Subject: FWC26 Vancouver – Community Activation Playbook now available

Dear Mayor and Council,

Please see below for details on our newly launched Community Activation Playbook, a guide for businesses, community organizations and residents. It offers tips on celebrating, permitting and public viewing to help bring the province to life during FIFA World Cup 26 Vancouver™. This is an initial iteration and as we gather more feedback and insights, we will continue to enhance content and roll-out in phases, in collaboration with key partners locally and across the province.

Communications approach

To promote the playbook, we will engage in proactive media outreach with interested outlets and promote the playbook through social media. Additionally, we will share it with BIAs, key hospitality contacts (hotels and restaurants), and request amplification from partners including the Province of BC, PavCo, MST, YVR, TransLink, Destination Vancouver, Destination BC, Greater Vancouver Board of Trade, BC Soccer, and profession soccer community leads. The Province will also support province-wide distribution through its networks.
