Subject: Review of February 24, 2026 Council Meetings Minutes

Good morning Mayor and Council,

At the March 10 Council meeting Councillor Maloney raised a question regarding a possible correction to the Council meeting minutes of February 24, 2026, specifically under Presentation 1 – VanStat Update on Roads and Sidewalks.

Staff have reviewed the video recording of the meeting and confirm that the minutes are accurate as recorded. The motion submitted by Mayor Sim was recorded as submitted and as subsequently amended and adopted by Council at the meeting. The Q&A referred to in the motion was publicly posted online March 30, 2026 and is available here: [ENG- Memo to Mayor and Council - Road and Sidewalk Condition Response - March 30, 2026](#).

Please let me know if you have any further questions regarding this matter.

Thank you,

Katrina Leckovic
