

Bird Biodiversity Bingo Game

- Look and listen for birds as soon as you step outside. Follow your ears to find what you seek!
- NEVER DISTURB, HARASS OR HARM WILDLIFE, or you are immediately DISQUALIFIED!
- Biodiversity Match Game: can you match each bird to what it eats?
- The first person on your team to observe every species on the Bingo board wins!

Family Guide to Birds in Vancouver

CHECK OUT these other bird residents of Vancouver

1. Bald Eagles at Vanier Park
2. Heron Colony at Stanley Park
3. Greater Scaup at New Brighton Park
4. Pelagic Cormorants under the Granville Bridge
5. Snow Geese along the Fraser River

GIVE A HOOT! Participate in the annual Vancouver City Nature Challenge and the Great Backyard Bird count, or visit Bird Studies Canada to find other Citizen Science ideas

FLY ON OVER to Canadian Wildlife Service or Bird Studies Canada to find answers to your bird questions

JOIN THE FLOCK to become a CITIZEN SCIENTIST by taking counts, photos or recordings of birds and their behavior. Submit your findings to iNaturalist and/or ebird Canada

MEET THE ANNA'S HUMMINGBIRD the colourful pollinator voted the official bird of the City of Vancouver. "Anna" would like to share this family guide to birding in Vancouver with you, created for the inaugural Vancouver International Bird Festival, to complement the Vancouver Urban BioKit.

PHOTOS: David Bradley, James Hutchison, Liron Gertsman
DESIGN: Geneviève Raïche-Savoie

DO YOU KNOW the best places to listen for the melodious Yellow-rumped Warbler in the spring? Or where you are most likely to find Anna's friends, including the Rufous Hummingbird and the majestic Great Blue Heron in the winter? How many of the thirty most common bird species to Vancouver can you find using the Bird Studies Canada Map-Guide to Common Birds of Vancouver? Find even more birding hotspot locations in the City of Vancouver's Bird Strategy.

Actions you can take to help birds include creating bird-friendly habitats, preventing bird-window collisions, turning off lights at night and keeping your cat indoors!
