

Companion niches - Columbaria

Interior dimensions

Depth 10.5" (26,6cm)

Width 13" (33cm)

Height 11.5" (29,2cm)

Opening dimensions

12" wide by 10" high

- Taller urns may need to be tilted to enter
- Two urns measuring 10" tall and 6.5 wide will fit

Choosing an Urn

- Not all urns are suitable for a niche
- Families are responsible for choosing an appropriate urn
- Recommended urn materials are metal, glass, and plastic
- Biodegradable material is not permitted (paper, himalayan rock salt, sand)
- Condensation can occur in the niche, wood may deteriorate

**The urns (or containers) MUST fit inside the niche.
A sample niche is available in our office for verification.**

**If your urn exceeds these dimensions,
you will need to select a different urn that will fit.**
