Subject: Upcoming information bulletin: Temporary road closures in Cambie Corridor over upcoming long weekend (October 11, 2024)

Dear Mayor and Council,

I am writing to inform you that the City will be issuing the below information bulletin this afternoon regarding temporary road closures taking place tomorrow (October 12) on Cambie Street between West 41st and 45th Avenues. This closure is to facilitate a "crane jump" operation being delivered by Ellis Don, the prime contractor for the Oakridge Park development site. A "crane jump" involves increasing the height of a crane's tower.

As this operation is being delivered by a third party contractor, if you receive any media inquiries about the work, please direct them to the contractor, Ellis Don - edmarketing@ellisdon.com

Please keep this news release/information bulletin embargoed until it goes live from the City media email account at approximately 2 pm today.

Best,
Paul

Paul Mochrie (he/him)
City Manager
City of Vancouver

Temporary road closures in Cambie Corridor over upcoming long weekend

On Saturday, October 12, Cambie Street will be closed to vehicle traffic in both directions from West 41st Avenue to West 45th Avenue to support crane activity at the Oakridge Park development site at 650 West 41st Avenue. The closure will take place from approximately 7 am to 3 pm.

This complex and time-sensitive work will be delivered and coordinated by EllisDon, the prime contractor for Westbank's Oakridge Park development site. The City of Vancouver has issued a permit for this work on City property, which requires all contractors to perform the work in accordance with all regulatory requirements.

Work is expected to be completed on Saturday, but there is potential for the work and accompanying closures to extend into Sunday, depending on weather.

As a reminder, in addition to construction and development work happening around the city, lane reductions are also in place at nearby Oak Street from West 64th Avenue to West 70th Avenue as part of the City's [Oak Street Sewer Separation Upgrades](#) project. No active work is scheduled at this site over the long weekend, and two lanes will remain open in each direction throughout.

Traffic tips:

- If you are travelling in and around the area, plan ahead and expect delays.
- Please abide by “No Parking” signs and “Pedestrian Detour” signs in the area.
- To stay ahead of road closures throughout the city, visit our [road closures page](#).
- Follow #VanTraffic or [use our traffic cameras](#) to check traffic conditions along your commute.
- Visit translink.ca/alerts for changes to your bus service.
