Dear<sup>s.22(1)</sup>

Re: Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")

I am responding to your request of March 4, 2022 under the *Freedom of Information and Protection of Privacy Act, (the Act),* for:

Records of Councillors Rebecca Bligh, Lisa Dominato, and Sarah Kirby-Yung regarding the 2022 Speaking of Vancouver townhall event, specifically:

- 1. Correspondence containing questions to be answered by panellists;
- 2. Results of surveys held during the event; and

3. Questions for panellists that were unanswered at the conclusion of the event. Date range: March 1 to 3, 2022.

All responsive records are attached. Some information in the records has been severed, (blacked out), under s.22(1) of the Act. You can read or download this section here: <a href="http://www.bclaws.ca/EPLibraries/bclaws\_new/document/ID/freeside/96165\_00">http://www.bclaws.ca/EPLibraries/bclaws\_new/document/ID/freeside/96165\_00</a>

Under section 52 of the Act, and within 30 business days of receipt of this letter, you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your FOI request by writing to: Office of the Information & Privacy Commissioner, info@oipc.bc.ca or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number (#04-1000-20-2022-110); 2) a copy of this letter; 3) a copy of your original request; and 4) detailed reasons why you are seeking the review.

Yours truly,

Kevin Tuerlings, FOI Case Manager, for

#### DRAFT MODERATOR SCRIPT SPEAKING OF VANCOUVER: PUBLIC SAFETY FORUM 4:00 PM – 6:00 PM, Thursday, March 3, 2022

Good afternoon, and welcome to this open public forum on public safety in Vancouver.

I'm Ria Renouf, and it's my pleasure to be your moderator this afternoon.

Before we get started I would like to acknowledge that this forum is taking place on the traditional and unceded lands of the Squamish, Musqueam and Tsleil-Waututh First Nations.

This afternoon's public forum is the first in series called SPEAKING OF VANCOUVER, and public safety seemed a very good place to start.

The series is a chance for Vancouverites to speak up and speak out about issues that are important to them and their city.

SPEAKING OF VANCOUVER was created by Councillors Rebecca Bligh ... Lisa Dominato ... and Sarah Kirby-Yung. You're going to hear from them in a moment, but before we get underway, there are a couple of important housekeeping items.

I want to encourage your active participation this afternoon, we really want to hear from as many of you as possible.

And I know there will be some very different perspectives, but I want to make sure our questions and answers and conversations are always respectful and polite.

Aggressive or abusive language has no place here this afternoon and will not be tolerated.

When we get to your questions there are two ways for you to participate.

You can type in your question by clicking on the **Q&A** button located in your Zoom toolbar.

Or, if you want to be seen and heard this afternoon, simply click the **Raise Your Hand** icon from the Zoom toolbar. When it is your turn to ask your question, I will prompt you to unmute your mic.

In order to take as many questions as possible, we're giving everyone one minute to make a brief comment and ask a question. So please be mindful of this time limit.

There will also be a handful of polling questions that you can participate in, and when those appear on your screen we'll provide direction on how to participate.

We are also recording this event so that it can be posted on the Speaking of Vancouver website, where it be will be available to those who couldn't join us today. Right now, I want to introduce the three city councillors who created the Speaking of Vancouver series, and who are your hosts this afternoon.

And I'm going to ask them to share their perspectives right now, starting with COUNCILLOR REBECCA BLIGH.

COUNCILLOR BLIGH SPEAKS

Thank you Rebecca.

Next, I would like to introduce COUNCILLOR LISA DOMINATO.

COUNCILLOR DOMINATO SPEAKS.

Thank you, Rebecca.

And finally, COUNCILLOR SARAH KIRBY-YUNG. COUNCILLOR YUNG SPEAKS.

Thank you Sarah.

We're also pleased to have three excellent panelists with us today.

Their unique perspectives will be a terrific resource this afternoon, and I'd like to introduce them now and give them a couple of minutes to share their thoughts on this important issue.

First up, DEPUTY CHIEF CONSTABLE HOWARD CHOW of the Vancouver police department.

CHOW SPEAKS

Thank you, Howard.

Next is NOLAN MARSHALL THE PRESIDENT AND CEO OF THE DOWNTOWN VANCOUVER BUSINESS IMPROVEMENT ASSOCIATION.

MARSHALL SPEAKS.

Thank you, Nolan.

And our third panelist, GUY FELICELLA, A HARM REDUCTION AND RECOCOVERY ADVOCATE WITH A COMPELLING PERSONAL STORY.

Thank you, Guy.

Now as we get started, I'd like to invite you to participate in a poll of those who are joining us this afternoon.

You should see the poll question on your screen. Please select your best answer from the available options.

We'll give everyone a minute and then we can share the results.

# (THE POLL AND ITS RESULTS ARE INSTANT. MODERATOR SHOULD COMMENT ON THE RESULTS.)

And now we want to hear from you. You can type in a question, or raise your hand and we'll help you unmute your screen.

You can direct your comments and question to any of the panelists or any of the councillors.

And depending on the question I may also ask other councillors or panelists to join the conversation.

So, let's get started.

(Jordan and Ria select the questions. After two or three questions, bring up another poll slide.)

#### QUESTIONS FOR COUNCILLORS AND/OR PANELISTS SPEAKING OF VANCOUVER: PUBLIC SAFETY FORUM 4:00 PM – 6:00 PM, Thursday, March 3, 2022

- HAS YOUR SENSE OF PERSONAL SAFETY CHANGED IN THE LAST FEW WEEKS AND MONTHS?
- THIS SPIKE IN VIOLENT CRIME AND STRANGER ASSAULTS IS TROUBLING, WHAT DO YOU THINK IS DRIVING THIS INCRESE?
- DO THESE ATTACKS AND ASSAULTS HAVE SOMETHING OR ANYTHING IN COMMON—A PARTICULAR PLACE, A PARTICULAR TIME OF DAY, OR A PARTICULAR TYPE OF VICTIM?
- DO WE HAVE ENOUGH POLICE OFFICERS TO DO THE JOB THAT'S BEING ASKED OF THEM, AND SHOULD WE BE LOOKING AT DIFFERENT WAYS TO DEPLOY THEM, FOR INSTANCE MORE FOOT PATROLS?
- THESE DAYS, HOW MUCH TIME IS SPENT RESPONDING TO CRIMES VS. RESPONDING TO SOCIAL ISSUES?
- WHAT ROLES SHOULD THE PROVINCE AND FEDERAL GOVERNMENT PLAY IN RESPONDING TO THE ESCALATING PUBLIC SAFETY CONCERNS?
- WHAT ARE SOME SOLUTIONS TO THIS RISE IN CRIME?
- SO MANY OF THE PEOPLE COMMITTING THESE ATTACKS APPEAR TO HAVE SERIOUS MENTAL HEALTH AND ADDICTION ISSUES. WHAT SORT OF TREATMENT SHOULD CITY COUNCIL CHAMPION TO SUPPORT PEOPLE?
- WHAT ROLE OR WHAT DIRECTION SHOULD THERE BE FROM THE POLICE BOARD GOING FORWARD?
- PEOPLE TALK ABOUT THE PENDDULUM SWINGING TOO FAR ONE WAY OR THE OTHER. AS A COMMUNITY DO YOU FEEL THE PENDULUM HAS TIPPED THINGS TODAY ONE WAY OR THE OTHER?

1 Hi Everyone - good to be here.	s.22(1)	s.22(1)	
Is it true that more than 4 hours was spent yesterday by council to discuss 25c cup fee, and 0 hours on public safety??? This is an excellent forum, why is the mayor not a participant today? Are the three of you councillors all on the same slate? Please do not make this a partisan session the transition 2 back from Covid ghost town is critical, and public safety is just as important as the Covid health safety. Thx How can we best influence the Council Members who are in favor of this proposed Public housing 15 Story Tower? Isn't this an election year? Perhaps 3 we should wait until after the election to consider this issue.	s.22(1) s.22(1)	s.22(1)	live answered
Advocates for the homeless estimate that at least 50% of homeless individuals in Vancouver suffer from mental health issues. This means that half of the homeless who are placed in supportive housing have mental health issues. A VPD representative stated this week that 85% of police calls regarding mentally ill individuals involve violence, danger, or criminality. The City is building supportive housing in residential neighbourhoods across Vancouver. 4 What concrete steps is City Council taking to protect constituents living near supportive housing projects? Will you also talk about drugs today, it is common sentiment tht the open tolerance of hard drug use in the city has lead to this lack of public safety. 5 Drugs are of course not all the same, is meth use on the increase?	and the second sec	5.22(1)	live answered

7 I have a comment (and then a question) about the proposed 14 storeys low barrier housing project on Arbutus and 7th. In live in Kits. BC Housing is pushing a 140 unit low barrier project for people w/ mental health + substance use issues right across from 500 kids at a preschool, elementary school and kids park. There's almost no clinical care proposed on site or in the neighbourhood. I can't imagine how the operator could ever provide enough supports for 140 people w/complex issues, which is why BCH's guidelines call for supportive housing of 40-50 units. Do you	s.22(1)	s.22(1)	turn.
<ul> <li>8 think this project will succeed? I am scared</li> <li>I believe the way it is proposed now at that scale, will decrease safety in the Kitsilano neighbourhood, without sufficient and adequate support infrastructure at the project. Also, the amount of consultation and community stakeholder alignment is almost non-existent. Therefore, my question is 9 why the rush and can more analysis and alignment with the Kits community be done on the project?</li> <li>10 Beside hiring more police officers, what are the things VPD needs to keep us safer?</li> </ul>	s.22(1) s.22(1) s.22(1)	s.22(1) s.22(1) s.22(1)	live answered
I am a <b>S.22(1)</b> Since the pandemic, I have witnessed an assault and have reported a B&E in my building. I live in Coa Harbour. There are people living in tents in the grounds outside of my neighbour's building, in Stanley Park, in the Bayshore Lands, etc. I am very concerned for my own safety, as well as the care and safety of people left to wander our streets who are obviously in need of care. <b>S.22(1)</b> <b>S.22(1)</b> so why are the people who are actually dangerous allowed to run amok? I cannot run, and am afraid for my safety. My <b>S.22(1)</b> Two of my coworkers have been attacked randomly on the street (one punched in the head, one stabbed with a needle). Are there any plans to Section 7 violent, mentally unstable people who are in need of care? It is so tragic to see them in self-neglect, in psychosis, etc. I think they should be Section 7'd so that they can get the care that they are obviously incapable of 11 deciding for themselves. I want to ask DC Chow what he knows about the problems and issues at 215 West 2nd Avenue. What is the plan to deal with the serious negative impact 21 this building has on the surrounding neighbourhood. 23 first questions could have more than one answer. violence, feces, broken windows, and graffiti have now become an everyday occurrence. I ride the Hastings bus and walk nearly daily and over time have watched the Hastings, Pender, and Main Street areas become progressively worse. I do see the police in the area but I never see the Mayor or counsellor in these areas. The more we allow these psychotic behaviours to remain unchecked, the more society will deteriorate. On Monday I watched the addicts selling their prescription meds to others to mix and smoke or shoot. Defunding the police is certainly not a wise choice. Constantly pandering to liberal progressive notions will backfire as they have been for many years. De-criminalizing and handing out clean drugs, as some on counsel have done, has also 16 not been working. It is time to adopt a model of containment and control. Thank you The broad question is a tough one, I don't feel concern for my personal safety in my own neighbourhood but there are places I don't go or let my	s Anonymous Attendee	- 22/4

- 17 daughter go anymore. 18 make a person uncomfortable to go shopping downtown now.
- 19 I now go to West Vans Park Royal to shop
- 20 Today the Mayor said that the police had all the funding they need is that true?

Hello Councillors and DCC Chow (good to see everyone again). My name is 5.22(1) It's an honour to be here. s 22(1)

Friends, I have 3 brothers: <a>S.22(1)</a> All three have been attacked on the downtown east side by folks likely suffering with a mental illness.

Two of them were violently attacked last Halloween by someone with a glass bottle which required one of them going to the hospital, and another one was threatened with a knife while on his bus route home.

- s.22(1) 21 Politics and ideology aside, there IS a public safety crisis. What can the public do today for us to be safer from violence and assaults on our streets? In the 15 Story Proposed Public Housing project to be built on Arbutus Avenue @ 7/8th Avenues, there will be no Mental Health or addiction treatments on site. The hardest to house will be placed here. It's shadow will fall across the 400 young students at St. Augustine School, the Todler's Park, plus all of the neighbors in our neighborhood. It seems like no thought has been given to the impact on the community or the well being of the "residents" or of s.22(1)
- 22 the possible danger brought to the community.

For Councillors. What accountability/responsibility do you think Council has in due diligence for decsions on locations on Supportive/OPS, and there is an

23 obligation for them to consult/listen broader groups like community, VPD etc vs just staff reports and advocates?

24 To Howard Chow

25 and I would prefer to spend downtown shopping but again, too uncomortable too. Why cant this be improved?

The 140-unit project that Marilyn raised is directly beside the Arbutus Greenway, which is a cherished amenity in Vancouver. How do you propose to keep users of the Arbutus Greenway, which includes the elderly and women with small children, safe from stranger attacks? The Greenway is secluded,

Comment: When I hear you all say supportive housing or complex care, it seems to be about move people into housing and then into jobs I would like to understand what is meant by supportive housing from your perspective. From what I understand it is gives people choice and that includes the right to		
choose to have a home and NOT stop using. What I am hearing today is the goal is to move people into housing and then into jobs without really dealing 0 with issues. Some people will never be ready to get more supports and we have to really understand this.	Anonymous Attendee

I would like to thank the three councillors for organizing this event. I represent Hospitality Vancouver Association and my members feel that the city is much less safe than it was only a few years ago, and we believe that the solution is two-fold, support services but it's also about having police officers on the streets. I would like to ask Deputy Chief Chow how we get a more visible presence of police officers on the streets of downtown and I would like to

The let out of bars on Saturday night has never bothered me. Or crowds walking back and forth from events at Rogers or BC Place. No issue. But the number of people with SIGNIFICANT substance abuse and mental health concerns is very concerning. Would a cleaner city lead to a culture of safety? We have a grafitti issue and property damages leading to wood over windows which darkens sidewalks (both in front of residential and businesses). Sidewalks and laneways are littered and dirty. What initiatives are the City working on to improve this? Our communities, BIAs and social organizations can work together. What can be done about areas like Citygate in the 1100 Main St area that is continuously being targetted by vandals and graffiti. No tenants anymore, insurance is too high to fix the mess and nobody wants to go there anymore. We have been asking for help for years but nothing much changes. I have been living in Strathcona <b>5.22(1)</b> In that time I have seen the area, including Chinatown, deteriorate. Psychosis, drug addled behaviour, violence, feces, broken windows, and graffiti have now become an everyday occurrence. I ride the Hastings bus and walk nearly daily and over time have watched the Hastings, Pender, and Main Street areas become progressively worse. I do see the police in the area but I never see the Mayor or counsello in these areas. The more we allow these psychotic behaviours to remain unchecked, the more society will deteriorate. On Monday I watched the addicts selling their prescription meds to others to mix and smoke or shoot. Defunding the police is certainly not a wise choice. Constantly pandering to liberal progressive notions will backfire as they have been for many years. De-criminalizing and handing out clean drugs, as some on counsel have done, has als	s

As a follow up to the previous question:

Another community concern we have herd is related to the increase increase in Anti-Asian Hate Crimes.

The VPD and city have made a lot of investments in addressing this issue, however, we still are seeing attacks on transit, in malls, and online.

- 134 Does the city have an update action plan for addressing this challenge?
- 135 Could Guy please repeat rthe information about the festival? Time, place, etc.
- Open drug use is becoming an increasing concern, including in places like around the Yaletown OPS and Marguerite Ford. How is this issue being dealt 136 with?
- I understand over \$1 million is spent on the DTES each day When are the authorities going to do an audit and look at the outcomes. Where is the 137 accountablity for these organizations
- There was a lot of comments from the Violence Against Women sector that once things open up as the Pandemic changes, sexual assaults would increase. What did the police do to prepare of this increase? What resources have been put into place, what kind of relationships have been built with 138 Violence Against women groups and how is this informing police actions?
- btw I've also taken the safety webinar by female VPD helpful but doesn't prevent the random attacks we need to speak about the gap Mr Chow is 139 talking about - for the repeat offenders with hundreds of offences
- 140 Was the Mayor invited to be a panelist?
- I live in Gastown. I was attacked last weekend and police came immediately. I strongly agree there should be more police presence. I was lucky because of timing and location but I do believe more police would save lives.
- 141 Do you think Dr. Bonny Henry's mask mandate has contributed to violent crimes because people can now 'hide behind a mask'?
- I'm distressed by the general lack of attention to Gastown. For Starters. The bricksidewalks are dilapidated and are haphazardly patched with pavement 142 in lew of proper repair. Sanitary disposal is grossly inadequate.
- s.22(1) Crime, random stabbings, with the lack of proper wrap around services, why is the city and BC Housing wanting to bring this failed model to arbutus and 143 7th/8th? s.22(1)
- 144 how do we ask Vancouver coastal health to step up?
- s.22(1) Hello, I'm wondering if there is any viable connection between the recent increase of stranger assaults and coping with covid for so long i.e. patience has s.22(1) 145 worn thin.
- without the proper wrap-around services, this Arbutus project will bring a 600% rise in crime to the area. this project needs to be rejected until this 146 failed model can be corrected.
- s.22(1) the city has a chance to stop this new crime coming to arbutus and 7th. say no. bring a family friendly model, single mothers, fathers with children. a safe s.22(1) 147 home for everyone
- s.22(1) I mean that I literally cannot run. I'm not afraid to jog. s.22(1) Therefore cannot run 148 away if someone attacks me. Anonymous Attendee
- Would like to have heard more about what particular drugs are escalating. We all know about safe supply and heroin/ fentanyl, but what about the 149 other ones? Why is violence on the surge, and is it or not non fentanyl related
- 150 Why are children not considered the cities most vulnerable?
- 151 Thank you Councillors and panelists for an important and informative session Bill Tieleman
- 152 Can we see how \$ are spent in each neighbourhood? Thank you.
- Feel the pitch for Safe Supply did not joint the dots to Public Safety. I get there is safety and preservation of life , and not an ovedose death which I
- understand and support. By how would that stop the person under the influence of attacking a person on the street? Does safe drugs stop people under 153 the influence from doing this?
- 154 Thank you for doing this great session
