Dear s.22(1)

Re: **Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")**

I am responding to your request of April 22, 2024 under the *Freedom of Information and Protection of Privacy Act* for:

Record of street lights 8/65 (North) and 2/66 (South) at the intersection of Fraser and East 50th on November 23, 2016 that confirm when the lights were turned on and that the lights were working that evening. This is in relation to a motor vehicle accident which occurred on November 23, 2016 around 6:45pm.

We have completed the search for responsive records for this request and no responsive records have been located. Staff in Engineering's Traffic, Electrical Operations & Design Branch have confirmed they have no records of any lights out on that date, and also noted there is no positive reporting records at that time or in that area. Additionally, they advised that the lights are controlled by a photocell, and would turn on after sunset; the exact time changes daily based on the overhead conditions.

Under section 52 of the Act, and within 30 business days of receipt of this letter, you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your FOI request by writing to: Office of the Information & Privacy Commissioner, info@oipc.bc.ca or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number (#04-1000-20-2024-250); 2) a copy of this letter; 3) a copy of your original request; and 4) detailed reasons why you are seeking the review.

Yours truly,

[Signed by Cobi Falconer]
