Attachments: ACCS - GM - Memo (Council) - Winter Response Strategy 2023-2024 (2023-10-15).pdf

Dear Mayor and Council,

The following table provides an update on the status of outstanding questions received during the Enquiries section of the October 3 Council Meeting.

Best,
Paul

Date Submitted	RTS# <i>(if applicable)</i>	Submitted by	Question	Response
10/3/2023	15995	Cllr Klassen	<p>RE: Scooters and Micro Mobility Regulations</p> <p>Councillor Klassen noted he received concerns from individuals regarding the current speed of many scooters and micro mobility vehicles and people almost getting hit by them. He noted the vehicles are popular and enquired how the City can manage speeds and prevent accidents. The City Manager noted the City is currently participating in a pilot from the Province regarding these matters, and also that regulations and enforcement is the responsibility of the Vancouver Police Department. He agreed to follow-up and provide a response.</p>	<p>Staff are collecting feedback and concerns about e-scooters and will include it officials, which shall shape our recommendations on the future of these device</p> <p>The Province of BC approved a three-year electric kick scooter pilot program v municipalities participating. The Vancouver pilot began in July 2021 after by-la pilot, the rules for Electric kick scooter use within COV are as follows:</p> <p>Electric kick scooters can be used on:</p> <ul style="list-style-type: none"> · Local streets · Protected cycle lanes <p>Electric kick scooters may not be ridden on sidewalks, major streets, or the Sea public to contact the VPD's non-emergency hotline.</p> <p>The Province has requirements for electric kick scooters including:</p> <ul style="list-style-type: none"> · A motor that does not move the device faster than 24km/hr · Motor power output must not exceed 500W · A braking system is needed · Lights are required if operating between sunset and sunrise · Users must wear a helmet and be 16 years of age or older <p>Electric kick scooters by-laws are enforced by the Vancouver Police Departmer in the future please use the link provided above.</p>

10/3/2023	15994	Cllr Klassen	<p>RE: Update on the Age-Friendly Action Plan</p> <p>Councillor Klassen requested an update on the status of the work from the City's The Age-Friendly Action Plan. The City Manager agreed to provide an update.</p>	<p>The City is currently hiring for the position of Strategic Lead, Seniors. Once in p Friendly Action Plan.</p>
10/3/2023	15993	Cllr Dominato	<p>RE: Mitigation efforts Along Kaslo Street</p> <p>Councillor Dominato noted several significant collisions at the intersections of McGill and Kaslo and Penticton and Kaslo. She enquired if Council could receive a report back from Engineering Services on mitigation efforts within the neighbourhood including staff reviewing speeding along the Kaslo corridor. The City Manager agreed to follow-up.</p>	<p>Staff will review the collision history at McGill & Kaslo and McGill & Penticton I recommend safety improvements as needed. When it comes to reviewing spee speed data requests, the data can be collected in May/June 2024 and staff will</p>
10/3/2023	15992	Cllr Dominato	<p>RE: Timeline for Renaming Trutch Street</p> <p>Councillor Dominato requested a further update from her previous request at Council on June 13, 2023, on the timeline for renaming Trutch Street. The City Manager noted there is no definitive timeline and agreed to follow-up.</p>	<p>The City is honoured to have been gifted the ᓃᓄᓂᓄᓂᓄᓂᓄᓂ St name on (Musqueam Indian Band). The work of this renaming project is an act of Recon work in a good way, in collaboration with our partners from ᓄᓂᓄᓂᓄᓂᓄᓂ.</p> <p>Renaming a street is a complex project with many elements beyond the street ᓄᓂᓄᓂᓄᓂᓄᓂᓄᓂ on many elements of this project, including</p> <ul style="list-style-type: none"> • street sign design • language education for City staff and the public • a shared story about how we talk about the colonial history of Joseph Trutch • interpretive signage to display the shared story on the street and other comr public • a date for when the new street name will take effect <p>As the City, we are also undertaking the following work:</p> <ul style="list-style-type: none"> • updates to internal and external city databases and technology systems • coordination with key partner agencies such as Canada Post, ICBC, and Trans • preparing notifications for local residents and businesses regarding steps the <p>We understand that identifying a timeline is key for all our stakeholders. Howe taking care to maintain and build a relationship with ᓄᓂᓄᓂᓄᓂᓄᓂᓄᓂ, working a of working and their administrative capacity.</p> <p>Design of the street sign blade, as well as options for designs & content for int work elements under discussion with ᓄᓂᓄᓂᓄᓂᓄᓂᓄᓂ. These designs are curren consideration and feedback. Once the designs have progressed to a stage whe approach, the final decision on design will be made by their Chief & Council. ᓄᓂ</p>

				<p>presentation to their Council. Once those designs are decided upon, the production timeline will likely be more clear.</p> <p>As this is the first time a Vancouver street has been given an Indigenous name working closely with internal and external stakeholders to represent ʔxʷməθkʷ and bylaws. The work is complicated, raises many questions, and takes time to work with ʔxʷməθkʷəyəm to ensure they are aware and sign off on the approaches.</p> <p>We continue to meet with ʔxʷməθkʷəyəm on this work this fall and will update implementing the new street signage. Council will also be presented with an official formal name change closer to the implementation date. We will continue to st</p>
10/3/2023	15991	Cllr Boyle	<p>RE: Winter Shelters</p> <p>Councillor Boyle enquired if Council could receive more information on plans to open additional winter shelters as well as information on what options exist to open those shelters earlier this year. The City Manager agreed to provide an update.</p>	Please see the attached memo.
10/3/2023	15990	Cllr Carr	<p>RE: The West End Community Implementation Plan</p> <p>Councillor Carr enquired about the timeline for the</p>	Further to the response from the City Manager, based on the dates in the West End Community Plan, it will take 30 years from the community plan completion in 2013. That takes us to approximately 2043.

			<p>proposed West End complex, which includes the community centre, high school and library. The City Manager advised there was not funding in the current Capital Plan for the project, however, funding will be included in future Capital Plans. He agreed to follow-up with an update.</p>	
10/3/2023	15989	Cllr Carr	<p>RE: Noisy Cars and Sirens</p> <p>Councillor Carr noted individuals had advised her of their concerns about increasing noise from cars late at night on Pacific Boulevard and enquired if fines could be levied from the Vancouver Police Department on those cars. She also noted some individuals expressed concerns and requested information about the increased volume of sirens in the city from emergency vehicles. The City Manager provided a response and agreed to follow-up.</p>	Answer in Progress
10/17/2023	16028	Cllr Zhou	<p>RE: New Provincial Rules for Short-Term Rentals</p> <p>Councillor Zhou enquired about the new Provincial rules for short-term rentals and how staff will align current policies with the new Provincial rules and what strategies will be utilized to enhance the enforcement effort. The City Manager provided a response and agreed to follow-up with an update.</p>	An update on this matter will be included with the October 23 consolidated re:

MEMORANDUM

October 15, 2023

Trevor Ford, Interim Chief of Staff, Mayor's Office

FROM: Sandra Singh, General Manager, Arts, Culture and Community Services

SUBJECT: 2023-2024 Winter Response Strategy for People Experiencing Homelessness

RTS #: N/A

PURPOSE

This memo provides an update on the 2023-2024 winter response for people experiencing homelessness.

BACKGROUND

Year-Round Shelter Spaces Currently in Operation

There are currently 1400+ shelter beds available 365 days a year in Vancouver.

- **Permanent year-round shelter beds: ~900 beds**
These shelters serve a range of community members (men, women, seniors, youth), and offer a range of services. These shelters are funded by BC Housing and depending on the operator, shelters may provide space for couples, pets, carts, meals and laundry and follow a harm reduction model.
- **Temporary year-round shelters beds: ~500 beds**
Temporary shelters are opened through a partnership between BC Housing and the City of Vancouver. The City typically leases the space and contributes to tenant

improvements, and the Province provides operating funding and in some cases, also contributes to tenant improvements. Temporary shelter beds are in addition to the permanent shelter beds. There are currently ten temporary shelter sites which depending on the operator, provide space for couples, pets, carts, meals and laundry and follow a harm reduction model.¹

In addition to these beds, the City and Province partner to activate additional spaces during the cold and wet winter months.

Of note, the City of Vancouver's Tiny Shelter pilot program is scheduled for completion in late November 2023. This unique pilot will add shelter capacity for an additional 18 individuals.

DISCUSSION

2023-2024 Winter Response Strategy

Through a long-standing partnership with BC Housing, additional shelter spaces are deployed between November to March to expand shelter capacity to ensure all residents have a safe, warm, place to come inside during the cold and wet winter months.

There are three main types of spaces that are activated as part of our winter response:

1. Temporary winter response shelters
2. Extreme Weather Response (EWR) shelters
3. Warming Centres

This winter, there will be an additional 373 spaces to ensure people can access a safe, warm place to come inside.

1. Temporary Winter Response Shelters (67 spaces)

For the 2023-2024 winter season, there are two temporary winter shelters that will be open every night between November 2022 and March 2023, providing 67 additional shelter spaces.²

2. Extreme Weather Response (EWR) shelters (70 spaces)

EWR shelters are Provincially funded (through BC Housing) and delivered through partnerships with community-based service providers and faith-based organizations to provide additional temporary emergency shelter spaces during periods of extreme winter weather which threaten the health and safety of individuals experiencing homelessness.

These spaces are activated based on criteria including:

- Temperatures near zero with rainfall that makes it difficult or impossible for those experiencing homelessness to remain dry
- Sleet or freezing rain or Snow accumulation
- Sustained high winds
- Temperatures at or below 0°C, or "feels like" 0°C with wind chill

¹ This number does not include the winter only temporary shelter spaces. These spaces are included in the Winter Response Strategy below.

² Last winter, there were three additional sites: the Gathering Place provided 34 spaces temporary winter space which have now transitioned to year round beds; due to operational and capacity considerations, Osborne shelter has transitioned 40 temporary winter spaces to Warming Centre spaces; finally, 1648 E. 1st Avenue (20 winter spaces and 40 year round beds) have closed as the lease expired.

- Rainfall of at least 50mm in a 24-hour period
- EWR season runs October 15, 2022-April 15, 2023

EWR Sites 2017-2023

EWR Sites							
Sites	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023	2023-2024
Number of Nights open	69	86	90	107	114	101	TBD
Total Spaces	100	120	145	75	114	88*	70*
Total Sites	4	6	6	5	6	5*	4*

**As of October 13, 2023; additional sites continue to be explored*

It is important to note that the year-round shelter capacity has grown over recent years.

3. Warming Centres (236 spaces)

Funded by the City of Vancouver, Warming Centres are activated when temperatures reach -4 degrees Celsius (or feels like -4). Warming Centres do not provide beds or cots, but do provide a place for individuals to come inside, warm up and have a snack during periods of extreme cold. Warming centres are located in community spaces, drop-in centres, and/or other available locations.

This year, seven warming centre sites will provide up to 236 spaces when activated. It is important to note that people may come and go and staff work to ensure anyone who wants to come inside to warm up has an opportunity to do so.

Warming Centre Sites 2017-2023

Warming Centre Sites							
Sites	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023	2023-2024
Number of Nights open	32	43	17	13	25	28	TBD
Total Spaces	130	194	149	103	161*	116	236
Total Sites	5	6	4	5	7*	5	7

**During a typical activation, four sites were open with 101 spaces available*

Summary of 2023-2024 Winter Capacity

In total, there are currently confirmed 373 Temporary Shelters, Extreme Weather Response (EWR) and Warming Centre spaces available this winter (See Appendix A for listings). This is in addition to the 1,400 permanent available year-round shelter beds available (see below).

Winter Response Additional Capacity, 2023-2024	Capacity (approx.)
Temporary Winter Shelters (open every night)	67
EWR (upon activation)	70
Warming Centre (upon activation)	236
Total (to date)	373
Existing Shelter Capacity	
Year-Round Shelters	1400
TOTAL Capacity (approx.)	1,700+

Staff continue to work to identify and deploy additional sites and will update Council with the creation of any new spaces.

Communication Efforts to Bring People Inside

EWR and Warming Centre activations are broadcast to community service providers, government stakeholders, BC211, Translink, VPD and others. Staff also post activations via social media channels. The City's Homelessness Services Outreach team and multiple service provider organizations working with people experiencing unsheltered homelessness also encourage people to come indoors.

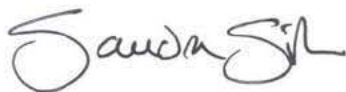

All EWR alerts, shelter and warming centre locations can be found on the www.vancouver.ca. When an alert is issued, a banner will be present at the top of the page. Also, all Vancouver-owned social media channels post current information for where people sheltering outside can access a warm place indoors.

FINAL REMARKS

This year's Winter Response Strategy will provide an additional **373** spaces to ensure people experiencing unsheltered homelessness can access a safe, warm, place to come inside during the cold and wet winter months.

Staff will also continue working with senior government and non-profit partners to identify and activate additional spaces and increase services for people experiencing homelessness or at risk of homelessness.

If Council requires further information, please feel free to contact me directly at sandra.singh@vancouver.ca and we will provide response through the weekly Council Q&A.

Sandra Singh, General Manager
