

# TEMPORARY MODULAR HOUSING

## THE LOT AT 595 WEST 2ND AVE IS PLANNED AS A SITE FOR TEMPORARY MODULAR HOUSING.

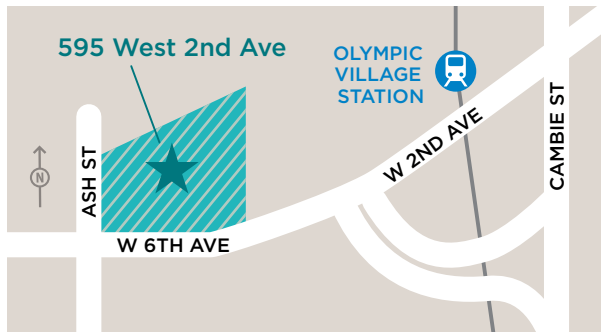

The City of Vancouver, in partnership with the Vancouver Affordable Housing Agency (VAHA) and BC Housing, is building Temporary Modular Housing on various sites across the city to create much-needed temporary housing for homeless residents.

One building is being considered for the site at 595 West 2nd Avenue. The building would be three storeys and contain approximately 50 single studio homes. At least 10% of the units would be wheelchair accessible. The building would be in place for up to five years, with the possibility to extend another five years and would be managed 24 hours a day, 7 days a week, by an experienced non-profit housing operator.

This Temporary Modular Housing proposal is being developed in coordination with the False Creek South Neighbourhood Planning Program.
