

BROADWAY PLAN

In March 2019, we launched a two-year process to create a comprehensive Broadway area plan.

The 30-year plan will focus on opportunities to integrate new housing, jobs, and amenities around the future Broadway Subway.

Over the past four months, we've heard from thousands of people who helped us identify key ideas, interests, and opportunities that are important to the community.

Join us at our upcoming events to learn more about the community values and guiding principles. City staff will be on hand to answer questions and receive your input.
