## PRE-1910 HOUSES & HERITAGE-LISTED HOUSES

As of January 1, 2019, the City of Vancouver requires that at least three (3) metric tonnes of wood be salvaged for the purpose of reuse from the demolition of any pre-1910 house or pre-1950 heritage-listed house.

Wood Salvage Requirement: 3 metric tonnes (3000 kg)

Wood Salvaged: \_\_\_\_\_ Board Feet, OR \_\_\_\_\_ metric tonnes

To estimate tonnage when you know how many board feet you have: \_\_\_\_\_ board feet ÷ 0.75 board feet / kg = \_\_\_\_\_ kg

Evidence of compliance can be provided via:

- receipt of sale to a licensed business that reuses salvaged wood; or
- site inspection.

*If you intend to demonstrate compliance on site, please email [ComplianceReport@vancouver.ca](mailto:ComplianceReport@vancouver.ca) to book a site inspection.*

**NOTE:** A portion of the deposit may be refunded where the applicant has made demonstrable efforts to deconstruct and salvage wood but has not achieved the required minimum.
