Dear s.22(1)

Re: **Request for Access to Records under the Freedom of Information and Protection of Privacy Act (the "Act")**

I am responding to your request of August 19, 2024 under the *Freedom of Information and Protection of Privacy Act* for:

1. **Total number of licenced dogs in Mount Pleasant; and**
 2. **Total number of 311 calls regarding off leash dogs in Mount Pleasant.**
- Date range: January 1, 2019 to August 16, 2024.**

All responsive records are attached. Some information in the records has been severed, (blacked out), under s.22(1) of the Act. You can read or download these sections here: http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/96165_00.

Under Part 5 of the Act, you may ask the Information & Privacy Commissioner to review any matter related to the City's response to your FOI request by writing to: Office of the Information & Privacy Commissioner, info@oipc.bc.ca or by phoning 250-387-5629.

If you request a review, please provide the Commissioner's office with: 1) the request number (2024-528); 2) a copy of this letter; 3) a copy of your original request; and 4) detailed reasons why you are seeking the review.

Yours truly,

[Signed by Cobi Falconer]

All day</p> <p>Animal breed: 11 different breeds</p> <p>Animal colour: Various</p> <p>Provide details: §.22(1) that was viciously attacked §.22(1) and is now afraid of big dogs.Hinge park is an on-leash park; however most people have their dogs off leash. They are mainly large dogs that race across the park chasing balls, playing and digging holes while their owners are on their phones or chatting to other dog owners and not paying attention to their dogs activities. §.22(1) off leash dogs many times which is not right. It is a family park but families are bypassing it because of the dogs. No one wants to have their children playing when there are dogs running freely around. There are 4-5 year old kids soccer practices on Saturdays and the coaches have to be very conscious of the safety of their players. There have been too many cases of dog attacks in BC to take the risk. I have also witnessed dogs run across the walking path in front of pedestrians and cyclists causing near misses and causing injury to cyclist from having to swerve or brake hard. I fail to see how the city can find this acceptable! §.22(1) about this issue and §.22(1) agents as well. They tell us they're trying to educate people instead of giving out fines. This has done nothing to deter the dog owners. §.22(1) that this is not an off leash park and they usually say "we know" and continue to let their dogs run. §.22(1) we saw in Whistler telling people to keep dogs on leash. We have seen the signs pop up at kits, Vanier and even around the corner from us on Ontario Street, but not at Hinge Park. §.22(1) very small sign was put on a post on the north side of the park which is useless as most owners come from the east and south and don't see it.This morning someone §.22(1) §.22(1) - all off leash. I have attached a photo.This is absolutely unacceptable!! We pay a lot of money to live here and should be able to safely walk our dogs and take our kids to the park. What is it going to take? When will you do something about this issue? Maybe you would like to bring your kids here for a picnic! Please explain why these dog owners are getting a pass. Dog owners don't like it and took over the south green space as a dog park. The grass is now a mud pit and city has fenced it off to regrow. Several weeks ago and the dog owners have now moved to the north green space and it will soon be a mud pit..a bigger concern is that this space borders on the bike path and pedestrian path. There are sometimes 7 large dogs been exercised with balls thrown, the ball often goes over the paths, it is only a matter of time before a cyclist has a dog run in front of them or knock a pedestrian down. It is illegal and unsafe.We need some signage to reinforce it is a on leash only area. The north side is a very popular picnic spot for people on nice nights coming up.People cannot spread their food and blankets on mud and while dogs are being exercised. There is a lot of sports activity, people are running on the track. There's a playground there too with kids as well. Citizen is highlighting these incidents in hopes that Animal Control takes the initiative for consistent enforcement of dogs off leash at this park as this is happening all times of the day, throughout the day while Animal Control Officers are on duty.</p> <p>Is there an animal welfare or cruelty issue? Seven days a week</p> <p>What time of day is this happening? Throughout the day, even after sunset</p> <p>Animal breed: All</p> <p>Animal colour: All</p> <p>Provide details: Park REGULARLY being misused as off-leash park. Literal congregations of dog owners letting their dogs run around the park unattended. This is otherwise a soccer field/baseball diamonds, but dog waste from irresponsible dog owners not watching their dogs turns it into a minefield. I regularly see dogs running around well after dark, and zero chance their owners can see where their dogs are doing their business. I've also more than once had poorly behaved dogs s.22(1), with owners chasing after them. Signs are already posted restricting dog activity in the park - I just want to see some enforcement. I suspect if there's an offleash ticket quota for the city of Vancouver, this park would be fish in a barrel day after day s.22(1) the park, and it's such a shame that on a nice sunny day when people are out socializing, they have to watch where they are stepping/setting up their picnic blankets for fear of stepping on dog waste. If an off-leash park is what local residents want, let them petition the city for a fenced off, dedicated space. Otherwise, in my opinion, the city has already declared this is not the space for such things. Is there an animal welfare or cruelty issue? Animal Concern Case	201000108646	599 KINGSWAY	Dog Dog off leash	<p>Location: Robson Park (599 KINGSWAY) Type of animal: Dog Type of concern: Dog off leash Animal breed: §.22(1) aggressive breeds that needs to run wild Animal colour: §.22(1) §.22(1) many Provide details: I've lived in this community for §.22(1) and loved it. Yet for many times on a daily basis (till this moment, today), there are always some people letting their dogs unleashed in the dog-leashed Robson park, as if they are totally entitled to do so. Start early morning we hear dog barking, the owners shouting out the dog's name at 7 am to later on unleashed dogs running into and licking people. I have talked to some community members and we all agree that not everyone liked that, especially now with the pandemic, everyone should be more cautious of interactions and social distance. And it's the owner's responsibility to leash and manage the dogs so they won't disturb other community member's peace and space, NOT the other way around. The dog owners acted as if the dog-unleashed sign (metal plate) in the park doesn't exist. They let their dog run wild and don't show any apologetic manner when their dogs are intruding other people's space. Some even act as if other people shouldn't use the park for recreational activities since that's hindering their dogs freedom. Personally I don't hate dogs but here are a few changes I would like to see so we can enjoy the beautiful park: 1. The dog-leashed plate is obsolete and inconspicuous. The plates in a nearby park- Sunnyside park is much more clear and the maximum fine is much higher (10k dollars). We request to upgrade the dog-leashed sign to the newest version. 2. We request more animal control personnel and more frequent supervision in this park. It's not our job to ask the dog owner to leash their dog §.22(1) when I thought it was reasonable to request so. I hope the city can make additional efforts on educating the dog owners about how to manage their pets as clearly many of them don't have that knowledge, neither are they willing to do so. Plus, as a citizen we don't have the right to check their dog license. Thank you for reading my letter, and hopefully we can have a much more well-managed park for the community with the support from the City of Vancouver. Is there an animal welfare or cruelty issue? Animal Concern Case	201000445171	599 KINGSWAY	Dog Dog off leash	<p>Location: Robson Park (599 KINGSWAY)</p> <p>Type of animal: Dog</p> <p>Type of concern: Dog off leash</p> <p>Animal breed: too many to name</p> <p>Provide details: I have seen more and more dogs off leash from 7am-9am in the designated dog on leash area- Robson Park in the past month. Around 7:30, I saw the same patch of dog owners that I've sent photos to you previously, who let the dogs run wild. Some of them are even wearing the same clothes. Around 8:00, another patch of dog owners came. At 9:00, another patch of ladies with their dogs running around. I request-Please come at the time slot mentioned above at least 2-3 days per week.Please replace the old dog on leash signages and put on some directing signages to the nearest dog off leash park: Saint George Dog Park. (within 10mins walk) don't feel safe to take photos myself and can't identify all the dogs' breed. But here's the car plate number of one s.22(1). We need the animal control officers to patrol on a regular basis to send the clear signal that you can't simply break the bylaw and chase away other park users at not cost.We need new dog on leash signage. The other day, s.22(1) was even staring at the old signage, on which almost everything fade away, for quite a few minutes! while s.22(1) dog was running, and s.22(1) simply ignored it and kept letting the dog run around. Everything is sending out signals that the dog owners can get away with breaking the bylaw. Now there is a dog off leash park just within 10mins walk, yet so many of them are still choosing to take over the designated dog on leash area.Please send animal control officers on a regular basis. And ask the dog owners to go to the Saint George Dog Park.Please direct the request to the responsible departments: updating the old signages and putting on new ones to direct them to the dog off leash park.I have made the same requests again and again. Animal control officers came a few times and then stopped showing up. Dog owners are coming back even more frequently all day long. That's why we need frequent patrols.As of the signage requests, I've requested on 311, I've sent emails to the Park Board. Nothing, no responds at all.If nothing changes, I will keep up report these issues till they are addressed.</p> <p>Is there an animal welfare or cruelty issue?
