Wow! Looks great and this is the densest building I've ever seen in Vancouver that doesn't get its own unique CD zone. Please approve this and overhaul zoning so we can have many more buildings like this.

I approve. It will be good to have more housing and hotel space.

Stop homogenizing the west end. These new bldgs all look the same and are ruining the feel of the west end.

Where can I see the plan view of this proposed development.? I'm curious to see how it will impact my SW view from my condo.

the area is congested and lacking of parking space. the Landmark development will put additional stress on the limited permit parking in the surrounding blocks. parking spaces are inadequate to support the hotel and residences. ideally there should be more to allow people living in the neighbourhood to rent parking stalls.

This building will be too tall affecting the downtown area overall outlooks. Also it will block the views from the surrounding buildings.
