Dear s.22(1)

Re: Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")

I am responding to your request of May 6, 2021 for:

Records regarding Request for Quotation No. PS20200316, specifically: 1) Vendor quotations, and 2) Contract awarded to the successful vendor. Date range: August 16, 2020 to September 30, 2020.

All responsive records are attached. Some information in the records has been severed, (blacked out), under s.15(1)(l) and s.21(1) of the Act. You can read or download these sections here: http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/96165_00

Under section 52 of the Act, and within 30 business days of receipt of this letter, you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your FOI request by writing to: Office of the Information & Privacy Commissioner, info@oipc.bc.ca or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number (#04-1000-20-2021-242); 2) a copy of this letter; 3) a copy of your original request; and 4) detailed reasons why you are seeking the review.

Yours truly,

This contract for services is comprised of this cover page, the following parts A, B, C, D and E, the attached Services Contract Terms and Conditions, and any other attachments, schedules, appendices or annexes expressly referred to in the aforementioned parts A, B, C, D and E, and the signature blocks following Part F below. By signing below, the City and the Contractor hereby agree to be bound by the terms of this contract.

PART A - SERVICES:

The Design And Facilitation Of External Community Working Group Meetings

The Services are further described in Schedule A.

Start date for the Services: September 23, 2020

The Contractor agrees to complete the Services by: December 31, 2021

PART B - FEES AND EXPENSES:

Fees: \$12,000

Expenses: Reimbursable by the City but only in accordance with this Contract (see the Services Contract Terms and Conditions); or

Maximum Amount of Fees and Expenses (the "Maximum Amount"): \$13,575

The fees and expenses are further described in Schedule B.

Billing Date(s): See Section 20 of the Services Contract Terms and Conditions

Definitions:

"GST" means the tax payable and imposed pursuant to Part IX of the Excise Tax Act (Canada), as amended or replaced from time to time.

"PST" means the provincial sales tax payable and imposed pursuant to the Provincial Sales Tax Act (British Columbia), as amended or replaced from time to time.

PART C: APPROVED SUBCONTRACTORS

None

PART D: INSURANCE

Without limiting any of its obligations or liabilities under this Services Contract, the Contractor will obtain and continuously carry and will cause its subcontractors to obtain and continuously carry during the term of the Services Contract at its own expense and cost, the following insurance coverages with minimum limits of not less than those shown in the respective items set out below:

- (a) Commercial general liability insurance with a limit of not less than \$3,000,000 per occurrence and a deductible of not more than \$5,000 or other such amounts as the City may approve from time to time, protecting the Contractor and the Contractor's personnel against all claims for bodily injury including death, personal injury, advertising liability, products liability, sudden & accidental pollution, completed operations, or property damage or loss, arising out of the operations of the Contractor or the actions of the Contractor or the Contractor's personnel. The policy will carry blanket contractual liability coverage, include a cross-liability clause in favour of the City, and will name the City and the City's officials, officers, employees and agents as additional insureds;
- (b) All-risks property insurance covering the Contractor's property of every description containing a provision in which the insurer waives all rights which it may acquire by payment of a claim to recover the paid amount from the City or its officials, officers, employees or agents; and
- (c) Automobile insurance covering all vehicles owned, leased, rented or operated by the Contractor in connection with this Services Contract, including third party legal liability insurance in an amount not less than \$5,000,000 per occurrence, or such other amount as the City may approve from time to time.

The Contractor and each of its subcontractors will provide at its own cost other lines of insurance coverages, endorsements, or increased limits of insurance as deemed necessary by the City and as a reasonable and prudent contractor would require to protect their operations or performance of services.

All insurance policies required by this Services Contract shall be with insurers duly authorized to carry on business in the Province of British Columbia, in a form and in amounts satisfactory from time to time and acceptable to the City's Director of Risk Management.

The required insurance shall not be cancelled or endorsed to reduce the limits of liability without thirty (30) days' written notice by registered mail to the City. Should the policy be endorsed to restrict coverage midterm, written notice of such restriction will be provided by registered mail to the City no later than the effective date of change; the exception is cancellation for non-payment of premiums in which case the applicable statutory conditions will apply. Notice must identify the contract title, number, policy holder, and scope of work.

The Contractor's insurance policy (policies) shall be primary with respect to all claims arising out of the operations of the Contractor. Any insurance or self-insurance maintained by or on behalf of the City or its officials, officers, employees, or agents will be excess of the Contractor's insurance and will not contribute to it.

Neither the providing of insurance by the Contractor in accordance with this Agreement, nor the insolvency, bankruptcy or the failure of any insurance company to pay any claim accruing will be held to relieve the Contractor from any other provisions of the Services Contract with respect to liability of the Contractor or otherwise.

Prior to the Start Date, the Contractor will provide the City with evidence of all required insurance in the form of a certificate of insurance satisfactory to the City. The certificate of insurance will identify the contract title, number, policyholder, and scope of work. The Contractor will provide proof of insurance, in the form of a certificate of insurance or certified copies of all insurance policies to the Manager, Contracts and Administration at any time immediately upon request.

The Contractor will provide in its agreements with its subcontractors clauses in the same form as in this Part D. Upon request, the Contractor will deposit with the City detailed certificates of insurance for the policies it has obtained from its subcontractors and a copy of the applicable insurance clauses from its sub-contract agreements.

PART E: ADDITIONAL TERMS

Option to renew for three (3) successive - 1 (one) year extensions upon written approval from the City.

The following are integral parts of this Services Contract:

- Schedule A - Scope of Work
- Schedule B - Fee Schedule
- Appendix 1 - Contractor's Proposal (not attached)
- Appendix 2 - Request for Quote (not attached)

The parties hereto have duly executed this Contract as of the _____ day of _____, 2020.

A. CONTRACTOR'S OBLIGATIONS

1. Performance of Services. The Contractor agrees to provide the City with the services described in PART A (and in any schedule referred to therein), including, without limitation, and to the extent not expressly described in PART A (or in any such schedule), all services necessary or incidental to the completion of the services contemplated and described therein (the "Services"), all in accordance with the Services Contract (this "Contract"). The Contractor must provide the Services commencing on the Start Date described in PART A and in accordance with the delivery schedule (if any) specified in PART A (or in any schedule referred to therein), regardless of the date of execution or delivery of this Contract. The Contractor must comply with the City's instructions in performing the Services, but unless otherwise specified herein, the Contractor shall at all times retain control over the manner in which those instructions are carried out.
2. Provision of Service Inputs. Unless otherwise specified herein, the Contractor must supply and pay for all labour, materials, permits and approvals (including from any relevant government authority) necessary or advisable to provide the Services.
3. Standard of Care and Applicable Laws. The Contractor must perform the Services to the standard of care, skill, and diligence prescribed herein, or where not prescribed herein, to the standard customarily maintained by persons providing, on a commercial basis, services similar to the Services, and in accordance with all statutes, regulations, by-laws, codes, rules, notices, orders, directives, standards and requirements of every competent federal, provincial, regional, municipal and other statutory authority applicable to the Contractor and its personnel and the Services.
4. Warranty. Without limitation to any additional warranties provided by the Contractor, whether indicated on the face of this contract or otherwise provided, the Contractor warrants that: (a) all goods, provided by the Contractor in connection with its performance of the Services ("Goods"), shall be of merchantable quality and free from defects in workmanship and materials; (b) all Goods shall strictly conform to applicable samples, specifications and drawings; (c) all Goods and Services shall be fit for the purpose intended by the City; (d) all Goods shall be free and clear of all liens, charges and encumbrances; (e) the Goods and Services shall comply with the standards set forth by applicable federal, provincial, municipal and industry regulatory agencies; (f) the shipping and handling of any hazardous material will be made in accordance with all applicable laws and regulations; and (g) the Goods and Services shall comply with all applicable environmental protection laws and regulations.

Unless a longer warranty period is specified on the face of this Contract or is otherwise provided, the foregoing warranty shall be valid for one year from the date of acceptance of the Goods and Services by the City. If at any time prior to the expiration of any applicable warranty period, any weakness, deficiency, failure, breakdown or deterioration in workmanship or material should appear or be discovered in the Goods and Services furnished by the Contractor, or if the Goods and Services do not conform to the terms and conditions of this Contract, the City may at its option (a) require the Contractor to promptly replace, redesign or correct the defective and non-conforming Goods and Services at no expense to the City, or (b) the City may replace or correct the defective Goods and Services and charge the Contractor with all expenses incurred by the City. The Contractor agrees to indemnify and save harmless the City, its officials, officers, employees, assigns, agents, clients and the public from any liability, loss, cost and expense arising either directly or indirectly, from breach of any warranty given by the Contractor hereunder.
5. Contractor Personnel. The Contractor must ensure that all persons it employs or retains to perform the Services are competent to perform them and are properly trained, instructed, and supervised, and that all such persons comply with the provisions of this Contract.
6. Reporting. The Contractor must, upon the City's request, fully report to the City on all work it does or has done in connection with providing the Services.
7. Deliverables. As a result of or as part of providing the Services, the Contractor may receive, create, produce, acquire or collect items including, without limitation, products, goods, equipment, supplies, models, prototypes and other materials; information and data; reports, drawings, plans, designs, depictions, specifications and other documentation (collectively, "Deliverables"). Deliverables do not include items that are: not required to be produced by the Contractor or supplied to the City as part of or together with the Services unless the City pays for such items; or specified in this Contract as being excluded from the Deliverables category; or items which pre-existed the effective date of this Agreement that are owned by a third party or that are used by the Contractor as part of the services provided to any of its other customers. All Deliverables will be owned solely by the City unless otherwise expressly provided herein and the City will have the complete right to use and deal with the Deliverables for its own benefit in any way it sees fit without limitation. The Contractor waives, in favour of the City, all moral rights in the Deliverables, transfers to the City, free of all liens and encumbrances, ownership of each Deliverable, and assigns all of its world-wide present and

future rights, title and interest in and to each Deliverable, including copyright, effective as of the date of creation or acquisition of such Deliverable. The Contractor will permit the City to inspect and copy all Deliverables.

8. Confidentiality. The Contractor acknowledges that, in performing the Services required under this Contract, it may acquire information about matters which are confidential to the City, which information is the exclusive world-wide property of the City or its suppliers or citizens, as the case may be. The Contractor undertakes to treat as confidential all Deliverables and all information received by reason of its position as Contractor and agrees not to disclose the same to any third party either during or after the performance of the Services under this Contract, without the City's express prior written consent.
9. Insurance. The Contractor must provide, maintain and pay for, and cause all subcontractors to provide, maintain and pay for, the insurance coverage (if any) described in PART D (including the type and form of policy, the coverage amounts, and the amount of deductible). If no insurance coverage is specified in PART D, the Contractor must provide, maintain and pay for, and cause all subcontractors to provide, maintain and pay for, such insurance as would be obtained by a prudent consultant or contractor providing services similar to the Services. The Contractor must provide written proof of such insurance coverage upon the written request of the City.
10. WorkSafeBC. The Contractor agrees that it will procure and carry and pay for, full WorkSafeBC coverage for itself and all workers, employees, servants and others engaged in or upon any work or service which is the subject of this Contract. The Contractor agrees that the City has the unfettered right to set off the amount of the unpaid premiums and assessments for such WorkSafeBC coverage against any monies owing by the City to the Contractor. The City will have the right to withhold payment under this Contract until the WorkSafeBC premiums, assessments or penalties in respect of work done or services performed in fulfilling this Contract have been paid in full. The Contractor will provide the City with the Contractor's and each subcontractor's WorkSafeBC registration number and clearance letters from WorkSafeBC confirming that the contractor and each subcontractor is in good standing with WorkSafeBC prior to the City having any obligation to pay monies under this Agreement.

Whenever the Contractor is required or permitted to perform any Services on any City sites, the Contractor is now appointed and now accepts appointment as the "prime contractor" in connection with such Services and will fulfil its obligations as Prime Contractor in accordance with the Workers Compensation Act (British Columbia), and the regulations thereunder, and the Contractor shall comply with all applicable health and safety laws.

11. City Business Licence. The Contractor will maintain a valid City of Vancouver business licence in good standing throughout the duration of this Contract.
12. Resolution of Disputes. This Contract will be governed by the laws of British Columbia and the parties now irrevocably attorn to the exclusive jurisdiction of, and agree to submit all disputes to, the courts of British Columbia for resolution. The Contractor shall continue performance of its obligations under this Contract notwithstanding the existence of a dispute.
13. Independent Contractor. This Contract is a contract for services and neither the Contractor nor the Contractor's personnel or permitted subcontractors, are, or deemed to be, partners, appointees, employees or agents of the City. The Contractor will not represent to anyone that the Contractor has any authority to bind the City or that the Contractor is an employee or agent of the City.
14. No Assignment or Subcontracting. The Contractor will not assign or subcontract (other than to persons listed in PART C (or a schedule referred to therein)), either directly or indirectly (including, without limitation, by way of any transfer of control of the shares or ownership interests in the Contractor), this Contract or any right or obligation of the Contractor under this Contract, without the prior written consent of the City, which consent may be arbitrarily withheld. No assignment or subcontract, whether consented to or not, relieves the Contractor from any obligations under this Contract. The Contractor must ensure that any assignee or subcontractor fully complies with this Contract in performing the Services and nothing in this Contract creates any contractual relationship between a subcontractor and the City.
15. Conflict of Interest. The Contractor must not provide any services to any person in circumstances which, in the City's reasonable opinion, could give rise to a conflict of interest between its duties to that person and its duties to the City under this Contract.
16. Release and Indemnification
 - a. Release
The Contractor now releases the City and the City's personnel from all losses including those caused by personal injury, death, property damage or loss, and economic loss, arising out of, suffered or experienced by the Contractor or the Contractor's personnel in connection with their performance of the Services.

- b. Acceptance "As Is"
In undertaking the Services, the Contractor acknowledges that it has inspected the City's site(s), agrees to accept the site(s) "as-is" and undertakes to take all precautions necessary to ensure the safety of all the Contractor's personnel.
 - c. Indemnity
Despite any insurance which may be placed by the City, the Contractor now agrees to indemnify and save harmless the City and its officials, officers, employees, agents, successors, assigns and authorized representatives (in each case, an "Indemnified Party") from and against all costs, losses, claims, damages, actions and causes of action ("Claims") that an Indemnified Party may sustain, incur, suffer or be put to at any time either before or after the completion of the Services or sooner cancellation of this Contract, that arise out of any act or failure to act of the Contractor or the Contractor's personnel, permitted assignees or subcontractors in connection with the performance of this Contract, including any Claims that arise out of or are in any way related to unpaid WorkSafeBC assessments or the failure to observe safety rules, regulations and practices of WorkSafeBC, excepting always that this indemnity does not apply to the extent, if any, to which the Claims are caused by errors, omissions or negligent acts of an Indemnified Party.
 - d. Separate from Other Remedies and Rights
Nothing in this Contract (including this indemnity) will affect or prejudice the City from exercising any other rights that may be available to it at law or in equity.
 - e. Survival of Release/Indemnity
This Section 16 will survive the expiry or sooner termination of this Contract.
- B. CHANGES TO SERVICES
17. Changes. The City may, at any time and from time to time and without invalidating this Contract, require a change to the Services and/or to the schedule for the delivery of the Services. Should the Contractor consider that any such request or instruction constitutes a change warranting amendment of the Maximum Amount, another price or the schedule for the Services set forth in the Contract, the Contractor must advise the City in writing prior to acting on any such request or instruction, and in any event within five (5) City of Vancouver business days of such request or instruction. In that case, the Maximum Amount, other price and/or schedule will be adjusted, if/as agreed to by both parties in writing, and failing agreement, if/as the City may determine, acting reasonably. Failing any such adjustment, the Services provided pursuant to the request or instruction will be deemed to be included within the prices specified herein, and to be subject to the schedule prescribed herein.
 18. Changes to Key Personnel. The City may from time to time request reasonable changes to the key personnel of the Contractor engaged in performing the Services, and the Contractor shall comply with any such request. The Contractor shall not change any of such key personnel without the prior written approval of the City, which approval will not be unreasonably withheld.
- C. PAYMENT
19. Payment of Fees and Expenses. In consideration for the satisfactory performance of the Services, The City will pay to the Contractor the fees specified in PART B (as supplemented by any schedule referred to therein), subject to this Section C. In addition, if the parties have specified in PART B that the Contractor's expenses are reimbursable in accordance with this Contract, the City will reimburse the Contractor for all expenses that: (i) are approved by the City in writing (in accordance with the City's existing policies and procedures for expense reimbursement) prior to their being incurred by the Contractor; (ii) are necessary, in the opinion of the City, to perform the Services; and (iii) are supported by proper receipts or other documentation satisfactory to the City (acting reasonably), provided always that the City reserves the right to make arrangements through its service providers for any flights and/or accommodations required by the Contractor in connection with its performance of the Services. If a "Maximum Amount" is specified in Part B, then the City is not, and shall not be, obliged to pay to the Contractor more than such Maximum Amount on account of aggregate fees (and, if applicable, expenses). Payment terms are "net 30 days" from the date of receipt of a valid invoice.
 20. Invoicing. The Contractor will, by the 25th day of each month, provide to the City's Project Manager (named on the cover page of this Contract) a draft invoice with an attached detailed account of all charges to be claimed by the Contractor for the preceding month. The City's Project Manager shall review the draft, raise any concerns with the Contractor within ten working days and, after settlement of any issues (in the Project Manager's discretion), approve the draft invoice. The Contractor, if so requested, will meet with the City's Project Manager to expedite and settle the draft invoice. The Contractor will submit its final invoice, as per the approved draft invoice, to the City of Vancouver, Attention: Accounts Payable, by email to APInvoice@vancouver.ca. Each invoice must contain:
 - Contractor name, address and telephone;
 - City purchase order number;
 - Name of the City's Project Manager;
 - Invoice number and date;
 - Details of any applicable taxes; and
 - Tax registration number(s).
 21. Builders Lien Act. If the Services to be performed under this Contract are subject to the holdback requirements set out in the *Builders Lien Act* (British Columbia) (the "Lien Act"), the City will withhold and discharge the required holdback amounts in accordance with the requirements set out in the Lien Act.
22. Discharge of Liens and Withholding. The Contractor will, if applicable, make payment and take all other steps which may be necessary so that no lien claims, including lien claims made under the Lien Act, are made in connection with the provision of the Services, and that the compensation payable to the Contractor by the City is not subject to attachment for debt, garnishing process or otherwise. In the event that any lien is filed in connection with the provision of the Services at any court or land title office, the Contractor shall immediately cause such lien to be discharged. The City may withhold from any payment due to the Contractor an amount sufficient to indemnify the City against any lien claim that could arise in connection with the provision of the Services, until such time as the lien has been discharged or other arrangements to satisfy such lien have been made by the Contractor.
 23. Withholding for Non-Residents. If the Contractor is a non-resident of Canada, the City may withhold from any payment due to the Contractor such amounts as may be required to be withheld pursuant to the applicable provisions of the Canada Income Tax Act (the "ITA"). Any amount so withheld shall be remitted to the Receiver General for Canada or otherwise dealt with by the City strictly in accordance with the provisions of the ITA.
 24. Record Keeping. The Contractor must maintain, and shall cause any subcontractors to maintain, time records and books of account, invoices, receipts, and vouchers of all expenses incurred, in form and content satisfactory to the City. The City or any of its authorized representatives will, for the purposes of audit and examination, have access and be permitted, upon reasonable notice to the Contractor, to inspect such records for review, copy and audit at any time and from time to time while this Contract is in effect and for a period of three years after the expiry or termination of this Contract for any reason.
 25. Currency. Unless otherwise specified in this Contract, all references to money are to Canadian dollars.
 26. Electronic Funds Transfer. The City expects to make payments by electronic funds transfer and the Contractor must provide banking information to the City in order to permit this.
- D. GENERAL
27. Time for Performance. Time is of the essence in this Contract.
 28. Amendments. No modification of this Contract is effective unless it is in writing and signed by all the parties.
 29. Entire Agreement. This Contract constitutes the entire agreement between the parties as to performance of the Services, and replaces and supersedes any other agreements, correspondence or other discussions between the parties, whether or not any of the foregoing have been reduced to writing.
 30. Conflict. If there is a conflict between a provision of a schedule to this Contract and the terms and conditions of this Services Contract, the provision in the relevant schedule is inoperative to the extent of the conflict unless it states that it operates despite a conflicting provision of this Contract.
 31. Severability. If any provision of this Contract is determined to be void or unenforceable, in whole or in part, it shall not be deemed to affect or impair the enforceability or validity of any other provision of this Contract, and any such void or unenforceable provision may be severed from this Contract without affecting the remainder of the Contract.
 32. Termination. The City may terminate this Contract:
 - a. Upon failure of the Contractor to comply with this Contract, immediately on giving written notice of termination to the Contractor, or
 - b. For any other reason, on giving at least 10 days' written notice of termination to the Contractor.If the City terminates this Contract under paragraph b. above, the City must pay the Contractor that portion of the fees and expenses described in PART B which equals the portion of the Services that was completed to the City's satisfaction before termination. That payment discharges the City from all liability to the Contractor under this Contract. If the Contractor fails to comply with this Contract, the City may terminate it and pursue other remedies as well.
 33. Binding Effect. This Contract shall be binding on the Contractor's successors and permitted assigns and shall enure to the benefit of any successors and assigns of the City.
 34. Voluntary Agreement. The Contractor acknowledges and declares that it has carefully considered and understood the terms of this Contract, that it has either consulted legal counsel or waived such right, and that it is executing this Contract voluntarily.
 35. Further Assurances. The Contractor agrees that upon any reasonable request of the City, the Contractor will make, do, execute or cause to be made, done or executed all such other acts as may be required to more fully give effect to the terms and conditions hereof.
 36. Headings. The headings used in the Parts and sections of this Contract are for convenience of reference only, and shall not operate to expand, modify or interpret the language therein.
 37. Counterparts. This Contract may be executed in one or more counterparts, including by facsimile or other electronic transmission, and

each of such counterparts shall be deemed to be taken together to constitute one and the same original document.

38. Additional Terms: The additional terms set out in Part E (or in any schedule referred to therein) apply to this Contract. END OF TERMS AND CONDITIONS OF SERVICES CONTRACT

SCHEDULE A – SCOPE OF WORK

1.0 Summary

Consultant to establish, coordinate and facilitate the activities of a Short-term Rental Community Working Group (the "Working Group") to provide input to City staff on the evolution of the City's short-term rental (STR) regulations.

Working Group membership shall be comprised of approximately 11-15 Vancouver residents, one external facilitator as chair, and supported by City of Vancouver staff as subject matter experts and decision-makers. Members will be selected on the basis of their interest and demographics to ensure a diverse and balanced set of viewpoints.

It is expected that the Working Group will meet approximately five times from November 2020 to October 2021. To support social distancing given the ongoing COVID-19 pandemic, all meetings will take place remotely via Cisco Webex on weekday evenings between 6:30pm and 8:30pm (exact dates to be determined).

•

2.0 Background

A key action of the City of Vancouver's 10-year [*Housing Vancouver Strategy*](#), STR regulations are guided by the following Council-approved principles:

1. Protect long-term rental supply;
2. Ensure health and safety;
3. Encourage neighbourhood fit;
4. Promote tax and regulatory equity;
5. Support the tourism industry;
6. Encourage compliance; and
7. Enable supplemental income.

A short term rental can:

- Be an entire home, or a room within that home, that is rented for less than 30 consecutive days at a time
- Only be operated from your principal residence – the home where you live, as an owner or tenant, and use for bills, identification, taxes, and insurance

More specific information on the STR regulations can be found online at vancouver.ca/short-termrentals.

Since STR regulations came into effect, staff have held discussions with select stakeholders, including strata corporations and property managers, as well as various interested members of the community including authors of the widely shared citizens' report entitled "[*Unintended Opportunities*](#)." Some of these groups have called on the City to regularly accept offers of resources from the community, which could bolster citizens' confidence in the City's STR program.

To that end, staff are establishing a STR Working Group. The primary purpose of this Working Group is to gather a broad variety of community voices to provide City of Vancouver staff with ongoing insight on community impacts from STRs and input on the evolution of the City's STR regulations. Any discussions or input put forward by the Working Group should align with the seven aforementioned Guiding Principles.

In addition, the Working Group will also serve as a platform to foster mutual understanding and dialogue between different community perspectives.

The City of Vancouver envisions the Working Group to be an important forum for the discussions of concerns, and opportunities with respect to STRs in Vancouver. Input provided by the Working Group may inform the policy development, licensing, and enforcement work of City staff, who retain full autonomy and responsibility for making decisions about the City's STR regulations. The Working Group will not have authority to commit or direct City resources or staff.

The role of Working Group members is to:

1. Report and discuss any issue or concern with respect to STRs that are affecting their community;
2. Help City of Vancouver staff understand how STR regulations are affecting their community and assist staff in refining any solutions;
3. Provide feedback on any new initiative or policy brought forward by staff; and
4. Present potential ideas to enhance or update the City's STR regulations that City of Vancouver staff may wish to consider.

- **3.0 Scope of Work**

Facilitator to provide the following services:

- Review background material, including Council Reports;
- Provide feedback on the draft Terms of Reference;
- Develop high level outline of potential topics for each Working Group meeting in coordination with staff;
- Assist the selection of participants based on membership composition outlined in the Working Group Terms of Reference, to be decided by City staff; and notify successful applicants;
- Develop detailed meeting agendas in coordination with City staff, including determining appropriate topics and discussion questions;
- Facilitate and guide all process-related aspects of the meetings including providing an overview of the meeting agenda, moderating discussion, and having a scribe for compiling minutes;
- Prepare written content for the City of Vancouver website including agendas, minutes, and brief monthly updates
- Complete and provide a Summary Report highlighting the issues that have been discussed by the Working Group and the potential solutions to each issue.

For greater clarity, City staff will:

- Be responsible for selection of engagement techniques;
- Make the final decision on the appointment of Working Group members;
- Oversee meeting logistics and technical requirements for remote meetings on Cisco Webex;
- Create/develop material for a website for Working Group materials, with content from the Consultant.
- Prepare and provide brief informational presentations; and
- Provide background or other technical materials, as required.

APPENDIX 1 – REQUIREMENTS

1.0 Summary

The City of Vancouver is seeking to find a highly experienced facilitator to establish, coordinate and facilitate the activities of a Short-term Rental Community Working Group (the “Working Group”) to provide input to City staff on the evolution of the City’s short-term rental (STR) regulations.

Working Group membership shall be comprised of approximately 14 Vancouver residents, one external facilitator as chair, and supported by City of Vancouver staff as subject matter experts and decision- makers. Members will be selected on the basis of their interest and demographics to ensure a diverse and balanced set of viewpoints.

It is expected that the Working Group will meet approximately five times from November 2020 to October 2021. To support social distancing given the ongoing COVID-19 pandemic, all meetings will take place remotely via Cisco Webex on weekday evenings between 6:30pm and 8:30pm (exact dates to be determined).

2.0 Background

A key action of the City of Vancouver’s 10-year [Housing Vancouver Strategy](#), STR regulations are guided by the following Council-approved principles:

1. Protect long-term rental supply;
2. Ensure health and safety;
3. Encourage neighbourhood fit;
4. Promote tax and regulatory equity;
5. Support the tourism industry;
6. Encourage compliance; and
7. Enable supplemental income.

A short term rental can:

- Be an entire home, or a room within that home, that is rented for less than 30 consecutive days at a time
- Only be operated from your principal residence – the home where you live, as an owner or tenant, and use for bills, identification, taxes, and insurance

More specific information on the STR regulations can be found online at vancouver.ca/short-termrentals.

Since STR regulations came into effect, staff have held discussions with select stakeholders, including strata corporations and property managers, as well as various interested members of the community including authors of the widely shared citizens’ report entitled “[Unintended Opportunities](#).” Some of these groups have called on the City to regularly accept offers of resources from the community, which could bolster citizens’ confidence in the City’s STR program.

To that end, staff are establishing a STR Working Group. The primary purpose of this Working Group is to gather a broad variety of community voices to provide City of Vancouver staff with ongoing insight on community impacts from STRs and input on the evolution of the City's STR regulations. Any discussions or input put forward by the Working Group should align with the seven aforementioned Guiding Principles.

In addition, the Working Group will also serve as a platform to foster mutual understanding and dialogue between different community perspectives.

The City of Vancouver envisions the Working Group to be an important forum for the discussions of concerns, and opportunities with respect to STRs in Vancouver. Input provided by the Working Group may inform the policy development, licensing, and enforcement work of City staff, who retain full autonomy and responsibility for making decisions about the City's STR regulations. The Working Group will not have authority to commit or direct City resources or staff.

The role of Working Group members is to:

1. Report and discuss any issue or concern with respect to STRs that are affecting their community;
2. Help City of Vancouver staff understand how STR regulations are affecting their community and assist staff in refining any solutions;
3. Provide feedback on any new initiative or policy brought forward by staff; and
4. Present potential ideas to enhance or update the City's STR regulations that City of Vancouver staff may wish to consider.

3.0 Scope of Work

The City seeks to find a highly experienced facilitator to provide the following services:

- Review background material, including Council Reports;
- Provide feedback on the draft Terms of Reference;
- Develop high-level outline of potential topics for each Working Group meeting in coordination with staff;
- Select participants based on membership composition outlined in the Working Group Terms of Reference, to be decided by City staff; and notify successful applicants;
- Develop detailed meeting agendas in coordination with City staff, including determining appropriate topics and discussion questions;
- Facilitate and guide all process-related aspects of the meetings including providing an overview of the meeting agenda, moderating discussion, and having a scribe for compiling minutes;
- Prepare written content for the City of Vancouver website including agendas, minutes, and brief monthly updates
- Complete and provide a Summary Report highlighting the issues that have been discussed by the Working Group and the potential solutions to each issue.

For greater clarity, City staff will:

- Be responsible for selection of engagement techniques;
- Make the final decision on the appointment of Working Group members;
- Oversee meeting logistics and technical requirements for remote meetings on Cisco Webex;

- Create/develop material for a website for Working Group materials, with content from the Consultant.
- Prepare and provide brief informational presentations; and
- Provide background or other technical materials, as required.

APPENDIX 2 – DECLARATION OF SUPPLIER CODE OF CONDUCT COMPLIANCE

Purpose: All proposed suppliers are to complete and submit this form to certify compliance with the supplier performance standards set out in the Supplier Code of Conduct.

The City of Vancouver expects each supplier of goods and services to the City to comply with the supplier performance standards set out in the City's Supplier Code of Conduct (SCC) <<https://policy.vancouver.ca/AF01401P1.pdf>>. The SCC defines minimum labour and environmental standards for City suppliers and their subcontractors.

Suppliers are expected to comply with the aforementioned standards upon submitting a tender, proposal, application, expression of interest or quotation to the City, or have a plan in place to comply within a specific period of time. The City reserves the right to determine an appropriate timeframe in which suppliers must come into compliance with these standards. To give effect to these requirements, an authorised signatory of each proposed vendor must complete the following declaration and include this declaration with its submission:

As an authorised signatory of _____(vendor name), I declare that I have reviewed the SCC and to the best of my knowledge, _____(vendor name) and its proposed subcontractors have not been and are not currently in violation of the SCC or convicted of an offence under national and other applicable laws referred to in the SCC, other than as noted in the table below (include all violations/convictions that have occurred in the past three years as well as plans for corrective action).

Section of SCC / title of law	Date of violation /conviction	Description of violation / conviction	Regulatory / adjudication body and document file number	Corrective action plan

I understand that a false declaration and/or lack of a corrective action plan may result in no further consideration being given to the submission of _____(vendor name).

Revised Quotation in Response
to RFQ 20200316: Working
Group Facilitator - Short-term
Rental Working Group

25 August 2020

DEL Δ NEY
the engagement people

Ms. Elana Walker

Email: elana.walker@vancouver.ca

Dear Ms. Walker,

Thank you for the opportunity to respond to the Request for Quotation for the Working Group Facilitator for the Short-term Rental Community Working Group. As you will see in the information to follow, Delaney + Associates ("D+A") is well positioned to support the City of Vancouver with this work. I would be the lead facilitator and supported by a member of my team. I am a certified professional facilitator (CPF) and have extensive experience facilitating working groups, both in-person and online, as well as a hybrid approach.

We are professional facilitators as well as leaders in the stakeholder and community engagement field. We have been fortunate to have gained extensive experience working with advisory and working groups and are very familiar with a number of different virtual facilitation techniques which build consensus, grow common ground and keep the dialogue respectfully engaging.

Highlights of our qualifications include:

- Delaney team are experts at designing working group meeting agendas, and facilitating working group meetings;
- We have moved nearly all of our engagement and public participation training online since COVID-19 and have quickly established a number of virtual facilitation best practices. Some of these practices include:
 - We call it **"democratizing the technology"** or focussing on people before platform. Our experience is that if participants are not comfortable with the technology, they don't engage as they would have in-person. To manage this potential barrier, we also plan a technology orientation where we facilitate group introductions and icebreakers as a way to test the technology, identify concerns and support people who might need a bit more help.
 - We always have a back up plan. This might look like sending slides ahead of time and setting up a conference call line or having an approved secondary platform such as GoTo Meeting or Zoom.
 - We also have a lead facilitator and then a technology host. The technology host supports participants and the facilitator by popping links to documents in the chat, helping people whose technology might not be cooperating, moving participants to breakout groups, and taking notes.
 - We make it as engaging as possible. Sometimes this means having a group stretch break, creating a working group playlist, having scheduled brain games to get people thinking and engaging and sometimes it might mean having virtual coffee 15 minutes early so people can "network".
- > We focus on supporting the client, participants and the process by having clear Terms of Reference and understanding what different people need to meaningfully participate;
- > We are the stewards of the process and work to ensure it is facilitated in the best interest of the collective;
- > We are highly experienced working with groups where members represent competing and/or diverse interests;

- > We have a proven track record of mitigating risks and facilitating meaningful engagement when there is conflict and high emotions;
- > We have expertise in applying proven, international engagement methodologies, and working closely with clients to adapt these processes based on the needs of the decision, decision-maker and stakeholders; and
- > We have a professional, capable team that consistently demonstrates engagement best-practices and sound judgement.

We believe the facilitator plays a role in holding space, in this case virtually, and a lot of the work happens before the meeting. That's why we think of ourselves as the participants' concierge. Whether it's helping them with technology, connecting them with the staff who can answer their question or just spending a bit more time with them before the meeting to understand their perspective, we think engaging and productive virtual working groups are a great option, but they take time to plan ahead.

We have more than 24 years of experience developing meaningful, authentic engagement processes, which includes facilitating working and advisory groups. We have worked with groups of varying sizes and scope of work, and we follow International Association for Public Participation (IAP2) best practices.

With an intentionally and thoughtfully planned process, coupled with skilled facilitation, we believe members of working groups are better able to engage and effectively contribute to the process in an accessible, meaningful and productive way. We trust that our quotation meets the City's estimate, and we are looking forward to working with you.

Sincerely,

Jessica Delaney

APPENDIX 2 – DECLARATION OF SUPPLIER CODE OF CONDUCT COMPLIANCE

Purpose: All proposed suppliers are to complete and submit this form to certify compliance with the supplier performance standards set out in the Supplier Code of Conduct.

The City of Vancouver expects each supplier of goods and services to the City to comply with the supplier performance standards set out in the City's Supplier Code of Conduct (SCC) <<https://policy.vancouver.ca/AF01401P1.pdf>>. The SCC defines minimum labour and environmental standards for City suppliers and their subcontractors.

Suppliers are expected to comply with the aforementioned standards upon submitting a tender, proposal, application, expression of interest or quotation to the City, or have a plan in place to comply within a specific period of time. The City reserves the right to determine an appropriate timeframe in which suppliers must come into compliance with these standards. To give effect to these requirements, an authorised signatory of each proposed vendor must complete the following declaration and include this declaration with its submission:

As an authorised signatory of R.M. Delaney + Associates Inc. (vendor name), I declare that I have reviewed the SCC and to the best of my knowledge, R.M. Delaney + Associates Inc. (vendor name) and its proposed subcontractors have not been and are not currently in violation of the SCC or convicted of an offence under national and other applicable laws referred to in the SCC, other than as noted in the table below (*include all violations/convictions that have occurred in the past three years as well as plans for corrective action*).

Section of SCC / title of law	Date of violation /conviction	Description of violation / conviction	Regulatory / adjudication body and document file number	Corrective action plan

I understand that a false declaration and/or lack of a corrective action plan may result in no further consideration being given to the submission of R.M. Delaney and Associates Inc. (vendor name).
