Guide for stadium visits

Areas of interest per functional area

February 2024

Areas of interest per group

This is a non-exhaustive list of areas that require access during the stadium visit. We request that the rooms are open or that someone with a master key accompanies the groups to view the requested rooms/spaces. In the event that an external building or space owned by a third party is proposed for use, please plan the visit accordingly.

Please note that the visit is fluid and sometimes groups will be together (e.g. s.21(1) [redacted] s.21(1) [redacted] and sometimes they will be on their own, but always accompanied by a stadium specialist.

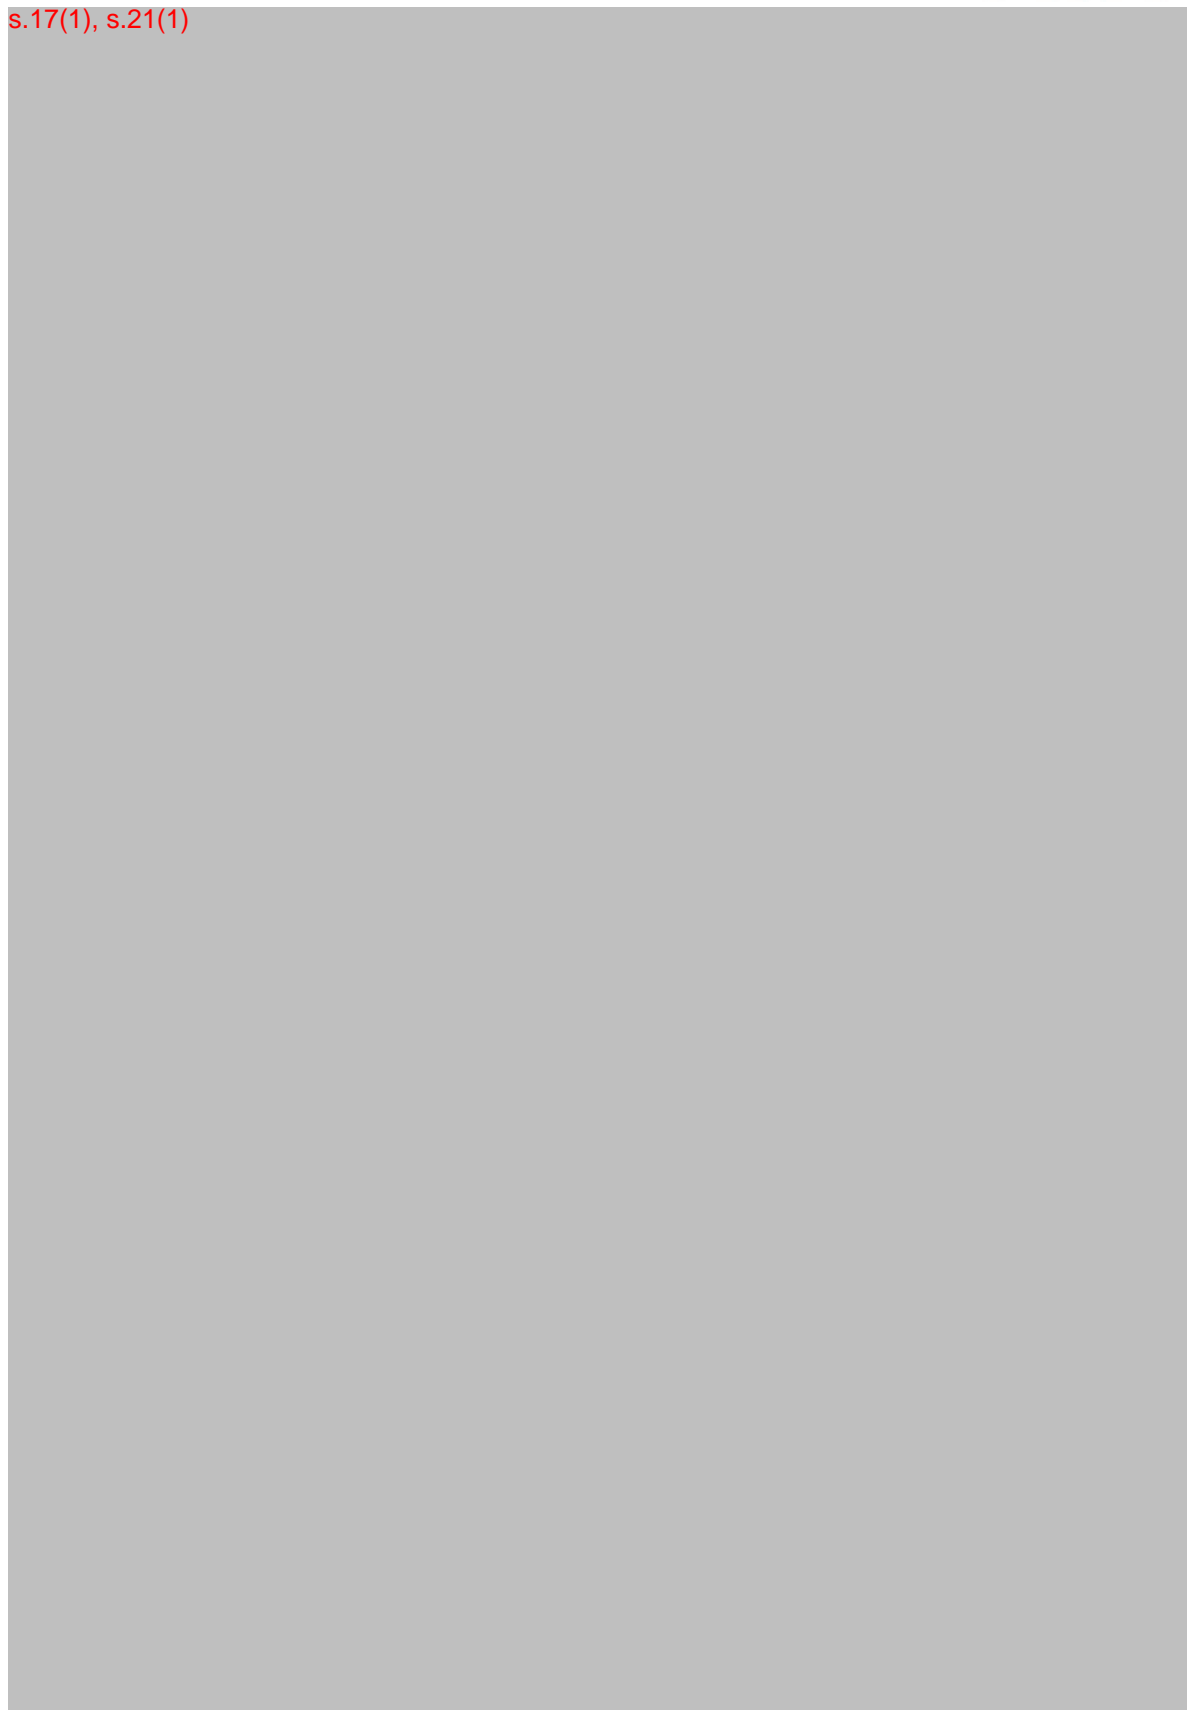

The availability of golf carts where needed to reduce inspection time is appreciated.
