| 4. (a) 160 West Cordova Street
Not on VHR, "M" - DP-2020-00690 | 4:25 - 4:45 p.m. |
|---|------------------|

A Development Permit Application has been received for 160 West Cordova Street, to provide a mural on this municipally designated building. The mural is planned for the east elevation covering 2,720 sq.ft. as part of the Vancouver Mural Festival. More information on the wider festival activities can be found at <https://vanmuralfest.ca/festival/gastown>

The mural would be applied on a concrete block wall for an estimated period of 5-10 years. Titled, "Bloom Inward II" the mural is meant as both a reflection on the moment as well as a reinforcement of personal and community strength, creativity, resilience and growth.

Issues: Compatibility with the historic character of Gastown; Materials and size of proposed mural

Applicant: David Vertesi, Executive Director - Vancouver Mural Festival

Staff: Amber Knowles, Heritage Planner

Attachments: Mural Application (distributed electronically)

**(b) 1 Alexander Street and 21 Water Street
DB-2020-02486 and DB-2020-02485**

In conjunction with Item 4(a), the Mural Festival, a Development-Building Permit application has been made to install seasonal lighting in the right-of-way on Carrall Street north of Water Street. Edison-style bulbs are to be strung across and attached to the west elevation of 1 Alexander Street (east side of Carrall) and extend across to connect to the east elevation of 21 Water Street (west side of Carrall).

The work is required to follow accepted conservation standards, including installing attachments that will have minimal effect on character-defining elements, for example, following mortar lines. No attachment will be allowed to any design elements. This is for the Committee's information.

Issues: Means of attachment, duration

Staff: Hugh McLean, Heritage Planner

Attachments: Lighting Application (distributed electronically)
