Tell us about any special circumstances, any unusual features of the property, or special efforts made to reuse/recycle:

NOTE ABOUT SALVAGE FOR REUSE: *items that are salvaged for reuse, with documentation, can claim on the recycling compliance report 5 times the estimated weight (example: 100kg of salvaged doors can claim 500kg on the compliance report).*

To document salvage, include an itemized donation receipt from a charity, an itemized receipt from a salvage company or new & used building supply store. For private sales: provide clear photos showing the items removed from the house intact AND contact info of buyer(s).

RECYCLING & REUSE COMPLIANCE REPORT FOR GREEN DEMOLITION

Email this form with legible scans/photos of receipts and/or weigh scale tickets from recycling facilities to ComplianceReport@vancouver.ca

PRE-1910 HOUSES & HERITAGE-LISTED HOUSES

As of January 1, 2019, the City of Vancouver requires that at least three (3) metric tonnes of wood be salvaged for the purpose of reuse from the demolition of any pre-1910 house or pre-1950 heritage-listed house.

Wood Salvage Requirement: 3 metric tonnes (3000 kg)

Wood Salvaged: _____ Board Feet, OR _____ metric tonnes

To estimate tonnage when you know how many board feet you have: _____ board feet ÷ 0.75 board feet / kg = _____ kg

Evidence of compliance can be provided via:

- receipt of sale to a licensed business that reuses salvaged wood; or
- site inspection.

If you intend to demonstrate compliance on site, please email ComplianceReport@vancouver.ca to book a site inspection.

NOTE: A portion of the deposit may be refunded where the applicant has made demonstrable efforts to deconstruct and salvage wood but has not achieved the required minimum.
