Subject: Update: Power restored to City Hall

Thank you for everyone's patience as we responded to the power outage at City Hall today. We are happy to share that the power is now restored.

We recognize staff had to adapt quickly and were pleased to see business continuity plans kick in. We are anticipating more stormy weather, and if we need to respond to any operational challenges in the coming days, we will contact leadership to implement each department's plans and to ensure coordination within the building.

Again, thank you to everyone who found solutions quickly and for your flexibility.
