Subject: RE: CTV inquiry re: Rupert Park encampment

Good afternoon everyone,

Here is the compilation of Ranger reports pertaining to the encampment, dating back to April 2021. My apologies for the copy and paste. Our report generator was cutting the report off after 2 pages, for some reason.

April 22 2021 -- 12:00 hrs -- Rangers POETTER & MCTAGGART attended Rupert Park at 11:05 hrs to conduct a routine patrol of the park and to investigate a potential structure set up within the park limits. Rangers spoke to the pitch & putt staff who advised rangers that the location of the encampment is in the far SE corner of the park along the fence line. Rangers conducted a foot patrol of the area and located a collapsed tent, a tarp as well as garbage and other soiled items and material. The encampment did not appear to be inhabited or recently occupied. Rangers removed all items from the area, no additional follow up required.

Friday, May 21, 2021 - 13:40 hours - Rangers ANDERSON and SCHIOPU attended Rupert Park at 11:05 hours to inspect a report of tents in a forested area near Rupert Park. ANDERSON and SCHIOPU found a large encampment with a house, several structures, and piles of garbage in a forested area south-east of Rupert Park. s.15(1)(l)

With assistance from Dispatch, rangers confirmed the forested area is in Vancouver Parks jurisdiction using what3words app location: dwelled.imported.rooftop. The size of the encampment will require coordination between Vancouver Park Rangers, Sanitation, and Engineering to dismantle and clean up. Lead Ranger Setterlund notified about camp. Lead Ranger follow-up required.

We informed s.22(1) that we will be checking in every few days and in the mean time we need the area to be cleaned. s.22(1) told Rangers that the camo tent belonged to s.22(1) when s.22(1) rangers asked for s.22(1) to pass the message along to s.22(1) that tents and structures are not allowed during the days or in that area. Rangers then departed from the area to follow up at another time.

On June 8, 2021 at 1015 hrs Rangers SETTERLUND, MCTAGGART and LEE attended Rupert Park to check the ongoing encampment and s.22(1) progress in moving out. Rangers will follow up consistently to keep the same message that s.22(1) may not stay at that location in Rupert Park after June 22, 2021. Rangers to work with cities sanitation crews on a plan of cleaning up the area.

October 17th, 2021 - 1318hrs - Ranger DON attended Rupert Park at 1049hrs for reports of a large camp in the SE area of the forest. Ranger DON was aware that a few months ago, there had been a camp in this location, but sanitation crews had supposedly removed it. Ranger DON took photos on his Lead phone, and forwarded to Superintendent DEJONG. The 2 wooden houses were about 20-25 feet tall, with windows, but you could not see in. There were multiple bikes, carts, trolleys, propane tanks (including a massive propane tank, likely used to fill other propane tanks, sinks, toilets, baby strollers, and a ton of other household items. September 28, 2022 - 1251hrs - Rangers BUSH and LUONG attended Rupert Park at 1003hrs in response to a reported encampment within the park near the pedestrian underpass walkway.

Upon arrival at 1003hrs, Rangers BUSH and LUONG conducted a patrol of the park. Rangers observed 1 male sleeping near a tree at the South area of the park, near the underpass. Rangers conducted a wellness check and identified the male as s.22(1) advised Rangers that s.22(1) had a tent, but decided to not have it erected, and found it more comfortable sleeping in a sleeping bag. Rangers inquired if the nearby items belonged to s.22(1) to which s.22(1) and claimed a previous camper had accumulated those items. Rangers continued patrol and checked the known nearby encampment with the wooden house, within the tree line. Rangers conducted a wellness check and observed a tent and several wooden items. The tent was found tent to be empty. A note was left on the entrance to the tent, advising the occupant s.22(1) s.22(1) Rangers noted the items to be well placed within the tree, requiring Rangers to traverse over several tree branches for removal. Rangers BUSH and LUONG cleared from the area and continued patrol. Rangers found no other issues within the park. Rangers BUSH and LUONG cleared from Rupert Park at 1015hrs.

Ranger follow up required.

2023-JAN-19 - 21:00 hours - On January 19th, 2023, at approximately 19:44 hours, Vancouver Park Rangers (VPR) PALAMOS 124 and SAMSON 104 attended Rupert Park to lock the gates. Rangers were in full uniform and were driving marked VPR vehicle 7500.

Upon arrival Rangers observed 2 unmarked VPD Dodge Chargers parked inside the gates, apparently in a debrief. Rangers approached the constables and informed them that they needed to lock the gate and asked how long they would be. The constables, 4 plain clothes, asked Rangers about the large encampment in the east end of the park. Rangers explained the encampment situation to the constables. The constables wanted to inspect the camp and determine the status of it and any occupants inside. VPD escorted Rangers into the camp. Rangers did not call a safety timer as they were escorted by 4 VPD constables and did not feel a safety risk.

Once inside the encampment, Rangers and VPD searched around and found the encampment to be abandoned. There are approximately 40 truckloads of garbage and other items in the camp. The main area has a 2 story enclosed wooden structure complete with a roof and a large amount of bike parts inside, as well as outside and strewn throughout the camp. Adjacent and north of the main area is a large tent/tarp complex. The openings of the tents were open and the contents inside were completely soaked. There was also a large amount of garbage in this area. The constables expressed an interest in the removal of the camp and were surprised at the size and scope of it. No police file is associated with this event. All officers were in plain clothes and no badge numbers were recorded.

Rangers cleared the park at approximately 20:09 hours.

January 25th, 2023 - 1424hrs - Rangers DON, OTHMAN and MCTAGGART attended Rupert Park at 0957hrs to check up on the large camp in the forest off 1st avenue. Upon arrival, Rangers noticed on the approach to the camp, there was a considerable amount of garbage compared to the last time Rangers were there. Rangers approached the wooden house and checked if anyone was home. There was no answer, and Rangers could see from a couple locations, that the inside of the house was unoccupied. Rangers moved along to the tents in behind the wooden house and checked to see if anyone was home, but both tents were open and abandoned.

Rangers proceeded to take videos and photos of the shock and awe size of the camp, and the amount of various items of garbage in the camp. There were countless bottles of propane, numerous jerry cans of fuel, lots and lots of metal, power tools, bedding, clothing, plastic furniture, piles of wood, drug paraphernalia and needles. Rangers sent the photos to Superintendent DEJONG and a future site assessment and coordination with other departments will be needed to remove.

Rangers were informed, at the homeless count meeting by an employee with the Union Gospel Mission, that the s.22(1) had passed away

Hi Everyone,

The camp at Rupert Park has been established for a while now and basically a two story house has been created with garbage everywhere and propane tanks lying around. You will need heavy equipment to demolish and remove the house and debris and I would say approximately 5 – 8 tonnes exists at this location. 1st Ave will probably need to be shut down and this is a huge job with multiple departments needed to be involved. I have put a video in s.15(1)(l)
s.15(1)(l)

Below is a map location of the camp

Any more questions please do not hesitate to ask.

Thanks

Morning team,

I'm wondering if you're able to provide me some information regarding a homeless encampment at Rupert Park. We've been contacted by a member of the public with safety concerns about propane tanks, garbage, human waste etc.

I believe the resident may not be there anymore and the Parks Board will now have to decide how to clean the area up?

I'm looking for any reports you may have about the large encampment and if you have any details on the person who lived there.

Thanks so much,

Hi Betty,

This cleanup at Rupert is something that will take a number of departments time and we can schedule an inspection of the site first with Sanitation or Parks Operation to see what their thoughts are and what type of equipment will be required.

This location is not impacting any residential area and is vacate at the moment. It sits in the middle of a triangle surrounded by an off ramp from Hwy#1 and First Ave. Traffic Control on First Ave will probably be needed as well. Rangers will not be a big part of this cleanup as there are no occupants to deal with.

I can set up a inspection meeting with Mike Knoll, Sanitation, John Odong to see what the next step would be.

Good Morning,

Just a preliminary update on the abandoned encampment at Rupert Park. I met with Mike Knoll (Park Operations west) and Evan Chapman (Superintendent 1- Sanitation Operations) on site and we assessed the area and determined the following plan of action:

- ☐ Open up fence along roadway – Mike – next week
- ☐ Connect with Troy (Urban Issues) to tree back trees and possibly remove one tree prior to clearing the site – tentatively next week
- ☐ Bring in contractor to conduct flailing of blackberry's prior to clearing of the site – next week
- ☐ Parks Operations to bring loader or backhoe into the site to bring debris forward and pile closer to the roadway – next week
- ☐ Engineering (Sanitation) to develop a plan, timeline for crew, equipment including track loader, roll off bins, roadway signage and traffic control.
- ☐ Collection of propane tanks and other flammables to be collected and stored on site until contractor can remove

Once the overall plan has been developed we will coordinate the crews to remove all hazards, debris etc. and clear the area. Restore fencing and close off the area.

At this point in time Park Operations is tentatively set to go into the area early next week to prepare

the site for mass cleanup. Evan Chapman will develop the plan from Sanitation perspective as they will be doing the majority of the work. Once the plan with dates is set, I will forward the it along with the timeframe for removal. Please let me know if you have any questions. Thank you

Hi Betty

Justin may be able to give you greater details however this site is in our radar and it will take a joint effort by Rangers, Sanitation and Park Operations to clear this area out.

As far as the person who lived there I believe s.22(1) however no further information.

Morning team,

I'm wondering if you're able to provide me some information regarding a homeless encampment at Rupert Park. We've been contacted by a member of the public with safety concerns about propane tanks, garbage, human waste etc.

I believe the resident may not be there anymore and the Parks Board will now have to decide how to clean the area up?

I'm looking for any reports you may have about the large encampment and if you have any details on the person who lived there.

Thanks so much,

Alissa
