This guide provides information about the criteria and application process for the Civic Childcare Enhancement Grant. This grant is one of the many offered through the Social Policy and Projects Grants Program. Other grant programs are detailed on the City’s web page: www.vancouver.ca/people-programs/community-grants

WHAT IS THE CIVIC CHILDCARE ENHANCEMENT GRANT?
The first goal of the Healthy City Strategy, the City’s strategic plan for social sustainability, is A Good Start: Vancouver’s children have the best chance of enjoying a healthy childhood. The aspirational target is by 2025 to have at least 85 percent of Vancouver’s children developmentally ready for school when they enter kindergarten. Childcare grants are one tool the City employs to support this goal.

The Civic Childcare Enhancement Grant is for licensed, group child care, preschool, school-aged care and occasional child care programs that serve primarily high need families.

The grant is intended to support the quality and affordability of licensed programs to ensure access to those families most in need of the support. Funds are to be used for program enhancement and not for capital expenditures.

Eligible objectives are:
• Assisting programs serving low and modest income families to reduce parent fees;
• Strengthening coordinated administration through the community hub model;
• Providing a food supplement program (e.g., hot lunch and breakfast);
• Enhancing staff ratios to better serve high-need children.

Organizations operating multiple childcare programs should select their top three priority programs.

The maximum grant is $27,000 per qualifying program (maximum 3 programs per organization).

ELIGIBILITY

Primary Criteria
All organizations applying to a City of Vancouver social policy grant program must meet the following criteria:

• Be a registered non-profit society, community service co-op or social enterprise wholly owned by a non-profit and in good standing with the Registrar of Companies; OR be a registered charity, in good standing with the Canadian Revenue Agency;
• Have an independent, active governing body composed of volunteers. The by-laws must have provisions that no Board director can be remunerated for serving as a director and that no staff member can be a voting member of the board or executive;
• The organization must demonstrate accommodation, welcoming and openness to people of all ages, abilities, sexual orientation, gender identities (including trans*, gender-variant and two-spirit people), ethnicities, cultural backgrounds, religions,
languages, under-represented communities and socio-economic conditions in its policies, practices and programs, except in instances where the exclusion of some group is required for another group to be effectively targeted;

- Have demonstrated functional capacity and sufficient resources to deliver the programs to which the City is being asked to contribute;
- Deliver the funded program in Vancouver to Vancouver residents.

Exceptions to the above may be approved at the discretion of the Managing Director of Social Policy & Projects. The City also reserves the right to apply other evaluation criteria that it deems relevant.

**Secondary Criteria**

In addition to meeting the primary criteria, organizations applying for a Civic Childcare Enhancement Grant must satisfy the following:

- Charge parent fees at or below the City average, based on the adjusted Westcoast Childcare Resource and Referral Fee Schedules (Appendix A of Form 2 of the application package);
- If applying for a grant for an infant/toddler and/or 3-5 year childcare program, MUST have opted-in to the Child Care Fee Reduction Initiative funded by the Province of British Columbia;
- Serve a high need, 'at risk' population or neighbourhood as determined through census information and Early Development Instrument (EDI) data (available online at [http://earlylearning.ubc.ca/maps/data/#demographic_reports](http://earlylearning.ubc.ca/maps/data/#demographic_reports)); and
- Demonstrate a need for the funding through program budgets and financial statements.

**Areas of Focus**

The Human Early Learning Partnership (HELP) ([http://earlylearning.ubc.ca/](http://earlylearning.ubc.ca/)) has identified early childhood vulnerability in neighbourhoods across the city of Vancouver. Detailed profiles of Vancouver neighbourhoods can be found on the HELP site at [HELP Vancouver Demographic Reports](http://earlylearning.ubc.ca/maps/data/#demographic_reports).

The Civic Childcare Enhancement Grant program is intended to provide funding to childcare programs that provide services to children with the highest need and, as such, applicants are in part evaluated on their actual enrollment. In the program application, organizations are asked to provide a snapshot of the actual enrollment in January 2019 for each program for which they are seeking Civic Childcare Enhancement Grant funding. City staff then assess actual enrollment against threshold percentages of children from families in **three** or more of the following areas:

- children from single parent families;
- children from recent immigrant or refugee families;
- Indigenous children;
- children from families who receive full or pro-rated Affordable Child Care Benefit;
- children from families who receive full or pro-rated Affordable Child Care Benefit, the parent portion of which is paid by the Ministry of Children and Family Development;
- children who speak English as a second language; and/or
- children with extra support needs.
APPLICATION and ADJUDICATION PROCESS

If your program received a grant in 2018, you will receive instructions and a 2019 application package via email the week of February 18th. Please ensure we are aware of any contact/email address changes by emailing socialpolicygrants@vancouver.ca.

If you did not receive a 2018 Civic Childcare Enhancement Grant but, after reviewing the program eligibility criteria, believe that your childcare program may qualify for a grant, please contact Eric Kowalski, Social Planner, at eric.kowalski@vancouver.ca or 604.871.6780 well before the March 29th deadline for applications.

Social Policy staff review applications in the context of the City’s approach to children and childcare (see Vancouver’s approach to children and childcare), and provide recommendations to Vancouver City Council for final decisions. Applicants will be notified of staff recommendations in advance of the Council meeting date in July 2019. Successful applicants will receive the first installment of their grant by the end of July 2019.

GRANT ALLOCATIONS

The maximum grant is $27,000 per qualifying program (maximum 3 programs per organization).

Grant allocations are calculated to provide the same funding level to programs with equal types and numbers of spaces. For example, two different applicants with full-time group 3-5 care will receive the same amount of funding per space. The calculation is based on a mathematical formula that takes into account the type of care offered and the total number of full-time licensed spaces (see Table A). The total grant will depend on the total number of applications received each year, and the overall 2019 budget set by Council.

All City grants are awarded on an annual (one year) basis. It is necessary to apply each year and your application will be reviewed in light of your enrolment, the families and neighbourhood that you serve and Council’s priorities for the year. There is no guarantee of funding beyond one year.

HOW TO APPLY

Applications are available electronically from the City’s web site at:
https://vancouver.ca/people-programs/childcare-enhancement-grants.aspx

The application package consists of four forms:

- Form 1 – Organization Information (Word)
- Form 2 – Program Information (Word)
- Form 3 – Program Budget (Excel)
- Form 4 – Organization Budget (Excel)

Additional required supporting materials are listed in the checklist found on the last page of Form 2. Please review the checklist carefully as incomplete applications will not be considered. Complete all sections of the application and have it endorsed by two signing officers of your organization’s Board of Directors.

Email one copy of the application and its supporting documents to: socialpolicygrants@vancouver.ca.
**Table A**

The formula used to calculate the grant amount is called the Full Time Equivalent Space (FTES) measure. It uses full-day 3-5 care as the baseline for comparison, i.e., they are assigned an FTE factor of 1.

Using this baseline, full-day infant/toddler spaces are approximately twice as expensive to deliver as 3-5 year old spaces; therefore, a typical infant/toddler program with a licensed capacity of 12 children (FTES factor = 2) would be calculated at \( 12 \times 2 = 24 \) FTES. Part-day preschool programs are assigned an FTES factor of 0.33 (e.g., a licensed capacity of 20 = \( 20 \times 0.33 = 6.7 \) FTES), while out-of-school care spaces are assigned an FTES factor of 0.5 (e.g., licensed capacity of 20 = \( 20 \times 0.5 = 10 \) FTES).

<table>
<thead>
<tr>
<th>Program Type</th>
<th>Space</th>
<th>FT Equivalent Space</th>
<th>Approx Cost to Deliver</th>
</tr>
</thead>
<tbody>
<tr>
<td>3-5 All Day Group Care</td>
<td>1</td>
<td>1</td>
<td>Baseline</td>
</tr>
<tr>
<td>Infant/ Toddler All Day Group Care</td>
<td>1</td>
<td>2</td>
<td>Twice as expensive as 3-5</td>
</tr>
<tr>
<td>Out of School Care</td>
<td>1</td>
<td>.5</td>
<td>Half as expensive as 3-5 Care</td>
</tr>
<tr>
<td>Preschool*</td>
<td>1</td>
<td>.33</td>
<td>One third as expensive as 3-5 Care</td>
</tr>
<tr>
<td>Child Minding</td>
<td>1</td>
<td>.33</td>
<td>One third as expensive as 3-5 Care</td>
</tr>
</tbody>
</table>

*In order to account consistently for the various preschool programs, the baseline (FTES factor of 0.33) reflects a licensed capacity of 20 with morning or afternoon sessions, five days per week, 2½ hours per day. This baseline results in 6.7 FTES (20 licensed capacity X 0.33).

**Childcare Grant Review**

Social Policy & Projects has contracted with Lynell Anderson to provide a comparative assessment of childcare centre budgets for centres that receive City of Vancouver childcare grants. The first phase of the review will take place between February 15th – March 30th, 2019. As part of the review, we have revised the Civic Childcare Enhancement Grant budget reporting format. **Lynell will be available to assist you if you have questions related to the revised format. She can be reached at 604.313.6904.**

**QUESTIONS?**
