### Social Policy Grants: Our Statement of Intent

Social Policy grants are investments that contribute to a healthy city for all. They support non-profit community-based programs that facilitate the physical, spiritual, mental and emotional well-being of people and:

- Are co-developed and governed collaboratively with and by the communities and individuals they serve;
- Respond to dynamic community needs;

- Reduce the impact of systemic factors that create conditions of vulnerability;
- Facilitate partnerships and networks between the city, other levels of government, business and non-profits; and
- Inform and respond to Council priorities. For more information on some of the current social priorities for Council please see Appendix A.

## Social Policy Principles for Grant Making

- **Accountability:** We embrace ongoing feedback loops with partners to understand City investments and how they influence change.
- **Equity and Inclusion:** We strive to build equity in our communities by making grant processes accessible, especially for groups that experience exclusion.
- **Fairness:** We are open, transparent, and consistent with our grant making processes.
- **Informed Decision-Making:** We inform our grant making using evidence-based research, and consider data sources, both formal and informal.
- **Balanced Investment Approach:** We balance short, medium and long-term investments so that, while addressing immediate concerns, we never lose sight of our goal of effecting lasting systems change.
- **Diversity and Reconciliation:** Our grants recognize the unique strengths of our many diverse communities by fostering relationships, helping heal the past, and moving forward with shared understanding and respect – working within the context of Vancouver as the unceded homeland of the Musqueam, Squamish and Tsleil-Waututh Nations.
- **Strategic Alignment:** Our grants demonstrate alignment with Healthy City Strategy goals and related initiatives.
- **Partnerships:** Our relationships with our community and funding partners are based on trust, respect and transparency.

## HASTINGS LEGACY FUND (HLF) GRANTS

### Hastings Legacy Fund Grants Priorities

Hastings Legacy Fund grants are designed to support programs whose primary focus is addressing social issues in **Hastings-Sunrise**, the neighbourhood in which the Hastings Racecourse is located. The goals of the HLF Grants Program are to:

- Build the capacity of the Hastings-Sunrise neighbourhood to address and respond to local social issues.
- Build a strong, safe, inclusive community based on the principles of community capacity building, public safety, civic engagement and supporting green initiatives at the neighbourhood level.
- Create local solutions to local problems and support new opportunities that bring about positive social change.
- Align with the Social Policy Grants Statement of Intent.
- Reinforce or support the goals of the Healthy City Strategy with a specific focus on goals 1, 4, 5, 6, 7 and 13 highlighted above.

Given the wide variety of projects, issues and programs potentially supported by HLF grants, there is no set goal or benchmark for the actual number of individuals to be served. However, applicants must demonstrate that the number of participants served will be sufficient to produce a noticeable impact on the community.

## Eligibility

An organization must:

- Be a registered non-profit society, community service co-op or social enterprise wholly owned by a non-profit and in good standing with the Registrar of Companies; OR be a registered charity, in good standing with the Canadian Revenue Agency;
- Have an independent, active governing body composed of volunteers. The by-laws must have provisions that no Board director can be remunerated for serving as a director and that no staff member can be a voting member of the board or executive;
- Demonstrate accommodation, welcomeness and openness to people of all ages, abilities, sexual orientation, gender identities (including trans\*, gender-variant and two-spirit people), ethnicities, cultural backgrounds, religions, languages, under-represented communities and socio-economic conditions in its policies, practices and programs, except in instances where the exclusion of some group is required for another group to be effectively targeted;
- Have the demonstrated functional capacity and sufficient resources to deliver the programs to which the City is being asked to contribute;
- Show costs that are reasonable and on par with other similar programs; and,
- Deliver the funded program within the City-defined boundaries of the Hastings-Sunrise neighbourhood and must clearly demonstrate benefits for residents and businesses located in Hastings-Sunrise.

**Note:** While organizations are not required to be physically located within Hastings-Sunrise, *project/program activities must occur within the neighbourhood*. Applicants based outside Hastings-Sunrise must demonstrate strong partnerships with organizations based within the neighbourhood.

**The Hastings-Sunrise neighbourhood is depicted below, with the City-defined boundaries in red.**

**NOTE:** Projects/programs that have received HLF grants in the past are eligible to apply again. While applications will be assessed using the same criteria that are applied to new applicants, the outcomes of previously funded HLF projects/programs will also be taken into consideration.

Exceptions to any of the above may be approved at the discretion of the Managing Director of Social Policy & Projects.

## **Ineligible Programs**

- Those which fall wholly or primarily within the mandate of other government departments, e.g. (but not limited to):

Exceptions to the above may be approved at the discretion of the Managing Director of Social Policy & Projects.

## **Timeline and Review Process**

Applications are reviewed and assessed by Social Policy staff using standard criteria. Staff bring funding recommendations to City Council where final funding decisions are made. Applicants are notified of staff recommendations in writing prior to the meeting at which Council considers the grant recommendations.

As the review and recommendation approval process leading up to the final decision by Council is extensive, there is no appeal process for grant decisions.

## **Term of Hastings Legacy Fund Grants**

The term of a Hastings Legacy Fund Grant is one year from the date of City Council's approval of the grant. Grants will normally be distributed in two installments: Successful applicants

generally receive the first payment, equal to 90% of the total approved grant, within two and a half weeks of approval.

**Maximum Grant Amount: \$40,000**
