

# Frozen Animal Eggs

Sensory Play: Ideal for preschoolers and school aged children.

## What you need:

- Balloons
- Small plastic toys
- Water
- Food colouring (optional)
- Bin or bowl

## Step 1:

Stretch open the top of the balloon and stuff plastic toy inside.

## Step 2:

Fill the balloon with water and tie it up; add a few drops of food colouring (if using).

## Step 3:

Put the balloons in the freezer and wait.

## Step 4:

When the balloons are completely frozen, cut the knot and peel off the balloon to reveal your eggs!

## Step 5:

Place your eggs in a bin or bowl and have warm water ready for some melting fun.

Enjoy!
