The Chief Building Official
City of Vancouver
453 West 12th Avenue
V5Y 1V4

Date (Month Day Year)

Dear Sir:

RE: Property Address _____

Building Permit Application No. _____

In consideration of the City accepting and processing the above application for a building permit, and as required by the Vancouver Building By-law No. 9419, the following representations, warranties and indemnities are given to the City by the Demolition Contractor.

I, _____ of _____,
(Print Full Name of Authorized Signatory) (Print Company Name of Demolition Contractor)

Agree as follows:

I have read and understand my obligations as a demolition contractor to comply with Part 8 of the Vancouver Building By-law No. 10908 and all requirements related to demolition as required by WorkSafeBC,

Developed a construction safety plan as required by WorkSafeBC and it will be available for inspection on the site at all times,

I hereby agree to:

Protect the adjacent properties from any damage or unreasonable impact from demolition activities;

Ensure that no debris, dust or other material shall be deposited on adjacent neighbour's property, and have water available on the site for wetting down the demolition site at regular intervals to minimize dust;

Comply with the Noise Control By-law No. 6555 for hours of construction noise on Private Property, and understand that no construction noise (demolition) is permitted on Sundays and holidays;

Backfill immediately any excavation caused by the removal of an existing basement and retaining walls or retain the services of a geotechnical engineer to review temporary shoring requirements when necessary or if directed to do so by City Building Inspector;

Permit # _____

Conduct no work until the Salvage and Abatement permit is issued;

Ensure all Hazardous Materials identified in the Hazardous Materials Inspection Report and any Hazardous Materials uncovered during work have been removed from site and properly disposed of, once the salvage and abatement permit has been issued, by qualified contractors as outlined by WorkSafeBC, who are licensed to work in the City of Vancouver;

Submit to Environmental Protection, and make available upon request, the Hazardous Materials Report Form and documentation showing that all identified hazardous materials have been removed, and disposed of according to all applicable rules and regulations;

Obtain a Fire Permit for the removal of any known underground storage tanks on the property, and drain and remove prior to demolition;

Stop work, contact the Fire Prevention office, and obtain a fire permit if any underground storage tanks are found during demolition;

Contact the Environmental Protection Branch if there is suspected soil contamination;

Disconnect the water line inside the property line prior to demolition to prevent damage to the main City water line (contact the City by calling 3-1-1, or 604-873-7000 from outside Vancouver city limits, for shut-off procedures);

Install tree protection barriers that comply with Protection of Trees By-law 9958, have them inspected by the City's Inspector, and maintain the barriers continuously in place before, during and after the demolition, unless given permission by the City Building Inspector to remove them;

Ensure all truck operators operate their vehicles in a safe and courteous manner adhering to City of Vancouver By-laws regulating truck use, including truck route, engine brake noise, weight and load securement (tarping) provisions;

Meet regional waste diversion targets, to recycle construction materials which are currently banned or prohibited from disposal, such as asphalt, cardboard, cement and concrete, clean fill and soil, gypsum/drywall, and green waste, and use salvaging options to reduce, reuse and recycle old construction materials where reasonable;

Notify the adjacent property owners of the demolition a minimum of 24 hours prior to demolition and provide information including contact name, company name and contact telephone number;

Provide to WorkSafeBC in writing, by fax or [online submission](#), a notice of project (NOP) at least 24 hours before starting a construction project (demolition), as required by [section 20.2](#) of the Occupational Health and Safety Regulations; and
