MSTV Intergovernmental UNDRIP Table

RE: UNDRIP Action Plan timeline

Dear MSTV Intergovernmental UNDRIP Table:

On behalf of Vancouver City Council, I am writing to provide an update on the work that the City of Vancouver is undertaking to review the current draft of the UNDRIP Action Plan that is being developed collaboratively by staff of the four governments under the guidance of the MSTV Intergovernmental UNDRIP Table. The Intergovernmental Table is scheduled to meet next on April 30 and it was contemplated that the current draft Action Plan would be discussed at that meeting.

I can confirm that Vancouver Council has received the draft and is reviewing the current draft of the Action Plan. Given the scope of the plan and the significance of the work, Vancouver Council has requested an additional month to review the details of the draft and obtain clarification as required from City staff.

The City recognizes and appreciates the immense effort that has been invested by the staff teams from all four governments in developing and refining the draft Action Plan. This work is foundational to the practical implementation of the UNDRIP Strategy that has been endorsed by all four governments and we remain fully committed to continuing this collaboration.

I understand that the UNDRIP Steering Committee will be discussing and adjusting the timeline for further review and approval of the Action Plan, taking into account Vancouver Council's above request, and will continue to consult the Intergovernmental Table in that regard.

Yours truly,

Paul Mochrie
City Manager
