Speakers: Mayor Ken Sim

Note to attendees: This event will take place outside rain or shine. Please dress accordingly.

#### About West King Edward Upgrades

The [West King Edward Upgrades](#) project included new sewer and water infrastructure on West King Edward Avenue and upgrades to the Arbutus Greenway. King Edward Avenue was one of the least comfortable arterial street crossings on the Arbutus Greenway and, in coordination with the underground work, the intersection was rebuilt to make it safer and more comfortable for all road users. The City also add green rainwater infrastructure and took the opportunity to extend painted bike lanes on West King Edward Avenue to Dunbar Street.

Please RSVP to [media@vancouver.ca](mailto:media@vancouver.ca) if you plan to attend. Additional details and run of show will be provided prior to the event.

Thanks,  
Donny
