Subject: Update: Exiles of the Golden Age event today

Hello Mayor and Council,

It has come to our attention that an event called Exiles of the Golden Age Conference is being planned for somewhere in Metro Vancouver today. This event and the organizers are understood to be aligned with the neo-Nazi movement and ideologies which could potentially mean that there may be hate speech and the inciting of hate at the event.

These events typically include a staged invitation gating process that includes numerous steps before the final event location is revealed to those who advance through the gating process. This is done to ensure secrecy of the final location. It has come to our attention that at least one of these staged invitation steps for today's event is happening in Vancouver. It is possible that the event could happen in Vancouver or that people seeking to attend may be directed through stages to a location elsewhere in Metro.

VPD is aware of the event, is monitoring the situation, and will take appropriate action. To confirm, they are also coordinating with the RCMP as the final location for the event may be outside of Vancouver.

if you receive questions about this from constituents, I ask that you consider responding that City staff have been in contact with the VPD who are aware and monitoring the situation.

Thank you,

Sandra
