Hi Taryn, Laura and I have connected regarding the lighting installation at City Hall. We agreed to \$500 for the night for the use of the hall. You can see my email to her below with further details.

Laura did mention that she has spoken to the Mayor about Councillors being in a stance for the lighting – as I understand she is dealing with them directly. She still wants to pursue some of the other ideas like the piece on the seawall, but that would be closer to the concert date in July. My team can turn that one around very quickly as well if needed.

Hi Laura, thanks for chatting this afternoon about your light activation at City Hall. I am ccing Darren and Chris from our facilities team as they will be handling logistics.

We will need to confirm a few details:

1. I understand the light will go live on November 21 at 5:30pm. What time do you need to set up? And what time would you like to finish? (when requesting finishing time please consider if the light will be intrusive to any neighboring residents – I am guessing not but want to confirm?)
2. Are you providing a generator? (I don't have one readily available but I do have 120 power connections)
3. Will you be providing security?
4. Is the photo below an accurate reflection of your footprint?
5. As discussed we are moving ahead on this as a trial initiative. Typically [this](#) is the insurance needed for use of our facilities – please let me know if there is an issue with that?
6. The fee for the use of City Hall will be \$500.

As this is a trial I am open to discussions on any item of concerns as I want to do my best to make this happen.

I understand from our conversation that there are a few other potential ideas you have closer to the concert date. Please feel free to reach out as you move forward with those and my team and I would be happy to assist.

Thanks,

Importance: High

Hello all. With respect to the upcoming announcement of the Rolling Stones selecting Vancouver as their ONLY Canadian date for their farewell tour we have a few questions that urgently need to be answered and some details need to be confirmed. PLEASE KEEP EVERYTHING CONFIDENTIAL INCLUDING THE DETAILS BELOW AS THERE IS A TREMENDOUS AMOUNT OF SPECULATION ABOUT WHETHER THE BAND IS GOING OUT ON TOUR.

I've copied this to the amazing technical team (Adrian, Jared and Marie of Go2 Productions) who have been selected by the band for this. They are a Vancouver based company, so we are so excited to have them on board.

Date of the light up of Vancouver City Hall on November 21st. As the tour with the Vancouver date will be announced at 5am pst on the 21st, I'm thinking we do this as a "Vancouver welcomes the Stones" event.

Time: TBC - 6PM? Trevor, I'm wondering if Mayor and Council would want to be there to read the proclamation and push the button to light up the building? Jared, this would be possible, right?

Confirmation that need to be sorted:

- Lights off in the offices being projected onto
- Blinds closed in the offices be projected onto
- Building lighting turned off on centre pillars - North side
- Permitting required to have a generator for power onsite

Hi Pete,

The City did not collect any revenue in this instance as we do not presently have a framework for such charges.

However, to your point, this type of opportunity is within the continuum we are exploring for revenue potential. We are presently securing third party expertise to support the analysis and marketing of advertising and sponsorship opportunities and will keep Council apprised and seek direction as that work moves forward in the coming months.

Best,
Paul

Good morning Christine,

I can confirm that the projection was organized by a third party. The third party applied for and was granted a license to set up their equipment on City property and to project onto the City Hall façade.

All costs associated with the activation were assumed by the third party. The City did not incur any expense and we have no information as to those details.

I hope that helps.

I have updated the LOA to reflect your name and address (and fix the time typo –take down time changed from 12am to 2am). Please re-sign and send back. On our end, we need all names/addresses to match between insurance/LOA and final permit.

Regarding the permit and payment, I have created an application internally, but I do need to attach your “account” to the file so that the permit will be in your name. This will also allow you to submit payment via the online portal via credit card. Are you able to log in to our system and create an account? Lastly, we do need the insurance documents completed before we can issue the permit. Is it possible to get the form filled in for Monday? [Liability Insurance Certificate for Park Board filming and special events \(vancouver.ca\)](#)

Hi Laura, thanks for chatting this afternoon about your light activation at City Hall. I am ccing Darren and Chris from our facilities team as they will be handling logistics.

We will need to confirm a few details:

1. I understand the light will go live on November 21 at 5:30pm. What time do you need to set up? And what time would you like to finish? (when requesting finishing time please consider if the light will be intrusive to any neighboring residents – I am guessing not but want to confirm?) **Setup at 12pm. We can go until 10pm or 11pm (@Laura - does that work?) We would be completed strike by 2am.**
2. Are you providing a generator? (I don't have one readily available but I do have 120 power connections) **Yes we would provide. Do we need a permit for this?**
3. Will you be providing security? **No, our team onsite.**
4. Is the photo below an accurate reflection of your footprint? **Yes**
5. As discussed we are moving ahead on this as a trial initiative. Typically **this** is the insurance needed for use of our facilities – please let me know if there is an issue with that? **Will look into.**
6. The fee for the use of City Hall will be \$500.

As this is a trial I am open to discussions on any item of concerns as I want to do my best to make this happen.

I understand from our conversation that there are a few other potential ideas you have closer to the concert date. Please feel free to reach out as you move forward with those and my team and I would be happy to assist.

Thanks,

I have updated the LOA to reflect your name and address (and fix the me typo – take down me changed from 12am to 2am). Please re-sign and send back. On our end, we need all names/addresses to match between insurance/LOA and final permit.

Hi Laura, thanks for chatting this afternoon about your light activation at City Hall. I am ccing Darren and Chris from our facilities team as they will be handling logistics.

We will need to confirm a few details:

1. I understand the light will go live on November 21 at 5:30pm. What time do you need to set up? And what time would you like to finish? (when requesting finishing time please consider if the light will be intrusive to any neighboring residents – I am guessing not but want to confirm?) **Setup at 12pm. We can go until 10pm or 11pm (@Laura - does that work?) We would be completed strike by 2am.**
2. Are you providing a generator? (I don't have one readily available but I do have 120 power connections) **Yes we would provide. Do we need a permit for this?**
3. Will you be providing security? **No, our team onsite.**
4. Is the photo below an accurate reflection of your footprint? **Yes**

5. As discussed we are moving ahead on this as a trial initiative. Typically [this](#) is the insurance needed for use of our facilities – please let me know if there is an issue with that? [Will look into.](#)

6. The fee for the use of City Hall will be \$500.

As this is a trial I am open to discussions on any item of concerns as I want to do my best to make this happen.

I understand from our conversation that there are a few other potential ideas you have closer to the concert date. Please feel free to reach out as you move forward with those and my team and I would be happy to assist.

The City will apply the Deposit towards payment of the Services Costs and if, after application of the Deposit as aforesaid:

 - (ii) there remains an amount owing by the Organizer in respect of actual Services Costs, the City will deliver an invoice to the Organizer along with a breakdown of actual Services Costs and the Organizer will pay to the City the difference between the actual Services Costs and the Deposit within 30 days of the date of the invoice;

- (u) the insurance requirements for the Event are set out in Schedule A to this letter. I have updated the LOA to reflect your name and address (and fix the me typo - take down me changed from 12am to 2am). Please re-sign and send back. On our end, we need all names/addresses to match between insurance/LOA and final permit.

Regarding the permit and payment, I have created an application internally, but I do need to attach your

Hi Laura, thanks for chatting this afternoon about your light activation at City Hall. I am ccing Darren and Chris from our facilities team as they will be handling logistics.

We will need to confirm a few details:

1. I understand the light will go live on November 21 at 5:30pm. What time do you need to set up? And what time would you like to finish? (when requesting finishing time please consider if the light will be intrusive to any neighboring residents – I am guessing not but want to confirm?) [Setup at 12pm. We can go until 10pm or 11pm \(@Laura - does that work?\) We would be completed strike by 2am.](#)
2. Are you providing a generator? (I don't have one readily available but I do have 120 power connections) [Yes we would provide. Do we need a permit for this?](#)
3. Will you be providing security? [No, our team onsite.](#)
4. Is the photo below an accurate reflection of your footprint? Yes
5. As discussed we are moving ahead on this as a trial initiative. Typically [this](#) is the insurance needed for use of our facilities – please let me know if there is an issue with that? [Will look into.](#)

6. The fee for the use of City Hall will be \$500.

As this is a trial I am open to discussions on any item of concerns as I want to do my best to make this happen.

I understand from our conversation that there are a few other potential ideas you have closer to the concert date. Please feel free to reach out as you move forward with those and my team and I would be happy to assist.

Thanks,

The amount of the Deposit will not be construed as a limit on the Services Costs payable by the Organizer and the Organizer acknowledges that it is responsible for payment of all Services Costs regardless of whether the Services Costs are higher than the Deposit delivered hereunder. The City will apply the Deposit towards payment of the Services Costs and if, after application of the Deposit as aforesaid:
 - (i) any Deposit funds remain after the Event, such remaining Deposit funds will be forwarded to the Organizer with a breakdown of the actual Services Costs deducted from the Deposit; and
 - (ii) there remains an amount owing by the Organizer in respect of actual Services Costs, the City will deliver an invoice to the Organizer along with a breakdown of actual Services Costs and the Organizer will pay to the City the difference between the actual Services Costs and the Deposit within 30 days of the date of the invoice;

Hi there, please let me know if I should follow up with them on this tomorrow.

To be clear I am not issuing any permit, they just have permission to show up at City Hall.

We will need:

- Confirmation of hours/dates
- Do they have security on it?
- Power requirements – we have electrical (120) that might work?

None of these requests are particularly difficult so just let me know your direction and we can turn things around quickly. I've already run it by REFM and no logistical concerns on their end.

Cheers

Subject: Band Activation

Hi Laura, thanks for chatting this afternoon about your light activation at City Hall. I am ccing Darren and Chris from our facilities team as they will be handling logistics.

We will need to confirm a few details:

1. I understand the light will go live on November 21 at 5:30pm. What time do you need to set up? And what time would you like to finish? (when requesting finishing time please consider if the light will be intrusive to any neighboring residents – I am guessing not but want to confirm?) [Setup at 12pm. We can go until 10pm or 11pm \(@Laura - does that work?\) We would be completed strike by 2am.](#)
2. Are you providing a generator? (I don't have one readily available but I do have 120 power connections) [Yes we would provide. Do we need a permit for this?](#)
3. Will you be providing security? [No, our team onsite.](#)
4. Is the photo below an accurate reflection of your footprint? Yes
5. As discussed we are moving ahead on this as a trial initiative. Typically [this](#) is the insurance needed for use of our facilities – please let me know if there is an issue with that? [Will look into.](#)
6. The fee for the use of City Hall will be \$500.

As this is a trial I am open to discussions on any item of concerns as I want to do my best to make this happen.

I understand from our conversation that there are a few other potential ideas you have closer to the concert date. Please feel free to reach out as you move forward with those and my team and I would be happy to assist.

Good morning Pete

Thanks for your question below. On further review with staff I have determined that I misinterpreted information provided by our Film and Special Events branch on this point. What I understood to be a \$500 deposit against recoverable costs was in fact a \$500 fee for the licence to use City Hall property for this activation.

As one element of our response to Council's direction to enable special events and activations and pursue non-tax revenue sources our team has been exploring the potential for experiential marketing events. Engineering (include the Film and Special Events branch) is currently undertaking pilots to understand both the public benefit and sentiment related to experiential marketing as well as the revenue opportunity. The team is planning to report back to Council in 2024 based on the findings from the pilots with recommendations for experiential marketing going forward.

For the Rolling Stones activation \$500 was the amount paid by the promoter to the City. This is a relatively unique type of event and the City does not have an established fee schedule. The amount was determined by Film and Special Events as reasonable in the context of this activation as a pilot and in considering administrative costs associated with enabling the event.

Going forward any recommendations with respect to experiential marketing will include a proposed fee structure informed by findings from this and other pilots.

I hope the above clarification is helpful and I apologize for the inaccurate information I shared initially.

Best
Paul

Hi Paul

Sorry to bring this back up but there appear to be some inconsistencies around the Rolling Stones projection on City Hall and specifically receipt of payment; in recent correspondence you indicated that no revenue was received which I have related to curious parties but I have since been challenged on that statement as a recent media report quotes the promoter claiming "Additionally, a fee was paid to City Hall for the activation." Can we please get some clarity around how this event was organized with the City by whom and presumably who may have accepted the fee? Thanks

11/22/2023	Cllr Boyle/ Cllr Fry	Media question re Rolling Stones projection	A1. The projection was organized by a third party. The third party applied for and was granted a license to set up their equipment on City property and to project onto the City Hall façade. All costs associated with the activation were assumed by the third party. The City did not incur any expense and we have no information as to those details.
		Q1. Was the projection of the Rolling Stones logo on City Hall yesterday paid for by the City? How much did it cost?	A2. The City did not collect any revenue in this instance as we do not presently have a framework for such charges.
		Q2. Did we receive any sponsorship or advertising revenue?	
		Q3. Do we have any precedence of for-profit advertising on City properties and could this be one of the "new revenue generation opportunities" we see highlighted in the budget?	A3. We are presently securing third party expertise to support the analysis and marketing of advertising and sponsorship opportunities and will keep Council apprised and seek direction as that work moves forward in the coming months.
