Subject: Update: Oppenheimer Park By-law compliance

Hello Mayor and Councillors,

Further to last night's update on the daily By-law enforcement work at Oppenheimer Park on January 9, please find an update on today's daily work:

- There were 13 tents in Oppenheimer this morning and all tent occupants complied with the By-law except for one tent whose occupant is under the direction of paramedics. Staff decided to allow that tent to stay up.
- Five people associated with the structures were going into housing and three into shelter beds.
- As per the update today, to support people without housing to come inside, ACCS staff and partners have activated our Warming Centres in addition to the EWR beds.
- The most up-to-date information on places for people to come inside to stay warm are provided on the <https://vancouver.ca/> website in a yellow alert ribbon at the top of the page.

Thank you,

Sandra
