Dear Commissioners,

The Community Centre Strategy's public engagement will launch on **Monday, June 28**.

This city-wide strategy will establish prioritization principles and processes for community centre renovations, additions, and renewals based on VanPlay service need objectives. The public feedback and collaborative work with the Community Centre Associations will be foundational to the prioritization principles.

Staff will rely on various online engagement and in-person interaction tools permitted within the public health orders. A survey will be available on [Shape Your City](#) until the end of July, and staff will promote the survey through several email distributions lists and posters.

We hope you can assist in spreading the word and sharing this widely.

Regards,

Donnie
