

## What's Happening?

The Vancouver Park Board, in collaboration with the Vancouver School Board, is upgrading and expanding the running track at Killarney Park to a more comprehensive track and field training facility, following recommendations outlined in the Track and Field Strategy.

## The Upgraded Amenities Will:

- Improve training and recreational opportunities for track and field and running clubs, school groups and facility users
- Better serve the city's population growth and increased participation in track and field sports
- Help provide equitable access to these facilities and promote participation in physical activity

# KILLARNEY PARK TRACK & FIELD UPGRADES

## Proposed Upgrades Include:

- A new standardized running track with rubber surfacing
- Expansion to include jumping and throwing amenities
- Natural Grass Infield
- New energy-efficient sport field lighting
- Spectator seating opportunities (i.e. bleachers, benches)
- Other improvements to on-site storage, site integration and pedestrian circulation
