- Item 2.2 BC Hydro's "Distribution Extension Policy" and "2024 Rate Design" Applications to the BC Utilities Commission

CoV Staff comment: The City of Vancouver is a registered intervener in both of the BC Hydro BCUC hearings described in this report. City staff are working closely with staff from other local governments that have registered as interveners and, subject to the Metro Vancouver report being approved, will collaborate with Metro Vancouver staff as well. The City's role as intervener in the two hearings is to provide input to ensure affordable, reliable, low-carbon electricity for residents in alignment with the City's climate and housing goals.
