Summary

The West Broadway BIA was established in 2011 and covers businesses and property owners within the boundary of the map (refer to attachment). The BIA runs programs and services aimed at enhancing the vitality of this commercial district. The current term of the BIA will expire in March 2026. The City facilitates the administration of the BIA levy, as well as the annual budget process and the periodic renewal of BIA mandates.

How Do BIAs Work?

BIAs are managed by a Board comprised of local property and business owners, elected by the members. The BIA is funded through a special annual levy paid by commercial and light industrial property owners based on each property's assessed value. Often this cost is passed on to business operators as tenants. Business operators are also consulted on the BIA renewal process.

The BIA levy is collected with property taxes and used by the BIA to run programs that benefit both property owners and businesses. These programs aim to attract customers and improve the area's business environment. Further information on BIAs in B.C. can be found on www.bia.bc.ca and for the West Broadway BIA on kitsonbroadway.com.

If over half of property owners, representing more than half of the total property value in the BIA submit objections, City Council may not proceed with the proposed renewal. Council also considers support or objections from businesses as part of the renewal process.

FEEDBACK PERIOD FOR PROPERTY OWNERS AND BUSINESSES:

- **November 27, 2025 – January 31, 2026**
