5. CAC OFFER FORM

Community Amenity Contributions (CACs) are voluntary contributions toward public benefits that are provided by rezoning applicants as in-kind or cash contributions when Council grants additional development rights through the enactment of rezonings. All CACs are negotiated between the applicant and the City (on behalf of Council) with Council as the approving authority and secured as conditions of by-law enactment.

CACs apply to rezoning applications unless they are exempt under policy 8.1 or policy 8.2 in the [Community Amenity Contributions Policy for Rezonings](#).

The purpose of this form is for applicants to confirm the CAC offer that accompanies their rezoning application. Information on how CACs are calculated can be found in the [CAC Implementation Procedures](#). Complete applicable section of the CAC Offer form (Policy 1.2(a) OR Policy 1.2(b)), depending on whether target contributions or negotiated contributions apply.
