachment	Response
10/26/2017	s.22(1)	Wall and pillars encroachment and trespassing into the critical root zone of a shared tree (with Parks).	<p>10/26/2017: Received email from Tony Santorelli. Original email from Heath Cypionka, Landscape Development Specialist/Inspector. Homeowner built a wall and pillars outside of their property line and encroaching onto engineering property and trespassing into the critical root zone of a shared tree (with Parks). Has not been approved by the Planning &amp; Development Services review branch.</p> <p>11/02/2017: Site visited. Two concrete brick pillars installed, one on each side of the walkway &amp; stairs that lead to the property. Temporary wooden boards placed on the City boulevard, by the edge of the sidewalk. The one pillar and some of the wooden boards on one side are very close to the tree roots. Uncertain where they are planning to build the wall/fence.</p> <p>11/09/2017: Site visited again. Brian and I spoke with the property owners, s.22(1). They are unsure of how to continue building the rest of the fence as the huge tree is there. We told them that we did not want it on the City Boulevard as it is City property. They are willing to build it to curve around the back of the tree, onto their own property. They also want to know what they can do to retain the soil, so that it does not spill onto their walkway and sidewalk. We said they can have a retaining wall on the City Boulevard on both sides of their walkway as long as it is 1 foot back from the edge of the sidewalk.</p> <p>11/14/2017: Emailed Cabot Lyford, arborist, to see if he has any concerns with the fence and if there is a certain distance that is has to be from the tree so that it will not disturb the roots.</p> <p>11/15/2017: Emailed property owner to inform them that I had to notify the City arborist of the plans for the wall and fence (since the tree is shared with Parks) and if they had any concerns with it.</p> <p>11/17/2017: Email received from Cabot. The project is a serious threat to the tree. Here are the points that must be considered to protect it and public safety:</p> <ul style="list-style-type: none"> <li>• No other fence posts may be built any closer than 1 m from the tree. The excavation and footing creation must be done under supervision of an ISA certified Arborist hired by the project. Exact location of new posts must be where large roots are absent. No roots over 2 inches in diameter may be cut. I am assuming the fencing portion is above ground and only the posts encroach into the soil.</li> <li>• The construction fill and debris that is currently piled around the tree must be carefully removed to allow the roots to breathe. No roots are to be damaged in this process.</li> <li>• Any landscaping around the tree cannot involve root severing or damage</li> </ul>
10/11/2017	s.22(1)	Fence and plants encroachment obstructing planned sidewalk installation.	<p>10/11/2017: Referred from Phillip Chan, Streets and Electrical Design. Fence and plants on the City Boulevard along Sophia St, adjacent to the property are obstructing the construction planned for a sidewalk installation.</p> <p>10/12/2017: First notice sent to property owner to remove the fence and plants.</p> <p>11/07/2017: Site visited. No change. Property owner still has until Nov 11th to remove the fence and plants.</p> <p>11/29/2017: Site visited. No change.</p> <p>12/01/2017: Brian emailed to follow up.</p> <p>12/03/2017: Received email from s.22(1) Will have the fence remove by the end of the week.</p> <p>12/11/2017: Site visited. No change. BC emailed s.22(1) or an update. s.22(1) said that they have someone coming in either today or tomorrow to remove it.</p> <p>01/09/2018: Site visited. Fence has been removed.</p>
10/10/2017	s.22(1)	Trees planted on the City Boulevard by sidewalk.	<p>10/10/2017: Received voice mail message that people have planted three 5 foot high trees in the grassy area in front of this property. The complainant doesn't think this is allowed.</p> <p>10/10/2017: Emailed Amit Ghanda, from Urban Forestry, to check the tree inventory.</p> <p>10/26/2017: Received email from Amit. He said they have no records of the trees.</p> <p>11/02/2017: Site visited. 3 new trees planted on the City boulevard in the grass area between the sidewalk and curb.</p> <p>11/07/2017: Emailed Amit to check whether or not to leave these trees or to have them removed.</p> <p>03/20/2018: Emailed Amit to follow up.</p> <p>03/22/2018: Email received from Amit. The trees should be removed.</p> <p>03/28/2018: Site visited. The 3 new trees are still present.</p> <p>03/29/2018: First notice sent to property owners to remove the three trees from the City Boulevard.</p> <p>04/04/2018: Phone call received from property owner, s.22(1). He said that he will remove the trees from the City Boulevard. He will remove two of the trees back onto his property first. I told him what the tree planting siting requirements are, which were provided to me by Adam Finlayson, City Landscape Development Specialist. He wants to know if he could keep one of the trees on the City boulevard - the middle tree, which he said is a cherry tree. And if he is not permitted to keep that tree there, then he would like to know how to request for the City to plant one there as he feels that if all three trees are removed, there will be a big space there on the City boulevard in front of his property. He also mentioned that he purchased the 3 trees from the City's annual buy a tree program. He will be leaving for an overseas trip tomorrow and will be back on April 21st.</p> <p>04/04/2018: Emailed Amit to inquire about keeping one of the trees on the City boulevard and how to make a request for the City to plant a tree on the City boulevard.</p> <p>04/04/2018: Email received from Amit. The property owner can remove all the trees and they can plant a new one in an appropriate location. The tree sale is for trees only on private property. He can contact Brian Campbell at brian.campbell@vancouver.ca or call him at 604-861-1749 to meet and discuss planting.</p> <p>04/04/2018: Emailed property owner s.22(1) with the request to remove all three trees and information provided by Amit.</p>

Date Complaint Received	Address of Property	Encroachment	Response
10/4/2017	s.22(1)	Boulders encroachment	<p>10/04/2017: Received voice message from complainant. s.22(1) has 3 big boulders on the front edge of City property by the road. These boulders make it very difficult to park by the edge of the road.</p> <p>11/02/2017: Site visited. Nine large boulders placed on the City boulevard, where seven of them are placed approx 60 cm from the edge of where the grass meets the street. No street curb along this street.</p> <p>11/08/2017: First notice sent to property owners to remove or move the boulders back to clear at least 1 m of space from the street for it to remain acceptable on City property.</p> <p>11/12/2017: Email received from s.22(1) He will move the rocks 1 m from the street per our request. He will have this done on Thursday, November 16th.</p> <p>11/21/2017: Email received from s.22(1) He said that he has moved his boulders and have attached photos. s.22(1)</p> <p>11/29/2017: Site visited. Boulders moved back, but do not look like they are set back 1m from the edge of where the grass meets the street. Close for now. However, if we receive further complaints, we can revisit and review again.</p> <p>03/08/2018: Received voice message from s.22(1) He wanted to follow up with this case as the boulders are still encroaching onto the City boulevard. He said that cars that park in front of this house are parking in the middle of the road which blocks up half the street.</p> <p>03/14/2018: Site visited. Measurements of the 10 boulders taken. Measurements are from the edge of the boulder to the edge of where the grass meets the paved area of the street. Boulders listed are in order from North to South.</p> <p>Boulder 1: 3 ft 2" = 0.9652 m  Boulder 2: 3 ft 2" = 0.9652 m  Boulder 3: 3 ft 3.5" = 1.0033 m  Boulder 4: 3 ft 4" = 1.016 m  Boulder 5: 3 ft 4" = 1.016 m  Boulder 6: 3 ft 9.5" = 1.557 m  Boulder 7: 3 ft 8.5" = 1.1303 m  Boulder 8: 2 ft 11.5" = 0.9017 m  Boulder 9: 6 ft 2" = 1.8796 m</p>
9/29/2017	s.22(1)	Fence & Plants encroachment	<p>09/29/2017: Complainant concerned about the high fence that has been built up to the edge of the sidewalk that is blocking the line of sight for vehicles and cyclists that are travelling eastbound along s.22(1) and need to make a left turn onto s.22(1)</p> <p>11/02/2017: Site visited. Corner lot. High fence built on the City boulevard, right up to the edge of the sidewalk along the s.22(1) side.</p> <p>11/09/2017: Site visited again.</p> <p>11/24/2017: First notice sent to property owner to remove or move the fence back to the property line and to move or trim the plants so that they are no taller than 60cm.</p> <p>01/09/2018: Site visited. Plants at the corner of Trafalgar &amp; W 8th (back city boulevard) removed and trimmed back. Plants that were draping over the fence along W 8th Ave trimmed back and no longer draping over fence. Fence has not been moved back to the property line.</p> <p>02/05/2018: Site visited. No changes from last visit.</p> <p>02/06/2018: Second notice sent to property owner to remove or move the fence back to the property line. Regular and registered mail. RN 295 367 637 CA</p> <p>02/16/2018: Received an email with a letter attachment from property owner. He has indicated that the fence has been there since he purchased the house in 2003 and understands that the fence has been there since the '80s. At the time of purchase, nothing was communicated to him as to any problems concerning the fencing. This type of fencing and foliage along the edge of sidewalk was and is still very common in the neighbourhood. It concerns him that we have stated that his fence is a safety issue and he would like to address this. s.22(1)</p> <p>Since he has read this notice on Feb 13, he has been contacting landscape contractors to address this problem. He feels that s.22(1) rely on the security and safety of the</p>

9/29/2017	s.22(1)	Fence & Shrub encroachment	<p>09/29/2017: Complainant concerned about the high fence that has been built up to the edge of the sidewalk that is blocking the line of sight for vehicles and cyclists that are travelling eastbound along s.22(1) and need to make a right turn onto s.22(1)</p> <p>11/02/2017: Site visited, Corner lot. New high fence built on the City boulevard, right up to the edge of the sidewalk along both s.22(1) large canopy installed in the yard, which is technically on the City boulevard.</p> <p>11/09/2017: Site visited again.</p> <p>11/24/2017: First notice sent to property owners to remove or move the fence back to the property line and to move or trim the shrub so that it is no taller than 60 cm.</p> <p>12/19/2017: Called property owner s.22(1) back; he left msg on my voicemail Dec 14]. He said that he purchased the property s.22(1) and rebuilt the fence that was previously there. I told him that on google street view there was a very different and lower fence there and that his fence (which is solid and higher) should be moved back to the property line. I explained that there is a safety and visibility concern for pedestrians, cyclists and motorists at s.22(1) is a very busy intersection. Also told him that I've contacted the other property owners in the other corners and have requested that they also trim their plants and move their fence back. He said he will remove the plant on the City boulevard and will do something about the fence. He will call or email me back when this is done.</p> <p>01/09/2018: Site visited. No changes.</p> <p>01/31/2018: Called and left a voice message to follow up on the status of our request. No response.</p> <p>02/05/2018: No changes.</p> <p>02/06/2018: Second notice sent to property owners to remove or move the fence back to the property line and to move or trim the shrub so that it is no taller than 60 cm. Regular and registered mail. RN 295 367 623 CA.</p>
9/26/2017	s.22(1)	Structure in the alley beside garage	<p>09/26/2017: Referred from 311 (Cathy). Received from complainant: "This is a structure that was installed by the owner at s.22(1) in the alley beside their house. It is very low and intended to avert collision with their garage. Because it is so low, it is below a vehicle sightline and has resulted in numerous vehicle collisions with it. s.22(1) Please ask the owner of the property to alter this structure." Case number: 101010214275.</p> <p>09/27/2017: Site visited. Large concrete structure placed in back lane by the corner of garage and on City property.</p> <p>10/03/2017: First notice sent to property owner to remove the concrete structure.</p> <p>10/04/2017: Received email from s.22(1) She indicated that the "blob in the alley" near the corner of her garage was there since she bought the property s.22(1) She said that since it's not on her property and she didn't put it there, would it be her responsibility to remove it? She welcomes its presence as protection for her garage, but won't object to its removal.</p> <p>10/05/2017: Emailed s.22(1) to let her know that it will be her responsibility to remove the concrete structure. Even though she didn't place it there, it was most likely placed there by the previous owner of the property.</p> <p>10/05/2017: Email received from s.22(1) Wants to dispute as it's not on her property and she didn't install it.</p> <p>10/10/2017: Emailed Vince from Street Ops to inquire about the removal.</p> <p>10/12/2017: Vince called and said that their team removed the concrete structure.</p> <p>11/07/2017: Site visited. Concrete structure no longer present.</p>
9/18/2017	s.22(1)	Vegetable garden plot and unclipped laurel hedge encroaching on the City Blvd along East Boulevard.	<p>09/18/2017: Email received from complainant: "I live in the s.22(1) There is no path on the west side but on the east side of s.22(1) is a walkable grassy strip we use to walk home. The owners of a newly built house at s.22(1) on the corner of s.22(1) have returned the strip next to their house on s.22(1) and created down the middle a vegetable plot approximately 4' by 35' which takes up all the walkable space. Their unclipped laurel hedge also encroaches on this side of s.22(1) and means we can no longer safely use this strip and have to walk around it on the road. The lettuce crop sown in the vegetable plot seems to have never been harvested and is now going to seed, creating a slimy mess. We would be most grateful if this could be remedied by removing the plot, returning the boulevard area and thus restoring access, to the relief of the walkers in our neighbourhood!"</p> <p>09/26/2017: Site visited. A portion of the City Boulevard used as a garden. Overgrown hedge encroaching on City Boulevard.</p> <p>10/02/2017: First notice sent to property owner to remove garden. Since there is no sidewalk along East Boulevard, access to the City Boulevard must be provided to pedestrians so that they are not forced to walk on the street.</p> <p>11/02/2017: No change.</p> <p>11/08/2017: Second notice sent to property owner to remove garden. Regular and registered mail RN 256 379 899 CA. Registered mail delivered Nov 10, 2017.</p> <p>11/29/2017: Site visited. Plants pulled out by the roots and left sitting on the city boulevard garden.</p>

Date Complaint Received	Address of Property	Encroachment	Response
9/16/2017	s.22(1)	Large rocks on City blvd (between curb and sidewalk)	<p>09/16/2017: Voice msg received from caller about boulders that have been placed on the City boulevard (between curb and sidewalk) that are around the perimeter of a boulevard garden. s.22(1) Concerned that this is a safety issue and that these boulders need to be removed.</p> <p>09/18/2017: Called caller back and told him that I will go out there sometime next week to have a look.</p> <p>09/27/2017: Site visited. Plants on the City boulevard between the sidewalk, street curb and driveway. Large rocks placed on the City boulevard around the perimeter of the garden.</p> <p>10/03/2017: First notice sent to property owners to remove the rocks.</p> <p>11/07/2017: Site visited. No change.</p> <p>11/15/2017: First notice was sent to property owners, s.22(1) s.22(1) Revised and resent first notice to the residents at s.22(1)</p> <p>01/09/2018: Site visited. No changes.</p> <p>01/16/2018: Second notice sent to property owners (regular mail) to remove the rocks. Second notice sent to current residents (Regular and registered mail RN 256 379 580 CA) to remove the rocks.</p> <p>01/31/2018: Called resident (Brian received voicemail). She has removed the larger rocks that are around the perimeter of the garden. Wants to know if the small rocks (that is like a path/walkway to the car) can stay. I've told her the small rocks can stay if they are kept neat and to make sure they don't spill over onto the sidewalk. She said she has emailed Brian a current photo of the City boulevard. She also mentioned that the reason she put the rocks (large and small) there in the first place is to resolve a mud problem. Now that the large rocks have been removed, she thinks the mud problem will return once it starts raining again. I told her that I will refer this over to Street Operations to see if they can take a look and help out.</p> <p>02/01/2018: Emailed Vince for advice on the mud problem on the City boulevard.</p> <p>02/01/2018: Spoke with Vince. Vince said that his team doesn't deal with muddy boulevards. He said that it would be the responsibility of the resident to take care of and maintain it. He suggested that the resident could place pavers and even pour concrete on there.</p> <p>02/01/2018: Emailed residents and said that they can place pavers on the City boulevard but that they must ensure that the pavers are level with the sidewalk and throughout. We do not</p>
42990	s.22(1)	Retaining wall in poor condition	<p>09/12/2017: Retaining wall at front of property in poor condition. Property owner ordered to repair or replace retaining wall. (Order sent by PUI Angelo Marrocco on March 30, 2015). Notes in PRISM from Eun Jeon (dated Sept 16, 2015) indicates that there is a townhouse development coming soon in that location. Need to visit site to follow up.</p> <p>10/10/2017: Site visited. Retaining wall at front of property still present - poor condition, cracked. House on property is still present.</p> <p>11/09/2017: Brian C said to close the Case as he will contact the owner if necessary.</p>
9/12/2017	s.22(1)	Fence, garden, trees and hedge encroachment obstructing planned sidewalk installation.	<p>09/12/2017: Referred from Phillip Chan, Streets and Electrical Design. Fence, garden, 2 trees and hedge on the City Boulevard along s.22(1) adjacent to the property are obstructing the construction planned for a sidewalk installation.</p> <p>09/13/2017: Phillip and Parks went out on site to assess the trees. Phillip indicated that he talked to the person renting the property and welcomes the new sidewalk proposed and believes that the owner of the home will not object to the sidewalk and removing the garden.</p> <p>9/14/2017: Phillip has confirmed that the 2 trees are not city trees as they are not on the Parks' inventory list.</p> <p>9/21/2017: First notice sent to remove the fence, garden, trees and hedge. The fence can be moved back to their property line and the garden, trees and hedge can be relocated to their own private property.</p> <p>09/28/2017: Spoke with s.22(1) He wanted to know if he is responsible for removing the encroachments and if City Crews can do the work and he be billed for the work. And for the hedge, he wants to know if it can just be cut down or if he will also need to remove the stump and roots. Emailed Vince Santorelli from Streets Ops to check.</p> <p>09/29/2017: Spoke with Vince Santorelli from Street Ops. He said that City crews will not do the work and that it would be the responsibility of the homeowner to do the work.</p> <p>09/29/2017: Spoke with s.22(1) Told him that it would be his responsibility to remove the encroachments and that he will be required to remove the stumps of the trees and hedge (can grind down the stumps).</p> <p>10/10/2017: Received email from s.22(1) He has hired a contractor to remove the fence, garden, trees and hedge encroachment. Wants to know how much of the tree stumps are required to be removed and if the wooden landscaping ties at the curb need to be removed.</p> <p>10/11/2017: Referred question over to Philip Chan, Streets and Electrical Design. Philip said that if the stump is left to 4-6" off the ground, the operations crew can remove the stump and roots with their equipment. The crew would remove enough of the landscaping ties to install the sidewalk, primarily the ones by the lane. The landscaping ties on s.22(1) between the soft shoulder and boulevard can be left in place.</p> <p>11/07/2017: Site visited. Fence, garden, trees and hedge removed.</p>

Date Complaint Received	Address of Property	Encroachment	Response
9/11/2017	s.22(1)	Hedge encroachment	<p>09/11/2017: Referred from Paul Neely. He took a phone call from someone who lives near that property where a new house was recently built and claims that they've fenced off a large part of the City Blvd on the Windermere side.</p> <p>09/27/2017: Site visited. Hedge planted on City boulevard to "fence in" and privatize public space.</p> <p>10/02/2017: First notice sent to property owner to remove or move the hedge back to the property line.</p> <p>10/05/2017: Spoke with s.22(1). He said that the hedge has beautified the area and that he also spent a lot of his own money redoing the sidewalk that is adjacent to the boulevard. He said that there are hundreds of properties in Vancouver with the same encroachment issues and wants to know if they will be treated in the same way. He said he will email addresses and photos of similar cases in his neighbourhood and wants to know how we will respond to them. He also mentioned that prior to planting the hedges, he spoke with someone from the City (he thinks it might be someone from planning?) and they told him that the hedges are okay (but nothing structural like a fence or concrete) to be there unless we need access to area for utilities or if it is blocking pedestrians, but that it is the risk that he will need to take if he plants them there. He said that he is willing to comply and remove the hedges if other people with similar cases are also told to do the same.</p> <p>11/07/2017: Site visited. No change.</p> <p>11/09/2017: Second notice sent to property owners to remove or move the hedge back onto their property. Regular and registered mail. RN 256 379 885 CA</p> <p>12/04/2017: Brian met with s.22(1). Place this case on hold for now. Need to revisit our approach to encroachments as there are hundreds of other similar encroachments all around the City.</p>
9/9/2017	s.22(1)	Retaining wall encroachment	<p>10/10/2017: Site visited. Retaining wall on City Boulevard in poor condition. The sections by the stairwell are cracked.</p> <p>11/30/2017: Site revisited to have a look at the wall again and take more photos.</p> <p>12/14/2017: First notice sent to property owner to repair or rebuild the retaining wall within 6 months from the date of the letter. They must submit signed and sealed engineering drawings to us for approval prior to starting work. After the wall is completed, they must submit a record of inspection and record drawings and a letter from the design Engineer confirming that the retrofit does not compromise the integrity of the neighbouring wall.</p> <p>04/18/2018: Email received from property owner, s.22(1). He retained geotechnical engineer Patrick Chiu to inspect the wall who has found that the wall is not in danger of failure and that the cracks in the wall can be repaired. A technical memo from the engineer has been provided. s.22(1) states that our (the City's) concerns have been found to be non-existent and it appears that there is no continued ground for our request to have the wall repairs. Wants to confirm this with us.</p> <p>04/23/2018: Emailed Dane Doleman from Structures for his input and confirmation that the memo from their engineer is sufficient.</p> <p>04/23/2018: Email received from Dane. He has confirmed that the wall can be repaired as recommended by the geo-tech.</p> <p>04/24/2018: Emailed property owner, s.22(1). Clarified that the retaining wall needs to be repaired as recommended in the technical memo by the geotechnical engineer. We still require the submission of signed and sealed engineering drawings for approval prior to starting work. After the repairs have been done, we require the submission of a record of inspection, record drawings and a letter from the design Engineer to confirm that the retrofit does not compromise the integrity of the neighbouring wall.</p> <p>04/27/2018: Email received from s.22(1). Would like clarification on additional requirements that we have requested.</p> <p>04/27/2018: s.22(1) called and spoke with Brian C, whom has clarified our additional requirements.</p> <p>05/01/2018: Received an email from s.22(1) with the signed and sealed drawings.</p> <p>05/03/2018: Brian emailed s.22(1) to confirm the the signed and sealed drawings are accepted for the repair.</p>
9/9/2017	s.22(1)	Retaining wall encroachment	<p>10/10/2017: Site visited. Retaining wall on City Boulevard in poor condition. A portion of the wall looks like it is being supported by a piece of wood.</p> <p>11/30/2017: Site revisited to have a look at the wall again and take more photos.</p> <p>12/14/2017: First notice sent to property owner to repair or rebuild the retaining wall within 6 months from the date of the letter. They must submit signed and sealed engineering drawings to us for approval prior to starting work. After the wall is completed, they must submit a record of inspection and record drawings and a letter from the design Engineer confirming that the retrofit does not compromise the integrity of the neighbouring wall.</p> <p>03/27/2018: Call received from s.22(1). Would like to set up a meeting to discuss. Meeting set up for April 3rd.</p> <p>04/03/2018: Brian and Catherine met with s.22(1). s.22(1) feels that even if this wall falls down, it will not injure anybody. He said he will most likely just remove this wall. I told him to keep us updated.</p> <p>10/04/2018: Site visited. photos taken. Retaining wall has not been improved.</p>

Date Complaint Received	Address of Property	Encroachment	Response
3/9/2017	s.22(1)	Retaining wall encroachment	<p>10/10/2017: Site visited. Retaining wall on City Boulevard in poor condition. Sections of the wall are cracked.</p> <p>11/30/2017: Site revisited to have a look at the wall again and take more photos.</p> <p>12/14/2017: First notice sent to property owner to repair or rebuild the retaining wall within 6 months from the date of the letter. They must submit signed and sealed engineering drawings to us for approval prior to starting work. After the wall is completed they must submit a record of inspection and record drawings and a letter from the design Engineer confirming that the retrofit does not compromise the integrity of the neighbouring wall.</p> <p>03/27/2018: Call received from s.22(1) Would like to set up a meeting to discuss. Meeting set up for April 3rd.</p> <p>04/03/2018: Brian and Catherine met with s.22(1) will have an engineer have a look at the wall. He feels like he needs to remove the large trees that are right behind this wall as he feels that the trees are causing the retaining wall to crack and deteriorate. He said the trees were planted years ago by the tenant. We will find out what the bylaws are in regards to removing these trees that are on City property and will let him know. I told him to keep us updated.</p> <p>04/03/2018: Emailed Cabot Lyford to inquire about bylaws in regards to tree removal on City property.</p> <p>04/04/2018: Email received from Cabot. He will have a look. Technically, Parks Board are defenders of all trees on City property. If they decide they are valuable, they adopt them and maintain them. If not, they often allow property owners to remove them, especially if they have never been a part of their inventory. These trees have not been a part of their inventory.</p> <p>05/10/2018: Email received from Cabot. He had a look and spoke to Amit yesterday. Parks is not interested in adopting these privately-planted trees. They are remnants of a hedge.</p>
9/9/2017	s.22(1)	Retaining wall encroachment	<p>09/09/2017: Complaint submitted to 311. Case number: 101010140923. s.22(1) retention wall has cracked and shifted and we are concerned about it breaking away entirely and potentially posing a public hazard. It is my understanding that this part of the wall is on city property and as such, wanted to confirm with you before proceeding any further. Looking forward to hearing from you."</p> <p>09/18/2017: Received complaint from Graham Lougheed (whom received it from Engineering Client Services).</p> <p>10/10/2017: Site visited. Section of retaining wall on City property between s.22(1) St cracked and misaligned. Another section of retaining wall on City property by staircase also cracked and misaligned. A number of other properties along the block with retaining walls also cracked. s.22(1) Encroachment agreement 243827M need to order/scan from LTSA. s.22(1) no encroachment agreement, s.22(1) no encroachment agreement).</p> <p>Note: s.22(1) no encroachment agreement registered for retaining wall on land title.</p> <p>10/12/2017: Emailed Dan Walker (Structures) from Streets and Electrical Design Branch for thoughts and input on what the next steps are. In Dan's response, he said that although the walls are on City property, they are not owned or maintained by the City. In these cases, the owner should be notified of their responsibility to maintain their wall.</p> <p>11/30/2017: Site revisited to have a look at the wall again and take more photos.</p> <p>12/14/2017: First notice sent to property owners to repair or rebuild the retaining wall within 6 months from the date of the letter. They must submit signed and sealed engineering drawings to us for approval prior to starting work. After the wall is completed, they must submit a record of inspection and record drawings and a letter from the design Engineer confirming that the retrofit does not compromise the integrity of the neighbouring wall.</p> <p>01/22/2018: Received an email from s.22(1) indicating that they have retained an engineering company to inspect and designed a proposed solution for the areas indicated in the photos attached to their notice. Will work with the engineering company and COV with engineering drawings and proposed retrofit and will be in further contact with the COV. Engineering company will be: Peak Engineering Ltd @ 11902 29th Street Maple Ridge BC.</p> <p>05/09/2018: Peak Engineering met with Brian C and provided signed and sealed drawings, a letter of assurance and a certificate of insurance.</p> <p>05/10/2018: Sent drawings to Dane Doleman in Structures to review.</p>
9/1/2017	s.22(1)	Plants and bush encroachment	<p>09/01/2017: Referred from Vince Santorelli. Met with Vince on site to discuss an encroachment case he handled at s.22(1) He had the property owner clear 1 metre of space on the City boulevard by having them remove some newly planted shrubs. In turn, s.22(1) Discussed with Vince and Brian and the decision was that we (Utilities) will send out a notice to this property owner to request that they remove plants and trim their bush to clear at least 1 metre of space from the city boulevard.</p> <p>09/05/2017: First notice sent to remove or move the rocks and plants and to trim back the large bush.</p> <p>11/02/2017: Site visited. Large bush trimmed back about a meter. Lower plants by the large bush remain the same. The large rock at the south end of the property has been moved closer to the hedge by the property. The smaller rocks still remain at the south end of the property. Close complaint. Will revisit if we receive additional complaints on the lower plants and rocks.</p>
8/30/2017	s.22(1)	Encroachments narrowing lane width	<p>08/30/2017: Referred from Graham Lougheed. Inquiry received about the width of the back lane. Are there encroachments here narrowing the back lane?</p> <p>09/26/2017: Site visited. Grass patches, shrubs, trees, bamboo plants which are grown in the lane (on City property - between the property line and the edge of the gravel driving lane) gives the appearance of a narrow lane.</p> <p>10/03/2017: Called and left message with s.22(1) Gave her an update - that I went to visit the site, that the lane is approximately 6 m wide from property line to property line for most of the lane, but may look narrower as it is an unimproved/unpaved lane with grass patches, shrubs, trees, bamboo plants. Asked her to call me back if she had any specific areas of concern or if there is a specific location where she feels the lane is more narrow.</p>

Date Complaint Received	Address of Property	Encroachment	Response
8/23/2017	s.22(1)	Hedge encroachment	08/23/2017: Site visited. Came across this encroachment while doing a site visit for another encroachment case. Overgrown hedge encroaching onto sidewalk. Referred to Streets Operations team to handle.
8/14/2017	s.22(1)	Pavers on City Boulevard	<p>08/13/2017: Received voice message. Caller wanted to report a trip hazard - homeowner placed pavers on City Boulevard. It has sunk and now there is a big height difference in the pavers and sidewalk, creating a trip hazard. Would like us to investigate and determine if this is a trip hazard and unsafe.</p> <p>08/17/2017: Site visited. Grey paver bricks on City boulevard between sidewalk and street curb. Pavers are uneven and sunken in close to the area of where the roots of the street tree have grown. There is an electrical junction box installed in the ground in this section.</p> <p>08/22/2017: First notice sent to property owner to remove the pavers or redo the pavers so that the ground and the pavers are at the same grade as the adjacent sidewalk. Also asked property owner to notify us when the work will be completed so that we can adjust the electrical junction box.</p> <p>08/31/2017: Received email from s.22(1) States that the sidewalk has been raised due to the tree roots pushing it up. And that the City has added two patches on the sidewalk to alleviate the tripping hazard created due to the raised and uneven sidewalk. Also added that the tree's roots have also caused other issues.</p> <p>09/05/2017: Emailed s.22(1) Agree that the tree's roots have raised the sidewalk and a section of the ground underneath the pavers. As a result, a section of the pavers on the City Boulevard have become uneven and unsafe. Asked if he is able to repair and maintain the pavers that are uneven and sticking out. Afraid that someone may trip on them. Of if possible, to remove all of the pavers. The pavers are on the City Boulevard and the City Boulevard is a shared public space, so we need to be courteous of neighbours and pedestrians by keeping that area tidy and safe.</p> <p>09/11/2017: Received email from s.22(1) He has indicated that he will address the problem area appropriately. He has attached a picture with the problem area marked up (1 small area identified).</p> <p>09/12/2017: Emailed s.22(1) Attached a picture with the problem areas marked up which I feel need to be addressed (4 small areas identified). These are where the pavers are sticking out and uneven with the pavers beside them.</p> <p>09/27/2017: Problem areas addressed with asphalt/gravel. Surface smoothed out and no longer has pavers that are uneven and sticking out. Asphalt also used to join the higher grade sidewalk with the lower grade pavers on the City boulevard.</p>
8/8/2017	s.22(1)	Hedge encroachment obstructing planned BC Hydro work.	<p>08/08/2017: Hedge encroachment along s.22(1) obstructing planned BC Hydro work. BC Hydro has proposed to build/provide an underground service to the new development at s.22(1). The proposed alignment along s.22(1) is in conflict with hedges, shrubs and trees.</p> <p>08/09/2017: Site visited. Hedges and trees on City boulevard all along s.22(1)</p> <p>08/11/2017: Cabot from Urban Forestry has confirmed that the trees between the property and sidewalk are not in the inventory. He has indicated that they would like to keep the trees. Rodel has indicated that unfortunately, we can't guarantee that the trees would be retained. The proposed BC Hydro offset is 2 m of the north of the south property line and BC Hydro is also proposing to install a 832 junction (1.16x3m).</p> <p>08/15/2017: Update from Rodel. Alignment has been changed to run underneath the sidewalk instead and the junction box has been eliminated. Therefore, removal of the hedges and trees is no longer required.</p>
8/8/2017	s.22(1)	Religion/worship garden area created on City Boulevard.	<p>08/08/2017: Letter received. Complainant reported that the owners at this property have expanded his garden beyond his property line into the City property. Complainant believes that the newly created garden is some religious/worship atmosphere.</p> <p>08/23/2017: Site visited. A garden comprised of rocks, plants, picture and glass figurine placed on City Blvd. Wooden retainer lining garden and edge of sidewalk. Two blue plastic bins on walkway. Piles of rocks and potted plants on steps.</p> <p>08/24/2017: First notice sent to remove or move the rocks, plants and wooden structure back to clear at least 30 cm of space from the edge of the sidewalk.</p> <p>09/26/2017: Site visited. Wooden structure removed. Rocks moved to clear at least 30 cm of space from the edge of the sidewalk. Plants close to the edge of the sidewalk still remain but are very small which are fine.</p>
8/5/2017	s.22(1)	Log encroachment on City boulevard on the west side of Penticton.	<p>08/05/2017: Referred from 311 (Michael Kim). Citizen reported that there is a log placed on the City boulevard on the west side of Penticton to protect the garden. The citizen that reported this is not happy with it and doesn't think that it should be there.</p> <p>08/17/2017: Site visited. Old log place on City Blvd along s.22(1) greater than 30 cm from street curb. Log doesn't seem to be an issue if property on s.22(1) has tall grass/weeds encroaching on two thirds of sidewalk. Referred this sidewalk encroachment over to Street Ops to handle.</p>

Date Complaint Received	Address of Property	Encroachment	Response
8/4/2017	s.22(1)	Retaining wall encroachment	<p>08/04/2017: Referred from 311 (George). Citizen Feedback case #101009969380. Complaint about safety of boulevard garden encroachment - scripting directs to transfer to Utilities Management at 82034. Creating case as this was submitted online via webform: "The Stone Work Corners containing portions of the Boulevard Gardens at s.22(1). I find the outside corners that are made from cemented-in stone in these boulevard gardens to be intrusive and dangerous. Vertical 90 degree corners approx. 10-14" tall that are butted up directly against the edges of the sidewalk. The stone corners are pretty severe. Thank you for your time and attention."  Google street view: s.22(1)</p> <p>08/09/2017: Site visited. Stone/rock retaining wall on City Boulevard built right up to the edge of sidewalk. Front &amp; back boulevard - corners along s.22(1) and front boulevard - corner along s.22(1). Retaining wall sharp and dangerous.</p> <p>08/15/2017: First notice sent to remove or move the retaining wall back to clear at least 30 cm of space from the edge of both sides of the sidewalk and to round off the sharp corners. Mailed and emailed copy of notice.</p> <p>08/15/2017: Email received from Dan, property manager. Question from Council member. Dan can you find out from the city if it makes a difference that we just were replacing wood retaining walls that had been there since the building was built and had rotted out. These were right at the edge of the sidewalk. Grandfathering maybe? Or can we negotiate to only round off any sharp edges? One of my concerns is the irrigation system on that inside corner.</p> <p>08/16/2017: Emailed Dan. Provided information about the motion on safe sidewalks. And that we would appreciate if they could move the retaining wall back at least 30 cm to clear some space as our goal is to improve the safety of the sidewalk area for pedestrians. However, if they are only able to round off the sharp edges, we would be okay with that.</p> <p>08/16/2017: Email from Dan. He believes Council will have a handyman within their building and attempt to move the wall back.</p> <p>08/16/2017: Received a call from s.22(1). Just wanted clarification on the situation. Told her that it was our preference if they are able to move the retaining wall back to clear up space, but if they are only able to round off the sharp edges, we would be okay with that.</p> <p>08/16/2017: Received a call from s.22(1). Just wanted clarification on the situation.</p>
8/2/2017	s.22(1)	Planter box encroachment on City boulevard	<p>08/02/2017: Referred from 311. Complainant reported that the owners at this property installed 4x4 planter boxes on the City boulevard, close to the City street tree. Since there isn't a sidewalk in front of this property, pedestrians are forced to walk on the street. Told the 311 agent that planter boxes are permitted as long as they follow the City Boulevard Gardening guidelines. Told the agent that we will do a site visit to see if they comply with the guidelines.</p> <p>08/03/2017: Site visited. Two large planter boxes on City Boulevard, but closer to the property side. There looks to be sufficient space to walk on the grass area along the City boulevard, between the curb and where the planter boxes have been placed.</p>
8/1/2017	s.22(1)	Fence encroachment in back lane.	<p>08/01/2017: Complainant reported that it appears that the fence is encroaching into the back lane. Portion of fence at the bend in the back lane.</p> <p>08/03/2017: Site visited. New fence installed. Hard to tell if the new fence is within the property lines. Aerial photos from 2015 show an old fence that is behind the property lines. Perhaps this new fence is installed on the property line, but looks like it may not be in comparison to the old fence. Looks like the new fence may be within the property line but hard to tell, so we will leave this as is.</p>
7/25/2017	s.22(1)	Fence installed on City boulevard by driveway.	<p>07/25/2017: Referred from 311 (Cathy Chan). Fencing beyond property line.</p> <p>08/03/2017: Site visited. Wooden fence installed on City boulevard, in front of garage. Covering placed above area and furniture (chairs, table) placed inside enclosure.</p> <p>08/14/2017: First notice sent to property owners to remove the fence.</p> <p>08/17/2017: Call received from s.22(1). Explained that they are in the process of converting the property into a recovery house and that one of the requirements from the Board of Variance was that they move the smoking area from the back yard to the North side of the property. The small enclosure that they built is the smoking area and the fence built around it is supposed to contain the cigarette smoke. s.22(1) asked if there was some kind of permit that he could apply for to allow the fence to remain and so I briefed him on encroachment agreements. He wanted more information on how to obtain this, so I provided him with Al Zacharias' contact information. I have already told him that I don't believe that something like this would be approved and that the portions of the fence installed on City property should be removed.</p> <p>08/23/2017: Email from Al Zacharias. Confirmed that this is not something that would be supported under the encroachment bylaw.</p> <p>09/15/2017: Spoke with s.22(1). He said that the portion of the fence has been removed.</p> <p>09/27/2017: Site visited. One panel of fencing along s.22(1) has been removed. The other panel is still remaining - portion of it is still on City property. Tent (Metal pole structure with covering) and furniture still remains. The other panel of fence and tent should be removed.</p> <p>10/03/2017: Emailed s.22(1) that the other portion of the fence and the tent still needs to be removed as it is still encroaching on City property.</p> <p>10/10/2017: Site visited. Portion of fence, tent with furniture and plants still present.</p> <p>10/12/2017: Called and left a message with s.22(1) to let him know that the fence and tent need to be removed as it is still encroaching on City property.</p> <p>10/16/2017: Received email from s.22(1). Confirmed that he has received the message to remove the tent and fence structure from the north side of the property. Indicates that it is understandable and that it will be taken care of this upcoming weekend. Has some questions as to what they can do instead. 1. Option to cut the existing fence back to the property line and place benches along the north side of the property. 2. Option to extend the fence on the north side of the property further east 3 m. Satellite photo seems to show that their property line.</p>
7/21/2017	s.22(1)	Wooden planter on City boulevard.	<p>07/21/2017: Site visited. Large wooden planter box on City boulevard. May be blocking site lines for vehicles turning at the intersection.</p> <p>07/27/2017: First notice sent to property owner to remove wooden planter box.</p> <p>09/26/2017: Site visited. Wooden planter box removed.</p>

Date Complaint Received	Address of Property	Encroachment	Response
7/19/2017	s.22(1)	Garbage Container on Street	<p>07/19/2017: Referred from 311. Citizen left voice msg - concerned about a garbage cart/container that has been built on the street.</p> <p>07/21/2017: Site visited. Wooden structure built and installed behind property in the back lane.</p> <p>07/27/2017: First notice sent to property owners of the duplex s.22(1) (S) to remove the wooden structure.</p> <p>08/01/2017: Received a call from s.22(1) Explained to her where the property lines are and suggested that she could move her gate/back so that the wooden structure could be moved back to her property. She said the wooden structures are trash bin enclosures. She said she will make some phone calls and see what could be done to amend the gate to move the structures back.</p> <p>08/02/2017: Received a call from s.22(1) She said that she shouldn't have received a notice as the wooden structure was installed by the owners of s.22(1) s.22(1) I apologized and told her that I have already been in touch with the owner of s.22(1) s.22(1)</p> <p>08/09/2017: Received voice msg from s.22(1) She said that the garbage bin that was on City property has been moved and is no longer in the same location.</p> <p>09/26/2017: Site visited. Wooden structure to hold garbage bins has been removed.</p>
7/14/2017	s.22(1)	Hedge encroachment	<p>07/14/2017: Referred from Al Luongo. Small hedges planted on City boulevard. Bark mulch placed between each hedge and around a city tree. Done in a line from their property to the curb which prevents people from being able to walk up the street, which is City property. People now have to go on the street to get by his house.</p> <p>07/21/2017: Site visited. 5 small shrubs planted in a row. Bark mulch placed between shrubs and in the area under a large tree.</p> <p>07/27/2017: First notice sent to property owner to remove at least one shrub to allow pedestrian access.</p> <p>08/03/2017: Received voice message from s.22(1) She said that she was s.22(1) s.22(1) she will remove at least one of the shrubs.</p> <p>09/27/2017: Site visited. One shrub removed and replaced with a stepping stone.</p>
7/13/2017	s.22(1)	Tree encroachment	<p>07/13/2017: Referred from 311. Complainant reported that on July 11th at 10pm, he saw a lady dig a hole in the City Blvd, then plant a large Maple tree.</p> <p>07/13/2017: Emailed Amit, City arborist, to check if this tree is in the inventory and if this was permitted.</p> <p>08/02/2017: Email received from Amit. Amit has referred this one over to Brian Campbell to handle. If the planting is there, to advise the resident that the tree/shrub needs to be removed and planted on private property and that the Park Board will be planting a tree in the location (if viable).</p> <p>08/03/2017: Email received from Amit. Tree was inspected and inventoried by Parks. He has requested the inspector make contact with the resident to provide them with information outlined in the Street Tree bylaw: "Street Tree means any tree located in the boulevard of any City street. All trees located in any boulevard of the City shall be deemed to be the property of the City, and the care, custody and control of such street trees shall be with the Board of Parks and Recreation."</p>
7/11/2017	s.22(1)	Fence encroachment	<p>07/11/2017: Fence is leaning out towards the sidewalk/street. Is encroaching on City boulevard. Safety issue. Sent first notice to property owner to remove or repair the fence.</p> <p>08/03/2017: Site visited. Fence has been repaired.</p>
7/10/2017	s.22(1)	Hedge encroachment	<p>07/10/2017: Referred from Fodel &amp; Devin (BC Hydro). Overgrown hedge is obstructing planned BC Hydro work. First letter sent to property owner to trim the hedge back to the property line.</p> <p>08/17/2017: Site visited. Overgrown hedge - section along the lane has been trimmed back.</p>

# CITY OF VANCOUVER BRITISH COLUMBIA

## ENCROACHMENT BY-LAW NO. 4243

**This By-law is printed under and  
by authority of the Council of  
the City of Vancouver**

**(Consolidated for convenience only  
to December 10, 2020)**

**BY-LAW NO. 4243**

**A By-law for regulating encroachments upon,  
under or over streets within the City**

**[Consolidated for convenience only,  
amended to include By-law No. 12853,  
effective January 1, 2021]**

---

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting assembled, enacts as follows:

1. This By-law may be cited as the "Encroachment By-law".
2. In this By-law, unless the context otherwise requires:
  - (a) "Anchor rods" include any steel or other rod, pipe or thing an intended purpose of which is to shore or support an excavation face or to prevent subsidence;
  - (b) "Appurtenant" means adjacent to, adjoining or enjoyed with;
  - (c) "canopy" means canopy as defined in the Building By-law;
  - (d) "Engineer" means the City Engineer of the City of Vancouver;
  - (e) "Footing" means that part of the foundation of a building which projects or extends into a street;
  - (f) "Owner" means any person who is the registered owner, owner under agreement, lessee, or occupier of real property.
  - (g) "solar shading device" means solar shading device as defined in the Building By-law;
- 2A. This By-law shall not be applicable to any encroachment to the extent that it is specifically regulated by some other By-law of the City.
- 2B. Where this By-law is in conflict with the Crossing By-law, the provisions of this By-law shall prevail.
- 3.(1) Subject to subsections (2) and (3) and to section 3A, and except for the case of an encroachment consisting of a temporary or time limited permission to occupy a street for specific purposes pursuant to the Street Vending By-law or by way of an agreement to occupy with the City, no person shall excavate for, construct, use or maintain any encroachment upon, under or over a street unless such person shall have first entered into an agreement with the City in accordance with Section 5.
- (2) Instead of the agreement specified in Section 5 the Engineer may grant a permit for the placement of aerial communication wires along or across any street, subject to the following conditions:

- i) An application shall be made in writing and shall be accompanied by the permit fee set out in the Schedule attached hereto and by plans showing the location of the wires with respect to other equipment on the street, the method of supporting such wires, and any other details that may be required by the City Engineer. The equipment to be operated by means of such wires shall be specified and the operating voltage and current shall be shown.
  - ii) Each of the premises served by such wires shall be either owned by, or under lease in writing to, the applicant.
  - iii) No such wires shall extend for a greater distance than 200 feet along or across any street or lane.
  - iv) Before commencing the construction or erection of any such wires, the applicant shall deposit with the City a policy of insurance, or some other form of indemnity, satisfactory to the Director of Legal Services, indemnifying the City against all liability which may arise out of or be in any way attributable or incidental to the erection, construction, maintenance or use of such wires.
  - v) The right granted by such permit may be revoked by resolution of the Council at any time and for any reason. Upon being notified in writing by the City Engineer of such revocation the owner shall within one week remove such wires at the owner's expense.
  - vi) In addition to the required permit fee the person maintaining or using such wires shall pay to the City an annual charge, payable in advance, as set out in the Schedule attached hereto.
- (3) Permission is hereby granted for the use and existence of all encroachments which comprise only grassed areas, access sidewalks, steps, fences, rockeries, hedges or garden areas, provided that the Engineer is satisfied as to the safety and advisability of such encroachment. Where the Engineer is satisfied as to the safety and advisability of such encroachment, an agreement in accordance with Section 5 is not required, and the owner of the real property to which such encroachment is appurtenant shall not be required to pay an annual charge.
- (4) Instead of the agreement specified in Section 5, the Engineer may grant permission for the placement of a canopy or solar shading device that projects into a street, if the Engineer is satisfied that the canopy or solar shading device complies with all applicable city by-laws.
- 3A.(1) This section 3A applies to anchor rods and whenever any other provision of this By-Law conflicts with this section 3A, the provisions of this section 3A shall prevail.
- (2) A person intending the installation of anchor rods under any street or lane shall, before commencing the installation, submit to the Engineer a written application for permission accompanied by plans sealed by a professional engineer indicating the proposed:
- (a) depth, length and number of anchor rods;
  - (b) area of excavation face abutting a street or lane;

- (c) details of which anchor rods will be removed, de-tensioned or fully grouted and the time by which they will be removed, de-tensioned or fully grouted; and
  - (d) such other details as the Engineer may require.
- (3) The Engineer, if of the opinion that the use of anchor rods will not adversely affect the City's undertakings, may (but need not) permit the installation of anchor rods in accordance with plans submitted under subsection (2) if the owner of the real property to which the anchor rods will be appurtenant:
- (a) first pays the City a non-refundable fee of \$1,093.05 and enters into and registers against such real property an agreement in favour of the City containing terms, conditions, indemnities and charges against such real property as the Engineer and Director of Legal Services may require; or
  - (b) first deposits with the Engineer a deposit in a sum satisfactory to the Engineer, which deposit shall be refunded to the party who paid it if the owner either provides the Engineer with evidence satisfactory to the Engineer from a professional engineer certifying that all anchor rods have been removed, de-tensioned or fully grouted as indicated on the plans submitted under subsection (2) and that no damage has been caused to plant, property or utilities of the City or any utility company or, if the plans submitted under subsection (2) show some anchor rods as intended to remain without being de-tensioned or fully grouted and if no damage has been caused to plant, property or utilities of the City or any utility company, enters into the agreement and pays the non-refundable fee described in subsection 3(a); and
  - (c) in either case first pays to the City the charge referred to in subsection (4).
- (4) In addition to the fees payable under section A of the schedule hereto, and in lieu of any continuing annual charges, the owners of the real property to which anchor rods will be appurtenant must pay a one-time charge of \$58.21, exclusive of a goods and services tax imposed under the Excise Tax Act (Canada), per square metre of area of the proposed excavation face that will be supported by anchor rods and abuts a street or lane as calculated by the Engineer.
- (5) Every owner of real property to which anchor rods are appurtenant shall remove, de-tension or fully grout all anchor rods in accordance with and by the time shown on plans submitted pursuant to subsection (2).
- (6) The City may cut or remove anchor rods in accordance with the terms of any agreement entered into with an owner or, in the absence of any agreement, at any time.
- (7) The Engineer may authorize the Director of Legal Services to release and discharge any agreement, whether entered into before or after the coming into force of this section, relating to anchor rods in circumstances that would entitle an owner to a refund of the deposit referred to in subsection (3) if a charge equal to the charge described in subsection (4) is first paid to the City.
- (8) The manner and priority of registration of any agreement concerning anchor rods may be determined by the Director of Legal Services in consultation with the Engineer.
- (9) Without derogating from section 13 of this By-law, the amount of any loss, damage, expense or liability suffered by the City or by any utility company and occasioned by or incidental to or that would not have occurred "but for" the installation, use or existence of

anchor rods may be inserted in the real property tax roll as a charge imposed with respect to the parcel to which the anchor rods are appurtenant.

4. Any owner of real property desiring permission to excavate for, construct, use or maintain any encroachment upon, under or over a street appurtenant to such real property, or desiring permission to continue the existence, maintenance or use of any encroachment on a street appurtenant to such real property heretofore existing, maintained or used without permission, shall submit to the Engineer a written application therefor accompanied by such number of copies of a plan as the Engineer may require showing the detail of such encroachment, to the satisfaction of the Engineer; and the Engineer, upon being satisfied as to the safety and advisability of such encroachment, may recommend to Council that such permission be granted.
- 5.(1) Before proceeding with the excavation for or construction of or continuing the existence, use or maintenance of an encroachment for which permission has been granted by Council, the owner shall first enter into an agreement with the City and shall thereupon pay to the City the applicable fees and charges set forth in the schedule hereto, together with the first annual charge as herein provided. Such agreement shall include provision for:
  - (a) annual charges and maintenance costs, if applicable;
  - (b) the right of the Engineer or authorized representatives of the Engineer to enter upon the premises of the owner for the purpose of inspecting or maintaining the encroachment;
  - (c) payment by the owner of all costs of and incidental to the removal of the encroachment;
  - (d) the termination of all rights of the owner.
- (2) The agreement provided for in subsection (1) shall be registered as a charge against the interest of the owner in the real property to which the encroachment is appurtenant; provided, however, that if the owner does not wish to provide the security aforesaid, a bond in form and amount satisfactory to the Director of Legal Services shall be furnished by such owner. Such bond shall provide reasonable security for the indemnity described in Section 13, the payment of the annual charge, and all other obligations of such owner imposed under this By-law.
6. An owner who has entered into an agreement with the City in accordance with Section 5 shall, before commencing the construction, repair or removal of any encroachment, obtain all permits necessary therefor under this or any other By-law of the City, and shall pay the inspection and permit fees set out in the Schedule attached hereto.
7. The right of an owner to excavate for or to construct, maintain or use any encroachment under this By-law shall be subject at all times to the right of the Engineer, or authorized representatives of the Engineer, to enter into and upon the premises of the owner for the purpose of
  - (a) inspecting, maintaining or removing the encroachment in accordance with this By-law and the terms of any agreement entered into pursuant to this By-law;

- (b) constructing, inspecting, maintaining or removing any public works or utilities that have been or may in the future be installed in the street in proximity to any encroachment.
- 8. Where an owner has entered into an agreement with the City in accordance with Section 5 and has provided the City with the security required by this By-law, the owner shall advise the Engineer when ready to commence the work, and shall obtain the Engineer's permission in writing before any work is commenced; and the owner shall ensure that all work is performed in accordance with the agreement entered into and this By-law, and in such manner as to render the street safe for the use of the public; provided, however, that if such work is not fully completed within twelve months from the date of the agreement, such agreement, unless extended by the Engineer, shall thereafter be null and void, and all rights and privileges of an owner thereunder shall be absolutely terminated, and all amounts paid by the owner with respect thereto shall be forfeited to and become the property of the City, and such owner shall have no recourse whatsoever against the City by reason of the termination of the agreement or the permission granted thereunder.
- 9. Subject to the provisions of section 9A, in the event of:
  - (a) the termination of an agreement to excavate for, construct, maintain or use any encroachment; or
  - (b) an encroachment being excavated for or constructed, maintained, used or continued by any person without that person having entered into an agreement with the City pursuant to Section 5; or
  - (c) any person otherwise failing to comply with any of the provisions of this By-law;the Engineer may serve notice on the owner of the real property to which such encroachment is appurtenant requiring such owner within six (6) months thereafter to remove any structure or works and fill up any excavation made, and to replace and put the sidewalk, street, lane or other area in, under, or over such encroachment in the same condition as the adjoining sidewalk street, lane or other area to the satisfaction of the Engineer; provided that the City Council may require such work to be completed within a shorter period than six (6) months as the Council may designate by notice.
- 9A. Despite the provisions of section 9, the Engineer may revoke the permission granted under section 3 and require the immediate removal of an encroachment if, in the opinion of the Engineer, the encroachment or the placement, use, repair, maintenance or operation of the encroachment:
  - (a) obstructs or interferes with construction activity, street improvements, street work, or repair and maintenance related to transit or utilities; or
  - (b) interferes with or obstructs access to the street for any other municipal purpose.
- 10.(1) An annual charge shall be paid for every type of encroachment referred to in Part C of the Schedule attached to this By-law. The annual charge shall be paid to the City by the owner of the real property to which the encroachment is appurtenant or by a person required by an agreement with the City to pay the charge. If an encroachment is of a type not referred to in Part C of the Schedule to this By-law no annual charge shall be paid unless the City Council by resolution determines that the circumstances warrant the imposition of an annual charge. Annual charges, when due, may be recovered by the

City either by action in any court of competent jurisdiction, or the City may insert in the real-property tax roll such annual charges as a charge imposed with respect to the real property to which the encroachment is appurtenant.

- (2) In the case of the excavation for or the construction, use, or maintenance of an encroachment without permission as required by this By-law, the owner of the real property to which such encroachment is appurtenant, and the said real property, shall nevertheless be and remain liable for all indemnities, liabilities and charges at the rates for the period during which it is so continued.
11. Every owner of real property shall keep the encroachment appurtenant to such real property in good and sufficient repair to the satisfaction of the Engineer; and in the event of the owner failing or neglecting to keep such encroachment in good and sufficient repair as aforesaid, the Engineer may notify such owner to forthwith execute the necessary repairs.
12. In case an owner of real property fails to keep an encroachment appurtenant to such real property in good and sufficient repair to the satisfaction of the Engineer, or fails to remove any structure or works thereon or therein, or to fill up any excavation pursuant to notice duly given under this By-law, the Engineer may make such repairs, including structural changes, or remove such structure or works, or fill up such excavation, as the case may require in the opinion of the Engineer, and the owner shall pay the costs of such work to the City forthwith; and in default of payment, such costs may be recovered by the City in any court of competent jurisdiction or the City may insert in the real-property tax roll such costs, as a charge imposed with respect to the real property to which the encroachment is appurtenant.
13. Every owner of real property who excavates for, constructs, maintains, or permits the existence of, or uses any encroachment appurtenant to such real property under the provisions hereof or otherwise, shall at all times be liable for and shall indemnify the City against any and every claim, loss, expense or damage, and any suit or demands which may be occasioned by or incidental to the construction, existence, use or maintenance of an encroachment, and the amount of any loss or damage occasioned to the City thereby, except as otherwise herein provided, shall be a lien or charge on all real property to which such encroachment is appurtenant.
14. The liability of owners under this By-law, where there is more than one such owner, shall be deemed to be, and shall be, for all purposes joint and several.
15. Every person who offends against this By-law, or who suffers or permits any act or thing to be done in contravention or in violation of this By-law, or who neglects to do or refrains from doing anything required to be done by this By-law, or who does any act or thing which violates this By-law, shall be deemed to be guilty of an offence against this By-law, and shall be liable to the penalties hereby imposed.
- 16.(1) Every person who commits an offence against this By-law is liable to a fine and penalty not less than \$250.00 and not exceeding \$10,000.00.
- (2) Every person who commits an offence of a continuing nature against this By-law is liable to a fine not less than \$250.00 and not more than \$10,000.00 for each day such offence continues.
17. Any permission by the City given prior to the date of this By-law to excavate for, construct, maintain, or use any encroachment, is hereby revoked whether or not such

encroachment is the subject of an agreement between the owner and the City or otherwise; provided, however, that this section shall not apply to encroachments that constitute footings, or encroachments that are, at the date of this By-law, the subject of a lease for a fixed term.

18. The Engineer and the Director of Legal Services may grant permission for and authorize the execution by the City of:
- (a) a release of any agreement pertaining to an encroachment when such encroachment has been removed to the satisfaction of the Engineer;
  - (b) an encroachment agreement pursuant to this By-law in substitution for encroachment agreements cancelled under Section 17 hereof;
  - (c) an agreement with respect to any type of encroachment referred to in subsection (3) of section 3 or in Parts C or D of the Schedule to this By-law;
  - (d) the release of an existing encroachment agreement when such agreement is to be replaced by a new agreement.
19. This By-law shall come into force and take effect from and after the first day of May, 1966.

DONE AND PASSED in open Council by not less than two-thirds of all its members this 26th day of April, 1966.

(sgd) "W.G. Rathie"  
MAYOR

(sgd) "R. Thompson"  
CITY CLERK

**SCHEDULE TO BY-LAW NO. 4243**

Unless otherwise specifically provided for by Council in a resolution authorizing an agreement, or unless otherwise provided for in this By-law, the following fees and charges shall be payable:

A. PERMIT FEES, exclusive of a goods and services tax imposed under the Excise Tax Act (Canada)

For the construction, repair or removal of an encroachment:

For an encroachment of up to and including  
20 square metres ..... \$ 122.61

For each additional square metre or part  
thereof ..... \$ 11.13

To a maximum fee of ..... \$ 860.82

B. REGISTRATION AND MISCELLANEOUS FEES

(1) For the preparation of an agreement  
having reference to an encroachment..... \$ 1,114.90

(2) In addition to the fee chargeable by  
sub-section (1), for each sidewalk  
crossing ..... \$ 27.87

(3) If an agreement is required to be  
registered in the Land Title Office,  
any fee payable to effect the  
registration thereof shall also be  
payable

(4) For information relating to an encroachment..... \$ 334.47

(5) For the granting of an easement over a portion  
of a street or lane to accommodate encroachment  
by a building ..... \$4,968.02

(6) For sewer and drainage closed circuit  
television inspection, pre and post anchor  
rod installation ..... \$2,764.96

C. ANNUAL CHARGES

The following types of encroachments shall for each period of 12 consecutive months pay a charge of \$203.18 plus \$5.43 for every square foot exceeding 150 square feet. For the purpose of computing this charge, two or more encroachments appurtenant to the same property shall be treated as one, and may be included in a single agreement.

- aerial communication wires (with the charge above based on the longest lineal foot measurement over 150 feet)
- areaways
- balconies
- buildings that project more than 3 (three) inches into a street
- bridges
- conveyors
- ducts
- footings
- pipes
- stairways
- tunnels
- underground tanks

D. ENCROACHMENTS NOT REQUIRING AN ANNUAL CHARGE

- bulkheads
- buildings that project no more than 3 (three) inches into a street
- canopies
- Fire Department connections (sprinkler, standpipe and test)
- fire escapes
- lighting works
- planters
- public art
- retaining walls
- sidewalk crossings
- sidewalk surfaces (non-standard)
- solar shading devices
- underground sprinkler systems
- uses of a street or lane, not yet opened by the City, for access purposes
- vents

E. Despite anything to the contrary in this By-law and specifically in Paragraph C or D of this Schedule, an owner of protected heritage property, as defined in the *Vancouver Charter*, is exempt from any obligation to pay annual fees for portions of structures, except for areaways, that encroach more than 3 (three) inches into a street.

## **BUILDING ENCROACHMENTS**

### **A Guide to dealing with Buildings that encroach onto City Street and/or lane**

Do portions of your existing building or proposed building **encroach** outside the boundaries of your property onto City street and/or lane? This question and answer guide provides direction and steps you must take to validate existing encroachments or obtain approval for new encroachments.

Note: Solar shading devices and steel and glass canopies providing street level weather protection are validated by a Permit to Use City property approved by separate application to Engineering Development Services and are not included as part of the material detailed in this guide.

#### **What are the primary examples of encroachments?**

Typical building encroachments are roof level or upper level cornices, roof overhangs, exterior cladding, window sills and copings, bay windows, footings and encroachments resulting from building envelope upgrades or construction error. Underground tunnels, areaways, bridges, stairways, retaining walls, non-standard sidewalk or lane treatments and underground tanks are other examples.

#### **How does the City regulate encroachments?**

The Encroachment By-law, No. 4243 provides the framework upon which encroachments may be accepted and the manner in which they are to be validated. The Encroachment By-law establishes agreement requirements, stipulates required fees and is administered by Engineering Services. Building encroachment approvals are administered by the City Surveyor in consultation with Engineering Services Development review staff.

#### **Under what circumstances will the City validate existing encroachments?**

In the historic areas of the City designated as Heritage Conservation Areas (i.e. Gastown, Yaletown, Chinatown, Westend & Shaughnessy) or where encroachments are integral to a Heritage Property and contribute to the architectural character of the neighbourhood, the City Surveyor may allow the continued existence of the encroachments. The owner will be required to enter into an encroachment agreement to validate the encroachments.

#### **Will the City consider new encroachments?**

Only in situations with unique circumstances; as a rule, new construction should not result in encroachments onto City street and/or lane. The City Surveyor will generally support new encroachments in the historic areas of the City designated as Heritage Conservation Areas (i.e. Gastown, Yaletown, Chinatown & Shaughnessy) where the architectural character of the area is such that new encroachments are proposed to complement existing historic architectural elements. In other areas of the City, a new encroachment would only be considered to replicate an area's acknowledged historic character. Encroachments that consist of occupied floor area, such as bay windows, are not supportable.

## **What is an Encroachment Agreement?**

An Encroachment Agreement is a legal charge, registered in priority to all non-City charges, against the title to the lands in the Land Title Office. It consists of the following parts:

- An Easement allowing the building to encroach onto City street and/or lane;
- An Indemnity whereby the owner releases and indemnifies the City against all actions that arise as a result of the presence of the encroachments. It also includes requirements for the land owner to maintain insurance to the satisfaction of the City's Director of Risk Management;
- A Statutory Right-of-Way over the lands allowing the City to enter the lands to rectify any default in the maintenance of the encroachment, including provisions for inspection and removal.

## **Strata Title Conversion and Building Encroachments**

Strata Plan requirements under Section 244 (1)(f) of the Strata Property Act require that a BC Land Surveyor endorse that all buildings shown on the strata plan are within the external boundaries of the land that is the subject of the strata plan, or appropriate and necessary easements or other interests exist to provide for access to any parts of the building that are not within the boundaries. If the building encroaches onto City Street or Lane, City Council approval is required in order to raise title, close, stop-up and grant volumetric easements over the affected portions of road or lane. A standard Encroachment Agreement does not provide acceptable certainty of title as required under Section 244(1)(f) of the Strata Property Act for encroachments onto City Street. Applicants should consult the City Surveyor in such circumstances.

This is a process typically reserved for heritage buildings within historic areas of the City and the City of Vancouver may not support the provision of easements for any parts of the building on City Street. Applicants are advised to seek independent legal advice on the matter.

### **The Encroachment Agreement also sets out:**

- Any annual fees in accordance with Schedule C of the Encroachment By-law
- The rights of the City to enter upon the premises to inspect or maintain the encroachment;
- Payment by the Owner of all costs related to the removal of the encroachment;
- Termination provisions allowing the City to terminate the permission for the encroachment at any time and allowing the owner six months to remove the encroachment and to restore City property.

## **How is an Encroachment Agreement requested?**

For an existing encroachment, an application, in the form of a letter (can be sent by email), is made to the City Surveyor to include one copy of a survey certificate (can be a pdf copy), originally signed and sealed by a B.C. Land Surveyor that shows the extent of the encroachment, including the total area occupied. The survey certificate should detail what the encroachment consists of and its location on the building face. The application should request that the encroachment be validated in accordance with the Encroachment By-law and include a

commitment from the registered owner to enter into the City's standard Encroachment Agreement, to pay all applicable document preparation fees, annual fees and all Land Title Office fees. The application should also include contact names and addresses including, if applicable, the name of the applicant's solicitor.

If, as part of a development permit application, changes are being made to an existing encroachment, it is often more practical to complete the agreement and survey after the changes are made. If this occurs, the applicant must either undertake to not apply for an occupancy permit until such time as the Encroachment Agreement is fully registered in the Land Title Office or, alternatively, arrange to register an Encroachment Agreement in advance of issuance of the Development Permit, showing the envelope in which encroachments have been approved with provisions for the subsequent modification of the Encroachment Area upon completion of the construction. Applicants must recognize that this could delay occupancy.

In those rare circumstances where a new encroachment may be considered, applicants should write the City Surveyor in advance of making a development application. The City Surveyor will require rationale as to why a new encroachment should be considered and details on the extent of the proposed encroachment. If a new encroachment is supported, an Encroachment Agreement showing the approved envelope will be registered in advance of issuance of the Development Permit. The agreement will contain a clause requiring the agreement to be modified once the encroachment is built. Once again, the applicant is advised that building encroachments into City Street will create obstacles if strata titling the property.

Even in those historic areas where a new encroachment may be considered, a proposal showing a new encroachment must not be submitted as part of a development application without the encroachment first being approved in principle by the City Surveyor.

### **How long does it take to complete preparation of the Encroachment Agreement?**

Workloads in the Land Survey Branch and in Legal Services are such that an applicant can expect a minimum of at least one month between submission of all details, in a satisfactory form required to complete an Encroachment Agreement, and completion of the "Encroachment Agreement" by Legal Services.

### **What are the fees and charges associated with the registration of an Encroachment Agreement?**

All related fees and charges are stipulated within the Schedules attached to Encroachment By-law (plus GST where applicable). These are updated annually through a By-law amendment enacted by City Council. Some of the most common fees are noted below:

- Preparation of an agreement having reference to an encroachment
- Annual charges in accordance with Schedule C
- Any fee payable to effect the registration of an agreement to be registered in the Land Title Office
- Request for information relating to an encroachment

- Granting of an easement over a portion of a street or lane to accommodate encroachment of a building (raise title, close, stop-up and grant volumetric easements over the affected portions of road or lane)

***Please note this document is only a guide and cannot be expected to cover all circumstances that apply to Building Encroachments. For specific details related to your site please contact the Land Survey Branch at [land.survey@vancouver.ca](mailto:land.survey@vancouver.ca) or 604-873-7330.***

***Applicants are advised to obtain pre-authorization for any proposed encroachments onto City street and/or lane.***

# City of Vancouver Utilities Management Branch - Private Encroachments on City Property Review Process

**Definition:**  
An encroachment means any type of object or item of personal property which exists wholly upon, or extends from a person's premises onto, public lands. This includes, but is not limited to: hedges, fences, sheds, additions.

**Encroachment By-law:**  
<https://bylaws.vancouver.ca/4243c.PDF>

- Review precedent in vicinity
- Determine when encroachment occurred
- Determine likelihood of future use by the City or 3rd party utility
- Review magnitude & significance of encroachment
- Identify potential for future coordination with other works
- Review public access
- Determine if enjoyment of public space is restricted
