Point Grey - Cornwall Corridor

- To widen the sidewalk while maintaining two travel lanes and southbound on-street parking.
- To provide lighting levels to current standards and improve visibility for all road users.
- To provide an additional space for people walking and running with connections to waterfront parks.
- To bring sidewalk width in line with other sections of the Seaside Greenway.
- To improve the walking and running surface for people of all ages and abilities.
- To improve pedestrian crossings and reduce vehicle speeds.
- To provide access for residents while maintaining a level sidewalk.
- To improve pedestrian crossings in association with raised pedestrian crossings.
