

File No.: 04-1000-20-2023-237

June 8, 2023

s.22(1)

Dear s.22(1)

Re: **Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")**

I am responding to your request of April 19, 2023 under the ***Freedom of Information and Protection of Privacy Act*** for:

3-1-1 records of noise complaints originating from the following addresses:

- 1. Celebrities Nightclub, 1022 Davie Street;**
 - 2. Numbers Cabaret, 1042 Davie Street; and**
 - 3. St. Paul's Hospital, 1081 Burrard Street (including any building/facility).**
- Date range: as far back as possible (2009) to April 18, 2023.**

All responsive records are attached. Some information in the records has been severed (blacked out) under s.22(1) of the Act. You can read or download this section here:

http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/96165_00.

Under section 52 of the Act, and within 30 business days of receipt of this letter, you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your FOI request by writing to: Office of the Information & Privacy Commissioner, info@oipc.bc.ca or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number (#04-1000-20-2023-237); 2) a copy of this letter; 3) a copy of your original request; and 4) detailed reasons why you are seeking the review.

Yours truly,

[Signed by Cobi Falconer]

Cobi Falconer, MAS, MLIS, CIPP/C
Director, Access to Information & Privacy
cobi.falconer@vancouver.ca
453 W. 12th Avenue Vancouver BC V5Y 1V4

If you have any questions, please email us at foi@vancouver.ca and we will respond to you as soon as possible. Alternatively, you can call the FOI Case Manager at 604-871-6584.

Encl. (Responsive Records Package)

PUI Noise Complaint Case	101000410430	1022	DAVE ST	VE6 1M3		Type of noise: Loudmusic Describe the noise and who is making it (e.g. person or company name, garbage or recycling truck number, container bin number): From Celebrities Night Club. They have recently installed a new stereo system that produces very loud bass. During the week they open until 3am and Thursday, Friday, Saturday, and Sunday they stay open until 4am. When is it happening? 7 days a week usually really noticeable started at 11pm. How often is it happening? 7 days a week. If noise is from a fan, air conditioner or heat pump, where is it located on the property? Did you speak to the person or company making the noise? No If yes, what happened? Did you tell the police about your concern? No If yes, provide police file number (if known): (Don't ask just record - Did caller indicate they want a call back?) Yes		8-22(1)	8-22(1)	4/18/13 8:38	4/25/13 15:11	DBL - Property Use Inspections	Agent Created Case: Agent Updated Case Details: Reallocated to queue: CSG - Property Use Inspections Agent Finished: Case Closed Assigned Mike Bidwell 87894
PUI Noise Complaint Case	101000410534	1022	DAVE ST	VE6 1M3	Celebrities	Type of noise: Loudmusic Describe the noise and who is making it (e.g. person or company name, garbage or recycling truck number, container bin number): Celebrities night club. Very loud noise of "boom" boom" possibly from the speakers inside the club. When is it happening? During week nights and week ends from 10pm, 11pm until 3-3am How often is it happening? Since they reopened 2 weeks ago. If noise is from a fan, air conditioner or heat pump, where is it located on the property? Did you speak to the person or company making the noise? No If yes, what happened? Did you tell the police about your concern? No If yes, provide police file number (if known): (Don't ask just record - Did caller indicate they want a call back?) PUI Noise Complaint Case	101000504696	1022	DAVE ST	VE6 1M3		Type of noise: Businessbarrestaurantetc Describe the noise and who is making it (e.g. person or company name, garbage or recycling truck number, container bin number): Email message Noise description: heavy bass-driven club music, with a reverberant (vibrating) thumping rhythmic drum beat from the recently installed high-output sound system at Celebrities nightclub. The bass depth is so reverberant as volume increases vibrates the windows and items on shelves in my apartment. When is it happening? Usually starting at 10-11pm, increasing in volume until closing at 3am (followed by drunken screaming until 4am). How often is it happening? 6 nights a week. Every week. Month in month out. No break. If noise is from a fan, air conditioner or heat pump, where is it located on the property? Did you speak to the person or company making the noise? Yes If yes, what happened? Nothing whatsoever. I also spoke to the CDV who noted a file number but have not had any follow up from staff at all. I am now seeking a response on why the City approved such a significant upgrade of sound output in a nightclub in a residential neighbourhood with neither reference to, nor appropriate sound attenuation within the nightclub. Did you tell the police about your concern? Yes If yes, provide police file number (if known): (Don't ask just record - Did caller indicate they want a call back?) Yes	Yesterday's noise was really bad. Please email or phone: 8-22(1) --- (AVLMM, Nov 2 2013 4:42PM) Email Complaint from: 8-22(1) Celebrities Cabaret, Amos on loud and hear boom boom from 11pm-4am Tuesday - Sunday.	8-22(1)	8-22(1)	10/31/13 13:02	11/4/13 16:10	DBL - Property Use Inspections	Agent Created Case: Agent Updated Case Details: Reallocated to queue: CSG - Property Use Inspections Agent Finished: Case Closed Description updated to: Assigned Mike Bidwell 87894

PUI Noise Complaint Case	101008427997	1022	DAVIE ST	VEE 1M3	1. Type of noise: Business (bak, restaurant, patron, music, etc.) 2. Describe the noise and who is making it (e.g. person or company name, garbage or recycling truck number, container bin number): Received via email. I am sending an email due to frustrations with the amount of noise that emanates from Celebrities night club on Davie & Burrard. I live in the building behind the club and it seems that quite often an unreasonable amount of base vibrations from their music can be heard until 3am on weekends. In particular, there was an excessive amount of base noise Friday, Sept. I understand that I am living in close proximity to a lively night life area, however I think it is a reasonable request for musical base levels to be lowered in Celebrities and that the club would commit to making a habit of cleaning up the property surrounding the facility. 16. 3. When is it happening? Weekends 4. How often is it happening? Until 3am 5. If noise is from mechanical equipment (e.g. air conditioner, fan, vent), where is it located on the property? 6. Did you speak to the person or company making the noise? Not Applicable 7. If yes, what happened? 8. Did you tell the police about your concern? Not Applicable 9. PUI Noise Complaint Case	101008947846	1022	DAVIE ST	VEE 1M3	<p>1. Type of noise: Business (bar, restaurant, patrons, music, etc.)</p> <p>2. Describe the noise and who is making it (e.g. person or company name, garbage or recycling truck number, container bin number): Received Email: Hi - I am sending another email due to frustrations with the amount of noise that continues to emanate from Celebrities night club. Bass vibration of varying levels can be heard from the club within my apartment which is situated behind the club. It seems the beat of the bass sound varies in intensity, with sometimes a lower vibration noise, while at other times a constant booming sound. In particular there was a lot of noise after midnight from the club last night - a steady thud, thud, thud sound that continued on and off for several hours.</p> <p>3. When is it happening? See above (this is what citizen filled out on form)</p> <p>4. How often is it happening? Varies on nights in which the club is open</p> <p>5. If noise is from mechanical equipment (e.g. air conditioner, fan, vent), where is it located on the property? No</p> <p>6. Did you speak to the person or company making the noise? No</p> <p>7. If yes, what happened? No</p> <p>8. Did you tell the police about your concern? No</p> <p>9. If yes, provide police file number (if known): No</p> <p>10. PUI Noise Complaint Case	101011821636	1026	DAVIE ST	101	VEE 1M3	<p>Phone number: § 22(1)</p> <p>1. Type of noise: Businessrestaurantpatioatromsmusic;</p> <p>2. Describe the noise: The noise emitted from Celebrity club during nights is overwhelming for many of residents of units in § 22(1) which are facing this club. Celebrity club has powerful base noise systems, while the building is old and composed of masonry walls without any isolation. The building does not have good sound isolation to reduce the noise emission outside of the walls on the back of the building. The noise of the base system can be easily heard in the bedrooms in these units and it's very hard to fall asleep even by using noise machines. The population gathering outside of this business is also another problem that creates lots of noise to the neighbors. &#62;&#62; measured the amount of noise outside of the back wall of this club using gaudimeters from the noise bylaw of City of Vancouver and could measure an average of 82db with max of 85db.</p> <p>3. When is it happening? 11pm to 3am every Tuesday, Friday and Saturday</p> <p>6. Have you spoken with the person or company making the noise? No</p> <p>10. Noise on Private Property Case	201000378769	1042	DAVIE ST		<p>Location: 1042 DAVIE ST</p> <p>Additional location details: Numbers night club</p> <p>Type of request: PUI noise</p> <p>Type of noise: Business (bar, restaurant, music, etc.)</p> <p>Describe the noise and who is making it: Strong Bass music noise</p> <p>When/how often is it happening? Lately it has been less. Last night, until 2-3am</p> <p>Did you speak to the person/company making the noise? No</p> <p>Did you contact the police about your concern? No</p> <p>Provide details: This complaint is in addition to 3 other prior complaints: 201000360986, 201000299922, and 201000279714. Last night, until 2-3am, Numbers night club had a strong Bass music sound that was very disturbing. I live on the 10th floor of a nearby residential building. This has been an ongoing problem but I have noticed that over the past few weeks, it hasn't been as bothersome. However, there was one night during this past week where there was loud bass but last night was the worst. The bass was quite strong and there's nothing you can do about it. I can't block it out. I want a lively neighbourhood but the Bass sound is very difficult for me to block out. Numbers can insulate against this so that it is not so disturbing to neighbours. I was unable to sleep until 2am. Please enforce some kind of insulation to protect against the Bass. If that is done, I am more than happy to have them stay open late, but I simply cannot do anything about the Bass sound to allow myself to sleep. Thank you.</p>		§ 22(1)	§ 22(1)	2/5/2023	20230207	DBL Property Use Inspections	
Noise on Private Property Case	201000360986	1042	DAVIE ST		<p>Location: 1042 DAVIE ST</p> <p>Additional location details: Numbers bar and night club</p> <p>Type of request: PUI noise</p> <p>Type of noise: Business (bar, restaurant, music, etc.)</p> <p>Describe the noise and who is making it: Bass coming from the club</p> <p>When/how often is it happening? Most nights but tonight is particularly bad</p> <p>Did you speak to the person/company making the noise? No</p> <p>Did you contact the police about your concern? No</p> <p>Provide details: Numbers night club. This noise complaint is in addition to complaints 201000279714 and 201000299922. Over the past few weeks, I have still heard the bass but it has been quieter and not too bad. Tonight it is loud and disturbing already now at 8:40pm and usually it goes on until 2:3am. I don't have an issue with music and I want to live in a lively area but I live on the 10th floor of a nearby building and I find this bass noise from Numbers to be so annoying and distressing and there's not much you can do to cover the noise because it's bass. If this club wants to continue to be open until 2:3am most nights, it should be required to insulate against this bass. It does not seem appropriate that if they are the only ones who have the solution, then they should do it. Celebrities club is not noisy like this so why is Numbers?</p>		§ 22(1)	§ 22(1)	1/27/2023	20230201	DBL Property Use Inspections	

					<p>Location: 1042 DAVIE ST</p> <p>Type of request: PUI noise</p> <p>Type of noise: Business (bar, restaurant, music, etc.)</p> <p>Describe the noise and who is making it: Numbers Bar/Nightclub. Since approx 9 or 10 pm tonight, there has been a continuous thumping/music bass noise from Numbers nightclub, non stop.</p> <p>When/how often is it happening? Non stop tonight from approx 9 or 10pm to current time of 12.42am. Usually continues to 2 or 3 am</p> <p>Did you speak to the person/company making the noise? No</p> <p>Did you contact the police about your concern? No</p> <p>Provide details: This is an additional complaint tonight in addition to my prior complaint 201000279714. Numbers nightclub has been playing loud music since approx 9 or 10 pm tonight to the current time of 12.42am and this constant thumping/music bass goes until the club closes at 2 or 3am. I live in an adjacent residential high rise, on the 10th floor, and can hear this constant noise/bass on most nights of the week. It is very disturbing as the bass sound makes you feel very distressed. The club should be required to make internal alterations to stop the bass as there is not much that can be done from my end. I am kept awake and cannot sleep. I want a lively neighbourhood but the fix for this disturbance can only be completed on Numbers' end and if the city wants to continue to allow this very disturbing sound until late at night on each and every night, it should ensure that Numbers stops this constant and disturbing noise. I have spoken to other residents who are disturbed by this too. I am very distressed to see the city has not intervened with this near nightly noise. I will continue to submit noise complaints each time there is a disturbance in order to provide the city with concrete documentation. Thank you.</p>							
Noise on Private Property Case	201000279922		1042 DAVIE ST							12/30/2022	20230105	08L Property Use Inspections
					<p>Location: 1042 DAVIE ST</p> <p>Type of request: PUI noise</p> <p>Type of noise: Business (bar, restaurant, music, etc.)</p> <p>Describe the noise and who is making it: Numbers bar/club - it is a constant bass that is very annoying and you cannot do anything about it. It goes from say 9 or 10pm until 3am. I have no issues with clubs around the area and understand noise and music is part of the city. But this is bass and Numbers should be required to insulate against it. Celebrities does not make this kind of noise. The city should require Numbers to insulate properly against bass if Numbers is allowed to continue late into the night</p> <p>When/how often is it happening? Every night essentially and typically from 9pm to 3am, for the past 8 months at least, since Covid restrictions were lifted</p> <p>Did you speak to the person/company making the noise? No</p> <p>Did you contact the police about your concern? No</p> <p>Provide details: Numbers nightclub and bar. As I said above, the bass noise is the worst kind of noise because I cannot do anything about it. Numbers should be required to insulate this bass if it is to be allowed to continue like this every night until 3am. I am not disturbed by Celebrities which is even closer to me and my building. Numbers must be told to insulate the bass noise or else to shut down. I want a lively neighbourhood but if a business can do something for the bass, it should be required to</p>

PUI Noise Complaint Case	101010783644	1081	BURRARD ST	V02 Y16	<p>1. Type of noise: Mechanical equipment (air conditioner, heat pump, fan, etc.) 2. Describe the noise and who is making it: A loud blaring all over the musical scale that is chaotic off high-rise buildings from ambulances usually travelling from the DTES. Employment and housing would provide these people something to do and somewhere to do it, leaving the ambulances to do their proper job attending to critical care cases instead of being a free taxi service. Canada does not have free health care. Someone has to pay for it. 3. When is it happening? Day and night 4. How often is it happening? hourly 5. Have you spoken with the person or company making the noise? No 10. Please verify address of the property: 1081 Burrard 11. Did caller indicate they want a call back? PUI Noise Complaint Case	10101189107	1081	BURRARD ST	V02 Y16	<p>1. Type of noise: Leaf blower 2. Describe the noise and who is making it (e.g. person or company name, garbage or recycling truck number, container bin number): Two workers on site at St Paul's Hospital were using leaf blower for the Thursday side just now at around 0915am. The company truck parked on site is called Serenity Landscaping. It's not their first time of violation as caller has seen them on site using leaf blower before. When caller approach the workers and remind them leaf blowers are not allowed in the west end, the workers simply just point at caller and say they now know who is calling into City to report them. 3. When is it happening? this morning at around 0915 4. How often is it happening? every so often 5. If noise is from mechanical equipment (e.g. air conditioner, fan, vent), where is it located on the property? No 6. Did you speak to the person or company making the noise? Yes 7. If yes, what happened? They just point at caller and say they now know who is the one that reported them each and every 5 min. 8. Did you tell the police about your concern? No 9. If yes, provide police file number (if known): No 10. Please verify address of the property (for VarConnect requests only): No 11. (Don't ask, just record - did caller indicate they want a call back?) No</p>	<p>Agent Created Case: Agent Updated Case Details: Reallocated to queue: CSG - Property Use Inspections Agent Finished: Case Closed Closed date: 2018-06-12 11:55:56.67 Assigned Rob Walsh&#60;88275</p>	-22(1)	-22(1)	6/8/18 9:35	6/12/18 11:55	DBL - Property Use Inspections
