## CITY OF VANCOUVER

### DIRECTOR OF FINANCE REPORT

The Financial Statements contained in this Statement of Financial Information under the Financial Information Act have been prepared by management in accordance with generally accepted accounting principles, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all the statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

Management is responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The City's Internal Audit Division has the responsibility for assessing the internal control environment of the City and making observations and recommendations on the effectiveness of management systems and processes. The Internal Audit Division reports to the Internal Audit Management Committee.

The External Auditors, KPMG LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination does not relate to the other schedules and statements required by the Act. Their examination includes a review and evaluation of the City's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly. The External Auditors present their audit findings to the City's City Services & Budget Standing Committee.

On behalf of the City of Vancouver,

Esther Lee  
Director of Financial Services  
Deputy Director of Finance  
April 23, 2009

**Mayor G. Robertson and Members of Council**

It is my pleasure to submit the Consolidated Financial Statements for the City of Vancouver for the year ended December 31, 2008. These financial statements include the financial position and results of operations of the City including its boards and City-owned/controlled corporations.

**2008 Financial Highlights**

The City continued to maintain a strong financial position in 2008:

- Net assets increased by \$2.0 billion (18%) to approximately \$13.0 billion. The increase was mainly due to an increase in Capital Assets.
- The cash position including temporary investments, amounted to \$645.1 million compared to \$877.7 million at the end of 2007. The decrease of \$232.6 million (26.5%) was mainly due to the financing of the Millennium Southeast False Creek Olympic Village project.
- Through tight fiscal control, the City was able to manage expenditures within the Operating Budget envelope ending the year with an excess of revenues over expenditures of \$6.6 million.
- Expenditures on capital works totaled \$279.0 million, compared to \$191.8 million in 2007, a 45.5% increase.
- Total debt outstanding at year end was \$558.5 million (2007 - \$590.4 million), of which \$484.4 million was held externally; the balance of \$74.1 million was held by the Sinking Fund. Of this internally held debt, \$13.1 million is to be recovered from individual property owners through local improvement charges.
- Deferred income decreased by \$4.6 million and is mainly comprised of development cost levies which totalled \$100.6 million at year end.
- Reserves set aside for specific purposes increased during 2008 by \$24.5 million to \$424.4 million.
- Work stoppage savings of \$11.8 million from 2007 was transferred from a reserve to reduce 2008 property taxes as directed by Council.

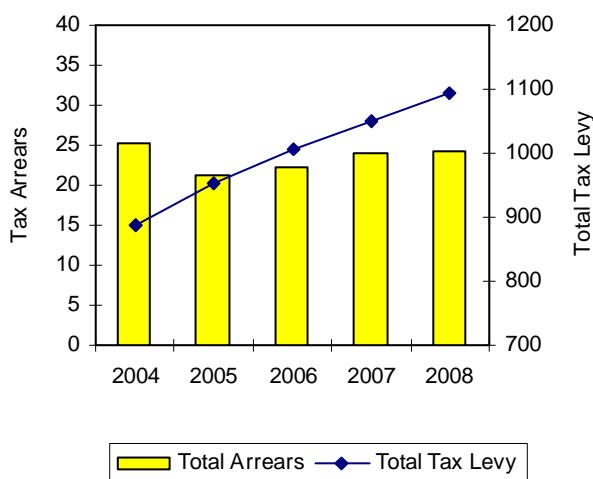

**Property Tax Receivable**

Property tax collection remained strong. As the chart shows, over the last five years, although tax levies have increased, the total tax arrears have remained at basically the same level of approximately \$25.0 million.

The collection of 2008 property taxes, including those amounts raised for other taxing authorities, amounted to \$1.1 billion, or 98.7% of the total 2008 property taxes levied. During the year, the City also collected \$15.5 million (64.3%) of the \$24.1 million property tax in arrears at the beginning of 2008.

At year end, tax prepayments were \$46.3 million compared to \$41.1 million at the end of 2007, an increase of 12.6%. Enrolment in the City's Tax Instalment Pre-Payment Plan has been increasing since its inception in 1999 and currently there are over 9,750 accounts.

**Tax Levy and Arrears (\$Millions)**

## REPORT OF THE DIRECTOR OF FINANCE

### Reserves

Under legislative or Council authority, the City has established a number of specific purpose reserves. At the end of 2008, these reserves totalled \$424.4 million, up \$24.5 million over 2007 or a 6.1% increase. The most significant reserve balances and changes were:

- Community Amenity contributions from developers amounted to \$18.6 million and were offset by expenditures of \$16.3 million bringing the total reserve balance to \$50.7 million.
- Future Revenue Fund Budgets Reserve was drawn down by \$13.0 million to a balance of \$36.0 million. This was mainly the result of the transfer the 2007 work stoppage savings of \$11.8 million to reduce 2008 property taxes and \$1.5 million for the municipal election. \$24.0 million of this reserve is to fund future payroll obligations.
- Funding for future debt charges of \$6.1 million was transferred into the Future Debt Repayment Reserve bringing the balance to \$23.1 million.
- \$9.2 million of the Olympic Legacy Facilities Reserve was used to fund the development of Olympic Venues (Hillcrest Complex and 2 skating rinks).
- The Olympic Legacy Reserve increased by \$2.4 million after expenditures of \$1.2 million were netted against the annual contribution of \$3.6 million from the extension of a lease of a City property. The balance of the reserve was \$11.4 million at year end.
- The balance of the Olympic Village Trust Reserve was drawn down by \$14.5 million to fund the development of the Southeast False Creek Olympic Village site.
- The South East False Creek Construction Reserve of \$25.0 million was established to provide for contingent costs for the completion of the Olympic Village.
- The Plant and Equipment Reserve which funds the long term equipment replacement plan increased by \$5.9 million to \$44.2 million. The reserve is funded by internal equipment charges provided in the Operating and Capital Budgets and in 2008 this amounted to \$19.6 million. Actual expenditures drawn on the reserve were \$13.8 million.
- \$5.6 million was expended out of the Stanley Park Restoration Reserve to repair the 2006 storm damage leaving a balance of \$1.9 million in the reserve at year end.
- The Solid Waste Capital Reserve is being accumulated to fund closure and post-closure costs at the City's landfill. During the year the reserve increased by \$1.6 million to \$74.2 million as a result of interest of \$3.9 million less landfill capital and other expenditures of \$1.3 million.
- Water and Sewer Utility Rate Stabilization Reserves increased by \$2.7 million to a total of \$31.8 million as a result of surpluses from operations.

### Revenue Fund

The Revenue Fund accounts for the general operations for the City. Spending authority and control for the fund are provided by Council through the annual Operating Budget.

Revenues for the year totaled \$971.5 million and expenditures, debt repayments and transfers amounted to \$964.9 million, resulting in a net surplus of \$6.6 million. The total fund balance of the Revenue Fund currently stands at \$21.1 million, compared to \$14.6 million in 2007. The following highlights the major changes in revenues and expenditures.

## REPORT OF THE DIRECTOR OF FINANCE

---

Total operating revenues increased by \$47.4 million from 2007 mainly due to:

- An increase in net taxation revenue of \$17.7 million or 3.3% from \$533.4 million to \$551.1 million. City Council approved a 1.23% increase in the property tax levy in 2008 that generated \$17.5 million in tax revenues (including \$10.3 million from new construction).
- An increase in water utility user fees of \$2.9 million (3.9%) was due to a Council approved rate increase of 5.5% to reflect rising regional water costs, as well as higher metered water consumption in the year.
- An increase in solid waste utility user fees of \$1.8 million (4.5%) mainly due to a return to normalized levels of disposal receipts following the reduced levels that occurred as a result of the 2007 work stoppage.
- An increase in sewer utility user fees of \$2.2 million (6.3%) was due to a Council approved rate increase of 3.2% and growth in metered consumption.
- An increase in other fees, rates and cost recoveries of \$17.1 million (9.5%) due to a combination of the following:
  - Increased 2008 revenues compared to \$13.3 million in reduced revenue during the 2007 work stoppage.
  - Increased number of shows at theatres generating an additional \$0.7 million in revenue in comparison to 2007 which saw theatres closed for renovations.
  - \$2.9 million increase in on-street parking revenues due to Council approved increases in rates and expansion of meter zones.
  - \$2.6 million increase in parking by-law enforcement revenue due to increases in the number of tickets issued.
  - An increase in secondment recoveries of \$2.2 million due to a higher number of police officers being assigned to other agencies.
  - A \$3.9 million decline in building permit fee revenues as a result of economic downturn in 2008.
- An increase in provincial revenue sharing grants and contributions of \$1.0 million (4.8%) due to the city receiving a larger share of the provincial traffic fine revenue and increased gaming revenue.
- An increase in investment income of \$5.6 million (28.8%) due to higher cash balances, offset by lower interest rates.

Total operating expenditures amounted to \$868.0 million, an increase of \$84.0 million (10.7%). This increase is primarily related to the wage and fringe benefit adjustments for employees which added approximately \$19.2 million to the 2008 expenditures.

Other major areas of change in expenditures were:

- Following the work stoppage of approximately 12 weeks in 2007, the 2008 expenditure levels for salaries and operations returned to a full-year level. In 2007, expenditure savings were realized within non-utility operations (\$24.5 million), the Water Utility (\$1.5 million) and the Solid Waste Utility (\$0.9 million), resulting in increased full-year 2008 expenditures.
- An increase of \$2.3 million in the cost of water charged by the Greater Vancouver Water District which increased rates by 11.7%.
- A \$3.5 million increase in the Greater Vancouver Sewerage & Drainage District levy charged to the Sewer Utility due to an increased amount of capital work being carried out by Metro Vancouver.
- A liability accrual for the future cost of closing the landfill of \$15.9 million. A recent detailed design review for the closure of the first phase of the landfill was conducted and the updated costs and timelines were applied to the future liability of closing the entire landfill. The main reasons for the increase include a change in the cover system from soil based to a *geomembrane* (plastic) cover system, which reduces leachate and maximizes landfill gas collection.
- The cost of \$1.8 million to the City for the civic election in November 2008.
- The approved Emergency Management Program increased costs by \$0.6 million.
- Increase in Emergency Communications 911 (E-Comm) of \$3.2 million due to a \$2.8 million loan repayment and increased costs related to the provision of emergency radio and communication services.
- Police expenditures increased mainly due to the full-year impact of the approval of 96 additional police officers and 22 civilians approved by Council (\$8.4 million) and increased Criminal Investigation Fund, legal and overtime expenditures due to increased investigations and major events within the community (\$2.0 million).

## REPORT OF THE DIRECTOR OF FINANCE

---

### **Capital Fund**

The Capital Fund accounts for the City's capital expenditures and programs supporting civic infrastructure as well as the related financing. It also holds properties required for civic use and the related long term debt. Spending authority and control are provided through the annual Capital Budget which in turn is guided by the Three Year Capital Plan approved by Council.

The Capital Fund balance decreased by \$148.0 million resulting in a negative fund balance of \$148.1 million (2007 – negative fund balance of \$0.1 million). The change is mainly due to:

- \$89.7 million in revenue including \$30.5 million in development cost levies and \$8.1 million in community amenity contributions from developers, \$5.2 million from the Federal and Provincial governments for various projects, \$12.6 million in water and sewer connection fees and \$15.3 million in cost sharing recoveries from Translink.
- \$40.7 million net transfers from reserves and other funds, the most significant being the \$34.5 million transfer from Revenue Fund Operating Budget to fund capital projects.
- \$279.0 million capital expenditures which included:

	\$ Million
• Streets, traffic and safety	63.3
Traffic calming plans, streetlights, signals, sidewalks, Canada Line stations, Main Street and Knight/Clark corridor	
• Main sewer construction and sewer abatement projects	31.0
Fraser River, West Point Grey, Balaclava and Kitsilano basins	
• Water works distribution system	26.0
• Vehicle and equipment purchases	13.8
• Parks, community centres, playing fields, ice rinks	69.4
Stanley Park restoration, Emery Barnes Park, Percy Norman Aquatic Centre, Killarney and Trout Lake skating rinks, Hillcrest Curling Centre	
• Construction and capital maintenance of City buildings and systems	45.5
Civic Theatres upgrades, #1 Kingsway, Mountain View Cemetery	
• Technology infrastructure	18.2
Hardware upgrades, Infrastructure Management, Access Vancouver program	
• Daycare, social housing and community services facilities	4.7

The negative fund balances arises from a difference in timing between the issuance of debentures and the expenditures they fund. Council has approved approximately \$109.8 million of general borrowing authority and \$84.3 million of sewer and water borrowing authority from the 2006-2008 Capital Plan, which, when exercised, will be applied to offset this deficit.

In November 2008, the electorate approved borrowing authority of \$222.0 million to finance the maintenance and replacement of existing and construction of new streets, parks and facilities infrastructure as part of the 2009-2011 Capital Plan. Council has also indicated it will approve an additional \$159.2 million in borrowing authority for sewer and water capital expenditures to complete that plan.

### **Capital Financing Fund**

The Capital Financing Fund (CFF) provides funds for the internal financing of capital projects. \$134.8 million was advanced to the Capital Fund and \$117.3 million to the Property Endowment Fund. The interim financing will be repaid with interest from future operating savings or additional fees and service charges.

The CFF holds the City's Solid Waste Capital Reserve which accumulates funds to meet closure and post closure costs at the City's landfill site. At year end, the balance of the reserve was \$74.2 million. The present liability is calculated based on the ratio of utilization to the total capacity of the landfill site and the discounted value of future estimated cash flows associated with closure and post-closure activities. At year end, the liability amounted to \$56.1 million, with the remaining capacity of 17.4 million tonnes (52.7% of total capacity) to be utilized by 2042.

The CFF also holds the Olympic Village Construction Reserve of \$25.0 million for the contingent cost on the construction of the Athletes' Village in Southeast False Creek.

***Sinking Fund***

The Sinking Fund holds the accumulated annual principal instalments on the City's outstanding sinking fund debentures which have been collected through tax levies, together with interest earned to provide for the retirement of principal at maturity. As at December 31, 2008, the Sinking Fund reserve for debt retirement was \$193.0 million.

The Sinking Fund held \$74.1 million of City of Vancouver debentures at year end as investments. \$54.6 million of the reserve for debt retirement relates to internally held debt, with the remaining \$138.4 million reserve set aside for externally held debt.

***Property Endowment Fund***

The Property Endowment Fund (PEF) accounts for real estate properties including non-market housing sites, other residential and commercial properties and parking garages. These properties are generally managed on a commercial basis generating income to benefit current and future citizens.

Net revenues from parking and property lease and rentals amounted to \$21.4 million. On an annual basis, \$7.0 million of the net revenue from rental and lease operations is transferred to the Revenue Fund to support general operations. The PEF also funded \$2.5 million of administrative expenses in the Operating Budget.

The PEF had a negative fund balance at year end of \$99.1 million, a decrease of \$72.8 million from 2007 due mainly to significant capital expenditures related to the Southeast False Creek redevelopment. It is anticipated that this position will be corrected once the sale of development parcels are completed.

In 2008, PEF capital expenditures amounted to \$103.8 million compared to \$92.9 million in 2007. Of this amount, \$85.7 million was spent on the Southeast False Creek redevelopment project and \$11.4 million on acquiring properties for non-market housing, including 2 parcels at the Woodward's development. A further \$4.7 million was spent on the construction of market rental housing in the #1 Kingsway civic complex.

***Accounting and Reporting Changes***

As stated in the 2007 Annual Report, the Public Sector Accounting Board (PSAB) standard for the accounting and reporting of tangible capital assets must be adopted for the 2009 financial statements. The new standard will result in significant changes in financial statement presentation requiring capital assets to be recorded at amortized historical cost. The major impact of this for the City will be a reduction in the carrying value of the City's land assets (from assessed values to historical cost) and the recording of depreciation for all depreciable assets.

To ensure compliance, the City is implementing an Infrastructure Management System to assist City departments with inventorying and valuing public works, facilities and parks assets.

For this year, the new PSAB standard for Segment Disclosure which requires the reporting of revenues and expenses by segment or function has been implemented and included in the 2008 Financial Statements.

Respectfully submitted,

Esther Lee

## **AUDITORS' REPORT TO THE MAYOR AND COUNCILLORS OF THE CITY OF VANCOUVER**

We have audited the consolidated statement of financial position of the City of Vancouver (the "City") as at December 31, 2008 and the consolidated statements of financial activities and cash flows for the year then ended. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the City as at December 31, 2008 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Vancouver Charter, we report that, in our opinion, these principles have been applied, to the consolidated financial statements, on a basis consistent with that of the preceding year.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (000's)**  
**Year Ended December 31, 2008**

---

The City of Vancouver was incorporated in 1886 and is governed by the Vancouver Charter, a private bill consented to by the Legislative Assembly of the Province of British Columbia.

**1. SIGNIFICANT ACCOUNTING POLICIES**

**(a) Basis of Presentation**

The consolidated financial statements of the City have been prepared, in all material respects, in accordance with Canadian generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants (CICA).

**(b) Reporting Entity**

The consolidated financial statements reflect the assets, liabilities, revenue, expenditures, and changes in fund balances of all funds of the reporting entity. The reporting entity is comprised of all the organizations that are accountable for the administration of their financial affairs and resources to Council and that are owned or controlled by the City. Inter-fund and inter-corporate balances and transactions have been eliminated. The entities included are as follows:

Outside Boards

Parks & Recreation	Vancouver Police
Vancouver Public Library	Vancouver Civic Theatres

Owned/Controlled Entities

Hastings Institute Inc.	Vancouver Civic Development Corporation
Harbour Park Development Ltd.	City of Vancouver Public Housing Corporation
Parking Corporation of Vancouver	Pacific National Exhibition

Also included in these statements are certain assets owned by the City that are managed by the following organizations:

Vancouver Art Gallery Society	H.R. MacMillan Space Centre
Vancouver Museum	Vancouver Maritime Museum

**(c) Fund Accounting**

The resources and operations of the City are comprised of the funds listed below. Supporting schedules to the consolidated financial statements are included to show the financial activities and balance of each fund.

Capital

Accounts for capital expenditures supporting civic infrastructure and holds all properties required for civic use and the related long term debt.

Revenue

Accounts for revenue and expenditures for the general operations of the City including sewer, solid waste and water utilities.

Property Endowment

Accounts for properties not required for civic use which are leased to third parties, or held for, or are being developed for resale or lease.

Sinking

Accounts for the accumulation of instalments generated from tax levies in accordance with the actuarial requirements for the retirement of sinking fund debt at maturity.

Capital Financing

Accounts for funds designated for the financing of capital works, for the acquisition of the City's debentures and for funds set aside for the City's solid waste disposal program.

**1. SIGNIFICANT ACCOUNTING POLICIES - continued**

**(d) Basis of Accounting**

- (i) Revenue is recorded in the period in which the transactions or events that give rise to the revenue occur. Amounts that have been received in advance of services being rendered are recorded as deferred revenue until the City discharges the obligations relating to the collection of funds.
- (ii) Expenditures are recorded in the period in which the goods or services are acquired and a liability is incurred.
- (iii) Inventory of supplies and materials are valued at cost with allowances made for obsolete stock. Cost is determined on a moving average basis.
- (iv) Preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported amounts of revenue and expenditures during the reporting period. Actual results will depend on future economic events and could differ from the estimates. Adjustments, if any, will be reflected in the period of settlement or upon a change in the estimate.

**(e) Capital Assets**

(i) Capital Fund (for civic use)

Capital assets purchased or constructed and work-in-progress are reported as capital expenditures in the period the expenditures are incurred. Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the related capital costs.

Capital assets are recorded in the Capital Fund on the following basis:

Land - At 'actual' value for assessment purposes as determined annually by the B.C. Assessment Authority.

Waterworks and engineering assets – At cost less accumulated depreciation. Depreciation is provided at varying rates determined by the City Engineer and is reflected as a reduction in the City's equity in capital assets.

Buildings - at cost.

Plant and equipment - at cost.

Artworks and artifacts - at estimated and/or insured values.

(ii) Property Endowment Fund (for sale or lease)

Capital assets are recorded in the Property Endowment Fund on the following basis:

Land - At 'actual' value for assessment purposes as determined annually by the B.C. Assessment Authority. The development costs incurred are charged against equity to reflect their contribution to the increases in the 'actual' value of land.

Buildings - At cost less accumulated depreciation of \$60.5 million (2007 - \$53.9 million). Depreciation is charged against Equity in Capital Assets on a 5% straight-line basis on the buildings on parking sites, and on a 5% declining balance basis on leased buildings.

Equipment - At cost less accumulated depreciation of \$5.5 million (2007 - \$4.6 million). Depreciation is calculated on a 30% declining balance basis and is charged to Equity in Capital Assets.

Property subject to sale option - At option price. The land parcel is subject to purchase by the lessee at a minimum value of \$8.4 million (with an expiry date of January 31, 2015).

**(f) Reserves for Future Expenditures**

Reserves are established at the discretion of Council to set aside funds for future operating and capital expenditures. Transfers to and from reserves are reflected as an adjustment to the respective fund.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (000's) CONTINUED**  
**Year Ended December 31, 2008**

---

**2. CASH AND TEMPORARY INVESTMENTS**

Cash includes short-term investments with maturity dates within 90 days of acquisition. Temporary investments are comprised of money market instruments, term deposits, bankers acceptances and federal and provincial bonds with maturity dates greater than 90 days after acquisition. Investments are recorded at cost, adjusted for amortization of premiums or discounts.

	<u>2008</u>	<u>2007</u>
Cash	\$ 35,471	\$ 71,437
Temporary investments	609,676	806,267
Total cash and investments	<u>\$ 645,147</u>	<u>\$ 877,704</u>
Market Value of total cash and investments	<u>\$ 668,156</u>	<u>\$ 886,679</u>

Pacific National Exhibition			11,133	10,515
Total			<u>\$ 13,136,371</u>	<u>\$ 10,953,893</u>

The City's assets are recorded in accordance with the Capital Assets accounting policies outlined in Note 1(e). The City is in the process of revising its accounting policies and developing new systems and procedures related to its Tangible Capital Assets in order to comply with PSAB Standard 3150 by December 31, 2009.

**5. EQUITY IN CAPITAL ASSETS**

	2008	2007
Capital expenditures	\$ 384,969	\$ 287,636
Debt issued	(1,120)	(125,000)
Debt principal repayments	31,569	40,764
Disposals	(10,604)	(10,703)
Depreciation	(57,274)	(55,340)
Increase in assessed values	1,870,873	1,642,439
Capital grants	(2,438)	(6,924)
Change in equity in capital assets	<u>2,215,975</u>	<u>1,772,872</u>
Balance, beginning of year	10,425,188	8,652,316
Balance, end of year	<u>\$ 12,641,163</u>	<u>\$ 10,425,188</u>

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (000's) CONTINUED**  
**Year Ended December 31, 2008**

**6. LONG TERM DEBT**

Debenture debt is shown at its face amount. The City does not carry debt issued by other organizations.

Maturing In	Total	Internally Held	External
2009	\$ 173,473	\$ 61,935	\$ 111,538
2010	35,749	2,783	32,966
2011	116,089	1,585	114,504
2012	37,599	1,439	36,160
2013	25,722	1,255	24,467
Thereafter	169,906	5,175	164,731
Total	<u>\$ 558,538</u>	<u>\$ 74,172</u>	<u>\$ 484,366</u>

The rates of interest payable on the principal amount of the debentures range from 3.45% to 9.5% per annum. The weighted average interest rate on total debt to maturity is 4.66%. Total interest paid in 2008 on externally held debt amounted to \$25.1 million (2007 - \$22.1 million). All debentures are payable in Canadian funds.

Reserve for debt retirement at December 31, 2008 amounted to \$138.4 million (2007 - \$110.1 million).

**7. RESERVES**

These amounts are set aside by Council resolution for specific purposes:

	2007	Change During Year	2008
Affordable Housing	\$ 4,048	\$ 6,216	\$ 10,264

	<u>\$ 157,154</u>	<u>\$ (221,112)</u>	<u>\$ (63,958)</u>

**9. OBLIGATIONS TO BE FUNDED FROM FUTURE REVENUE**

The following amounts are included in Accounts payable and accrued liabilities:

	2008	2007
Deferred payroll costs	\$ 83,868	\$ 80,267
Accrued interest on long term debt	5,444	5,753
Landfill closure and post-closure	56,050	40,203
	<u>\$ 145,362</u>	<u>\$ 126,223</u>

**(a) Deferred Payroll Costs**

Employees are entitled to earned benefits related to non-vested accumulating sick leave, sick leave gratuity and full vacation entitlement at retirement. Employees may also defer current vacation entitlements. The liability and expense for these post-employment benefits and compensated absences is recognized in the financial statements in the period in which employees render services and on the basis that the benefits are expected to be provided when the employees are no longer providing active service.

As well, certain employees are entitled to income continuation benefits under long term disability plans. The City recognizes a liability and expense for these post-employment benefits in the period when the event occurs that obligates the City to provide the benefit.

The liabilities reported in 2008 are based on an actuarial valuation as at December 31, 2008 using the following valuation assumptions:

	2008	2007
Discount rate	5.00%	4.70%
Inflation rate	3.00%	2.00%
Rate of compensation increase	2.58% to 4.50%	3.08% to 5.00%

Employee benefit liabilities as at December 31 are as follows:

	2008	2007
Sick leave gratuity	\$ 21,748	\$ 23,207
Deferred vacation	10,817	13,124
Non-vested accumulating sick leave	14,425	25,351
Long term disability	12,729	8,606
Other post-employment benefits	16,085	13,807
	<u>75,804</u>	<u>84,095</u>
Unamortized actuarial gain (loss)	8,064	(3,828)
	<u>\$ 83,868</u>	<u>\$ 80,267</u>

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (000's) CONTINUED**  
**Year Ended December 31, 2008**

**9. OBLIGATIONS TO BE FUNDED FROM FUTURE REVENUE - continued**

**(b) Deferred Payroll Costs - continued**

The continuity of the City's employee benefit liabilities are as follows:

	2008	2007
Beginning of year	\$ 80,267	\$ 77,270
Current service cost	7,813	6,684
Interest cost	4,095	3,721
Amortization of actuarial gain	366	221
Actual benefits paid	(8,673)	(7,629)
End of year	<u>\$ 83,868</u>	<u>\$ 80,267</u>

The City manages the payment of these future payroll obligations as they come due in the current Operating Budget. The City has also provided funding of \$24.0 million in a reserve.

**(c) Landfill Closure and Post-Closure Costs**

The City has agreed with the Ministry of Environment Lands and Parks to assume certain obligations in order to obtain the Operating Certificate for its landfill site. Those obligations include closure and post-closure liability. The present value of the City's estimated future liability for these expenditures is recognized as the landfill site's capacity is used and the reported liability of \$56.1 million (2007 - \$40.2 million) represents the portion of the estimated total expenditure recognized as at December 31, 2008. This liability and annual expenditure is calculated based on the ratio of utilization to total capacity of the site and the discounted estimated future cash flows associated with closure and post-closure activities. A discount rate of 5.0% (2007 - 4.7%) was used.

The reported liability is based on estimates and assumptions with respect to events extending over the remaining life of the landfill. The landfill site is expected to reach its capacity in 2043 and at year end the estimate of the remaining capacity is 17.4 million tonnes, which is 52.7% of the site's total capacity. At December 31, 2008, the discounted future cash flows for closure and post-closure cost is estimated at \$151.0 million (2007 - \$109.9 million) and reflects increased costs for an improved environmental cover for the site.

In accordance with an agreement between the City and the Greater Vancouver Sewerage and Drainage District, the City is responsible for 80% of the overall liability for closure and post-closure costs. The City has provided a reserve to fund future landfill capital expenditure and waste diversion programs with a balance as at December 31, 2008 of \$74.2 million (2007 - \$72.6 million).

**10. CONTINGENCIES AND COMMITMENTS**

**(a) Contingent Liability and Commitment**

The City is contingently liable in respect of debentures of the Greater Vancouver Water District, the Greater Vancouver Sewerage and Drainage District and the Greater Vancouver Regional District.

The City is a shareholder and member of E-Comm, whose services include: regional 911 call centre for the Greater Vancouver Regional District, Wide Area Radio emergency communications network, dispatch operations and records management. The City holds 2 Class A shares (of a total 23 Class A and 25 Class B shares issued and outstanding at December 31, 2008). As a Class A shareholder, the City is committed to paying levies for services received under a cost-sharing formula to fund operating and capital costs of the E-Comm operations. In addition, the City is contingently liable to cover its proportionate share of such costs should any member be unable to fulfill its funding obligations. Annual levy amounts fluctuate based on various factors under the cost-sharing formula, and amounted to \$17.3 million during the year (2007 - \$18.6 million).

**(b) Collection of Taxes on Behalf of Other Taxing Authorities**

The City is obligated to collect and transmit the tax levies of the following bodies. Such levies are not included in the revenue of the City.

Provincial Government – Schools	British Columbia Assessment Authority
Greater Vancouver Regional District	Municipal Finance Authority
Greater Vancouver Transportation Authority	

**2. CONTINGENCIES AND COMMITMENTS - Continued**

**(c) Municipal Pension Plan**

The City and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trusted pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer contributory defined benefit pension plan with about 150,000 active members and approximately 54,000 retired members. Active members include approximately 32,000 contributors from local governments.

Every three years an actuarial valuation is performed to assess the financial position of the Plan and the adequacy of plan funding. The most recent valuation as at December 31, 2006 indicated a surplus of \$438.0 million for basic pension benefits. The next valuation will be as at December 31, 2009 with results available in 2010. The actuary does not attribute portions of the surplus to individual employers. The City paid \$46.8 million during 2008 (2007 - \$40.4 million) for employer contributions to the Plan. Employee contributions during 2008 amounted to \$34.9 million (2007 - \$29.5 million).

**(d) Contingent Legal Liabilities**

As at December 31, 2008, there were various legal claims pending against the City arising in the ordinary course of its operations. The City has made provision for certain uninsured claims in its self-insurance liability reserve, but has made no specific provision for those where the outcome is presently indeterminable.

**(e) Property Assessment Appeals**

As at December 31, 2008, there were various assessment appeals pending with respect to properties. The outcome of those appeals may result in adjustments to property taxes receivable for the current and prior years. The City makes an annual provision against property taxes receivable for the impact of appeals including specific provision where the results of an appeal are reasonably determinable and general provision for those where the outcome is presently indeterminable.

**(f) Long Term Lease, Mortgage and Loan Agreements**

(i) The City has executed a 25-year lease of the Library Square office building to the Federal Government which commenced April 30, 1995. Annual lease payments of \$6.7 million will fully offset mortgage principal and interest payments. The lease provides options for the Federal Government to purchase the office building at the end of the 10th and 20th years and at the end of the lease term. The balance of the lease receivable is \$45.8 million (2007 - \$47.9 million).

The City has executed a \$5.6 million no-interest take-back mortgage on the sale of the former Woodward's site to a developer. The terms provide for discharge and forgiveness of the mortgage upon the developer's conveyance to the City of an air space parcel by January 1, 2010.

(ii) Principal payments on mortgages over the next 5 years and thereafter are as follows:

2009	\$	3,366
2010		3,625
2011		3,726
2012		3,258
2013		8,334
Thereafter		35,831
	\$	<u>58,140</u>

Outstanding mortgages include:

- \$9.3 million (2007 - \$9.7 million) in mortgages payable to Canada Mortgage and Housing Corporation for 5 non-market housing projects. Interest rates range from 3.16 % to 8.0% with maturity dates from April 12, 2010 to December 1, 2027.
- \$47.3 million on the Library Square Project due on January 14, 2021. Interest at 9.875% per annum is compounded semi-annually with monthly repayments of principal and interest. The mortgage is secured by a first charge on the land and any proceeds from the sale of the land on which the office building is situated, the office building and any improvements to it including machinery, plant and equipment, and any proceeds on the lease of the office building.

**10. CONTINGENCIES AND COMMITMENTS - Continued**

**(g) Loan Guarantee**

The City has guaranteed a \$12.0 million line of credit for the Pacific National Exhibition to December 31, 2009.

**(h) Property Acquisition**

The City has entered into an agreement to purchase a property for \$38.0 million should the owner not be able to proceed with their intended development of the property. The agreement expires May 9, 2011.

**(i) Southeast False Creek and Olympic Village Development**

In 2006, the City entered into a lease, development and sale agreement (the "Agreement") with Millennium Southeast False Creek Properties Ltd ("Millennium") to develop some of the City's properties in Southeast False Creek Area 2A. This development will be used by the City and VANOC (the Vancouver Organizing Committee for the 2010 Olympic and Paralympic Winter Games) as the Vancouver Athletes' Village. Under the Agreement, Millennium is required to construct market housing and commercial spaces (the "Market Project") on several parcels (the "Development Parcels"). In addition, Millennium is required to design and construct at the City's cost, non-market housing buildings and a civic centre on additional parcels to be retained by the City. Millennium has provided the City with a deposit of \$29.0 million as security for its obligations to the City under the Agreement. This deposit is to be credited against the \$200.0 million purchase price (the "Purchase Price") to be paid by Millennium for the Development Parcels in September 2010, following the 2010 Olympic and Paralympic Winter Games (the "2010 Games").

Millennium arranged construction financing (the "Loan") of approximately \$750.0 million for the Market Project from Fortress Credit Corp. ("Fortress") in 2007. In addition to the security provided by Millennium to Fortress, the City (as landlord under the ground lease portion of the Agreement) provided additional security to Fortress including: (i) a Completion Guarantee which obligated the City to complete the Market Project to market-ready status; (ii) subordination of the balance of the Purchase Price (approximately \$170.0 million) to repayment of the Loan; and (iii) a Payment Guarantee of approximately \$190.0 million should Millennium be unable to repay the Loan. In return, Millennium and its principals provided the City with the same guarantees provided to Fortress, albeit in a second position and Fortress granted the City a right to purchase or assume the Loan.

In October 2008, Fortress ceased advancing funds under the Loan. In order to ensure that the Market Project was completed in time for the 2010 Games, the City made Protective Advances to Millennium pursuant to its rights under the Loan documentation. At December 31, 2008, \$78.8 million had been advanced; subsequent to year end additional Protective Advances have been made bringing the total advances to approximately \$170.0 million. In exchange, Millennium provided the City with additional security rights as well as written acknowledgments of the amounts owing. The advances bear interest at prime plus 6% and are due on demand.

In February 2009, the City purchased and took assignment of Millennium's Loan from Fortress ("Acquired Loan") in the amount of \$319.0 million, extinguishing the obligations to Fortress and making the City the primary lender for the Market Project. As a result, at March 25, 2009 Millennium owes the City approximately \$495.5 million (including interest) plus the balance of the Purchase Price.

The City is in the process of arranging external financing to fund the costs of the Market Project. Unless amended by the parties, the funds will be advanced to Millennium under the Acquired Loan which matures in January 2011.

The exposure of the City is primarily dependent on the value and timing of the sales proceeds and final construction and financing costs of the Market Project. The additional costs to complete the Market Project are currently estimated at \$360.0 million taking into consideration that 97% of the remaining costs have been fixed by agreement with contractors. At present, management anticipates that the City's Protective Advances, any additional financing to the Market Project and the balance of the Purchase Price will be recovered.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (000's) CONTINUED**  
**Year Ended December 31, 2008**

**11. TRUST FUNDS**

Certain assets have been conveyed or assigned to the City to be administered as directed by agreement or statute. The City holds the assets for the benefit of, and stands in fiduciary relationship to, the beneficiary. The following trust funds and assets are excluded from the City's financial statements:

	2008	2007
Vancouver Agreement	\$ 14,694	\$ 5,848
Cemetery Perpetual Care	3,366	3,238
General	677	653
	<u>\$ 18,737</u>	<u>\$ 9,739</u>

The Vancouver Agreement is an urban development agreement between the Federal and Provincial Governments and the City to facilitate sustainable economic, social and community development in the City.

**12. DEFERRED INCOME**

Deferred income is comprised of the following:

	2007	Change During Year	2008
Development cost levies			
City-wide	\$ 69,628	\$ (2,609)	\$ 67,019
Area-specific	35,486	(1,881)	33,605
	<u>105,114</u>	<u>(4,490)</u>	<u>100,624</u>
Capital contributions	1,315	(134)	1,181
	<u>\$ 106,429</u>	<u>\$ (4,624)</u>	<u>\$ 101,805</u>

Development cost levies (DCL) are collected from development to fund growth related capital projects including parks, child care facilities, replacement housing and engineering infrastructure. DCLs must be spent on projects and within defined area boundaries authorized in the Vancouver Charter and in the enabling bylaws. DCLs are recognized as revenue as Council approved expenditures are incurred. During the year, \$17.1 million of DCLs were collected and \$26.0 million was used to fund capital expenditures.

**13. SEGMENTED INFORMATION**

City services are provided by departments and their activities are reported in the City's Funds as described in note 1(c). Segmented financial information for certain departments is provided in Schedule 1. The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in Note 1. Revenues not directly attributable to a specific segment are shown in General Government. The segments include:

- General Government which provides internal support services to Council and other departments who provide direct services to its citizens. These internal departments include the City Managers Office, City Clerk's department, Financial Services, Business Planning Services, Legal and Human Resources.
- Police Protection which provides operational and investigation services to maintain public order, uphold the rule of law and prevent crime.
- Fire Protection which provides emergency and prevention services related to firefighting and medical services.
- Engineering which provides planning, design, construction and maintenance of the City's streets, street lighting, traffic control, parking enforcement, transportation planning and utility and communication corridors.
- Utilities are managed by the Engineering department which provides planning, design, construction and maintenance related to the water distribution, sewerage collection, drainage and refuse removal services.
- Planning and Development creates plans, programs and policies required for city-wide and community planning, zoning and subdivision, building by-law administration and inspection, various licensing and animal control services.
- Recreation and Parks provides recreation services through its parks, community centres, swimming pools and ice rinks.
- Community and Cultural Services includes the City's libraries, civic theatres and the Britannia Community Centre and other programs to create sustainable, creative and inclusive communities for living and working.

## **AUDITORS' REPORT TO THE MAYOR AND COUNCILLORS OF THE CITY OF VANCOUVER**

We have audited and reported separately herein on the consolidated financial statements of the City of Vancouver as at and for the year ended December 31, 2008.

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements of the City taken as a whole. The current year's supplementary information included in the following Schedules of Financial Activities of the Revenue Fund, Capital Fund, Capital Financing Fund, Sinking Fund, Property Endowment Fund and Utilities is presented for the purposes of additional analysis and is not a required part of the consolidated financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

Chartered Accountants

The variance between the remuneration schedule and the salaries and benefit expenses reported in the consolidated financial statements of the City are attributable to a number of factors including:

- the remuneration schedules are based on actual payments made in the year (including payouts of vacation, gratuity, overtime banks) whereas the financial statement figure is determined on an accrual basis,
- the remuneration schedules exclude the Vancouver Police department,
- the remuneration includes taxable benefits which are recorded at full cost in the financial statements and includes items such as parking, leased vehicles and medical benefits.

The City prepares the schedule of payments based on actual disbursements processed through its Accounts Payable system. This provides assurance on completeness as the reported amounts are reconciled to the financial system cheque register and electronic funds transfer records.

The schedule of payments is a "cash basis" listing. This figure therefore will differ significantly from the expenditures in the consolidated financial statements which are reported on an accrual basis resulting in timing differences. Furthermore, there are disbursements which are not considered expenditures including payments made to other taxing authorities, employee payroll deductions, debt principal repayments. Conversely, there are expenditures which do not involve an actual disbursement (in addition to accruals) - grants offset by related revenues (e.g. Theatre operating grants), holdbacks.
