

**SECTION 1 - READ CAREFULLY**

Customer to complete Section 2 of this form & have Section 3 signed by City Staff before unloading.

By completing & signing this form, the customer:

1. agrees that drywall with joint compound / mud containing asbestos poses a serious health risk and that the disposal of such materials is prohibited at the City of Vancouver facility,
2. declares that the material being disposed of at this facility is new drywall only and does not contain asbestos; and,
3. agrees to accept liability for, and indemnify the City of Vancouver against, all liability incurred by the City of Vancouver that may result from an incorrect declaration regarding the condition of the material.

This form must be returned to the Scale House by the customer before leaving.
