I am responding to your request dated April 2, 2024 under the *Freedom of Information and Protection of Privacy Act* for:

**Regarding section 5.0, "Scope of Work and Detailed Requirements," of the B.A. Blackwell contract for Stanley Park (supply agreement PS20230036), records of notifications to the Park Board project team and archaeologist upon discovery of archaeologically sensitive material and concerns related to culturally modified trees (preference is a record of each individual notification to date or a summary record in the form of an Excel Spreadsheet that contains top-line details, including, but not limited to, date, time, location, details of finding, action taken and remedy). Date range: February 16, 2024 to April 2, 2024.**

We have completed the search for responsive records for this request and no responsive records have been located. Park Board staff have confirmed the Park Board project team and archaeologist have not received any notification from B.A. Blackwell as per the requirements referenced in the request.
