Subject: Warming Centre and EWR Utilization: Dec 18-22

Hello Mayor and Council,

We had a question this morning from Councillor Boyle regarding Warming Centre capacity, usage, and whether anyone is being turned away.

In response, Sandra Singh, GM, ACCS has confirmed that it is very unusual for Warming Centres to turn people away; many will allow additional people in above their capacity as opposed to turning people away.

Please see below for summary data on usage of the Warming Centres and EWRs.

Data for Dec 18-22, 2022:
