Dear Ms Tuiza:

Re: DP-2021-00184
DP-2021-00185

I am strongly opposed to the above 2 proposed Development Applications at 2 of the 4 corners of West 4th Ave & Alma Street in Kitsilano. They are both to turn existing bank and restaurant spaces into Cannabis Retail Stores, and they represent 2 of the 4 corners of this busy intersection. As a local resident, I am not in favour of the use of these prominent locations for this purpose in a family-oriented, child-friendly, residential neighbourhood.

Kitsilano is a neighbourhood which values health, fitness, family & community. City council has zoned Kitsilano with duplexes, triplexes & infill housing to address the "missing middle" in Vancouver, specifically with a view to foster a community environment for young families. Council's decisions have been successful and this is now a kid-friendly area, supporting & advocating for positive role models for children. This is a success that should be celebrated! A Cannabis retail store.....let alone 2 of them.....does not support these local community values the City was instrumental in creating, and would be a decidedly negative addition to this residential neighbourhood.

While the use of cannabis has been legalized in Canada, much is still unknown about the long term negative health effects of cannabis use, especially when inhaled. The societal impacts of increased cannabis use are even less well-understood. Parents of young children, like myself, have to navigate the raising of children with this normalizing of cannabis consumption, and its potential sale in such prominent community locations. This will have a negative impact on young children growing up in the area. Cities that adopt a more cautious approach to the sale of cannabis in their communities with less conspicuous retail outlets farther from family-oriented residential neighbourhoods will be more successful in promoting healthy lifestyle choices for their residents.

I understand that the C-2 zoning of these sites is "Conditional", such that the City can choose to permit or not permit the renovations to facilitate the introduction of these businesses to these locations. I request that the City decline these applications.

Sincerely,

Dear Mary Tuizi, Project Coordinator,

My wife and I live at s.22(1) and have owned our property for s.22(1)

With regard to the above noted DP Application, we have no objection to the establishment of a Cannabis Retail Store at that location. We are also welcome the fact that the building exterior form and character can be retained.

We are surprised to see that a similar application has been made for the retail space across the street at the south-east corner of 4th and Alma. We would prefer not to see both cannabis stores approved by the City and assume that this would not be the case.

Yours truly,

Hi Mary,

The VSB planning and facilities department has been made aware of an application for development permit (DP-2021-00184) or approval and the City of Vancouver is seeking our feedback.

The City of Vancouver is the governing authority for these uses, and the Vancouver School District supports the relative order of importance for this governing authority as the following:

1. zoning, including related guidelines, and re-zoning where appropriate
2. direct authority from Director of Planning under the Vancouver Charter to modify or interpret City By-Laws,
3. variances to regulations through the Board of Variance,
4. building permits and licensing implementation.

We appreciate your attention to this matter.

Kind regards,
Hayden

Hi Mary,

I would like to submit this as my feedback for the proposed development of 3695 West 4th ave. I believe the request is for this to be a Cannabis store, and I strongly disagree with this as an option. I realize that cannabis is legal now but that does not mean that we should be showcasing our very FEW Vancouver heritage architectural buildings as this type of retail. One would hope for something a bit classier and interesting for such a prominent location.

I am AGAINST this application.

Hi Mary Tuiza, Project Coordinator,

I am a Property Owner of s.22(1) Avenue. My name is s.22(1) We are totally against the two Cannabis Retail Stores that are proposed at 3695 West 4th and 3698 West 4th. They are very close to Bayview Elementary School. We also Remember the problems we had with the Metta Lounge Pot Shop, so please do not approve these two applications.

Hello Ms. Tuiza,

I noticed two new rezoning application boards posted in my neighbourhood at 3698 W 4th and at 3695 W 4th Ave for cannabis stores and had a couple questions about the city's bylaws.

As per city bylaws, a cannabis store cannot be within 300m of another cannabis store. Since the two buildings are directly across the street from one another, they are most definitely within 300m of one another. I'm curious how two rezoning applications can be submitted for the same intersection given the 300m rule?

Secondly, the bylaws also say that a cannabis store cannot be within 300m of a school, but Bayview Community School is within 300m of both locations. Are the applications vetted before being published to the community or is it up to the community to point this out?

Thank you for your time,

To Mary Tuiza
City of Vancouver Project Coordinator

Dear Ms. Tuiza

I am writing to you in regards to the "Notice of Development Application at 3698 and 3695 West 4th Avenue in Vancouver, BC.

DP - 2021- 01185 and DP- 2021- 00184

I was informed about the proposal of 2 Cannabis retail stores wanting to apply at these address to open up their business.

I am sending this letter as my Petition AGAINST these 2 applications.

I own a s.22(1) and have been operating in this location for the last s.22(1)

My main concerns and the reason I feel these business proposal should not be approved are the following:

Location is too close to Children's Elementary school

Location is too close to Children's playgrounds

Location is very close to the beach and this will attract more pedestrian and auto traffic to this area. People looking to purchase Cannabis and then visit the beach is doing it for recreational purposes and not for medical necessity.

Example would be the Folk Festival and other summer activities in the area.

We already have the liquor store at Jericho mall. Underage teenagers are often on the street asking pedestrian to buy them alcohol. The same would occur by having these Cannabis stores close by. This would increase the attraction to the area as an end destination of liquor store, Cannabis, and beach destination.

There are some Half way houses in the area.

4th avenue already has quite a few Cannabis stores, near by.

Why would 2 stores selling the same product be allowed to be in such close proximity.

Parking issues

Security risks and added concerns to the residents and business in the area.

Application 2021- 00185 is located in a residential area because of the apartments above this location.

There is underground parking and a laneway.

I feel this would be a perfect location for attracting organized crime groups, and addicts waiting to pick up their drugs. They would all hang out in the parking lot and in the lane.

How safe can this be for the residents of this building, neighborhood and individuals living in the area; and business in the area. ?

In the past there were problems with various brake-ins to business and homes in the area when "Metta lounge" was operating its Cannabis store on Alma street

I was made aware of many verbal attacks and uncomfortable behaviors created by addict's living in the lane area of Alma and 4th Avenue.

I am a reputable business owner and also a mother s.22(1) who have been raised in this neighborhood. I understand the challenges our youth faces on a daily basis with how readily available a variety of drugs are made to them and our general population.

As a responsible citizen and a mother I send this petition voting against these 2 Development applications.

If you require any further information from me, please do not hesitate to contact me directly at s.22(1)

Many thanks for your time and care with this matter.

Sincerely,

Dear Mary,

As an employee at s.22(1) we are **very concerned** about the Development By-Law Change to allow a Cannabis Retail Store (Pot Shop) on the Corner of 4th and Alma — **Development Application #DP-2021-00184**.

With history in the area of disarray from a former pot shop on 4th Ave, and homeless housing issues, we are very perturbed to hear about another pot shop asking for a permit to operate in the neighbourhood.

Outlined below are 6 reasons why they would be breaking City By-Law Restrictions if they were to open at 4th and Alma:

1. As per City By-laws - they would be too close to a School:

They are within 300 Meters (as the crow flies) of Bayview Elementary School and Play Ground. Which is currently being rebuilt this year (completion 2021) on the entire 3500 West 5th Avenue City Block located between Dunbar and Collingwood (only 2 blocks from 4th and Alma) This is not allowed under current City By-law Restrictions

2. As per City By-laws - they would be too close to other Pot Shops

They are both located within 300 Meters of the an existing Pot Shop - this is not allowed under current City By-law Restrictions

Point Grey Cannabis - Sells Marijuana only three and a half blocks East of Alma at 3257 West 4th Avenue

3. As per City By-laws - they would be too close to Children's Activity 'School' Centres

They would be only a couple of doors down from 2 Significant Activity Centres (Schools) for Children in the same 3600 Block of West 4th Avenue - which is not allowed under current City By-law Restrictions:

West Side Dance Studio & School
3673 West 4th Avenue, Vancouver, BC V6R 3P8
Children's Dance Classes - Night and Day 7 Days a Week
(Currently open Less hours due to Corona Virus Restrictions)

and

Bonita Arts Ceramics School
3632 West 4th Avenue, Vancouver, BC V6R 1P1
Children's Ceramics Classes and Children's Parties
Night and Day 7 Days a Week (Currently Closed Sundays)

4. As per City By-laws - they would be too close to the local Children's Playground and Park and Playing Field

McBride Park, Children's Play Ground and Playing Field (Little League, etc...) at the 3400 and 3300 Block of West 4th Avenue - located only 2 blocks away from 4th and Alma where both Blenz Coffee House and the Bank of Montreal locations are currently located (the proposed Cannabis Store Locations) Well within the 300 Meter City By-law - so, again, not allowed.

- 5, Too Close to at least 2 Half Way Houses - well within the 300 Meter City By-law

There is a Half-Way House for young abusers only a couple of blocks from 4th and Alma - Located at 1742 Alma Street & 2nd Avenue

There is another Recovery Home called 'Crossroads' located only one block away at 2046 Dunbar Street & 5th Avenue at the Corner

Both Care Facilities are well within the 300 Meter City By-law - so, again, not allowed.

6. Attracting Organized Crime to our Neighbourhood:

Despite installing Multiple layers of Security - with triple pane 'bullet proof' glass, etc - The Metta Lounge (Medical Marijuana and Cannabis Store) was broken into 9 times through the back lane (the same lane that Blenz Coffee Shop uses) all happening in the past few years while it was illegally operating within the 300 meter zone of Bayview Elementary School and right beside Bonita Arts Children's Ceramic School.

Those who live and work here are put at great risk not only because of the hard core addict junkies these businesses attract in their back lanes - breaking into local homes and business to buy their drugs... but the even more dangerous 'organized' criminals who come with their vans - breaking in late at night to steal the stuff.

The Metta Lounge with triple ply bullet proof glass was broken into 9 times.

Many of our Store fronts have had their windows smashed (including the Metta Lounge) for smash and grabs

Note: The Metta Lounge 'Karuna Medical Marijuana Shop' was recently closed down by the City because it was within the 300 Meter City By-law - Right beside Bonita Arts Children's Ceramic School, just across the Street from the West Side Dance Studio and Children's Dance School as well as Bayview Elementary School (as the crow flies) as well as McBride Park and Children's Play Ground

We strongly ask for your consideration of all these points above.

Thank you.

Hello

We are writing to you to express our concerns for the application to open a Cannabis Retail Shop at 3695 West 4th Avenue and we really hope you consider this concerns in your decision.

La Quercia and Ufficio Restaurant are located at 3687 and 3689 west 4th avenue and we Share a thin wall with the proposed application that also has a back door in the back alley close to our back door.

We opened in 2008 s.22(1)

[REDACTED] This dedication paid us with several Vancouver Magazine awards and we have been voted NR 33 on the 100 best Restaurant in Canada.

The past year due to COVID has been really hard for us and all Restaurant industry and many have permanently closed. We managed to survive working with dedication and thanks to all our regular customers and the government help that made this possible we were able to hire back most of our employees that worked with us for years and we hope we will be able to keep them in the future.

We now fear that this application will not help our business but quite the contrary also worry about possible related smells, safety issues for customer and employees, brake in to the restaurant we have a lot of wines and liquors.

We experienced in the past all kind of safety issues and crimes related to the Karuna Meta lounge Cannabis shop that despite the bullet proof glass was broken into 9 times and all of our business in the area suffered for all kind of small crimes. Me and the other business in the area do not want to give up our business that we love and we are fighting to keep open in this fantastic community.

We felt really lucky that finally karuna was recently close by the City by law and now we are really worry about the possibility to have again the same problems or worst especially considering that the application will allow the 3695 location to be open from 9am until 11pm.

While the cigarette smokers most of the time respect the regulations it

seems that the marijuana smokers do not think the rules apply to them as several time i had to go out and ask people not to smoke on the sidewalk in front of the restaurants windows as the overwhelming smell unfortunately invade the all restaurant dining rooms ruining the customers dining experience.

This is a family oriented neighbourhood with a lot of small family run business and restaurants.

-3695 there is a interact machine same building of the application)

-3673 west side Dance kids dance school

-3632 Bonita a children ceramic school

-Jericho liquor store across the street

-3500 w 5th Bayview Elementary School

-3300-3400w 4th Mc Bride Park Children Playground and playing field (little league)

-3 bus stops on the Corner 4th and alma.

-The beech just few steps away

-Vancouver Royal Yacht Club

-Tennis Club

To be Considered that in this area there are also 2 locations that host and help people with problems and

there there are already few Marijuana shops in the area near by.

Thank you for considering those concerns and for taking the time to read it.

Hi Mary,

DP-2021-00184
DP-2021-00185

I'm contacting you regarding the 2 notice of DA for these two store fronts. I was surprised to see that both applications are for Cannabis retail. Recently, another Cannabis store located half way down the block was forced to close because of a licensing problem due to being too close to Bayview school. If these 2 locations have achieved the distance threshold, it must be by only a few meters.

I actually do feel bad voicing my concerns against someone's business plan. I like to be supportive of all local entrepreneurs, but in this case, I will voice my concerns based on the following.

1) I don't see any positive in having Cannabis retail stores so close to children attending an elementary school.

2) I don't see any neighbourhood / community building by adding these stores to the retail landscape.

If we have a desire to encourage a liveable and enjoyable retail district, to support the the diverse neighbourhood, which has many children.....I think there's a better alternative, then approving these 2 applications.

Regards,

Dear Ms. Tuiza,

I write to write in **strong opposition** to Development Application No DP-2021-00184 for the proposed change of use from Office – Financial Institution to Cannabis Retail Store at 3695 West 4th Avenue in Vancouver.

The proposed location is far too close to a number of local elementary schools in particular Bayview Community Elementary, as well as parks, children's playgrounds, and facilities visited daily by children such as the Point Grey Community Centre, various branches of the Vancouver Public Library, and the beachfront area of Kits and Spanish Banks.

Children pass this location every day, and for that reason I find it inappropriate and unnecessary for further cannabis developments at this particular location.

In short, the proposed development does nothing to support the needs or goals of the local community and strikes me as solely benefitting the Jima Retail Corp financially.

How does this benefit our community and city?

What does another Cannabis Retail Store contribute to making Vancouver a vibrant community and liveable city?

Yours respectfully,

Hello,

I would like to know how I can register my very strong objection to both of those properties being considered for change of use to house Cannabis Retail Stores. Can you imagine having not one but two cannabis stores three blocks from your home! Given that we already have ample vaping and cannabis stores in the area, 2083 Alma, 3662 West 4th, 2750 West Broadway, 2440 Granville St, 4419 West 10th, and on and on it goes. Why do we need another, never mind two!!!!!!

A reply would be appreciated.

Dear Ms. Tuiza,

I am writing in response to the Notice of Development Application for 3695 West 4th Ave (DP-2021-00184). The notice invited written comments regarding this proposed development application by March 24, 2021. Unfortunately, we did not received this notice until now, so I'm hoping that our comments will still be taken into account.

My husband and I purchased an apartment at s.22(1) We are currently s.22(1)

We believe that the Cannabis Retail Store that is being proposed in place of the Bank of Montreal business that formerly occupied this site will downgrade the level of safety in the neighbourhood, which is of great concern to us in terms of the safety of our children. Both the nature of the business, the clientele it would draw and the extended hours of operation decrease the safety in the neighbouring blocks and is certainly not a service that is helpful or desirable. Had this business been in place when we bought, s.22(1) we may not have proceeded with the purchase.

Currently this neighbourhood is quite lovely, with two grocery stores nearby, local eateries and a book store – a very nice place for young students to live. We believe that this business will significantly affect the safety and demographics of the neighbourhood, in a very negative way. We ask that you deny this application and preserve the positive and safe nature of the existing neighbourhood. If you have any questions or would like to discuss further, please contact me at s.22(1) or my husband at s.22(1)

Sincerely,

As you will note, you and the city iare allowing redevelopment applications to proceed for two cannabis stores facing each other at the prime retail location of 4th and Alma. Would you allow two liquor stores to do this?

We are already facing a dearth of community friendly establishments due to Covid. To allow two , or even one pedestrian and family friendly storefront on a major corner in a formally vibrant community to be used as a closed darkened shop for cannabis is against all that Vancouver stood for.

This must be fought.

Just one more battle against incomprehensible city "planning".

Subject: [EXT] Marijuana Stores

City of Vancouver security warning: Do not click on links or open attachments unless you were expecting the email and know the content is safe.

Dear Mary Tuiza,

I am writing in answer to your request for community input into the request for two marijuana stores in our neighbourhood.

I would rather have NO MARIJUANA STORES in the neighbourhood and would be appalled if we suddenly had two. Having spent many years hearing the government ads telling us to ›Say no to drugs!œ, it would be hard to reconcile myself to having two corners at our local main intersection used by pot shops, which are not conducive to making this a more family friendly area.

I believe that both locations are too close to the local school. It is only 500 metres away from the elementary school.

If you look at a map showing local marijuana stores there are already many of them along fourth.

Marijuana stores can cause problems for the local stores. I am aware of a local hairdressing salon that was bothered by the smell of marijuana coming from the store next door. The building should not share ventilation with surrounding stores or residences.

I feel that the location at 3698 West 4th is MORE of a PROBLEM as it could affect the other residents of the building. They should not have to have homes above a facility selling drugs. It would be hard for families to explain to their children. It also seems a shame to change the corner cafe into a marijuana shop. It has been a place where the locals could gather for drinks or a light meal, but has been forced to close due to Covid. It would be of much more use to the community as a cafe. It has windows on two sides with room for tables outside. Pre-Covid, it was always a busy place. We have already lost enough to Covid, we do not want to allow the marijuana dealers to take advantage of the plight of local cafe owners.

The bank building would affect fewer people. However, I would feel very sorry for the

restaurant next door which has built up an excellent reputation through the years. Having a marijuana store next door would not help.

I AM STRONGLY OPPOSED to allowing the store to stay open until MIDNIGHT. It should have to close at NINE at the latest. Liquor stores have to close at nine. We do not need people hanging around near our homes late at night shopping for drugs. This is a quiet residential area.

I would vote NO for both if I could.

Sincerely,

City of Vancouver security warning: Do not click on links or open attachments unless you were expecting the email and know the content is safe.

Dear Ms. Tuiza:

**Re: Notice of Development Application
3695 W. 4th Avenue [DP-2021-00184 (March 10, 2021)]**

We are writing to express our strong opposition to the development application from Jima Retail Corp. to change the existing use of the site from Office – Financial Institution to Cannabis Retail Store.

As s.22(1) from the proposed site of the Cannabis Retail Store, we do not want to be constantly exposed to the distinct and unpleasant odour of marijuana. We also expect that the siting of a Cannabis Retail Store across the street from our building will attract recreational users who will not only create an unsafe environment for local residents (including young children), but also disrupt the privacy of local residents by loitering, and drive business away from other local retail stores. Residents in our building will be unable to open their windows or enjoy their balconies due to the marijuana stench and smoke. The presence of a Cannabis Retail Store in a former bank building with such long opening hours will also create unavoidable noise pollution throughout the day. People have varying work and sleep schedules, and siting a retail cannabis shop directly across the street from our building will only disrupt people trying to work, rest, study, and spend time with their families. In addition, the proposed location is not far from Jericho Beach Park. The siting of a Cannabis Retail Store at 3695 W. 4th Avenue will no doubt create safety and nuisance issues for local residents and park users.

We also strongly object to the proposed opening hours. This is a residential area and having late night foot traffic, crowds gathering, and the noise and odour issues associated with the Cannabis Retail Store will cause a nuisance late into the night. There is no need for a Cannabis Retail Store to be open until 11 pm, especially when all the other shops in the area will be closed. Allowing this type of store to stay open until 11 pm will only encourage loitering, vandalism and other petty crimes as there is little foot traffic in the area at that time of day.

We favour a diverse mix of retail businesses in our neighbourhood, not one that attracts recreational cannabis users who will create a nuisance and make residents feel unsafe. The development of inviting, healthy and safe neighbourhoods depends on living spaces that are welcoming and safe for all ages. Allowing a Cannabis Retail Store to occupy a former bank building is also inconsistent with the heritage of the building and the integrity of the

neighbourhood.

Thank you for your time and consideration of our comments.

Hi Mary,

I hop you are having a great day.

I'm writing to express my 100% opposition to a Cannabis Retail Store being at the corner of 4th and Alma. This only works to promote the use of drugs by making it a flagship shop at a corner where a lot of kids and beach goers go to get pizza, groceries, snacks etc. There is also a school just 2 blocks away (Bayview Elementary School). Not only is the location crazy but having it open until 11pm in a very residential area is also excessive. These stores should be located in discreet locations not flagship locations on corners.

In addition, these stores generally have frosted windows and are only accessible to adults which makes them unappealing visually especially as a corner location in a highly visible area.... this is absolutely not the right location for such a store. This needs to be addressed immediately. A neighborhood friendly business should be put in that location.

Feel free to call me to discuss if required. Everyone I have talked to about this is shocked by this suggested location.

Dear Ms Tuiza:

I am ***strongly opposed*** to the proposed Development Application for 3695 West 4th Ave: DP- 2021- 00184: to convert the current space into a Cannabis Retail Store. As a local resident, this is a very negative use of this beautiful building, which is prominently located on a busy corner in a family-oriented, child-friendly, residential neighbourhood.

Kitsilano is a neighbourhood which values health, fitness, family & community. As you know, city council has zoned Kitsilano with duplexes, triplexes & infill housing to address the "missing middle" in Vancouver, specifically with a view to foster a community environment for young families. Council's decisions have been successful and this is now a kid-friendly area, supporting & advocating for positive role models for children. A Cannabis retail store does not support the local community values and would be a very negative addition to this residential neighbourhood.

While the use of cannabis has been legalized in Canada, much is still unknown about the longterm negative health effects of cannabis use, especially when inhaled. The societal impacts of increased cannabis use are even less well-understood. As a s.22(1) I am extremely concerned about normalizing the sale of cannabis in such prominent community locations. This will have a very negative impact on young children growing up in the area. Cities that adopt a more cautious approach to the sale of cannabis in their communities with less conspicuous retail outlets farther from family-oriented residential neighbourhoods will be more successful in promoting

healthy lifestyle choices for their residents.

The proximity of a Cannabis Retail location close to a University & on a main route to UBC is also concerning to me. This would be a very short-sighted city plan with a tremendous negative impact on the health & well-being of adolescents and young adults in the community.

The close proximity of this location to nearby beaches & parks, which are designated as non-smoking areas in the City of Vancouver, also seems to be very ill-advised.

I would ask that you seek & consider much more public feedback, along with researching the negative impacts of a cannabis retail store in this predominantly family-oriented, residential neighbourhood before proceeding with this or similar applications.

Sincerely,

Dear Ms. Tuiza,

I write in **strong opposition** to Development Application No DP-2021-00184 for the proposed change of use from Office ☐ Financial Institution to Cannabis Retail Store at 3695 West 4th Avenue in Vancouver.

The proposed location is far too close to a number of local elementary schools in particular Bayview Community Elementary, as well as parks, children's playgrounds, and facilities visited daily by children such as the Point Grey Community Centre, various branches of the Vancouver Public Library, and the beachfront area of Kits and Spanish Banks.

Children pass this location every day, and for that reason I find it inappropriate and unnecessary for further cannabis developments at this particular location. There are already several cannabis outlets in close walking distance so another one seem plainly inappropriate.

In short, the proposed development does nothing to support the needs or goals of the local community and strikes me as solely benefitting the Jima Retail Corp financially.

How does this benefit our community and city?

What does another Cannabis Retail Store contribute to making Vancouver a vibrant community and liveable city?

Yours respectfully,

1. Why does city allow so many Cannabis stores? Especially in Kitsilano, there have been 3 more Cannabis stores existed
2. These two locations are close to Education institutes, ie, UBC.
3. Shall we need to have TWO Cannabis retail stores in one block?

Q1. Your comments:

I do not think a cannabis store should be allowed to open in the centre of this Point Grey residential neighbourhood. Having experienced the detrimental effects of having cannabis and alcohol readily available throughout my time spent attending s.22(1) and living in the area, where drug and alcohol stores are allowed to sell their products must be more regulated. The damaging effects cannabis has on the mental development of all humans, especially young adults, should make the opening of such a store unjustifiable in this family-oriented region of Vancouver. Many people in the area are already opposed to the BC liquor store in the region and the development of a cannabis store would not help to develop and sustain an intelligent, responsible community and environment. Q1. Your comments:

Dear Mary, The area already have many Cannabis Stores, there are over 10 stores within 2km circle. It is concerning to see two new Cannabis store right around the corner pop up at the same time. The area don't need two new Cannabis stores, we need more diversity of business rather than a concentration of Cannabis store on 4th Ave. There are many students, kids and elderly people living in the area, the addition of more Cannabis store would negatively affect the neighborhood. Hope you can understand our worries and decline the application. Thank you, s.22(1)

Q1. Your comments:

I disapprove of the cannabis rezoning application at 3698 W 4th Ave. Primarily, the proposed store is within 300m of another application across the street at 3698 W 4th Ave, and is within 300m of Bayview Community School. Additionally, I don't see how adding more cannabis stores in the city fits in with the City's goals and priorities. While I support the former bank being rezoned to allow for alternative commercial uses, I fail to see how yet another cannabis store to West Kits, which already has 6 cannabis stores between Alma and Macdonald, adds vibrancy to the community.

Q1. Your comments:

Our area s.22(1) is not a suitable place to have a cannabis store for the following reasons: 1- It is a major hub for bus services to University, downtown, Jericho Park with a lot of young travelers who would be exposed to the cannabis store while waiting for the various buses. 2- There are multiple shops (restaurants, groceries, alcohol and wines, dance school for youngsters etc.) which means a lot of car traffic and walkers. Cannabis stores should be located in less crowded areas to minimize exposure to potentially interested clients. 3- The residents in the area would suffer from the increased circulation of people in an already very busy area. 4- There is a close by school (under reconstruction at the present time). 5. There is no place for outside line-up to enter a cannabis store without interfering with entry into the many commercial shops and residences.

Q1. Your comments:

The sale of behaviour altering drugs should not occur in a residential area. Alternatively, if they are, sale should stop at 5 PM.. It is not similar to a liquor store where the purchaser of alcohol cannot consume it on the street outside the store. Marijuana can be smoked on the streets and sidewalks of the residential area at all hours. Vancouver city police and RCMP have data which shows that persons needing money to buy drugs will commit break and enter thefts.

Q1. Your comments:

I generally do not support cannabis stores being on high profile busy corners, as they attract a lot of attention and become landmarks of the surrounding community. I am mixed on this application. I do believe thought that it is more appropriate than the application across the street at 3698 W 4th ave. I believe it is more appropriate for the following reasons: -not next to a bus stop -further away from the school -further away from the mental health community house - much smaller windows, more discrete building frontage -a much smaller more discrete entrance to the store -though the store is larger inside than 3698, on the exterior it is much less impactful, and calls for far less attention.

Q1. Your comments:

We are opposed. This corner is a community hub for families in the area. The Jericho village across the street houses numerous tutoring and other educational businesses frequented by elementary children. Next door to this location, the strip mall houses a dance school for small children. There is a major transit hub bus stop across the street at 4th/Alma. Cannabis retail should not be featured on this dominant corner which sets the tone for the neighbourhood.

Q1. Your comments:

The VSB planning and facilities department has been made aware of an application for development permit (DP-2021-00184) or approval and the City of Vancouver is seeking our feedback. The City of Vancouver is the governing authority for these uses, and the Vancouver School District supports the relative order of importance for this governing authority as the following: 1. zoning, including related guidelines, and re-zoning where appropriate 2. direct authority from Director of Planning under the Vancouver Charter to modify or interpret City By-Laws, 3. variances to regulations through the Board of Variance, 4. building permits and licensing implementation. We appreciate your attention to this matter. Kind regards, Hayden

Q1. Your comments:

We are a family who live s.22(1) from this location. We have enjoyed having a family friendly coffee shop in this Retail space for the past several years. With many children in the immediate neighborhood, and an elementary school just two blocks away, a cannabis shop in such a visual location at the corner of this busy intersection would not serve our neighbourhood well. We hope that the city will take into account that this location in between schools, parks, and the beach should provide an opportunity for a business that people of any age in this community can enjoy. Note that I wouldn't be opposed if the same business were opening in a smaller retail space or not on such a visible corner.

Q1. Your comments:

It seems that far too many cannabis retail stores in Kits, including those that have performed interior alterations, quickly go out of business. From an environmental point of view it's irresponsible to allow vast amounts of resources to be poured into businesses that often quickly go to waste due to an oversaturated market. Cannabis stores are inherently unattractive and to have one located at the corner of a busy intersection will be a real eye sore.

Q1. Your comments:

The building in subject is such a beautiful building and at an intersection that would be better served by a business that would attract foot traffic and activity. There are so many cannabis stores within a 2km radius already. I am not opposed to having a cannabis store but do not put them on important corners (and in beautiful buildings) and nodes that would be served better by having thriving activity eg. coffee shops, restaurants, bakeries, etc. - businesses that would cater for the many families that live in the area so that we can continue to keep our neighborhoods vibrant.

RE: Cannabis Retail Application at 3695 West 4th Avenue (DP 2021-00184)

Dear Business Owner,

Jima Cannabis has applied for a Development Permit (DP 2021-00184) at 3695 West 4th Avenue. The application will be going in front of the Board of Variance and we are garnering business support from the neighborhood. Our team consists of long-time business owners from throughout Vancouver and are residents of the West Point Grey and Kitsilano area. We feel strongly about preserving the integrity of the community while helping to support other businesses in the area. As Vancouver recovers from the effects of the COVID-19 pandemic and moves towards being a city of "walkable neighbourhoods" we believe a legal retail cannabis store at this location will be a benefit to both residents and businesses along 4th Avenue and westward through Point Grey.

We have been approved for other locations throughout the province and take pride in Jima stores being managed professionally and held responsible for legal terms and conditions. Our location will also host offices for our Store Support Centre, providing employment for additional team members, as well as space for community outreach meetings. We would greatly value your support and look forward to being your neighbour.

By signing below, you support our Retail Cannabis Application at 3695 West 4th Avenue.

Jima Retail Corp. – Retail Cannabis Store Development Permit Application – 3695 W 4th Ave
DP2021-00184

I'm writing today in support of Jima's proposed retail location at 3695 W 4th Ave. As a resident of the community I have a vested interest in ensuring that cannabis is sold responsibly through licensed retail outlets.

Evidence from states and countries that have legalized or decriminalized cannabis (including Canada) clearly shows that legal cannabis retail does not negatively impact the community; in fact, it can improve community wellbeing by increasing public awareness, reducing illegal activity, and providing a quality-assured supply of cannabis products.

Unlike illicit black-market operations, Jima will be accountable to its customers, its shareholders, the communities it serves, and to municipal, provincial, and federal authorities. Jima is also operated by an experienced senior management team; with this in mind, I have no doubt that Jima will operate with complete integrity and transparency, and that they will be a good neighbour and a positive influence on the surrounding community.

In closing, I'd like to thank you for taking the time to consider my comments. We support Jima's retail cannabis application through all the required steps including the Development Permit, Board of Variance and BCLCR public notification.

Sincerely,

Evidence from states and countries that have legalized or decriminalized cannabis (including Canada) clearly shows that legal cannabis retail does not negatively impact the community; in fact, it can improve community wellbeing by increasing public awareness, reducing illegal activity, and providing a quality-assured supply of cannabis products.

Unlike illicit black-market operations, Jima will be accountable to its customers, its shareholders, the communities it serves, and to municipal, provincial, and federal authorities. Jima is also operated by an experienced senior management team; with this in mind, I have no doubt that Jima will operate with complete integrity and transparency, and that they will be a good neighbour and a positive influence on the surrounding community.

In closing, I'd like to thank you for taking the time to consider my comments. We support Jima's retail cannabis application through all the required steps including the Development Permit, Board of Variance and BCLCR public notification.

Sincerely,
